Presented to the House of Commons, 17th February, 1885, by Hon. J. A. Chapleau.....*Printed for Sessional Papers only.*

25*d*. Return to an Order of the House of Commons, dated 9th February, 1885, for a statement and plan showing the grades and curves on the temporary or permanent line actually constructed by the Canadian Pacific Railway Company, from the foot of the Rocky Mountains as far as the rails are laid; and the proposed grades and curves on the continuation to Kamloops; showing also the proposed grades and curves on the permanent line at a point at which a temporary line of about nine miles has been constructed. Presented to the House of Commons, 5th March, 1885.—*Mr. Blake*.....*Not printed.*

25*e*. Return to an Order of the House of Commons, dated 5th February, 1885, for map or maps showing: 1. The location of the Canadian Pacific Railway, so far as approved of or constructed. 2. Its location, so far as proposed to Government, but not yet approved. 3. The location of any branches constructed or acquired and of any now contemplated by the company, so far as the Government is advised. 4. The lands set apart for the company, but not yet granted. 5. The lands granted. 6. The lands applied for, but not yet set apart. Presented to the House of Commons, 5th March, 1885.—*Mr. Blake*.....*Not printed.*

25*f*. Return to an Address of the House of Commons, dated 5th February, 1885, to His Excellency the Governor General, praying that he will cause to be laid before the House a copy of: 1. Correspondence between the Canadian Pacific Railway Company and the North Shore Railway Company, for the purchase, by the said Canadian Pacific Railway Company, of the said North Shore Railway from St. Martin's Junction to Quebec, or to obtain control of the same, or to make such arrangements as would allow the said Canadian Pacific Railway to extend its railway to Quebec. 2. Of all correspondence between the Government and the Canadian Pacific Railway Company concerning the extension of their railway from St. Martin's Junction to the Harbor of Quebec. 3. Of all correspondence between the Government and any other persons for the purpose of incorporating such persons for the construction of a railway from the terminus of the Canadian Pacific Railway, at St. Martin's Junction, to the Harbor of Quebec. Presented to the House of Commons, 5th March, 1885.—*Mr. Laurier*.....*Not printed.*

25*g*. Return to an Order of the House of Commons, dated 17th February, 1885, for a copy of separate report or finding of Judge Clarke, one of the arbitrators on the claims for damages of contractors for Section B, Canadian Pacific Railway, in regard to such claims or to the award in reference thereto, signed by Messrs. Brydges and Light, the other arbitrators. Presented to the House of Commons, 5th March, 1885.—*Mr. Casey*.....*Not printed.*

25*h*. Return to an Order of the House of Commons, dated 17th February, 1885, for a copy of the case submitted by the Government to counsel, and opinion given by counsel consulted by the Government, as to the validity of the award of damages to contractors for Section B, Canadian Pacific Railway, and as to the action that should be taken in reference to such award. Presented to the House of Commons, 5th March, 1885.—*Mr. Casey*.....*Not printed.*

25*i*. Return to an Order of the House of Commons, dated 16th February, 1885, for a statement of sums paid to the Canadian Pacific Railway Company up to date, for constructions on those portions of the Canadian Pacific Railway between Port Arthur and Winnipeg, the contract for which has been transferred to them from the original contractors, with dates of payment; also, copies of estimates on which such payments have been made, showing quantities and rates. Presented to the House of Commons, 5th March, 1885.—*Mr. Casey*.....*Not printed.*

25*j*. Supplementary Return, under resolution of the House of Commons, passed on the 20th February, 1882, on all subjects affecting the Canadian Pacific Railway, respecting details as to: 1. The selection of the route. 2. The progress of the work. 3. The selection or reservation of land. 4. The payment of money. 5. The laying out of branches. 6. The progress thereon. 7. The rates of tolls for passengers and freight. 8. The particulars required by the Consolidated Railway Act and amendments thereto, up to the end of the previous fiscal year. 9. Like particulars up to the latest practicable date before the presentation of the Return. 10. Copies of all Orders in Council, and of all correspondence between the Government and the Railway Company, or any member or officer of either, relating to the affairs of the company. Presented to the House of Commons, 5th March, 1885, by Hon. J. A. Chapleau.

Printed for Sessional Papers only.

25*k*. Return to an Address of the House of Commons, dated 5th February, 1885, for a statement showing the date and rate at which the ten million dollars of Canadian Pacific Railway stock formerly pledged for a loan of about $4,950,000 was sold, and the net amount received by the company in respect of such sales. Presented to the House of Commons, 9th March, 1885.—*Mr. Blake*.....*Not Printed.*

25*l*. Return to an Order of the House of Commons, dated 4th February, 1885, for copies of all reports of Government engineers, made previous to and on this day, in relation to the survey of the several proposed lines for the extension of the Canadian Pacific Railway from Montreal to a port on the Atlantic Ocean. Also the instructions and the official correspondence which passed between the several engineers and the Government. Presented to the House of Commons, 11th March, 1885.—*Mr. Lesage*.....*Not printed.*

25*m*. Return to an Address of the House of Commons, dated 17th February, 1885, for a plan of the proposed route or routes of the Canadian Pacific Railway from Port Moody, or the neighborhood thereof, to English Bay or Coal Harbor, showing the point at which the route chosen diverges from the main line, and the distance thereof from the present terminus at Port Moody; also an estimate of the cost of constructing the proposed line to the new Pacific terminus, and of the cost of the terminal accommodations there. Presented to the House of Commons, 13th March, 1885.—*Mr. Blake*.....*Not printed.*

25*n*. Return to an Address of the House of Commons, dated 23rd February, 1885, for copies of the report of Mr. Van Horne, Vice-President of the Canadian Pacific Railway Company, of September last, and of Mr. S. B. Read, C.E., of the same month, with reference to the Canadian Pacific Railway in British Columbia; and also reports of engineers of high standing, as to the route of the Canadian Pacific Railway at the point where a temporary line has been built, referred to in the letter from Mr. Van Horne to the Minister of Railways and Canals, of 19th May, 1884, and for any report of Mr. Fleming on the subject, in the possession of the Railway Company. Presented to the House of Commons, 13th March, 1885.—*Mr. Blake*—

Printed for Sessional Papers only.

25*o*. Return to an Address of the House of Commons, dated 17th February, 1885, for a copy of the claim put in by the contractors of Section B, on which the award to them of $395,600 was based; and of Order in Council of 2nd April, 1883, in reference to submission to arbitrators. Presented to the House of Commons, 13th March, 1885.—*Mr. Casey*.....*Not printed.*

25*p*. Supplementary Return to an Order of the House of Commons, dated 17th February, 1885, for a copy of the case submitted by the Government, as to the validity of the award of damages to contractors for Section B, Canadian Pacific Railway, and as to the action that should be taken in reference to such award. Presented to the House of Commons, 16th March, 1885.—*Mr. Casey*.....*Not printed.*

25*q*. Return to an Address of the House of Commons, dated 5th February, 1885, for copies of all correspondence, reports and Orders in Council not covered by the previous Address, relating to the allowances proposed to be paid to the Canadian manufacturers of certain goods required by the Canadian Pacific Railway; of all applications for such allowances, and correspondence in connection therewith; a statement of the calculations on which the allowances have been based, and an estimate in detail of the probable sums payable out of the Treasury in respect of each class of goods, assuming them to be made in Canada, to the extent of the company's requirements, and of the *ad valorem* percentage of all allowances on each such class. Presented to the House of Commons, 18th March, 1885.—*Mr. Blake*.....*Not printed.*

25*r*. Return to an Address of the House of Commons, dated 12th March, 1885, for a statement showing the names and addresses of all shareholders in the Canadian Pacific Railway Company, with the amount of stock held by each, as of the date of 16th February, 1885. Presented to the House of Commons, 18th March, 1885.—*Mr. Blake*.....*Not printed.*

25*s*. Return to an Order of the House of Commons, dated 16th February, 1885, for a copy of the report of the engineers appointed to re-measure and re-classify the work on Section B, Canadian Pacific Railway, in connection with the claims of the contractors for said section for increased remuneration for such work and for damages. Also all reports of the engineers in charge of said section, or of the Engineer-in-Chief or any other Government engineer, in reference to the questions of measurement, classification or damages at issue between the Government and the contractors. Presented to the House of Commons, 23rd March, 1885.—*Mr. Casey*—

Printed for Sessional Papers only.

25*t*. Return to an Address of the House of Commons, dated 9th February, 1885, for a statement showing the number of passenger trains, freight trains and mixed trains, distinguishing each class, run daily, or weekly in cases in which there was not a daily train, over each division of the Canadian Pacific Railway, in each week of the years 1883 and 1884 respectively. Presented to the House of Commons, 26th March, 1885.—*Mr. Blake*.....*Not printed.*

25*u*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of all memorials, letters and other representations, in writing, received by the Government on the subject of the non-payment by the Canadian Pacific Railway Company of amounts due to contractors, sub-contractors or laborers engaged in the construction of the Canadian Pacific Railway. Presented to the House of Commons, 26th March, 1885.—*Mr. Charlton*—

Not printed.

25*v*. Supplementary Return to a Standing Order of the House of Commons, passed on the 20th February, 1882, for full information on all subjects affecting the Canadian Pacific Railway up to the latest date, and particularly all details as to: 1. The selection of the route. 2. The progress of the work. 3. The selection or reservation of land. 4. The payment of the moneys. 5. The laying out of branches. 6. The progress thereon. 7. The rates of tolls for passengers and freight. 8. The particulars required by the Consolidated Railway Act and amendments thereto up to the end of the previous fiscal year. 9. Like particulars up to the latest practicable date before the presentation of the return. 10. Copies of all Orders in Council and of all correspondence between the Government and the railway company, or any member or officer of either, relating to the affairs of the company. Presented to the House of Commons, 23rd April, 1885, by Hon. J. H. Pope.....*Not printed.*

25*w*. Return to an Address of the House of Commons, dated 12th February, 1885, for a statement in detail of the present position of land grant and the land grant bonds of the Canadian Pacific Railway Company, showing, by the number of the section, the township and range or other description, the lots granted to the company. Also the lots sold by the company. Also the amount of land grant bonds in the hands of the Government; the amount in the hands of the company; the amount in the hands of the public; the amount pledged by the company for loans, or otherwise, with details, and the amount cancelled; showing also the sum received by the company for lands sold in each calendar year and in the course of the present year; and the amount now due to the company in respect of lands sold, with a separate statement showing the amount received by the company from sales in town sites, and

the amount now due on such sales, distinguishing between the receipts and debts on account of town sites comprised in the land grant, or in any arrangement with the Government, and the receipts and debts on account of other town sites. Presented to the House of Commons, 23rd April, 1885.—*Mr. Blake*.....*Not printed.*

25*x*. Return to an Order of the House of Commons, dated 2nd March, 1885, for copies of all reports, plans, specifications, estimates, contracts, correspondence and other papers in connection with the construction of the Canadian Pacific Railway wharf and freight shed at Port Moody, B.C., and relating to its deterioration and repairs or reconstruction. And like papers as to the bridge on the railway near Spuzzum, B.C. Presented to the House of Commons, 23rd April, 1885.—*Mr. Blake*.....*Not printed.*

25*y*. Return to an Order of the House of Commons, dated 24th February, 1885, for any information in the possession of the Department as to the character of the work done near Lytton, B.C., on the Canadian Pacific Railway, on that portion of the road for which Mr. Hugh J. Keefer had a sub-contract, and which was under the inspection of his brother, Mr. George Keefer, Government engineer; also copies of any statements as to the character of the material allowed as rock or as other than earth, in this part. Presented to the House of Commons, 24th April, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

CONTENTS OF VOLUME No. 10.

25*z*. Return to an Order of the House of Commons, dated 23rd February, 1885, for all reports, plans and other information in the possession of the Department in reference to the work on the Canadian Pacific Railway at or near Maple Ridge, a short distance above Hammond, on the bank of the Fraser, B.C.; for all reports and information in the possession of the Department as to the condition of the work on the Government sections of the Canadian Pacific Railway in British Columbia; and as to the extent of work remaining to be done before the completion of the contract; also for all correspondence with the Canadian Pacific Railway Company as to the taking over by them of these sections of the railway; also for a statement of the names, salaries and period of service in that region, of the Government engineers who have been employed on the Government sections in British Columbia of the Canadian Pacific Railway, with the dates at which any of them were relieved, a statement of the cause of their removal, and of their present occupation, if any, under the Government. Presented to the House of Commons, 5th May, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

25*aa*. Return to an Order of the House of Commons, dated 2nd of March, 1885, for copies of all applications, statements, estimates or letters sent from the Canadian Pacific Railway to the Government, or any of its officials, in relation to the change made by the Government between 7th April, 1884, and 16th May, 1884, in the dealing with rolling stock in progress estimates and payments in the Eastern Section, Western Division, and copies of all correspondence and papers upon the same subject. Presented to the House of Commons, 5th May, 1885.—*Mr. Edgar*.....*Not printed.*

25*bb*. Supplementary Return to a Standing Order of the House of Commons, passed on the 20th February, 1882, for full information on all subjects affecting the Canadian Pacific Railway up to the latest date, and particularly all details as to: 1. The selection of the route. 2. Progress of the work. 3. The selection or reservation of land. 4. The payment of moneys. 5. The laying out of branches. 6. The progress thereon. 7. The rates of tolls for passengers and freight. 8. The particulars required by the Consolidated Railway Act and amendments thereto, up to the end of the previous fiscal year. 9. Like particulars up to the latest practicable date before the presentation of the Return. 10. Copies of all Orders in Council and of all correspondence between the Government and the Railway Company, or any member or officer of either, relating to the affairs of the company. Presented to the House of Commons, 5th May, 1885, by Hon. J. H. Pope.....*Not printed.*

25*cc*. Letter and statements from George Stephen, Esq., President of the Canadian Pacific Railway Company, to the Hon. the Minister of Railways and Canals, accompanied by Mr. Miall's condensed balance sheet on the affairs of the Canadian Pacific Railway Company on the 1st January, 1885. Presented to the House of Commons, 7th May, 1885.—*Sir J. A. Macdonald*.....*Printed for both Distribution and Sessional Papers.*

25*dd.* Return to an Order of the House of Commons, dated 6th February, 1885, for a Return of the names of persons in the employ of the Government along the line of the Canadian Pacific Railway during the year 1884, the date of their engagement, the length of time employed, the work assigned them and the salary, fee or allowance paid; also the amount of travelling expenses paid to each. Presented to the House of Commons, 8th May, 1885.—*Mr. McMullen*.....*Not printed.*

25*ee.* Supplementary Return to an Order of the House of Commons, dated 2nd March, 1885, for copies of all applications, statements, estimates or letters sent from the Canadian Pacific Railway to the Government or any of its officials, in relation to the change made by the Government between 7th April, 1884, and 16th May, 1884, in the dealing with rolling stock, in progress estimates and payments in the Eastern Section, Western Division, and copies of all correspondence and papers upon the same subject. Presented to the House of Commons, 16th May, 1885.—*Mr. Edgar*.....*Not printed.*

25*ff.* Return to an Order of the House of Commons, dated 2nd March, 1885, for copies of all the estimates, in detail, furnished to the Government by the Canadian Pacific Railway Company, and by the Government engineer, upon which the estimated cost of $23,000 per mile was based for the portion of the Eastern Section from the 100th mile to the 120th mile west of Callander, giving quantities, classification and prices; also for a statement of the actual quantities, description and classification of the work from the 100th mile to the 120th mile west of Callander on the 12th August, 1884, when the subsidy and loan were paid by the Government as a completed line. Presented to the House of Commons, 16th May, 1885.—*Mr. Edgar....Not printed.*

25*gg.* Return to an Order of the House of Commons, dated 2nd March, 1885, for copies of the report of survey by Vernon Smith, C.E., in relation to the extension of the Canadian Pacific Railway to Canadian ports on the Atlantic. Presented to the House of Commons, 16th May, 1885.—*Mr. Lesage*.....*Not printed.*

25*hh.* Return to an Address of the House of Commons, dated 12th March, 1885, for copy of all offers made to the Government for the construction of a railway connecting the Ontario railway system, at or near to Gravenhurst, with the Canadian Pacific Railway. Presented to the House of Commons, 9th June, 1885.—*Mr. Mulock*.....*Printed for Sessional Papers only.*

25*ii.* Return to an Address of the House of Commons, dated 12th February, 1885, for a Return showing the amounts contributed to the Canada Central Railway between Ottawa and Brockville, either by the Government of Canada, the Provincial Government of Ontario, or by the municipalities along that line of railway. Also showing what securities were taken for the amounts so advanced to the said railway company, and what disposition has been made of the said securities. Also for similar returns concerning the St. Lawrence and Ottawa Railway from Ottawa to Prescott, together with the conditions upon which such grants were made to both railways; also statement showing the present train service on both lines of railway. Presented to the House of Commons, 9th June, 1885.—*Mr. Landerkin...Not printed.*

25*jj.* Supplementary Return to an Order of the House of Commons, dated 5th February, 1885, for map or maps showing: 1. The location of the Canadian Pacific Railway, so far as approved of or constructed. 2. Its location, so far as proposed to Government, but not yet approved. 3. The location of any branches constructed or acquired, and of any now contemplated by the company, so far as the Government is advised. 4. The lands set apart for the company, but not yet granted. 5. The lands granted. 6. The lands applied for, but not yet set apart. Presented to the House of Commons, 11th June, 1885.—*Mr. Blake*.....*Not printed.*

25*kk.* Return to an Address of the House of Commons, dated 12th March, 1885, for a copy of all correspondence between the Government of Quebec and the Government of Canada concerning the application of the sum of $960,000 reserved by the statute 47 Victoria, chapter 8, for the extension of the Canadian Pacific Railway from its terminus at St. Martin's Junction to the Harbor of Quebec. Presented to the House of Commons, 15th June, 1885.—*Mr. Laurier*—*Printed for Sessional Papers only.*

25*ll.* Return to an Address of the House of Commons, dated 9th February, 1885, for a statement showing the gross earnings, expenses and net earnings of the Canadian Pacific Railway for each month of the years 1883 and 1884, distinguishing between the main line and the lines now

worked under the lease from the Ontario and Quebec Railway Company; and distinguishing also between the main line east of Port Arthur or Fort William and the main line west of that point, giving in each case the mileage open for traffic during the month specified. Presented to the House of Commons, 16th June, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

25*mm.* Return to an Address of the House of Commons, dated 12th February, 1885, for a statement showing: 1. The expenditure by the Canadian Pacific Railway Company upon its main line of railway between Callander and Port Arthur and between Selkirk and Kamloops, since the expenditure of $23,078,950, shown by the letter of Mr. Stephen to the Minister of Railways and Canals on the 15th January, 1884. 2. The materials on hand in respect of the described main line of railway. 3. The receipts by the company since the account given in the said letter in respect of—(*a.*) Cash subsidy; (*b.*) Government loan; (*c.*) Land grant bonds or land sales, or from the pledging of land grant bonds. 4. The amount, if any, due by the company in respect of construction of the described main line. 5. Estimates of the cost of the work of construction remaining to be done on the described main line, showing whether the materials on hand are taken into account in such estimates or not. 6. An estimate of the whole cost of construction of the described main line when completed. 7. Statement of the cost of equipment of the described main line at the date of the account in Mr. Stephen's letter. 8. Statement of the cost of equipment of the described main line since that date. 9. Estimate of the further cost of equipment of the described main line when completed. 10. Estimate of the complete cost of equipping the described main line. All such statements and estimates being separate for each of the described divisions, viz., (*a*) that between Callander and Port Arthur, and (*b*) that between Selkirk and Kamloops. Presented to the House of Commons, 16th June, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

25*nn.* Return to an Address of the House of Commons, dated 24th February, 1885, for a statement of the cost of the Canadian Pacific Railway from Winnipeg to a point 615 miles west of Winnipeg, divided under the usual sub-headings of cost of railway construction; or in case the company has not recorded the expense under the usual sub-headings, then divided in such a way and in such detail as the company has recorded it. Presented to the House of Commons, 16th June, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

25*oo.* Return to an Address of the House of Commons, dated 8th April, 1885, for a Return showing the date of completion of the main line of the Canadian Pacific Railway from Winnipeg to Brandon, from Brandon to Moose Jaw, from Moose Jaw to Calgary, the dates on which each section was opened for traffic, the dates on which such section was inspected by the Government engineer, with all Orders in Council, papers and correspondence affecting the tariff rates for passengers and freight upon such line, not already brought down. Presented to the House of Commons, 15th June, 1885.—*Mr. Watson*.....*Not printed.*

25*pp.* Return to an Address of the Senate, dated 25th February, 1885, for all correspondence had since the 1st January, 1884, between the Government of Canada and the Government of the Province of Quebec, concerning all sums of money granted by the Government of Canada to the Province of Quebec, and all claims of the Province of Quebec, by way of indemnity on account of the construction of the North Shore Railway, heretofore called the Quebec, Montreal, Ottawa and Occidental Railway, together with a copy of all memorials presented to the Federal Government during the same period by the Government of Quebec, respecting all claims or demands of indemnity for the same cause. Presented to the Senate, 16th April, 1885.—*Hon. Mr. Trudel*,.....*Printed for Sessional Papers only.*

25*qq.* Return to an Order of the House of Commons, dated 13th February, 1885, for a statement showing: 1. The total number of permanent timber trestles and the total number of wooden bridges constructed, or under contract for construction, upon the line of the Canadian Pacific Railway. 2. The length, in feet, and the maximum height of each of said trestles and of each of said bridges. Such statement to identify the trestles and bridges by numbering them consecutively from Sudbury westward. Presented to the House of Commons, 14th July, 1885.—*Mr. Edgar*.....*Not printed.*

25*rr.* Return to an Address of the House of Commons, dated 17th February, 1885, for: 1. A statement of the present position of the debt of six hundred thousand dollars, due last Session

by the North American Contracting Company to the Canadian Pacific Railway, with information as to whether the same has been settled, and if so, when and upon what terms, and if unsettled, what steps have been taken, or are being taken, to procure a settlement; also a statement of the present position of a sum of about six hundred thousand dollars invested by the Canadian Pacific Railway Company in stock of the Canada North-West Land Company, with a statement of its value, at the average price for the month of January, 1885. 2. Also plan and statement showing the grades and curves on the line of the Canadian Pacific Railway as far as constructed, including all the Government sections, but exclusive of the line constructed by the company from the foot of the Rocky Mountains to Kamloops. 3. Also a copy of the prospectus, advertisement and other papers in connection with the recent proposal for the issue of bonds of the Ontario and Quebec Railway Company, guaranteed by the Canadian Pacific Railway Company, with a statement of the amount sold and the average rate. 4. Also an estimate of the cost of the Canadian Pacific Railway between Callander and Port Arthur, divided under the usual heads of sub-divisions in railway construction, with separate estimate for equipment. 5. Also a like estimate, in similar form, of the cost of the construction of the Canadian Pacific Railway between Calgary and the summit of the Rocky Mountains, and from the summit of the Rocky Mountains to the junction with the Government section, each separately, with a statement of the items in which a saving of four million dollars upon the estimate of last Session is calculated by the officers of the company. 6. Also a statement of the expenditure by the Canadian Pacific Railway Company on any account, except the construction and equipment of the contracted line between Callander and Port Arthur, and between Selkirk and Kamloops. Presented to the House of Commons, 14th July, 1885.—*Mr. Blake*.....*Not printed.*

25*ss.* Return to an Address of the House of Commons, dated 17th February, 1885, for: 1. A statement of the expenditure of the Canadian Pacific Railway Company since the account in Mr. Stephen's letter to the Minister of Railways and Canals, 15th January, 1884, upon branch lines, specifying each line, the expenditure thereon, the purpose thereof, and the additional mileage beyond 269 miles completed at the date of Mr. Stephen's letter. 2. Statement of the cost of equipment of such branch lines; (*a.*) At the date of said letter; (*b.*) Since that time. 3. Estimate for any further cost of equipment for such branch lines so far as completed. 4. Statement in detail of the further sums paid in respect of the extensions or branches east of Callander, since the date of said letter, when they amounted to $3,203,050. 5. A statement of the present condition of the account for advances towards acquiring a line to the seaboard, and for other purposes, alleged to be within the charter, shown by the said letter at $3,482,251; with a detail of any further payments of a like character. Presented to the House of Commons, 18th July, 1885.—*Mr. Blake*.....*Not printed.*

25*tt.* Return to an Address of the House of Commons, dated 17th February, 1885, for copies of all correspondence and agreements between the Government and the Canadian Pacific Railway Company on the subject of immigration to Manitoba and the North-West, together with a statement showing the amount expended by the company in promoting such immigration, giving amounts paid, with dates, to whom paid, and the nature of service rendered; also estimate of the company of number of persons from foreign countries who have actually settled there in each year since date of charter. Presented to the House of Commons, 18th July, 1885. —*Mr. Paterson (Brant)*.....*Not printed.*

25*uu.* Supplementary Return to an Address of the House of Commons, dated 17th February, 1885, for: 1. A statement of the present position of the debt of six hundred thousand dollars due last Session by the North American Contracting Company to the Canadian Pacific Railway, with information as to whether the same has been settled, and, if so, when and upon what terms, and if unsettled, what steps have been taken, or are being taken, to procure a settlement; also a statement of the present position of a sum of about six hundred thousand dollars invested by the Canadian Pacific Railway Company in stock of the Canada North-West Land Company, with a statement of its value at the average price for the month of January, 1885. 2. Also plan and statement showing the grades and curves on the line of the Canadian Pacific Railway as far as constructed, including all the Government sections, but exclusive of the line constructed by the company from the foot of the Rocky Mountains to Kamloops. Presented to the House of Commons, 20th July, 1885.—*Mr. Blake*.....*Not printed.*

26. Return to an Order of the House of Commons, dated 2nd February, 1885, for a Return of the receipts and expenditure, in detail, chargeable to the Consolidated Fund, from the 1st July, 1883, to the 31st January, 1884, and from 1st July, 1884, to 31st January, 1885. Presented to the House of Commons, 9th February, 1885.—*Sir Richard Cartwright*—

Printed for Distribution only.

27. Return to an Order of the House of Commons, dated 2nd February, 1885, for a statement showing the amount of money on deposit to the credit of the Government of Canada on the 1st February, 1885, whether in Canada or elsewhere, together with the names of the banks wherein the said moneys are deposited, with the amount in each bank respectively; also the amount at interest and the rate of interest allowed on the said deposits in each case. Presented to the House of Commons, 9th February, 1885.—*Sir Richard Cartwright*—

Printed for Distribution only.

28. Return to an Address of the House of Commons, dated 30th January, 1884, for copies of all Orders in Council, despatches, correspondence and telegrams relating to the negotiations between Canada and British Columbia, not already brought down; and for a statement of the estimated net cost to Canada of the dry dock in British Columbia. Presented to the House of Commons, 10th February, 1885.—*Mr. Blake*.....*Not printed.*

29. Return (*in part*) to an Address of the House of Commons, dated 24th January, 1884, for copies of all Orders in Council, reports and correspondence, not already brought down, in reference to the exercise or non-exercise of the power of disallowance as to any Provincial Acts; with a statement of the dates of prorogation of each of the Provincial Assemblies; and of the dates at which the Acts of the Session were received at Ottawa; and copy of the despatches addressed to the Lieutenant-Governors on the subject of the transmission to the Government of Canada of such Acts. Presented to the House of Commons, 10th February, 1885.—*Mr. Mulock*.....*Printed for Sessional Papers only.*

30. Return to an Order of the House of Commons, dated 25th February, 1884, for a detailed statement of all moneys expended upon the Dominion steamer "Sir James Douglas," in connection with the hauling out, lengthening of, repairs to, and launching of said vessel, from 1st January, 1882, to 31st December, 1883. Presented to the House of Commons, 10th February, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.*

30*a*. Return to an Order of the House of Commons, dated 25th February, 1884, for a statement showing numbers of officers and crew of steamer "Sir James Douglas," their names, rank, pay and date of first appointment, the average cost per month of maintaining said vessel for the twelve months ending 31st December, 1883, nature of service in which she has been engaged for the period mentioned, increased speed obtained by lengthening, date on which she was last swung for adjustment of compasses and copy of deviation table made therefrom. Presented to the House of Commons, 10th February, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.*

30*b*. Return to an Order of the House of Commons, dated 28th March, 1884, for all correspondence of a date subsequent to 1st January, 1883, upon the subjects of repairs to, hauling out, and launching of the steamer "Sir James Douglas," in the early part of said year, between the Department of Marine and Fisheries and their agents at Victoria, B.C., or between the Department and any other person or persons, in the Province of British Columbia, upon said subject; also copies of reports sent in to the Department by the agent of the Department in British Columbia, and the master of the steamer above referred to, in connection with the serious and unpleasant difference of opinion which arose between them, reflecting discreditably upon themselves and the Department. Also all correspondence upon that or any other subject between the Department and any British Columbia member or other person, in any way reflecting upon the agent of the Department in British Columbia, to date. Presented to the House of Commons, 10th February, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.* *See* 30*d*.

30*c*. Return to an Address of the Senate, dated 9th April, 1884, for copies of all documents and correspondence in possession of the Government relating to the establishment of a line of steamships between France and Canada. Presented to the Senate, 24th February, 1885. *Hon. Mr. Pelletier*.....*Printed for Sessional Papers only.*

30*d*. Return to an Order of the House of Commons, dated 28th March, 1884, for all correspondence of a date subsequent to 1st January, 1883, upon the subject of repairs to, hauling out and launching of the steamer "Sir James Douglas," in the early part of said year, between the Department of Marine and Fisheries and their agent at Victoria, B.C., and between the Department and any other person or persons in the Province of British Columbia, upon said subject; also copies of reports sent in to the Department by the agent in British Columbia, and the master of the steamer referred to, in connection with the serious and unpleasant difference of opinion which arose between them, reflecting discreditably upon themselves and the Department; also all correspondence upon that or any other subject between the Department and any British Columbia member or other person, in any way reflecting on the agent of the Department in British Columbia, to date. Presented to the House of Commons, 14th April, 1885.—*Mr. Baker* (*Victoria*).....*Printed for Distribution only.*

30*e*. Return to an Order of the House of Commons, dated 24th February, 1885, for copies in full of the accounts and vouchers of all provisions, coal and other supplies furnished the Hudson Bay steamer "Neptune" at Halifax, in July last, and copies of all the tenders upon which all the contracts were based. Presented to the House of Commons, 14th April, 1885.—*Mr. Vail*.....*Not printed.*

30*f*. Return to an Address of the House of Commons, dated 23rd February, 1885, for copies of all reports, correspondence, contracts, Orders in Council and other papers, in connection with the arrangements under which public moneys have been paid by the Government to the Halifax Steam Navigation Company. Presented to the House of Commons, 30th April, 1885.—*Mr. Blake*.....*Not printed.*

31. Return to an Address of the House of Commons, dated 28th March, 1884, for a statement showing the present constitution of the North-West Council, the number of elected members, the district for which they are elected, the number of votes polled, the names of the candidates, and the qualifications required of the voters. Presented to the House of Commons, 19th February, 1885.—*Mr. Mills*.....*Printed for both Distribution and Sessional Papers.*

32. Return to an Address of the House of Commons, dated 28th March, 1884, for a statement of all moneys paid by the Dominion Government to the Local Government of Ontario since Confederation; stating the amounts in each year and stating on what account. Presented to the House of Commons, 10th February, 1885.—*Mr. Farrow*.....*Printed for Distribution only.*

33. Return to an Order of the House of Commons, dated 28th March, 1884, for: 1. Correspondence, papers, draft, notarial transfer and telegram respecting Survey Contract No. 10, of L. J. E. Garon, of the season of 1881, by which Joseph Adhemar Martin, merchant, of Rimouski, has received the sum of $800. 2. Correspondence, papers, draft, notarial transfer and telegram, between the Minister of the Interior and the said Joseph Adhemar Martin, concerning the balance remaining due on the said transfer of the said Survey Contract No. 10, of L. J. E. Garon, of the said season of 1881. Presented to the House of Commons, 19th February, 1885.—*Mr. Billy*.....*Not printed.*

34. Return to an Address of the House of Commons, dated 7th February, 1884 for copies of all correspondence between the several Provincial Governments and the Dominion Government, respecting the readjustment or increase of the money subsidies paid, or to be paid, by the latter to the former, in pursuance of the confederation agreement, or of any other arrangements since made. Also copies of all petitions from the several Provincial Legislatures to the Government, or to the Parliament of Canada, and of any memorials received by the latter from the several Provincial Governments, asking for aid or assistance in money or otherwise. Also statement showing all that has been granted in money, or otherwise, by the Government of Canada to the several provinces since 1867. Presented to the House of Commons, 10th February, 1885.—*Mr. Ouimet*.....*Printed for Sessional Papers only.*

34*a*. Return to an Address of the House of Commons, dated 5th February, 1885, to His Excellency the Governor General, praying that he will cause to be laid before the House any correspond-

ence or papers touching applications by Local Governments for advances of money on debt account, and for any papers throwing light on the reasons for the pending Bill on that subject. Presented to the House of Commons, 27th February, 1885.—*Mr. Blake*—

Printed for Sessional Papers only.

34*b*. Return to an Address of the House of Commons, dated 2nd March, 1885, for copies of all correspondence since 1st January last, between the Dominion Government and the Government of the Province of Quebec, in relation to an increase or readjustment of the Dominion subsidy to the province, including any letter written to that end by one of the said Governments to the other, or by any of the Ministers thereof in relation to the subject; also of any such correspondence with any of the other Provinces of the Dominion. Presented to the House of Commons, 23rd April, 1885.—*Mr. Amyot*.....*Printed for Sessional Papers only.*

35. Return to an Order of the House of Commons, dated 1st February, 1884, for copies of all correspondence and papers relating to any proposed or suggested reduction in letter postage in the Dominion of Canada. Presented to the House of Commons, 10th February, 1885.—*Mr. Charlton*.....*Not printed.*

36. Return to an Order of the House of Commons, dated 11th February, 1884, for copies of all correspondence or complaints to the Postmaster-General, relative to delays or neglect of postmasters in transmitting newspapers and periodicals to the office of destination, since 1st January, 1883. Presented to the House of Commons, 10th February, 1885.—*Mr. Sproule*—

Not printed.

37. Reports relative to the manufacturing industries in existence in Canada, submitted to the House of Commons for its information. Presented to the House of Commons, 11th February, 1885, by Sir Leonard Tilley.....*Printed for both Distribution and Sessional Papers.*

37*a*. Return to an Address of the House of Commons, dated 6th February, 1885, for copy of the commission or other authorization, Order in Council, correspondence and instructions in relation to the commission issued for the investigation of certain facts as to the condition of the industries of Canada during the last recess. Copy of the report of the commissioners, and the evidence and data obtained by them. Statement in detail of all moneys paid in respect of the commission, and an estimate in detail of all moneys payable, but as yet unpaid; dated 11th February, 1885. Presented to the House of Commons, 12th February, 1885. *Mr. Blake*—

Printed for both Distribution and Sessional Papers.

37*b*. Return to an Order of the House of Commons, dated 4th February, 1885, for all returns, statements or correspondence in possession of the Government, showing the number of operatives employed in factories in the Dominion in 1878 and in 1884, together with the amount of capital invested and wages paid. Presented to the House of Commons, 16th February, 1885.—*Sir Richard Cartwright*.....*Not printed.*

CONTENTS OF VOLUME No. 11.

38. Return to an Order of the House of Commons, dated 5th February, 1885, for copies of all correspondence relative to any payments, claims or allowances on any account whatever, in respect to the office of High Commissioner, not already brought down; and separate statement in detail, with dates and sums of all payments made on any such accounts in respect to the office, during its tenure by the present incumbent; an estimate in detail of all sums payable on any such accounts up to this date and yet unpaid; also copies of all correspondence not yet brought down, as to the letting or purchase of a residence for the High Commissioner, and as to the repairs and furnishing thereof, with copies of all accounts in connection with the same; a statement in detail of all sums paid in respect of such letting or purchase, or furnishing or repairs; and an estimate of all sums payable, but not yet paid, in respect thereof. Presented to the House of Commons, 12th February, 1885.—*Mr. Blake*.....*Not printed.*

38*a*. Return to an Address of the House of Commons, dated 2nd March, 1884, for a copy of all correspondence between this Government and the High Commissioner in England or the representatives of the Belgian Government in this country, or from the Belgian authorities at home,

or any other correspondence and papers concerning the International Exhibition in Antwerp; and also copies of the existing tariff between Belgium and England. Presented to the House of Commons, 12th March, 1885.—*Messrs. Bergeron and Amyot*.....*Not printed.*

38*b*. Return to an Address of the House of Commons, dated 23rd February, 1885, for a copy of any further commission or Order in Council, or correspondence touching the position or salary of the High Commissioner of Canada, not already brought down. Presented to the House of Commons, 13th March, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

38*c*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a Return showing amount paid out on account of High Commissioner to London since the creation of the office; showing separately the amount paid on account of residence, furniture and all fittings and additions thereto, and amount of salary paid to 1st January, 1885, and all items or allowances on account of taxes, light, fuel, travelling and other expenses, including salaries of private secretary and other servants or attendants, each item separately set out up to 1st January, 1885. Presented to the House of Commons, 7th April, 1885.—*Mr. McMullen*—
Printed for Sessional Papers only.

39. Return to an Address of the House of Commons, dated 4th February, 1885, for copy of all correspondence between the Government of Canada and the several Governments of the Australian and Tasmanian colonies, or anyone acting on their behalf, in relation to the establishing of a more direct communication and extension of trade between these colonies and Canada; also all correspondence between the Government of Canada and the British Government on the same subject. Presented to the House of Commons, 12th February, 1885.—*Mr. Mitchell*.....*Not printed.*

40. Report of the operations and money expended, since the report of last Session, for the year 1884, with respect to the Census of 1881, in accordance with the provisions of section 25 of the Census and Statistics Act; also relating to mortuary statistics. Presented to the House of Commons, 12th February, 1885, by Hon. J. H. Pope.....*Not printed.*

40*a*. A form of Census Return for the year 1885. Presented to the House of Commons, 13th February, 1885, by Hon. J. H. Pope.....*Not printed.*

41. Return to an Order of the House of Commons, dated 4th February, 1885, for amount of sums advanced to the Government of the Dominion by way of loan by any banks or persons in Canada or England, as appearing on the 1st February, 1885. Presented to the House of Commons, 13th February, 1885.—*Sir Richard Cartwright*—
Printed for both Distribution and Sessional Papers.

41*a*. Return to an Order of the House of Commons, dated 4th February, 1885, for a Return giving names of all newspapers in which the loans of 1874, 1875, 1876, 1878 and 1884 were advertised, together with statement of length of time during which the said advertisements appeared. Presented to the House of Commons, 16th February, 1885.—*Sir Richard Cartwright*—
Not printed.

41*b*. Return to an Address of the House of Commons, dated 4th February, 1885, for copy of the prospectus of the loan recently issued in London; also a statement showing the amounts of the commission and other charges paid thereon, and to whom paid, together with the amount of the said loan subscribed for by the financial agents of the Dominion, or by the Bank of Montreal, with the dates of the said subscriptions, and copies of all Orders in Council connected with the said loan. Presented to the House of Commons, 16th February, 1885.—*Sir Richard Cartwright*.....*Printed for both Distribution and Sessional Papers.*

42. Return to an Order of the House of Commons, dated 6th February, 1885, for copies of all correspondence, memorials, petitions or other documents relating to the abolition of the duty on grain, flour and coal during 1884 and up to the present time. Presented to the House of Commons, 13th February, 1885.—*Mr. Cameron* (*Middlesex*).....*Not printed.*

42*a*. Return to an Order of the House of Commons, dated 12th March, 1885, for a Return of the amount of duty collected on wheat, flour, cornmeal and corn, in the several ports of the Province of Nova Scotia, between the 30th June, 1884, and 31st December, 1884. Presented to the House of Commons, 18th March, 1885.—*Mr. Vail*.....*Not printed.*

42*b*. Return to an Order of the House of Commons, dated 27th April, 1885, for: 1. Duties imposed on various articles in the old Province of Canada and duties now imposed. 2. Tariff in force in British Columbia and in Manitoba, respectively, at the time of Union. 3. Length of time such tariff continued in force after Union. Presented to the House of Commons, 15th June, 1885.—*Mr. Watson*.....*Not printed.*

42*c*. Papers and telegrams respecting the Imperial Act for granting to Her Majesty certain duties on goods, wares and merchandise imported into this colony and its dependencies. Presented to the House of Commons, 11th July, 1885, by Hon. M. Bowell.....*Not printed.*

43. Message from His Excellency the Governor General, transmitting to the House of Commons copies of all petitions, resolutions, correspondence and memorials on the matter of bankruptcy, which have been submitted to His Excellency in Council for consideration. Presented to the House of Commons, 13th February, 1885, by Sir John A. Macdonald.....*Not printed.*

44. Return to an Address of the House of Commons, dated 9th February, 1885, for copy of memorial from the county council of Grey, praying for a refund of bonuses paid by municipalities of that county in aid of railways which are now used for Dominion purposes or tributary to such. Presented to the House of Commons, 13th February, 1885.—*Mr. Landerkin*—

Not printed.

44*a*. Return to an Address of the House of Commons, dated 18th March, 1885, for copies of petitions from the county council of the county of Elgin, presented to the Governor General in Council or the Minister of Railways and Canals, praying for a general measure of relief to municipalities of Ontario which have aided railways declared to be for Dominion purposes, by granting bonuses to them; and of all correspondence in reference to such petitions. Presented to the House of Commons, 8th April, 1885.—*Mr. Wilson*.....*Not printed.*

44*b*. Return to an Address of the House of Commons, dated 16th March, 1885, for a copy of the memorial presented to the Government by the county council of the county of Simcoe, Ontario, praying for a refund of bonuses granted by the different municipalities of that county to railways that have been declared by this Parliament to be works for the general advantage of Canada, together with copies of all correspondence and other papers relating thereto. Presented to the House of Commons, 20th April, 1885.—*Mr. Cook*.....*Not printed.*

44*c*. Return to an Address of the House of Commons, dated 27th April, 1885, for copies of the memorials presented to the Government by the delegates who waited on the Government in reference to the bonuses granted to railways declared to be for the general advantage of Canada. Presented to the House of Commons, 16th May, 1885.—*Mr. Watson*.....*Not printed.*

45. Return to an Order of the House of Commons, dated 17th February, 1885, for a Return showing the quantity and value of wheat and flour imported into, and exported from the Dominion, by Provinces, during the six months ending 31st December, 1884—distinguishing, in the imports, the quantity entered for home consumption; and, in the exports, the product of Canada. Presented to the House of Commons, 24th February, 1885.—*Mr. Paterson* (*Brant*)...*Not printed.*

45*a*. Return to an Order of the House of Commons, dated 6th February, 1885, for a Return showing the quantity of wheat, flour, corn and cornmeal imported into and exported from the various Provinces, from the 1st of July to the 31st December, 1884. Presented to the House of Commons, 24th February, 1885.—*Mr. Cameron* (*Middlesex*).....*Not printed.*

46. Return of the names and salaries, &c., of all persons appointed to or promoted in the Civil Service during the year ended the 31st December, 1884, specifying the office to which each has been appointed or promoted under the Canada Civil Service Act, 1882, section 55, sub-section 2. Presented to the House of Commons, 16th February, 1885, by Hon. J. A. Chapleau—

Printed for Sessional Papers only.

46*a*. Report of the proceedings of the Board of Examiners for the year 1884—presented to Parliament in terms of section 55 of the Canada Civil Service Act, 1882, 45-46 Victoria, chapters 4-7. Presented to the House of Commons, 16th February, 1885, by Hon. J. A. Chapleau—

Printed for both Distribution and Sessional Papers.

46*b*. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return of all officers of the Civil Service, from the resident Dominion Government agent down to the messenger, in each and every Department (by Departments) in British Columbia, giving full Christian and surnames, their ages, present rank, pay, allowances, dates of appointment and promotion, made up to the 31st December, 1884, or nearest possible date. Presented to the House of Commons, 15th June, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.*

47. Return to an Order of the House of Commons, dated 28th March, 1884, for copies of all correspondence, reports of engineers, with maps and plans, relating to the improvements required to be made in order to secure a better supply of water to the Rideau Canal, as well as to open up a large section of the country bordering on lakes in the counties of Frontenac and Addington. Presented to the House of Commons, 17th February, 1885.—*Mr. Bell*.....*Not printed.*

47*a*. Return to an Order of the House of Commons, dated 28th March, 1884, for copies of all correspondence and reports of engineers, with maps and plans, relating to the extension of the Rideau Canal from the village of Morton to Charleston Lake and the village of Gananoque, in the county of Leeds. Presented to the House of Commons, 17th February, 1885.—*Mr. McDougald*.....*Not printed.*

48. Return to an Order of the House of Commons, dated 2nd February, 1885, for all papers relating to the resignation of Capt. Ludger Bolduc, after the collision which occurred on the 20th May, 1884, between "La Canadienne" and the brig "Alliance," of Jersey; covering complaint, enquiry, report, &c., and all correspondence relating to the matter. Presented to the House of Commons, 17th February, 1885.—*Mr. Landry* (*Montmagny*).....*Not printed.*

49. Return to an Order of the House of Commons, dated 5th February, 1885, for a statement showing sums expended on capital account, from the 1st day of July, 1884, to the 1st day of February, 1885, and the purposes for which said sums were expended. Also for statement of the gross amount of the debt of the Dominion on the 1st day of February, 1885; and a statement of debts and assets to that date, as given in Public Accounts, pages 13 and 14. Presented to the House of Commons, 17th February, 1885.—*Sir Richard Cartwright*—
Printed for Distribution only.

50. Return to an Address of the House of Commons, dated 5th February, 1885, for a copy of the resignation of the Hon. Judge Meredith as Chief Justice of the Superior Court of the Province of Quebec, and of the correspondence which followed that resignation. Presented to the House of Commons, 17th February, 1885.—*Mr. Laurier*.....*Not printed.*

50*b*, 1884. Return to an Address of the House of Commons, dated 25th January, 1884, for copies of all Orders in Council, correspondence and departmental orders, with reference to the granting, cancellation and suspension of licenses to cut timber on lands of the Indians near Fort William, on the Fort William reserve. Presented to the House of Commons, 8th April, 1884. —*Mr. Blake*.....*Printed for Distribution only.*

51. Return to an Address of the House of Commons, dated 25th February, 1884, for: 1. A copy of all Orders in Council, departmental orders and correspondence, respecting the sale, lease or other disposal of the grist and saw mill owned by the Dominion and situate south of Calgary, North-West Territories, to whom disposed, when, at what price, and how paid or payable? 2. Statement showing the original costs thereof, the costs expended thereon, when the same was erected, including working expenses. 3. Statement showing the quantity of agricultural land or timber limits disposed of with said mill or mills, or to the person who purchased or obtained the same. 4. All applications for the purchase or leasing of said farm, lands and limits. 5. Statement of the machinery in said mill or mills, and the cost thereof. 6. All other correspondence in respect to said mill or mills, land and limits. Presented to the House of Commons, 17th February, 1885.—*Mr. Cameron* (*Huron*).....*Not printed.*

52. Return to an Order of the House of Commons, dated 28th March, 1884, for all correspondence between the Hon. P. Mitchell and the Minister of the Interior, in relation to a timber limit or limits on Jack Head River, with the plans submitted in connection therewith; also in relation to timber limits on the Lake of the Woods. Presented to the House of Commons, 19th February, 1885.—*Mr. Mitchell*.....*Not printed.*

52*a*. Return to an Order of the House of Commons, dated 30th January, 1884, for a Return showing: 1. The total number of timber licenses or permits applied for and granted or refused, since 1st February, 1883; the estimated area covered by each license or application, and the total number of square miles estimated to be covered by the timber licenses issued during the period named. 2. The amount of bonuses or premiums per square mile, and on the aggregate, paid to and received by the Government on each such license, and the total amount of bonuses or premiums received. 3. The name and residence of each applicant for a license. 4. The date of application for each license and the number of years each license is granted for. 5. The Crown dues or stumpage charged or chargeable on each license, and the kind and estimated quantity and quality of timber on each area so licensed. 6. Whether in each case, where a license or permit was granted, the berth was put up at public auction, after public notice inviting tenders was given, and was sold to the highest bidder, or whether granted upon application or tender from the grantee without inviting public competition. 7. Copies of all claims made on the Government for any such area or timber by any persons, and all petitions, remonstrances or communications sent or made to the Government respecting such areas, licenses or timber, and copies of all correspondence had with the Government respecting such claims, or in any way respecting such areas, lands, licenses or timber, and the action of the Government therein; also a copy of all maps and plans showing the location or areas of such licenses or permits. Presented to the House of Commons, 19th February, 1885. —*Mr. Charlton*.....*Not printed.*

52*b*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a Return showing: 1. The total number of applications made, and not granted, for licenses or permits to cut timber, saw-logs, cordwood, ties and poles, within the territory lately in dispute between the Province of Manitoba and Ontario. 2. The date of each rejected application and the name and residence of each applicant. 3. The geographical location of the area applied for and not granted. 4. The offer of bonus, and of Crown dues or stumpage, in each or any case accompanying such application. 5. The reason assigned for refusal in the case of each of such rejected applications. Presented to the House of Commons, 23rd April, 1885.—*Mr. Blake*—

Printed for Sessional Papers only.

52*c*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a Return showing: 1. The total number of timber licenses and permits to cut timber, sawlogs, cordwood, ties or poles, on lands not within the disputed territory, applied for and refused since 1st February, 1883. 2. The date of each rejected application, and the name and residence of each applicant. 3. The geographical location of the area applied for and not granted, and the area of the same. 4. The offer of bonus, and Crown dues or stumpage in each or any case accompanying such application. 5. The reason assigned for refusal in the case of each of such rejected applications. Presented to the House of Commons, 23rd April, 1885.—*Mr. Blake*—

Printed for Sessional Papers only.

52*d*. Return to an Order of the House of Commons, dated 9th February, 1885, for copies of all correspondence and regulations, not already brought down, respecting timber for settlers' fuel, applicable to the neighborhood of Moosomin, N.W.T. For all correspondence as to the demands made during the winter of 1882-83 by the Mounted Police, of twenty-five cents a load for settlers' firewood. For all correspondence concerning the demand made by a sub-agent of Mr. Stephenson during the winter of 1883-84, for fifty cents for a permit, in addition to the charge of twenty-five cents a cord. For all correspondence as to the demands made during the winter of 1884-85, including the demands of the present sub-agent, of twenty-five cents for affidavits as to how much wood each settler had burned since he first came to the locality; and for all letters and instructions from the Department or from the Winnipeg office upon these subjects. Presented to the House of Commons, 5th May, 1885.—*Mr. Blake*—

Printed for Sessional Papers only.

52*e*. Return to an Address of the House of Commons, dated 23rd February, 1885, for copies of all permits, liberties or other papers given to any person or persons to cut timber in any part of the territory declared by the Order of the Queen in Council to be within the Province of Ontario; and of all Orders in Council, departmental regulations or orders relating to the matter. Presented to the House of Commons, 15th July, 1885.—*Mr. Mills*.....*Not printed.*

52*f*. Return to an Order of the House of Commons, dated 16th February, 1885, for copies of all permits, licenses or liberties given to any person or persons to cut timber in any part of the territory declared by the Order of the Queen in Council to be within the Province of Ontario. Also the name or names of the person or persons obtaining such permission, the extent of territory embraced, the amount received by the Government, and the amount, if any, still unpaid by the party or parties for such permission. Presented to the House of Commons, 15th July, 1885.—*Mr. Mills* .....*Not printed.*

52*g*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a Return showing: 1. The total number of applications for timber licenses or berths in the Province of British Columbia, and within 50 miles of the line of the Canadian Pacific Railway; the date of such application; the place from which it was made; the name and address of the applicant; the area applied for and the geographical situation of the same; whether the application was rejected or granted, and, if rejected, the reasons assigned for the same. 2. The total number of applications for timber licenses or berths in the Province of British Columbia and transmitted to the Department of the Interior at Ottawa; the date of such application; the place from which it was made; the name and address of the applicant; the area applied for and the geographical situation of the same; whether the application was rejected or granted, and, if rejected, the reason assigned for the same. 3. A summary statement showing the number of licenses or permits granted either upon applications made at Ottawa or made at Victoria and transmitted to Ottawa, designating when the application was made, the date of the application, and the name and address of the grantee. 4. The geographical location of the area covered by each license or permit issued, and the number of square miles embraced in each, and the aggregate amount of the same. 5. The amount of bonuses or premiums received upon each and the aggregate amount of the same. 6. Full particulars as to the Crown dues or stumpage charged or chargeable upon each license or permit issued as to whether by percentage of values or specific charges. 7. A statement in case of each license or permit issued as to whether the Government had caused a survey to be made of the same and was in possession of estimates made by its own surveyors, woodsmen or bushrangers, as to the kinds, the quantity and the quality of timber upon each area covered by such license or permit. 8. Whether in each case where a license or permit was granted, the berth was put up at public auction, after due public notice was given inviting tenders, and was sold to the highest bidder, or whether granted upon application or tender from the grantee without inviting public competition. 9. In case of application by two or more parties for the same berth, and competition between them for the purchase of the same, the name and residence of each applicant and the particulars of the tender made by each. 10. Copies of all claims, petitions, remonstrances, letters or communications made to the Government respecting such permits or licenses applied for or granted, also a copy of all maps or plans showing the location and areas of such licenses or permits. 11. A minute of all assignments of such licenses or permits recorded with the Government, with the names and residence of the assignor and the assignee and the consideration in each case paid. Presented to the House of Commons, 15th July, 1885.—*Mr. Charlton*.....*Not printed.*

53. Return to an Address of the House of Commons, dated 26th March, 1884, for copies of all documents, statements, &c., of a nature to afford the information asked for by the following questions:—Whether the Government has, by sale, grant, location or otherwise, disposed of the lands belonging to it in the county of Richelieu? If so, what are the lands; what is the extent of each lot; to whom was it disposed; what are the conditions of each such grant, location or sale; what are the prices paid in each case, and when and how were the amounts paid? Also of all documents relating to the subject matter of the said questions, and of those evidencing the said transactions. Presented to the House of Commons, 19th February, 1885.—*Mr. Amyot*—*Not printed.*

53*a*. Return to an Order of the House of Commons, dated 17th February, 1885, for a list of all the unsold Indian lands in the township of Toronto, in the county of Peel. Presented to the House of Commons, 9th March, 1885.—*Mr. Paterson (Brant)*.....*Not printed.*

53*b*. Return to an Order of the House of Commons, dated 17th February, 1885, for a statement showing all properties, islands and other lands, whether built upon or not, belonging to the Dominion Government, and situated within the limits of the county of Richelieu, the names of

the parties occupying the said properties as tenants or otherwise; the time for which such properties are leased, the annual rent and the arrears due, if any, on each such property, up to the 1st January, 1885. Presented to the House of Commons, 9th March, 1885.—*Mr. Massue*—
Not printed.

53*c*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a statement showing: 1. All sales of coal lands since 23rd April, 1883; the name and residence of each party to whom sales have been made; the number of acres sold to each; the price per acre received from each; the location of the land sold; the total number of acres sold, and the total amount received from such sales. 2. All leases of coal lands made since 23rd April, 1883; the name and residence of each lessee; the number of acres leased to each; the payments made by each; the location of each leasehold; the total number of acres leased; and the total sum derived from such leases, the considerations paid and royalties collected; and also from all other charges, if any. 3. Copies of all applications, correspondence, protests and written communications, in relation to coal lands sold or leased since 23rd April, 1883. Presented to the House of Commons, 31st March, 1885.—*Mr. Charlton*.....*Printed for Sessional Papers only.*

53*d*. Return to an Order of the House of Commons, dated 12th March, 1885, for a detailed list of all the unsold Indian lands in the township of Trafalgar, in the county of Halton. Presented to the House of Commons, 31st March, 1885.—*Mr. McCraney*.....*Not printed.*

53*e*. Return to an Order of the House of Commons, dated 18th March, 1885, for a return of all properties owned by the Government for military purposes in New Brunswick disposed of or leased, since the transfer from the Imperial Government; the parties to whom sold and at what price, and as to leased properties, to whom leased, for what period and at what rents. Presented to the House of Commons, 22nd April, 1885.—*Mr. Weldon*.....*Not printed.*

53*f*. Return to an Order of the House of Commons, dated 4th February, 1885, for a statement showing the several amounts collected by the Dominion Government for lands sold or leased; for timber, logs or staves, cordwood, telegraph poles or other product of the forest; with the names of persons making such payments, within the bounds and limits of the western part of Ontario, as determined by the decision of the Privy Council against the claim of the Dominion Government. Presented to the House of Commons, 23rd April, 1885.—*Mr. Mackenzie*—
Printed for Sessional Papers only.

53*g*. Order in Council, of the 4th June, 1883, respecting allotment of lands of various colonization companies under the land regulations, and to accord to railway companies the privilege of purchasing land south of the 54th parallel of latitude, &c. Presented to the House of Commons, 29th April, 1885, by Sir John A. Macdonald.....*Not printed.*

53*h*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a return giving copies of all regulations or orders issued by the Department of the Interior concerning the sale or management of agricultural lands, timber lands, pasture lands, mineral lands and town sites, since 26th February, 1884. Presented to the House of Commons, 5th May, 1885.—*Mr. Charlton*.....*Not printed.*

53*i*. Return to an Order of the House of Commons, dated 12th February, 1885, for copies of all correspondence and petitions of railway companies in Manitoba and the North-West, praying for grants of land, or modifications in the condition and extent of the grants of land already conceded to them; and of all Orders in Council or agreements or letters, not already brought down, affecting or in any wise relating to any railway company in Manitoba or the North-West other than the Canadian Pacific Railway Company. Presented to the House of Commons, 5th May, 1885.—*Mr. Blake*.....*Not printed.*

53*j*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a return showing: 1. The names of grazing land lessees who have cattle upon their leaseholds, the number of acres in each leasehold, the date of the lease, the geographical position of the area covered by each lease, the number of the lease, the number of cattle reported on each leasehold, the date when the leasehold was first stocked with cattle, and the aggregate number of acres

covered by such leases. 2. The names of grazing land lessees who have not placed cattle upon their leaseholds; the number of acres in each leasehold; the geographical position of the area covered by each lease; the number of the lease and the aggregate number of acres covered by such leases. Presented to the House of Commons, 26th May, 1885.—*Mr. Charlton*—

Printed for Sessional Papers only.

53*k*. Return to an Address of the House of Commons, dated 11th March, 1885, for: 1. Copy of all Orders in Council or departmental orders respecting south-east ¼, section 2, township 10, range 19, west. 2. Copies of all claims made to said land, and the action of the Government thereon. 3. Copies of all petitions, papers and correspondence with the Government by one Joseph Bell and one J. E. Kavanagh, and all other persons, and all replies thereto, respecting said land. Presented to the House of Commons, 26th May, 1885.—*Mr. Cameron* (*Huron*).....*Not printed.*

53*l*. Copy of an Order in Council, under date the 4th June, 1883, respecting an area of land having been allotted to colonization companies under the land regulations, &c. Presented to the House of Commons, 12th June, 1885, by Sir Hector Langevin.....*Not printed.*

53*m*. Return to an Address of the House of Commons, dated 27th April, 1885, for copies of all Orders in Council, correspondence and papers, not already brought down, touching the surrender or definition of the claims of Canada upon any of the railway lands in British Columbia, or touching any change as to the relations of Canada and British Columbia in reference to such railway lands. Presented to the House of Commons, 14th July, 1885.—*Mr. Blake*.....*Not printed.*

54. Return to an Order of the House of Commons, dated 2nd February, 1885, for a statement showing: 1. The Christian and surnames of the present employés of the Immigration Office at Quebec, and the nature of their employment. 2. The amount of the yearly salary paid to each such employé on 31st December, 1884. 3. The amount of the yearly salary attached to the said offices on 31st December, 1877. Also all correspondence respecting the increase or non-increase of the salary of any employé of the said office between the two dates above named. Presented to the House of Commons, 20th February, 1885.—*Mr. Landry* (*Montmagny*)—

Not printed.

54*a*. Message transmitting the Report of the Royal Commission on Chinese Immigration, and the evidence taken thereon. Presented to the House of Commons, 25th February, 1885, by Hon. J. A. Chapleau.....*Printed for both Distribution and Sessional Papers.*

CONTENTS OF VOLUME No. 12.

54*b*. Return to an Address of the House of Commons, dated 6th February, 1885, for a copy of the commission and the names of the commissioners appointed to proceed to British Columbia to enquire into and report upon the Chinese difficulty in that country. The date of the commissioners' engagement, the salary or other allowance paid them, and the amount of travelling and other expenses up to the 1st February, 1885. Presented to the House of Commons, 13th April, 1885.—*Mr. McMullen*.....*Not printed.*

54*c*. Return to an Address of the Senate, dated 26th March, 1885, to His Excellency the Governor General, praying that he will cause to be laid before this House a detailed statement of the expenditure incurred in connection with the recent visit of the Hon. the Secretary of State to British Columbia and California. Presented to the Senate, 13th April, 1885.—*Hon. Mr. Power*.....*Not printed.*

55. Return to an Address of the House of Commons, dated 28th February, 1883, for copies of all papers and correspondence relating to the change of mail service between Durham and Walkerton; also a statement showing the cost of the old and new service, and the comparative efficiency of each. Presented to the House of Commons, 23rd February, 1885.—*Mr. Landerkin*.....*Not printed.*

55*a*. Return to an Order of the House of Commons, dated 26th March, 1884, for copies of advertisement calling for tenders for carrying mails from Kamloops to Spencer's Bridge, B.C.,

dated 13th June, 1883; also copies of tenders received for such service; also copy of contract based on such tenders, and the hours of arrival and departure of mails from both places. Presented to the House of Commons, 23rd February, 1885.—*Mr. Mackenzie*.....*Not printed.*

55*b*. Return to an Order of the House of Commons, dated 30th January, 1884, for copies of any correspondence, memorial or other documents from the Board of Trade in the city of St. John, or other parties, in relation to the conveyance of mails on the night train on the St. John and Maine Railway to St. Stephen and Woodstock; also as to the conveyance of mails over the Grand Southern Railway to St. George. Presented to the House of Commons, 23rd February, 1885.—*Mr. Gillmor*.....*Not printed.*

55*c*. Return to an Order of the House of Commons, dated 3rd March, 1884, for copies of petitions and all correspondence between the Dominion Government and any person or persons, upon the subject of a daily mail service between Port Townsend, in Washington Territory, and Victoria, in the Province of British Columbia, being substituted for the semi-weekly service at present existing. Presented to the House of Commons, 23rd February, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.*

55*d*. Return to an Order of the House of Commons, dated 14th February, 1884, for copies of all petitions, correspondence, returns and papers, of any nature whatsoever, respecting the establishing of a daily mail service in the parishes of St. Giles, St. Patrick and St. Sylvester, in the county of Lotbinière. Presented to the House of Commons, 23rd February, 1885.—*Mr. Rinfret*.....*Not printed.*

55*e*. Agreement made 15th day of May, 1884, between Andrew Allan, Esq., of the city of Montreal, in the Province of Quebec, in the Dominion of Canada, shipowner, and Hon. John Carling, Postmaster-General of the said Dominion; and an Order in Council in relation thereto, respecting the conveyance of mails. Presented to the House of Commons, 24th April, 1885, by Hon. J. Carling.....*Printed for Sessional Papers only.*

55*f*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a statement in detail of the annual cost in connection with the ocean mail service, for salaries, allowances of mail clerks and conductors, or railway post office clerks in charge of the British mails; also for all correspondence as to the landing of the post office bags containing the British mails outward bound from Canada at Derry, and the saving of loss of time effected thereby. Presented to the House of Commons, 7th May, 1885.—*Mr. Blake*.....*Not printed.*

55*g*. Return to an Order of the House of Commons, dated 16th February, 1885, for a Return showing the nature of the mail service on the Canada Southern Railway between Essex Centre and Amherstburg; also the annual amount paid to the Canada Southern Railway for mail service. Presented to the House of Commons, 7th May, 1885.—*Mr. Wigle*.....*Not printed.*

56. Return to an Order of the House of Commons, dated 28th March, 1884, for: 1. Copies of all correspondence and papers relating to certain charges or complaints made against J. E. Gaboury, Esquire, as postmaster of St. Césaire, and to his subsequent dismissal from the said office of postmaster. 2. A copy of the instructions given to the person who investigated the charges against said J. E. Gaboury, if any investigation took place, and a copy of the report made by such person. Presented to the House of Commons, 23rd February, 1885.—*Mr. Béchard*—*Not printed.*

57. Return to an Order of the House of Commons, dated 12th February, 1885, for a statement of the receipts of the post office at St. Stephens, N.B., for the calendar year 1884; also a statement of the value of postage stamps sold at the said office. Presented to the House of Commons, 23rd February, 1885.—*Mr. Burpee* (*Sunbury*).....*Not printed.*

57*a*. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return showing the postal revenue at Victoria, B.C., from all sources, specifying the amount from each source, month by month, for the eight months included in the period 1st July, 1884, to 28th February, 1885. Presented to the House of Commons, 5th May, 1885.—*Mr. Baker* (*Victoria*)..*Not printed.*

58. Return to an Order of the House of Commons, dated 9th April, 1883, for copies of all letters, reports and other documents relating to any complaint preferred against Stephen G. Burpee, postmaster at Florenceville, N.B., since 1st January, 1879. Presented to the House of Commons, 23rd February, 1885.—*Mr. Irvine*.....*Not printed.*

59. Return to an Order of the House of Commons, dated 4th February, 1885, for a return of all sugars imported at Halifax from Jamaica from the 1st of January, 1883, to the 31st of December, 1883; also a return of all sugars from Jamaica entered for the same term at Montreal, either direct or *viâ* Halifax, giving name of vessel, number of pounds landed, value for duty of each cargo, and rate of duty per 100 lbs. of each shipment. Presented to the House of Commons, 23rd February, 1885.—*Mr. Vail*.....*Not printed.*

59*a*. Supplementary Return to an Order of the House of Commons, dated 13th March, 1885, for a Return of all sugars imported at Halifax from Jamaica, from the 1st January, 1883, to the 31st December, 1883; also a return of all sugars from Jamaica entered for the same term at Montreal, either direct or *viâ* Halifax, giving the name of vessel, number of pounds landed, value for duty of each cargo, and rate of duty per 100 lbs. of each shipment. Presented to the House of Commons, 13th March, 1885.—*Mr. Vail*.....*Not printed.*

60. Return to an Order of the House of Commons, dated 2nd February, 1885, for a Return in the form used in the statement usually published in the *Gazette*, of the exports and imports from the 1st day of July, 1883, to the 1st day of January, 1884, and from the 1st day of July, 1884 to the 1st day of January, 1885, distinguishing the products of Canada and those of other countries. Presented to the House of Commons, 23rd February, 1885.—*Sir Richard Cartwright*.....*Printed for Distribution only.*

61. The Governor General transmits to the House of Commons two approved Minutes in Council, dated respectively the 20th May, 1884, and the 23rd January, 1885, regarding the terms of the provisional settlement of the claims of the Province of Manitoba. Presented to the House of Commons, 23rd February, 1885, by Sir John A. Macdonald.—

Printed for both Distribution and Sessional Papers.

62. A detailed statement of all bonds and securities registered in the Department of the Secretary of State of Canada, under 31 Victoria, chapter 37, section 15. Presented to the House of Commons, 24th February, 1885, by Hon. J. A. Chapleau.....*Not printed.*

63. Return to an Address of the House of Commons, dated 3rd February, 1885, to His Excellency the Governor General, praying that he will cause to be laid before the House copies of all correspondence between the Federal and Ontario Governments, and the Imperial Government, on the subject of the Imperial Act 21-22 Victoria, chapter 90, known as the British Medical Act, 1858; the Imperial Act 31-32 Victoria, chapter 29, known as the British Medical Amendment Act, 1868; the Imperial Act 41-42 Victoria, chapter 33, known as the Dentists Act, 1878; and the amendments proposed to be made thereto during the present Session of the Imperial Parliament. Presented to the House of Commons, 26th February, 1885.—*Mr. Bergin*—

Printed (condensed) for both Distribution and Sessional Papers.

64. Return to an Order of the House of Commons, dated 9th February, 1885, for a Return of all reports of Government engineers respecting the construction of a harbor of refuge at Port Stanley and Port Burwell, on the north shore of Lake Erie, together with the estimated cost of each. Presented to the House of Commons, 27th February, 1885.—*Mr. Wilson*.....*Not printed.*

64*a*. Return to an Address of the House of Commons, dated 2nd March, 1885, for a copy of any memorials that may have been addressed to the Government with respect to the construction of a harbor of refuge at Port Rowan, in the Province of Ontario. Also for a copy of Richard Stevens' report made to the Department of Public Works on the same subject. Presented to the House of Commons, 8th April, 1885.—*Mr. Jackson*.....*Not printed.*

64*b*. Supplementary Return to an Order of the House of Commons, dated 9th February, 1885, for a Return of all reports of Government engineers respecting the construction of a harbor of refuge at Port Stanley and Port Burwell, on the north shore of Lake Erie, together with the estimated cost of each. Presented to the House of Commons, 8th April, 1885.—*Mr. Wilson*—

Not printed.

64*c*. Return to an Order of the House of Commons, dated 16th February, 1885, for copies of all reports and communications made to the Government by the Port Credit Harbor Company; and all memorials, petitions, reports of engineers and correspondence in reference to the condition and state of repair of the said harbor. Presented to the House of Commons, 20th July, 1885.—*Mr. Platt*.....*Not printed.*

65. Return to an Order of the House of Commons, dated 11th February, 1885, for copies of all reports and correspondence not already brought down, relating to the construction of the post office, Inland Revenue and Custom house at St. Thomas, giving the amount expended to date; also the names of all persons to whom any portion of the expenditure has been paid; together with the amount paid to each, and for what. Presented to the House of Commons, 27th February, 1885.—*Mr. Wilson*.....*Not printed.*

66. Return to an Order of the House of Commons, dated 6th February, 1885, for a copy of the report made in 1884 by the chief engineer of the Department of Public Works, on the Church Point and Trout Cove piers. Presented to the House of Commons, 26th February, 1885.—*Mr. Vail*.....*Not printed.*

67. Return to an Order of the House of Commons, dated 9th February, 1885, for copies of all correspondence, documents and reports of engineers relating to improvements of the entrance into McIsaac's Pond, Inverness, Nova Scotia. Presented to the House of Commons, 27th February, 1885.—*Mr. Cameron (Inverness)*.....*Not printed.*

68. Return to an Order of the House of Commons, dated 17th February, 1885, for a statement of the amounts paid by the Government to Messrs. George and Andrew Holland, or any other persons, for services as official reporters of the Senate, or for the short-hand work of any kind outside of parliamentary reporting, since 1st January, 1882. Presented to the House of Commons, 16th March, 1885.—*Mr. Auger*.....*Not printed.*

69. Return to an Order of the House of Commons, dated 6th February, 1885, for a Return showing the number of dredges, tugs and dumping scows built in the United States for the Government of Canada during the years 1883 and 1884, showing where they were built, giving the contractor's name, and the price paid for the same. Presented to the House of Commons, 27th February, 1885.—*Mr. Jackson*.....*Not printed.*

69*a*. Return to an Order of the House of Commons, dated 8th April, 1885, for copies of all correspondence and contracts entered into relative to the purchases of tug-barges, dredge and machinery used on Red River; a detailed statement of the cost of the same, the time when the work of dredging was commenced and discontinued, the quantity of dredging completed and the depth of water drawn by the Government tug "Sir Hector." Presented to the House of Commons, 23rd April, 1885.—*Mr. Watson*.....*Not printed.*

70. Return to an Order of the House of Commons, dated 9th February, 1885, for copies of departmental instructions and correspondence on the subject of apportionment of sea lots to individuals desiring to place lobster traps in the open sea off the coast of Prince Edward Island. Presented to the House of Commons, 27th February, 1885.—*Mr. Blake*—

Printed for Distribution only.

71. Return to an Order of the House of Commons, dated 17th February, 1885, for a statement of the amount expended in repairing the breakwater at Tracadie, Nova Scotia, from 30th June, 1884, to 31st January, 1885, giving the names of all persons to whom any portion of the expenditure has been paid, together with the amount paid to each, and for what. Presented to the House of Commons, 2nd March, 1885.—*Mr. McIsaac*.....*Not printed.*

71*a*. Return to an Order of the House of Commons, dated 17th February, 1885, for a copy of the report made by the engineer since January, 1884, on the cost of erecting breakwaters at New Harbor and Indian Harbor, in the county of Guysboro', Nova Scotia, and also copy of report on White Haven boat canal. Presented to the House of Commons, 2nd March, 1885.—*Mr. Kirk*.....*Not printed.*

71*b*. Return to an Order of the House of Commons, dated 9th February, 1885, for copies of all tenders for the construction of breakwater at Parrsboro' lighthouse station, in the county of

Cumberland, N.S.; copies of letter from Deputy Minister of Marine and Fisheries accepting the tender of one Neil McRay, and of telegram postponing the work; also all letters objecting to the said Neil McRay as contractor and to the bondsmen offered by him, and letters tendering other names as bondsmen if required, and all other correspondence on the subject. Presented to the House of Commons, 2nd March, 1885.—*Mr. Robertson* (*Shelburne*).....*Not printed.*

71*c*. Return to Order, correspondence, reports of engineers and others, in reference to the construction of a breakwater at Salmon Point, together with lists of tenders and amount of each, and all other documents in the possession of the Government relative to the above mentioned work. Presented to the House of Commons, 23rd March, 1885.—*Mr. Platt*.....*Not printed.*

72. Return to an Order of the House of Commons, dated 12th February, 1885, for a statement for the last fiscal year of the cost connected with the heating of public buildings (including wages as well as fuel) now paid under a lump vote, such statement to show the costs under the same sub-headings as those in which it was formerly included in the Public Accounts before the change in the system. Presented to the House of Commons, 2nd March, 1885.—*Mr. Blake*.....*Printed for both Distribution and Sessional Papers.*

73. Return to an Order of the House of Commons, dated 6th February, 1885, for a statement showing the number of seizures made at each port of entry in the Dominion during the last fiscal year; also during the six months ending the 31st December last; the amount of fines exacted at each port during each of the said periods; and the manner in which the said fines were disposed of, giving the names of the officers receiving any portion thereof, and the amount received by each of such officers out of the said fund. Presented to the House of Commons, 2nd March, 1885.—*Mr. Blake*.....*Printed for Distribution only.*

73*a*. Return to an Order of the House of Commons, dated 2nd March, 1885, for a statement showing the seizures made at the port of Winnipeg by the Department of Customs or any of its officers or officials, between 1st January, 1883, and 1st January, 1885; giving the estimated value of each of such seizures, the amount of fine imposed in each case and the manner in which the said fines were disposed of, and stating, in detail, the amount paid to each officer or employé of the Government, the name of such officer or employé, and when paid, also the salary paid to each such officer or employé; the disposal made of all such goods seized, and if sold—when, for how much, and how the proceeds were disposed of. Presented to the House of Commons, 10th March, 1885.—*Mr. Paterson* (*Brant*).....*Printed for Distribution only.*

73*b*. Return to an Order of the House of Commons, dated 12th March, 1885, for a statement showing the number of seizures made at each port of entry in Nova Scotia during the last fiscal year; also during the six months ending the 31st December last; and the names of the parties from whom such seizures were made, the amount of fines exacted at each port during each of the said periods, and the manner in which the said fines were disposed of, giving the names of the officers receiving any portion thereof, and the amount received by each of such officers out of the said fund. Presented to the House of Commons, 17th April, 1885.—*Mr. Stairs*—

Not printed.

73*c*. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return showing seizures made at the Port of Winnipeg by the Customs officers or officials between 1st January, 1883, and 1st January, 1885, in which deposits were forfeited or goods sold after seizure; giving the amount of each sum forfeited and the amount realized in each case in which goods were sold; and stating in detail the name of each officer to whom any portion of the money so realized was paid, and the amount in each case thus paid to the said officer; and also stating the salary paid such officer. Presented to the House of Commons, 18th July, 1885.—*Mr. Paterson* (*Brant*).....*Not printed.*

74. Return to an Order of the House of Commons, dated 23rd February, 1885, for copies of all correspondence, reports, &c., in connection with the weighing and measuring of potatoes and other roots in the Province of Prince Edward Island. Presented to the House of Commons, 2nd March, 1885.—*Mr. Macdonald* (*King's*).....*Not printed.*

75. Return to an Order of the House of Commons, dated 12th February, 1885, for a Return of all claims presented for drawback on materials used for shipbuilding, for the year ending 30th

June, 1884; also for the six months ending 31st December, 1884; giving the name of the applicant, the name and tonnage of the vessel, the amount claimed and the amount paid. Presented to the House of Commons, 2nd March, 1885.—*Mr. Burpee (Sunbury)*—

Printed for Distribution only.

75*a*. Return to an Order of the House of Commons, dated 17th February, 1885, for a Return of all claims presented up to the 1st February, 1885, for drawbacks on goods manufactured for export (since the date of the last return made to that House), showing the names of all applicants, their place of business, the articles on which the drawback was claimed, and the amount of each claim, distinguishing between the claims which have been allowed and those which have been disallowed, and those under consideration and not yet decided, and giving the reason for such disallowance. Also copies of all regulations made by the Department with reference to such claims, together with a copy of one allowed claim and the sworn declaration thereto of each exporter. Presented to the House of Commons, 6th March, 1885.—*Mr. Paterson (Brant)*—

Printed for Distribution only.

76. Return to an Order of the House of Commons, dated 30th January, 1884, for copies of any correspondence, documents, contracts or agreements with the Pullman Palace Car Company, in relation to the company's cars running over the Intercolonial Railway; also any contract or agreement with express companies as to conveyance of express matter over the said railway. Presented to the House of Commons, 2nd March, 1885.—*Mr. Weldon*—

Printed for Sessional Papers only.

76*a*. Return to an Address of the House of Commons, dated 20th February, 1885, to His Excellency the Governor General, praying that he will cause to be laid before the House a copy of the Order in Council appointing Mr. L. K. Jones secretary of the Intercolonial Railway Commission, also a copy of the recommendation on which such Order in Council was based. Presented to the House of Commons, 5th March, 1885.—*Mr. Rykert*.....*Not printed.*

76*b*. Return to an Order of the House of Commons, dated 12th February, 1885, for a return of the casualties to trains on the Intercolonial Railway arising from collision, broken rails, or otherwise, for the calendar year 1884; the respective causes and dates; the amount of damages (if any), in each case, to property; the amount of compensation paid to owners of property destroyed or damaged, as well as amount of claims for loss or damage to property (if any) unsettled. Presented to the House of Commons, 5th March, 1885.—*Mr. Burpee (Sunbury)*—

Not printed.

76*c*. Return to an Order of the House of Commons, dated 23rd February, 1885, for a comparative statement of the cost of working the Intercolonial Railway for each of the years 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883 and 1884, and the number of miles operated in each year, giving for each year the cost for locomotive power, under the seven sub-headings given in the Minister's report, appendix, page 37; for car expenses, under the seven sub-headings given in the same report, same page; for maintenance, way and works, under the ten sub-headings given in the same report, page 37; for station expenses, under the three sub-headings given in the same report, same page; and for general charges, under the seven sub-headings given in the same report, page 39. Presented to the House of Commons, 9th March, 1885.—*Mr. Blake*.....*Printed for both Distribution and Sessional Papers.*

76*d*. Return to an Order of the House of Commons, dated 12th February, 1885, for a statement of the revenue and working expenses of the Intercolonial Railway, accrued for the six months of the year ending 31st December, 1884, under the several divisions, similar to Annual Statement B, Intercolonial Railway, in the Public Accounts. Presented to the House of Commons, 9th March, 1885.—*Mr. Burpee (Sunbury)*.....*Not printed.*

76*e*. Return to an Order of the House of Commons, dated 17th February, 1885, for copies of all correspondence between the Intercolonial officials or the Government and the Canada Shipping Company, or the Beaver line of steamships, with reference to the terms for through rates of freight over the Intercolonial. Presented to the House of Commons, 10th March, 1885.—*Mr. Blake*.....*Not printed.*

76*f*. Return to an Order of the House of Commons, dated 17th February, 1885, for copies of the claim of J. B. Plante, of St. Charles, Bellechasse, in relation to certain horses which he alleges

have been killed by a train of the Intercolonial Railway, and of which he demands the value; copies of the order referring the said claim to the official arbitrators, and of their enquiry, report and award; of the second reference to the said arbitrators, and of their enquiry and further report; also all documents and papers relating to the matter in question. Presented to the House of Commons, 13th March, 1885.—*Mr. Landry (Montmagny)*.....*Not printed.*

76*g*. Return to an Order of the House of Commons, dated 12th February, 1885, for a return showing the quantity of rolling stock purchased for the Intercolonial Railway during the six months of the year ending 31st December, 1884, giving each kind of rolling stock, and whether purchased under contract or otherwise, the parties from whom bought, and the cost of each kind; also a statement showing what has been built during the year in the Government workshops, giving each kind. Presented to the House of Commons, 23rd March, 1885.—*Mr. Burpee (Sunbury)*.....*Not printed.*

76*h*. Return to an Address of the House of Commons, dated 12th February, 1885, for copies of all Orders in Council, instructions to and correspondence with the commissioners under the commission issued in connection with the claims arising out of the construction of the Intercolonial Railway, and a statement of the matters referred to them, and of the moneys paid to them and to the secretary, and of the number of days during which the commissioners sat, all subsequent to the period covered by the return to the Address of last Session. Presented to the House of Commons, 31st March, 1885.—*Mr. Burpee (Sunbury)*.....*Not printed.*

76*i*. Return to an Address of the House of Commons, dated 27th April, 1885, for copies of all memorials or correspondence presented to or sent the Government by the mayors or city councils of the cities of St. John and Portland, relating to the interruption of traffic between these cities by the railway crossing on Mill Street, and for the erection of a bridge across the said street. Presented to the House of Commons, 9th June, 1885.—*Mr. Weldon*....*Not printed.*

76*j*. Return to an Order of the House of Commons, dated 27th April, 1885, for all papers, documents and correspondence respecting the claim of John D. Robertson for compensation for taking his factory, premises and land for the Intercolonial Railway, last May, at St. John; the report of Alexander Christie, as appraiser; the report of C. W. Fairweather, and others, as valuators, and the evidence taken before Mr. Compton, or any other arbitrator before whom the claim was heard. Presented to the House of Commons, 9th June, 1885.—*Mr. Mills*—*Not printed.*

76*k*. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return of the freight earnings of the Intercolonial Railway for the year ending 30th June, 1884, similar to the descriptive statement of the freight earnings of the Prince Edward Island Railway, to be found on page 84 of the report of the Minister of Railways, with the addition of such other articles of freight not contained in said descriptive statement as were carried on the Intercolonial Railway. Also a comparative statement of the operation of the Intercolonial Railway for said year, showing: 1. Passenger earnings per mile of road in operation. 2. Freight earnings per mile of road in operation. 3. Gross earnings per mile of road in operation. 4. Net traffic earnings per mile of road in operation. 5. Percentage of expenses to earnings. 6. Passenger earnings per passenger train per mile. 7. Freight earnings per freight train per mile. 8. Earnings per passenger per mile. 9. Earnings per ton per mile. 10. Average distance per passenger. 11. Average distance per ton. Presented to the House of Commons, 11th June, 1885.—*Mr. Davies*.....*Not printed.*

76*l*. Return to an Order of the House of Commons, dated 12th March, 1885, for a Return of all contracts made by the Government for the erection of wire fences on the line of the Intercolonial Railway and the names of the contractors and the number of miles put under contract. Presented to the House of Commons, 11th June, 1885.—*Mr. Weldon*.....*Not printed.*

76*m*. Return to an Order of the House of Commons, dated 24th February, 1885, for a statement of all free passes over the Intercolonial Railway issued to persons not actually employed as officers or workmen on this road during the year 1884, distinguishing between annual passes, passes for a more limited period, and single or return trip; with the names of the persons to whom, the dates when, and the occasion for which the same was issued. Presented to the House of Commons, 14th July, 1885.—*Mr. Gillmor*.....*Not printed.*

76*n*. Return to an Order of the House of Commons, dated 11th March, 1885, for a Return showing: The number of free passes or reduced fare tickets granted to parties to travel on or over the Intercolonial Railway from the 1st January, 1884, to the 1st February, 1885; the names of the parties to whom granted; the date of issue; the length of time to remain in force, and, in case of a reduced fare, the reduction made. Presented to the House of Commons, 15th July, 1885.—*Mr. McMullen* .....*Not printed.*

77. Return to an Address of the House of Commons, dated 24th February, 1885, to His Excellency the Governor General, praying that he will cause to be laid before the House a copy of the judgment of the Supreme Court in the case of the Queen against Robinson, so far as relates to the rights of the Provincial Governments to control the inland fisheries of the Dominion; and also for copies of all correspondence between the Government of the Dominion and that of the Province of Ontario in relation thereto. Presented to the House of Commons, 2nd March, 1885.—*Mr. O'Brien* .....*Not printed.*

77*a*. Return to an Address of the House of Commons, dated 23rd February, 1885, for a Return: 1. Of all contested cases judged upon the merits in the Supreme Court of Canada, during the twelve months ending 1st February instant. 2. Of the dates of final arguments. 3. Of the dates of final judgment. 4. Of the divisions, when such have been, among the judges at the rendering of the final judgments. Presented to the House of Commons, 9th March, 1885.—*Mr. Curran*.....*Not printed.*

77*b*. General Rule, No. 265, of the Exchequer Court of Canada, pursuant to section 79 of the Supreme and Exchequer Court Act. Presented to the House of Commons, 10th April, 1885, by Hon. J. Costigan .....*Not printed.*

77*c*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of all judgments rendered by the Supreme Court, from the period when it was first established up to this date, reversing decisions of the Court of Queen's Bench of the Province of Quebec, with a succinct summary of the reasons given by the judges. Presented to the House of Commons, 17th July, 1885.—*Mr. Landry* (*Montmagny*).....*Not printed.*

78. Return to an Order of the House of Commons, dated 17th February, 1885, for a Return showing all sums of money paid and the dates of payment to A. F. Wood and J. A. Wilkinson, or either of them, from the first day of January, 1879, to the first day of January, 1885; the work done or services rendered as valuators or otherwise during each year, showing the number of days, weeks or months employed and the number of valuations made on the Murray Canal; the amount paid to the several parties on the recommendation or joint recommendations of them or either of them; the length of time the claims had been in existence; the amount claimed and the dates of payment, and the amount paid and the travelling and all other expenses connected therewith and paid to the said Wood and Wilkinson, or either of them, or to any other person or persons on their or either of their accounts. Presented to the House of Commons, 2nd March, 1885.—*Mr. McMullen*.....*Not printed.*

79. Return to an Address of the House of Commons, dated 23rd February, 1885, to His Excellency the Governor General, praying that he will cause to be laid before the House copies of all Orders in Council, leases, correspondence and other documents in possession of the Government in reference to the leasing of the piece of property in the city of Kingston known as the Tête du Pont Barracks. Presented to the House of Commons, 2nd March, 1885.—*Mr. Platt*—*Not printed.*

80. Return to an Order of the House of Commons, dated 2nd February, 1885, for copies of all documents, correspondence and contracts between the Government or its officers and the several parties tendering for the supplying of wood to the lightship at the Lower Traverse, for the years 1883 and 1884. Presented to the House of Commons, 4th March, 1885.—*Mr. Casgrain*.....*Not printed.*

81. Return to an Order of the House of Commons, dated 12th February, 1885, for a statement showing the names and places of residence of all militiamen of 1812 who received their pension during the last fiscal year, and the amount paid to each of them. Presented to the House of Commons, 5th March, 1885.—*Mr. Bourassa*.....*Printed for Sessional Papers only.*

81*a*. Return to an Order of the House of Commons, dated 12th February, 1885, for a copy of the charges against Lieut.-Colonel O'Malley, of the 25th Battalion, Ontario; date of O'Malley's suspension; date of the court of enquiry into the charges; also a copy of the evidence taken before said court of enquiry, together with the report of said court to the Major-General commanding the militia; also copy of report of the Major-General commanding the militia in reference to the charges against Lieut.-Colonel O'Malley, 25th Battalion Presented to the House of Commons, 12th March, 1885.—*Mr. Wilson*..... .....*Not printed.*

81*b*. Presented to the House of Commons, 13th March, 1885.—*Mr. Lister*.....*Not printed.*

81*c*. Return (in part) to an Order of the House of Commons, dated 2nd March, 1885, for a return showing: 1. Number and names of the students having passed or graduated from the Royal Military College, Kingston, in each year to date. 2. Total number of marks received by each, together with the total number possible to be obtained in each year, respectively, and the percentage of such total obtained by each pupil. 3. Number and names of those cadets who, after passing through said college, are now employed in the service of the Dominion, together with statement of the position occupied by each. 4. Number and names of cadets who have been offered employment in the service of the Dominion, and have declined the offer, together with statement of the position offered and declined by each respectively. Presented to the House of Commons, 16th March, 1885.—*Mr. Blake*—

Printed for both Distribution and Sessional Papers.

81*d*. Return to an Order of the House of Commons, dated 5th February, 1885, for a return of all rifle associations in the Dominion, their headquarters, the annual grant to each, with the names of the members of each of such associations. Presented to the House of Commons, 20th March, 1885.—*Mr. Bergin*.....*Not printed.*

81*e*. Supplementary Return to an Order of the House of Commons, dated 2nd March, 1885, for a Return showing: 1. Number and names of the students having passed or graduated from the Royal Military College, Kingston, in each year to date. 2. Total number of marks received by each, together with the total number possible to be obtained in each year, respectively, and the percentage of such total obtained by each pupil. 3. Number and names of those cadets who, after passing through said college, are now employed in the service of the Dominion, together with statement of the positions occupied by each. 4. Number and names of cadets who have been offered employment in the service of the Dominion, and have declined the offer, together with statement of the position offered and declined by each, respectively. Presented to the House of Commons, 27th April, 1885.—*Mr. Blake*.....*Not printed.*

81*f*. Copy of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, dated the 8th July, 1885, on a memorandum of the 30th June, 1885, from the Minister of Militia and Defence, submitting certain regulations relating to gratuities and pensions to be granted under the provisions of section 68 of the Consolidated Militia Act of 1883, to officers and men of the active militia who have been or may be killed or wounded on actual service after the 20th day of March, 1885, or who have died since that date, or may die hereafter, from illness or injuries contracted on actual service. Presented to the House of Commons, 10th July, 1885, by Hon. J. P. R. A. Caron—

Printed for both Distribution and Sessional Papers.

82. Return to an Address of the House of Commons, dated 22nd February, 1885, for copies of the petition of J. Hickson, Esq., and others, relative to the continuation of the pension of the late

John Martin to his widow, and all papers in connection therewith. Presented to the House of Commons, 5th March, 1885.—*Mr. Curran*.....*Not printed.*

83. Return to an Address of the House of Commons, for copies of all Orders in Council, memorials and representations, on the subject of the bounty on manufactures of iron, not already brought down, together with all letters, accounts and vouchers in respect of claims made for such bounty; and statement in detail of all sums paid or allowed in respect thereof. Presented to the House of Commons, 6th March, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

84. Return to an Order of the House of Commons, dated 12th February, 1885, for copies of all papers and correspondence between the Government and D. J. Hughes, county judge of Elgin, or any other person or persons, relating to charges preferred by certain petitioners of said county, asking for a commission of enquiry into the official conduct of the said judge. Presented to the House of Commons, 6th March, 1885.—*Mr. Wilson*.....*Not printed.*

85. Return to an Order of the House of Commons, dated 17th February, 1885, for a Return of all certificates for liquor sold under section 99, clause 4, second part of the Canada Temperance Act of 1878, by the physicians of the several counties now under the said Act in Nova Scotia, giving the names of each physician and the names of the persons to whom certificates were granted, and the quantity supplied in each case, from 1st January, 1884, to 1st January, 1885. Presented to the House of Commons, 6th March, 1885.—*Mr. Kirk*.....*Not printed.*

85*a*. Return to an Address of the House of Commons, dated 5th February, 1885, for: 1. A copy of the Order in Council respecting the submission to the Supreme Court of the case agreed on between the Government of Canada and the Government of each of the Provinces under the Liquor License Act of 1883, and the Act to amend the Liquor License Act of 1883, as to the competency of Parliament to pass the said Acts in whole or in part. 2. A copy of the said case of the factum of the Government of Canada and of the factum of each of the said Provinces, the arguments of counsel in such case and the notes of the shorthand reporter taken during such argument. 3. A copy of the report of said court in said case. 4. All correspondence between the Government of Canada and the Government of each of said Provinces touching said case, and the submission thereof, and the report thereon; and all correspondence between said Governments before and since said report, respecting the same and the matters in dispute and so referred. Presented to the House of Commons, 11th March, 1885.—*Mr. Cameron* (*Huron*) .....*Printed for Sessional Papers only.*

85*b*. Return (*in part*) to an Order of the House of Commons, dated 16th February, 1885, for a statement from the records of all the votings held in various counties and cities under the provisions of the Canada Temperance Act, 1878, showing by electoral districts and the various sub-divisions thereof, the total number of names on the electoral lists, the number of votes polled for the adoption of the Act, and the number of votes polled against the adoption of the Act, with the number of the population of each such electoral district at the time of the taking of the census next preceding the vote in such electoral district. Presented to the House of Commons, 11th March, 1885.—*Mr. Fisher*.....*Not printed.*

85*c*. Return to an Address of the House of Commons, dated 2nd March, 1885, for all correspondence between this Government and the Local Government of the Province of Quebec about the working of the License Act. Presented to the House of Commons, 13th March, 1885.—*Mr. Bergeron* .....*Not printed.*

85*d*. Return to an Address of the House of Commons, dated 2nd March, 1885, for: 1. The amount of revenue derived from the importation of wines, spirits, ale, beer, porter, cordials and other liquors, during the last fiscal year. 2. The amount of revenue derived from the manufacture of the same for the same period. Presented to the House of Commons, 13th March, 1885.—*Mr. Bergin*.....*Not printed.*

85*e*. Return to an Order of the House of Commons, dated 9th February, 1885, for a Return of all certificates for liquor under section ninety-nine, clause four, second part of the Canada Temperance Act of 1878, by the physicians of the county of Halton; giving the name of each physician and the name of each person to whom certificates were granted from the first of May, 1884, to the first of February, 1885. Presented to the House of Commons, 18th March, 1885.—*Mr. McCraney*.....*Not printed.*

85*f*. Return to an Order of the House of Commons, dated 16th February, 1885, for a statement from the records of all the voting held in various counties and cities under the provisions of the Canada Temperance Act, 1878, showing by electoral districts and the various sub-divisions thereof the total number of names on the electoral lists, the number of votes polled for the adoption of the Act, and the number of votes polled against the adoption of the Act, with the number of the population of each such electoral district at the time of the taking of the census next preceding the vote in such electoral district. Presented to the House of Commons, 23rd March, 1885.—*Mr. Fisher*.....*Not printed.*

85*g*. Return to an Address of the Senate, dated 20th February, 1885, for a return of the amounts of revenue received from duties or excise on wine, beer and spirits, for the year ending 31st December, 1884. Presented to the Senate, 13th March, 1885.—*Hon. Mr. Plumb*....*Not printed.*

85*h*. Return to an Address of the House of Commons, dated 27th April, 1885, for copies of all correspondence between Charles H. Lugrin and the Secretary of State, in reference to an appeal to the Supreme Court of Canada to test the constitutionality of the Canada Temperance Act, between the dates of 31st May, 1879, and 31st May, 1884. Presented to the House of Commons, 5th May, 1885.—*Mr. Burpee* (*Sunbury*).....*Not printed.*

85*i*. Return to an Order of the House of Commons, dated 5th February, 1885, for a Return showing the number of persons who applied in the year 1884 for licenses under the Liquor License Act of 1883; the total number of licenses granted in Canada, the total number in each province and in each electoral district; the total number refused a license and the reason for refusal; the total number in each province who paid part of the fee but did not take out a license; the total amount received by the Government for such licenses in Canada, in each province of Canada, and also in each electoral division; together with a statement showing what salary was paid the commissioners, inspectors and sub-inspectors under the Act, and giving the names and addresses of said commissioners, inspectors and sub-inspectors in every electoral district of Canada. Presented to the House of Commons, 23rd June, 1885.—*Mr. Landerkin*—*Not printed.*

85*j*. Return to an Order of the House of Commons, dated 5th February, 1885, for a Return showing the names and residences of all officials appointed by the Government or the Board of License Commissioners under the Liquor License Act of 1883, and amending Act; the salary, fees and emoluments paid to each, and the aggregate costs incurred up to 1st January, 1885, under the said Act, and for carrying out and enforcing the same. 2. A statement of the name and residence of each person who obtained a license under the said Act, as well as under any local law. 3. A statement of all sums received by the Government or any persons appointed under the said Acts, up to 1st January, 1885, as license fees or otherwise, and the name and residence of the person from whom received, and the disposal made by the Government or the officials of the Government of such sums. 4. A full and detailed statement of all costs, charges and expenses paid by the Government up to 1st January, 1885, under the said Acts or in connection therewith, or arising therefrom for the purpose of carrying said Acts into effect and enforcing the same and testing the constitutionality of the said Acts. Presented to the House of Commons, 23rd June, 1885.—*Mr. Cameron* (*Huron*).....*Not printed.*

85*k*. Return to an Order of the House of Commons, dated 12th February, 1885, for a copy of all correspondence had with the Government, or any member thereof, in relation to any proposed alteration or relaxation of the provisions of the present Prohibitory Liquor Law of the North-West Territories. Presented to the House of Commons, 15th July, 1885.—*Mr. Foster*—*Printed for Sessional Papers only.*

86. Return to an Address of the House of Commons, dated 6th February, 1885, for: 1. A statement showing all tolls of the Northern Railway Company of Canada, the Hamilton and North-Western Railway Company, and the Northern and Pacific Junction Railway Company, respectively. 2. Copies of the respective by-laws of such companies fixing and regulating such tolls. 3. Copies of any Orders in Council approving of any of such tolls. Presented to the House of Commons, 9th March, 1885.—*Mr. Mulock*.....*Not printed.*

87. Return to an Order of the House of Commons, dated 17th February, 1885, for a Return showing the number of islands leased in the river St. Lawrence, the names of such islands, the party or

parties to whom leased, and the yearly rental payable for each of the said islands respectively. Presented to the House of Commons, 11th March, 1885.—*Mr. Wood (Brockville)*....*Not printed.*

88. Return to an Order of the House of Commons, dated 23rd February, 1885, for copies of all correspondence relative to the proposal to have the waters of the Muskoka lakes connected with the proposed Trent Valley Canal system by the construction of a short canal from Gravenhurst Bay to the waters of the Severn River. Presented to the House of Commons, 11th March, 1885.—*Mr. Cockburn*.....*Not printed.*

89. Return to an Order of the House of Commons, dated 16th February, 1885, for a statement of the various amounts of money paid by the Government of Canada, or any of the public departments, since 1882, to Henry J. Morgan, for services of any kind, or for copies of a certain book, called the "Annual Register;" together with copies of the certificate of each public official to whom such books have been delivered. Presented to the House of Commons, 11th March, 1885.—*Mr. McCraney*.....*Not printed.*

89*a*. Return to an Order of the House of Commons, dated 27th April, 1885, for a statement of all payments during 1882-83 and 1883-84 for the *Dominion Annual Register* to anyone except H. J. Morgan, with the names of the persons who received the money, and a statement of the manner in which the number of books were distributed. Presented to the House of Commons, 19th May, 1885.—*Mr. McCraney*.....*Not printed.*

90. Report of Progress of the Geological and Natural History Survey and Museum of Canada, containing reports and maps of investigation and surveys, for 1882-83 and 1884. Presented to the House of Commons, 11th March, 1885, by Sir John A. Macdonald—

Not re-printed for Sessional Papers.

91. The Annual Report of the Life Association of Canada, for year ending 31st December, 1883. Presented to the House of Commons, 20th March, 1885.....*Not printed.*

92. A statement of affairs and list of shareholders of the British Canadian Loan and Investment Company, on the 31st December, 1884. Presented to the House of Commons, 20th March, 1885, by Sir Leonard Tilley.....*Not printed.*

93. Return to an Order of the House of Commons, dated 17th February, 1885, for copies of all papers connected with the sale of the Dundas and Waterloo Macadamized Road by the Government on the 15th day of March, 1884, including previous applications by any municipality or private parties for the purchase or other acquisition of the road, the conditions under which the road was offered for sale; statement, in detail, of the expenses incurred in connection with the sale, to whom sold, the amount realized and the amount and dates of the payments made by the purchaser, and the balance, if any, remaining unpaid at the date of this Order. Presented to the House of Commons, 12th March, 1885.—*Mr. Paterson (Brant)*—

Not printed.

94. Return to an Order of the House of Commons, dated 23rd February, 1885, for a statement showing in the case of each election which has taken place since the general election of 1878: 1. The date of certificate of the judge or court showing the election was void, or of the communication from members that there was a vacancy, or of the member's warrant to the Clerk of the Crown in Chancery, or of any other instrument under which primary action was taken towards a new election, specifying in each case the nature of the instrument. 2. Date of receipt by the Speaker or Clerk, as the case may be, of above instrument. 3. Date of the issue of Speaker's warrant to the Clerk of the Crown in Chancery to make out a new writ. 4. Date of the receipt of the Speaker's warrant by the Clerk of the Crown in Chancery. 5. Date of the issue of new writ by the Clerk of the Crown in Chancery. 6. Date of despatch of new writ to Returning Officer. 7. Dates named in new writ for nomination and polling respectively. 8. Dates on which nomination and polling took place. 9. Date of return. 10. Date of receipt of return by Clerk of the Crown in Chancery. Presented to the House of Commons, 18th March, 1885.—*Mr. Blake*.....*Not printed.*

94*a*. Return (*in part*) to an Order of the House of Commons, dated 23rd February, 1885, for a statement respecting each election which has taken place since the general election of 1878; dated 20th March, 1885. Presented to the House of Commons, 20th March, 1885.—*Mr. Blake*—

Not Printed.

95. Return to an Order of the House of Commons, dated 2nd March, 1885, for: 1. Copies of the petition praying for the deepening of Bras St. Nicholas, in the county of Montmagny. 2. Statement of the amount expended in the said work, the names of the persons to whom the same was paid, the work for which such sum was paid, the date of payment, and the report, estimate or account upon which each payment was made. 3. Statement of the amount paid to Jules Bélanger in connection with the said work. Presented to the House of Commons, 13th March, 1885.—*Mr. Laurier*.....*Not printed.*

96. Return to an Order of the House of Commons, dated 6th February, 1885, for copies of all correspondence, leases, agreements and statements of payments for rent or taxes, or allowances to any Government employé for the same, for a building occupied by the engineer or assistant engineers of the Trent Valley Canal on part of lot 2 west of Colborne Street and north of Frances Street, in the village of Fenelon Falls, Ontario. Presented to the House of Commons, 13th March, 1885.—*Mr. Cockburn*.....*Not printed.*

96*a*. Return to an Address of the House of Commons, dated 17th February, 1885, for copies of all correspondence, reports to Council, Orders in Council, reports of engineers on the ground, engineers in charge, and of the chief engineer, plans and estimates of cost, in connection with the proposed Trent Valley Canal. Presented to the House of Commons, 8th May, 1885:—*Mr. Blake*.....*Printed for Sessional Papers only.*

96*b*. Return to an Address of the House of Commons, dated 30th March, 1885, for copies of all advertisements, tenders, contracts, specifications, Orders in Council, correspondence and other papers in connection with George Goodwin's contracts in respect to the Trent Valley Canal navigation, including all accounts and letters with reference to claims for extras on such contracts. Presented to the House of Commons, 8th May, 1885.—*Mr. Blake*...*Not printed.*

97. Return to an Order of the House of Commons, dated 17th February, 1885, for a statement of subsidies in cash and subventions, of whatever kind, on railways in the Province of Nova Scotia, including the island of Cape Breton, chargeable to capital account, since the date of Confederation, whether in aid of construction or acquiring of said railways, and the number of miles located in each county. Presented to the House of Commons, 13th March, 1885.—*Mr. McDougall* (*Cape Breton*).....*Not printed.*

97*a*. Return to an Address of the House of Commons, dated 6th February, 1885, for copies of all Orders in Council, reports, correspondence and papers respecting the grant or payment of any subsidies to railways other than the Canadian Pacific Railway, not already brought down; and statements, in detail, of all such payments to date. Presented to the House of Commons, 31st March, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

97*b*. Orders in Council recommending the grant of Dominion lands to the Alberta and Athabasca Railway Company, to the Manitoba South-Western Colonization Railway Company, to the Qu'Appelle, Long Lake and Saskatchewan Railroad and Steamboat Company, and to the Manitoba and North-Western Railway Company. Presented to the House of Commons, 15th April, 1885, by Hon. J. H. Pope.....*Not printed.*

97*c*. Papers, correspondence, etc., relative to grants of Dominion lands to the following railways:—Manitoba South-Western Railway Company, Manitoba North-Western Railway Company, Qu'Appelle, Long Lake and Saskatchewan Railway and Steamboat Company, Winnipeg and Hudson Bay Railway and Steamship Company, North-Western Coal and Navigation Company, North-West Central Railway Company, Qu'Appelle and Wood Mountain Railway Company, and the Portage, Westbourne and North-Western Railway Company. Presented to the House of Commons, 22nd April, 1885, by Hon. J. H. Pope.....*Not printed.*

97*d*. Copy of an Order in Council, under date the 6th May, 1885, respecting the Manitoba and North-Western Railway Company. Presented to the House of Commons, 15th June, 1885, by Sir Hector Langevin.....*Not printed.*

98. Return to an Order of the House of Commons, dated 2nd March, 1885, for a statement showing the earnings and working expenses of the Eastern Extension Railway, from New Glasgow to Port Mulgrave, Nova Scotia, for each month of the calendar year 1884, respectively. Presented to the House of Commons, 13th March, 1885.—*Mr. Cameron* (*Inverness*).....*Not printed.*

99. Return to an Address of the House of Commons, dated 17th February, 1885, for copies of all petitions, letters and other correspondence between the Government and any other parties, relating to the payment of wages due the laborers employed on the construction of the Cape Traverse Branch of the Prince Edward Island Railway. Presented to the House of Commons, 13th March, 1885.—*Mr. Hackett*.....*Not printed.*

99*a*. Return to an Address of the Senate, dated 20th March, 1885, showing, in detail, the total cost of the Cape Traverse Branch Railway; including the sums paid to engineers and for superintending its construction, the rolling stock, stations and other buildings. Presented to the Senate, 20th April, 1885.—*Hon. Mr. Botsford*.....*Not printed.*

100. Return to an Address of the House of Commons, dated 2nd March, 1885, for copies of all correspondence between the Government of British Columbia or any other person and the Dominion Government, in reference to the troubles among the Indians at Metlakatla, in the year 1884; also all correspondence, including the Order of Council, referring to or recommending the commutation of the sentence passed by the court in British Columbia upon the murderer of Mrs. Yeomans. Presented to the House of Commons, 18th March, 1885.—*Mr. Shakespeare and Mr. Gordon's amendment*.....*Not printed.*

100*a*. Return to an Order of the House of Commons, dated 12th March, 1885, for: 1. Copy of form of tender for Indian supplies in the North-West for the year 1884. 2. Copies of all tenders received by the Government for such supplies in 1884. 3. The action or decision of the Government on such tenders, and the reasons therefor. 4. Copies of all contracts made by the Government with parties whose tenders have been accepted. 5. All correspondence with the Government respecting all tenders and contracts. Presented to the House of Commons, 29th April, 1885.—*Mr. Paterson (Brant)*.....*Printed for Sessional Papers only.*

CONTENTS OF VOLUME No. 13.

101. Return to an Order of the House of Commons, dated 2nd March, 1885, for a Return of all fish taken in the bay and river of Miramichi and its branches for the year ending 1st February, 1885, defining the separate quantities of each kind by weight, the places to which they were exported, and the route of transport in each case, and the average price received for each kind of fish; together with an estimate, in detail, of the several kinds of fish taken in that time. Presented to the House of Commons, 20th March, 1885.—*Mr. Macmillan (Middlesex)*—

Not printed.

101*a*. Return to an Address of the House of Commons, dated 6th February, 1885, for copies of all minutes of Council, reports to Council, and of correspondence between the Canadian Government and the British Government, or any of its officers or members, not already laid before Parliament, relating to the so-called fishery question, from the 1st of July, 1867, up to the time of the signing of the Washington Treaty. Presented to the House of Commons, 22nd April, 1885.—*Mr. Mulock*.....*Printed for Sessional Papers only.*

101*b*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of all documents, plans and reports furnished to the Department of Marine and Fisheries by J. U. Gregory, in relation to the porpoise fishery of Ste. Ann la Pocatière. Presented to the House of Commons, 28th May, 1885.—*Mr. Blondeau*.....*Not printed.*

101*c*. Return to an Order of the House of Commons, dated 27th April, 1885, for a statement of amounts paid in bounty in the years 1883 and 1884 on fish caught in Bras d'Or Lakes, in the counties of Cape Breton, Inverness, Richmond and Victoria, and number of boats drawing such bounty in each county. Presented to the House of Commons, 28th May, 1885.—*Mr. McDougall (Cape Breton)*.....*Not printed.*

101*d*. Return to an Order of the House of Commons, dated 12th March, 1885, for a return of all leases or licenses issued by the Department of Marine and Fisheries to fish on non-tidal waters in the Province of New Brunswick; the names of the lessees or licensees, and the respective territories and streams leased or licensed, and the respective amounts of rent paid by each lessee or licensee annually. Presented to the House of Commons, 28th May, 1885.—*Mr. Weldon*.....*Not printed.*

101*e*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of the report of Mr. Jules Gauvreau, fishery overseer, and all details relating thereto, for the year 1884. Presented to the House of Commons, 28th May, 1885.—*Mr. Blondeau*.....*Not printed.*

101*f*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of the report of the enquiry made by J. U. Gregory against Mr. Clovis Caron, fishery overseer, and of all documents relating thereto. Presented to the House of Commons, 28th May, 1885.—*Mr. Blondeau*.....*Not printed.*

101*g*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of the report of Mr. Clovis Caron, fishery overseer, and all details therewith connected, for the year 1884. Presented to the House of Commons, 28th May, 1885—*Mr. Blondeau*.....*Not printed.*

101*h*. Return to an Address of the House of Commons, dated 27th April, 1885, for copies of all correspondence, Orders in Council, reports and other papers in connection with the removal of Mr. J. E. Starr, of Port Williams, Nova Scotia, from the office of fishery overseer, and the appointment of his successor; and a statement of the distance between the residence of Mr. Starr and that of his successor, and of the length of the coast line of King's County, N.S. Presented to the House of Commons, 5th June, 1885.—*Mr. Blake*.....*Not printed.*

101*i*. Message from His Excellency the Governor General, transmitting to the House of Commons copies of despatches, correspondence and papers having reference to the negotiations at Washington with respect to the termination of the fishery clauses of the Treaty of Washington during the year 1884 and to the present date in 1885. Presented to the House of Commons, 9th July, 1885, by Sir John A. Macdonald.....*Printed for Sessional Papers only.*

102. Return to an Address of the House of Commons, dated 2nd March, 1884, for copies of all correspondence, reports, Orders in Council, statements of accounts and other documents in the possession of the Government relating to the claim of the Government against the Allan Steamship Company for services rendered by the steamer "Newfield," in 1881, with a statement of the Government claim and the amount received in liquidation thereof. Presented to the House of Commons, 20th March, 1885.—*Mr. Forbes*.....*Not printed.*

103. Return to an Order of the House of Commons, dated 2nd February, 1885, for copies of the complaint, correspondence, documents and reports, relating to the enquiry respecting Captain Alphonse Miville DeChêne about the year 1879, at St. Roch des Aulnets. Presented to the House of Commons, 20th March, 1885.—*Mr. Casgrain*.....*Not printed.*

104. General statements and returns of baptisms, marriages and burials for certain districts of the Province of Quebec, for the year 1884. Presented to the House of Commons, 20th March, 1885, by Hon. J. H. Pope.....*Not printed.*

105. Return to an Order of the House of Commons, dated 2nd March, 1885, for a statement of the quantity and value of coal purchased in 1883 and 1884 for the use of the public buildings at Ottawa, including Rideau Hall, showing from whom purchased, the price paid per ton, the kind of coal, and where produced. Presented to the House of Commons, 23rd March, 1885.—*Mr. Kirk*.....*Not printed.*

105*a*. Return to an Order of the House of Commons, dated 12th March, 1885, for a Return of all animal charcoal imported into the Dominion, whether as fertilizers or for manufacturing purposes, the value of each kind, and the duties collected thereon at the respective ports of the Dominion, for the last fiscal year ending 30th June, 1884. Presented to the House of Commons, 27th April, 1885—*Mr. Stairs*.....*Not printed.*

105*b*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of all notices asking for tenders for supplying the fog-whistles and lighthouses in the Bay of Fundy and on the south shore of Nova Scotia with coal; copies of tenders submitted, names of party or parties whose tenders were accepted; copies of all vouchers, bills of lading and receipts upon which moneys were paid, and all other information in the Department in reference to this service. Presented to the House of Commons, 27th April, 1885.—*Mr. Robertson* (*Shelburne*)—*Not printed.*

105*c*. Return to an Order of the House of Commons, dated 12th February, 1885, for a return giving a full statement of all coal entered ex-warehouse, free for exportation, during the year ending 30th June, 1884, showing the quantity so entered at each port; the names of persons having entered; the quantities ex-warehoused by each person, and, if exported, the name of the vessel or railroad by which exported; the place to which exported, and copies of all the cancelling certificates, showing that such coal had been landed in the ports to which exported. Presented to the House of Commons, 7th May, 1885.—*Mr. Burpee (Sunbury)*.....*Not printed.*

105*d*. Return to an Order of the House of Commons, dated 12th March, 1885, for a return of the quantity of coal carried from the Spring Hill Coal Mines by the Intercolonial Railway from 1st January, 1884, to 31st December, 1884, showing the distance carried, the several places where delivered, and the rate per ton or per car for the carriage thereof from the mines to the several points of delivery. Presented to the House of Commons, 14th July, 1885.—*Mr. McMullen*.....*Not printed.*

106. Return to an Order of the House of Commons, dated 24th February, 1885, for copies of all correspondence exchanged between the Department of Public Works and any person whomsoever, in relation to the construction of a wharf at Pointe aux Trembles, in the county of Portneuf. Presented to the House of Commons, 23rd March, 1885.—*Mr. De St. Georges*—*Not printed.*

106*a*. Return to an Order of the House of Commons, dated 12th March, 1885, for a return of the wharfage collected at the Digby Pier from the 1st January, 1884, to the 31st of December, 1884. Also a return of the wharfage collected at the Metaghan River Pier, in the county of Digby, for the same period. Presented to the House of Commons, 16th April, 1885.—*Mr. Vail*—*Not printed.*

107. Return to an Order of the House of Commons, dated 23rd February, 1885, for copies of correspondence, petitions, reports of engineers, lighthouse inspectors and others, in reference to change in dimensions of location of the lighthouses known as "Range Lights," at Weller's Bay, Ontario. Presented to the House of Commons, 23rd March, 1885.—*Mr. Platt*—*Not printed.*

107*a*. Return to an Order of the House of Commons, dated 27th April, 1885, for a return of any memorials or correspondence with the Department of Marine and Fisheries in reference to the site of the new lighthouse at Quaco, built in place of a former one destroyed by fire; showing what was the purchase money paid for the present site, and to whom paid; and showing also who is the present keeper of the light, when appointed, and at what salary. Presented to the House of Commons, 5th June, 1885.—*Mr. Weldon*.....*Not printed.*

107*b*. Return to an Order of the House of Commons, dated 27th April, 1885, for copies of all correspondence and complaints regarding the management of Bird Island Light, Victoria, Nova Scotia, during the past two years. Also the reports of the several superintendents of lights during the above period, and the evidence taken before the several superintendents regarding the management of the said Bird Island Light. And also the name of the person (if any) now in charge of said light, and the amount of salary paid to such keeper, and if he is permanently engaged. Presented to the House of Commons, 8th June, 1885.—*Mr. Campbell (Victoria)*.....*Not printed.*

108. Return to an Address of the House of Commons, dated 23rd February, 1885, for copies of all Orders in Council, leases, correspondence and other documents in possession of the Government, in reference to the leasing of the piece of property in the city of Kingston known as the Market Battery. Presented to the House of Commons, 23rd March, 1885.—*Mr. Platt*—*Not printed.*

109. Return to an Order of the House of Commons, dated 17th February, 1885, for a copy of the document or instrument containing the assurance received by the Government on or about the 17th day of April last from the Grand Trunk Railway Company, referred to by the Right Hon. Sir John A. Macdonald on that day in his place in this House, to the effect that the Grand Trunk Railway Company would set aside one million pounds sterling for the purpose of double

tracking the line of the Grand Trunk Railway between Montreal and Toronto. Also copy of the report of the denial of the said assurance and of the statements alleged to have been made in respect of it, by Sir Henry Tyler, the president of the said company, at the meeting thereof held in London, England, shortly after the said announcement; and copies of all correspondence between the Government and any official of the said company respecting the said assurance. Presented to the House of Commons, 23rd March, 1885.—*Mr. Mitchell*.....*Not printed.*

109*a*. Return to an Order of the House of Commons, dated 28th March, 1884, for a statement showing the names of all stockholders in the Grand Trunk Railway of Canada, with the amounts of stock held by each of said stockholders, at the close of the first year after the charter was granted or operations commenced. Also the names of all stockholders in said company and the amounts of stock held by each on the first day of the current year. Presented to the House of Commons, 31st March, 1885.—*Mr. Mitchell*.....*Not printed.*

109*b*. Return to an Order of the House of Commons, dated 24th February, 1885, for a statement in detail of the several casualties or accidents, whereby passengers were injured or killed, which have occurred on the Grand Trunk Railway and any of its branches, and the Canadian Pacific Railway and any of its branches, from the 1st day of January, 1884, to the 1st day of January, 1885, stating in detail where and when such casualties occurred, the number of persons killed in each casualty, also number injured, stating whether seriously or otherwise, the several amounts paid, and to whom paid, as damages in each accident, whether any law suits for recovery of damages are pending, and stating in detail what amounts are still claimed thereon; also the causes of such accidents. Presented to the House of Commons, 16th April, 1885.—*Mr. Mitchell*.....*Not printed.*

109*c*. Supplementary Return to an Order of the House of Commons, dated 24th February, 1885, for a statement, in detail, of the several casualties or accidents, whereby passengers were injured or killed, which have occurred on the Grand Trunk Railway and any of its branches, and the Canadian Pacific Railway and any of its branches, from the 1st day of January, 1884, to the 1st day of January, 1885, stating, in detail, where and when such casualties occurred, the number of persons killed in each casualty, also number injured, stating whether seriously or otherwise, the several amounts paid, and to whom paid, as damages in each accident, whether any lawsuits for recovery of damages are pending, and stating, in detail, what amounts are still claimed thereon; also the causes of such accidents. Presented to the House of Commons, 20th April, 1885.—*Mr. Mitchell*.....*Not printed.*

109*d*. Return (*in part*) to an Order of the House of Commons, dated 24th February, 1885, for copies of the returns as required to be made under the Consolidated Railway Act of 1879, and the Acts in amendment thereof, of 1881 and 1884, by the Grand Trunk Railway Company, for the fiscal year 1883-84, in each year separately; and—1. The number of miles of main line of Grand Trunk, with statement of actual total cost of construction and equipment thereof. The separate cost per mile of construction thereof, without rolling stock. The total amount of capital account now standing against the said railway, including its equipment. 2. A statement, in detail, showing the several branches or side lines now owned by the said company, including the number of miles in each, with the amounts severally paid for each. How such amounts were paid; whether paid in cash or securities, and the statement and character thereof, in detail. The amount for which each of such securities was sold, and the net amounts which were realized in each. 3. A statement, in detail, of any railway line or lines leased by the Grand Trunk Company or agreed to be worked by them on a percentage of earnings or other terms, with the length of each of such lines and the conditions, in detail, of the agreements in relation thereto. 4. A statement, in detail, of any interest the Grand Trunk Railway may have in any other railway or railways, with the securities, in detail, that they may hold in relation thereto. 5. A statement in detail of the net earnings of each of the railways mentioned in the four preceding clauses, after the payment of working expenses, for the past financial year, of each of the said railways, with a statement, in detail, of the percentage that working expenses bear in each case to the gross earnings. 6. Whether any and what amounts were paid by the Grand Trunk Company towards the construction of the Toronto and Ottawa Railway, and the amount thereof, with the statement of the gross, as well as the net, earnings of the said railway for the past financial year of the said railway; and a statement of where

these funds came from; also a statement as to where they appear in the accounts of the Grand Trunk Company's accounts or returns. Presented to the House of Commons, 5th May, 1885.—*Mr. Mitchell*.....*Not printed.*

110. Return to an Order of the House of Commons, dated 12th March, 1885, for a Return showing all properties or rooms leased by the various branches of the Public Service from private parties or companies in the city of Ottawa, stating the amount of rental paid in each case; also the purposes for which such properties or rooms are used. Presented to the House of Commons, 24th March, 1885.—*Mr. Somerville* (*Brant*).....*Not printed.*

111. Return to an Address of the House of Commons, dated 6th February, 1885, for copy of the lease of the Northern and Pacific Junction Railway Company to the Northern Railway Company of Canada and Hamilton and North-West Railway Company, or either of them. Presented to the House of Commons, 24th March, 1885.—*Mr. Mulock*—

Printed for Sessional Papers only.

112. Return to an Order of the House of Commons, dated 9th February, 1885, for a statement in detail showing amount of work done, contracts made and with whom, moneys paid and to whom, and all expenditures in connection with the improvements of Great Village River, in the county of Colchester, Nova Scotia. Presented to the House of Commons, 24th March, 1885.—*Mr. Robertson* (*Shelburne*).....*Not printed.*

113. Return to an Order of the House of Commons, dated 12th March, 1885, for: 1. The names of all persons who tendered for the construction of the drill shed at Quebec. 2. The amount asked by each person so tendering. 3. The amount of the cheque deposited by each such person in support of his tender, with the names of the signers and endorsers of each cheque, and the names of the several banks by which such cheques were accepted. Presented to the House of Commons, 26th March, 1885.—*Mr. Landry* (*Montmagny*).....*Not printed.*

114. Return to an Order of the House of Commons, dated 12th March, 1885, for a copy of report of the Superintendent of Burlington Bay Canal of the soundings taken during the summer of 1884, the plottings and cross-sections made, showing the present conformation of the bottom of the said canal, together with a statement showing the depths on both sides, as well as all plans giving information in reference to said soundings. Presented to the House of Commons, 26th March, 1885.—*Mr. Robertson* (*Hamilton*).....*Not printed.*

115. Return to an Order of the House of Commons, dated 17th February, 1885, for a report of the Auditor General and also one McGee, as well as for all papers, letters, accounts, cheques and newspapers connected with any claim of Staff Commander Boulton against the Department of Marine and Fisheries or the Government for any amount of money which he alleges to be due him for salary or otherwise, or which he asserts has been withheld from him, or in relation to any dispute between said Boulton and any officer of the Marine and Fisheries Department in regard to cheques drawn in favor of said Boulton. Also a Return to an Order of the House of Commons, dated 2nd March, 1885, for a return of any papers or letters in the hands of the Government signed by Deputy Minister Smith, bearing on the subject of dispute or irregularity between Deputy Minister Tilton and Staff Commander Boulton, or in any way relating thereto; also copies of any letters addressed to Mr. Tilton by Mr. Smith, as Deputy Minister, on the subject. Presented to the House of Commons, 30th March, 1885.—*Mr. McMullen*.....*Not printed.*

116. Papers and correspondence, up to the present time, with respect to the commission recently appointed to investigate and report upon the claims existing in connection with the extinguishment of the Indian title preferred by half-breeds resident in the North-West Territories outside of the limits of the Province of Manitoba, previous to the 15th day of July, 1870. Presented to the House of Commons, 20th April, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

116*a*. Copy of commission appointing commissioners to make enumeration of half-breeds in the North-West Territories previous to the 15th July, 1870. Presented to the House of Commons, 22nd April, 1885, by Sir John A. Macdonald.....*Printed for Sessional Papers only.*

116*b*. Certified copy of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 19th April, 1885, for instructions

given to the three commissioners appointed to proceed to the North-West to enquire into and adjudicate upon the claims of the half-breeds and others in the Saskatchewan settlement. Presented to the Senate, 20th April, 1885.—*Hon. Mr. Alexander*—

Not printed. See 116.

116*c*. Papers and correspondence in relation to claims for land in the Prince Albert district, North-West Territories. Presented to the House of Commons, 27th April, 1885.—*Mr. Blake.*

Not printed.

116*d*. Return to an Order of the House of Commons, dated 12th March, 1885, for copies of all reports, correspondence, petitions, &c., in reference to the seizure of the schooner "Lion," of the Port of Barrington, in Nova Scotia, in December, 1883. Presented to the House of Commons, 31st March, 1885.—*Mr. Robertson* (*Shelburne*).....*Not printed.*

118. Return to an Order of the House of Commons, dated 12th March, 1885, for all correspondence with reference to the making of a road on the Indian Reserve at Fort William, Ontario, and the expenditure thereon of funds belonging to the Indians, and particularly with reference to the payments to be made to the licensees, for stumpage or otherwise, for the timber required in the construction of the bridges on the road. Presented to the House of Commons, 7th April, 1885.—*Mr. Blake*.....*Not printed.*

118*a*. Return to an Address of the House of Commons, dated 27th April 1885, for copies of all correspondence and Orders in Council in any way bearing upon the subject of purchase or offers of purchase of Indian reserve lands in British Columbia, of a date subsequent to 1st June, 1882. Presented to the House of Commons, 30th June, 1885.—*Mr. Baker* (*Victoria*)—

Not printed.

119. Return to an Order of the House of Commons, dated 23rd March, 1885, for a Return showing, if any, and, if so, what sum or sums of money have been paid to J. E. Collins for services rendered to the Government; also showing travelling and other expenses paid him, if any; and showing in what position or capacity he is employed. Presented to the House of Commons, 8th April, 1885.—*Mr. McMullen*.....*Not printed.*

120. Return to an Order of the House of Commons, dated 23rd March, 1885, for copy of the record in the matter of Eugene Gosselin, of St. Charles de Bellechasse, *versus* the Queen, as it stands

in the office of the Supreme Court of Canada, including the proceedings before the Exchequer Court and before Dominion Arbitrators. Presented to the House of Commons, 8th April, 1885. —*Mr. Amyot*.....*Not printed.*

121. Return to an Address of the House of Commons, dated 12th March, 1885, for copies of petitions or correspondence in reference to making Ridgetown a port of entry. Presented to the House of Commons, 21st April, 1885.—*Mr. Casey*.....*Not printed.*

122. Return to an Order of the House of Commons, dated 23rd March, 1885, for a Return of all sums (apart from his salary as county judge) which have been paid to G. M. K. Clarke in each of the years 1879, 1880, 1881, 1882, 1883 and 1884, respectively, and for what services in each year; also what sums, if any, have been paid him from the 1st January, 1884, to this date. Presented to the House of Commons, 13th April, 1885.—*Sir Richard Cartwright*—

Not printed.

123. Return to an Address of the House of Commons, dated 23rd March, 1885, for copies of all correspondence having reference to the appointment of a joint commission with the United States Government for surveying the boundary line between the Province of British Columbia and the United States Territory of Alaska. Presented to the House of Commons, 13th April, 1885.—*Mr. Gordon*.....*Not printed.*

123*a*. Return to an Address of the House of Commons, dated 12th March, 1885, for copies of all correspondence with the Government of British Columbia and Imperial Government, in relation to the eastern boundary of that province. Presented to the House of Commons, 5th May, 1885.—*Mr. Mills*.....*Not printed.*

123*b*. Return to an Address of the House of Commons, for copies of all Orders in Council, Imperial, Canadian or provincial, in the hands of the Government, and not already laid before Parliament, relating to the disputed boundaries of Ontario. Also all despatches and correspondence with any of the provinces and with the Imperial Government upon the same subject. Presented to the House of Commons, 23rd June, 1885.—*Mr. Mills*—

Printed for Sessional Papers only.

124. Return to an Order of the House of Commons, dated 4th February, 1885, for all Customs collections in Algoma during the six months ending 31st December, 1884, showing the amount collected at Port Arthur and its outports, and at Sault Ste. Marie and its outports, respectively; also the amount collected at Spanish River and such other stations in Algoma as report to Collingwood. Presented to the House of Commons, 13th April, 1885.—*Mr. Dawson*.....*Not printed.*

125. Return to an Order of the House of Commons, dated 17th February, 1885, for all correspondence from 1st January, 1884, to 1st January, 1885, between W. H. Rogers, inspector of fisheries for Nova Scotia, also Mr. Sellon, overseer of river fisheries for Liverpool, Queen's county, Nova Scotia, also between John Millard, J. Newton Freeman, S. J. R. Bill and others, and the Government or Department of Marine and Fisheries, in reference to a breach of the "Sawdust Law," by putting mill rubbish and shingle shavings into the Mersey River; showing also what fines have been imposed and how many collected; if not collected, whether remitted. Presented to the House of Commons, 16th April, 1885.—*Mr. Forbes*.....*Not printed.*

125*a*. Return to an Order of the House of Commons, dated 1st April, 1885, for copies of all correspondence and reports from W. H. Rogers, inspector of fisheries for Nova Scotia, to the Department of Marine and Fisheries, relating to the adoption of Rogers' patented fish ladder, and the places at which the said inspector recommends that it should be placed; also any instructions from the Department concerning the same. Also a statement of moneys claimed or paid, as a royalty or otherwise, on account of patent fishway, stating by whom and to whom such moneys were paid, together with an account of any other moneys paid by the Department, and to whom, towards the construction of Rogers' fish ladder, the Return to cover the years 1880, 1881, 1882, 1883 and 1884. Presented to the House of Commons, 30th June, 1885.—*Mr. Robertson (Shelburne)*.....*Not printed.*

126. Return to an Order of the House of Commons, dated 9th February, 1885, for the names of all Government officials in the North-West Territories, the date of their appointment, and the

date upon which they entered upon their respective duties; the salary, fee or other allowance granted to each, including travelling or other expenses; the names and respective locations of sheriffs and registrars, the date of their respective appointments, and the date upon which they entered upon their duties, and the date from which their salary commenced to run; the receipts of their respective offices, monthly or annually, from their establishment up to the 1st of January, 1885. Presented to the House of Commons, 16th April, 1885.—*Mr. McMullen*.....*Not printed.*

127. Return (*in part*) to an Order of the House of Commons, dated 2nd March, 1885, for copies of all advertisements for tenders, of all specifications, and of all tenders received for fog horns and letter box fronts, from 1st January, 1884, to 31st January, 1885; also of all correspondence, contracts, accounts, receipts and documents relating to the furnishing of such fog horns and letter box fronts. Presented to the House of Commons, 16th April, 1885.—*Mr. Laurier*—*Printed for Distribution only.*

127*a*. Supplementary Return to an Order of the House of Commons, dated 2nd March, 1885, for copies of all advertisements for tenders, of all specifications, and of all tenders received for fog horns and letter box fronts, from 1st January, 1884, to 31st January, 1885; also of all correspondence, contracts, accounts, receipts and documents relating to the furnishing of such fog horns and letter box fronts. Presented to the House of Commons, 22nd April, 1885.—*Mr. Laurier*.....*Not printed.*

127*b*. Return to an Order of the House of Commons, dated 2nd March, 1885, for copies of all correspondence between the Government and one Captain Conally, or any other person, in regard to placing a fog horn or fog whistle on what is called the Dummy Lighthouse, near the head of Lake Erie. Presented to the House of Commons, 5th May, 1885.—*Mr. Jackson*—*Not printed.*

127, 1880. Return to an Address of the House of Commons, dated 23rd February, 1880, for a copy of any Order or Orders in Council approving of the treaties made with the Indian tribes at Forts Carlton and Pitt in the year 1876, and of all despatches from the Minister of the Interior or his Deputy to the Commissioners, or any of them, communicating the same to them, and having reference to the terms embodied in such treaties, together with the replies of the said Commissioners, or any of them, to such despatches. Presented to the House of Commons, 5th April, 1880.—*Mr. White* (*Cardwell*).....*Printed for Distribution only.*

128. Return to an Order of the House of Commons, dated 17th January, 1885, for copies of all correspondence between the Government and the Captain of the Life Saving Service at Port Rowan, Province of Ontario, not already brought down. Presented to the House of Commons, 22nd April, 1885.—*Mr. Jackson*.....*Not printed.*

128, 1880. Return to an Address of the House of Commons, dated 23rd February, 1880, for copies of all despatches from the Lieutenant Governor of Manitoba, relating to the reserve promised under the provisions of Treaty No. 1, relating to the reserve stipulated thereby to be assigned to the band of Indians in Manitoba of whom Yellow Quill was Chief; and of all correspondence and despatches from the Secretary of State, the Minister of the Interior, or the Deputy Minister of the Interior, addressed to the said Lieutenant Governor in reply or in relation thereto; also correspondence between the Government of Canada and the Hudson Bay Company on the subject. Presented to the House of Commons, 5th April, 1880.—*Mr. White* (*Cardwell*).....*Not printed.*

129. Return to an Order of the House of Commons, dated 3rd March, 1884, for a Return showing the names, rank, present positions occupied, length of service at sea, of each individual who has received a certificate of either competency or service under the Act passed last Session, making provision for the examination of masters and mates of coasters and inland waters, from the passage of said Act to the nearest possible date, for each and every province of the Dominion; as also a statement giving dates and names of applicants who have been refused certificates of service, or whose certificates have been for some reason withheld, and the reasons for such refusals or retentions. Presented to the House of Commons, 22nd April, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.*

130. Return to an Address of the House of Commons, dated 17th February, 1885, for copies of all Orders in Council, despatches and correspondence between the Government of Canada and the United Kingdom, and between the Government of Canada and Her Majesty's Ambassador at Washington, not already brought down, relating to the subject of extradition and extradition arrangements. Presented to the House of Commons, 23rd April, 1885.—*Mr. Blake*—*Printed for Sessional Papers only.*

130*a*. Return to an Address of the House of Commons, dated 9th February, 1885, for a statement with reference to the cases in which demands for extradition have been made by or upon the Government of Canada, or in which extradition proceedings have been taken in continuation of, and in the same form as, the statement transmitted by the Government of Canada to the Government of the United Kingdom, in or about the year 1876. Presented to the House of Commons, 5th May, 1885.—*Mr. Blake*.....*Printed for Sessional Papers only.*

131. Return to an Address of the House of Commons, dated 20th February, 1885, for a copy of the Order in Council creating the Forestry Commission, and appointing Mr. J. H. Morgan as such commissioner; also a copy of the recommendation on which such Order in Council was based. Presented to the House of Commons, 23rd April, 1885.—*Mr. Rykert*.....*Not printed.*

131*a*. Return to an Address of the House of Commons, dated 17th February, 1885, for a copy of Order in Council appointing J. H. Morgan as Forestry Commissioner; also copy of instructions accompanying the same; also date of report from the said J. H. Morgan which appears as part of the last report of the Minister of the Interior, and copies of any subsequent reports and the date on which the same were received by the Department; also statement of any payments made to the said J. H. Morgan subsequent to those appearing in the Public Accounts of 1884. Presented to the House of Commons, 26th May, 1885.—*Mr. Paterson* (*Brant*)—*Not printed.*

132. Return to an Address of the Senate, dated 6th March, 1885, for a Return of all exports from ports on Hudson and James Bays, other than York Factory, of furs, fish, whale, seal or porpoise oil. Presented to the Senate, 20th April, 1885.—*Hon. Mr. Schultz*.....*Not printed.*

133. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return of all correspondence and petitions from mariners, vessel owners and others, not already brought down, relative to the selection of a route for the construction of the Murray Canal, or the character of the harbors afforded by Presqu'Isle and Weller's Bay respectively. Also all offers made by tenders or otherwise to construct said canal by any other than the adopted route, together with all reports as to progress of work of construction in possession of the Government. Presented to the House of Commons, 14th July, 1885.—*Mr. Cockburn*.....*Not printed.*

134. Return to an Order of the House of Commons, dated 23rd March, 1885, for a Return of any orders or instructions of the Railway Department as to the sale of return tickets, limiting the periods in which such tickets can be used; also of any claims made by persons holding such tickets for damages for being ejected from the cars, and what amounts, if any, have been paid for such claims. Presented to the House of Commons, 5th May, 1885.—*Mr. Weldon*—*Not printed.*

135. Return to an Order of the House of Commons, dated 12th February, 1885, for copies of all correspondence and petitions to the Postmaster General, or any member of the Government, with reference to the adoption in Canada of a system to encourage small savings, similar to that brought in by the late Mr. Fawcett in England. Presented to the House of Commons, 7th May, 1885.—*Mr. Blake*.....*Not printed.*

136. Return to an Address presented by the Senate to His Excellency the Governor General, dated 17th March, 1885, praying His Excellency to cause to be laid before this House, copies of the reports of the various surveys made by engineers under the direction of the Government, for a line of railway connecting Montreal with the harbors of St. John and Halifax by the shortest and best practicable route (including the reports of Messrs. A. L. Light and Vernon Smith on the lines surveyed by them, respectively, running up the valley of the Etchemin River and from Canterbury, New Brunswick, to the northern end of Chesuncook Lake, in the

State of Maine); together with a statement showing the height of the summit level, the maximum grade per mile, the number of miles with a grade exceeding 42 feet, the average grade per mile, and the number and position of the curves with a less radius than 1,910 feet, upon each of such surveyed lines, as well as upon any existing railway proposed to be used in connection with any such surveyed lines; and also a detailed statement of the distances from Montreal to St. John and Halifax by each of such surveyed lines and the existing railways proposed to be used in connection therewith. Presented to the Senate, 5th May, 1885.—*Hon. Mr. Power*.....*Printed for both Distribution and Sessional Papers.*

136*a*. Return to an Address of the House of Commons, dated 3rd February, 1885, for copies of all Orders in Council, instructions given, reports of engineers, and all documents whatsoever, in relation to the selection of the shortest and best line for a railway between the present terminus of the Canadian Pacific Railway and one of the seaports of the Maritime Provinces. Presented to the House of Commons, 20th July, 1885.—*Mr. Landry (Montmagny)*.....*Not printed.*

137. Return to an Address of the House of Commons, dated 17th February, 1885, for copies of all correspondence, Orders in Council, contracts, and other papers in connection with the projected railway between Oxford and New Glasgow, in Nova Scotia, or in relation to any of the companies or individuals negotiating for the construction of any part of the projected short line within the bounds of the Province of Nova Scotia, and particularly an instrument signed by Sir Charles Tupper, the Minister of Railways, about the 9th May, 1884, whereby he, as representing the Crown, entered into certain engagements with Norvin Green, president of the Montreal and European Short Line Company, or with that company; and of all Orders or arrangements cancelling the said agreement; and of the evidence as to the ability of the company on which said agreement was made; and of all Orders and authorities under which the Oxford Branch Railway was completed or money thereon expended out of the Intercolonial appropriation; and of all agreements in connection with such expenditure, and of all statements, representations and letters made by or on behalf of contractors, companies, railway companies, construction companies, laborers, merchants or others, who have been concerned in the work, and of all reports made to any department or to Council upon any of the above subjects. Presented to the House of Commons, 8th May, 1885.—*Mr. Blake*—

Printed for Sessional Papers only.

137*a*. Supplementary Return to an Address of the House of Commons, dated 17th February, 1885, for copies of all correspondence, Orders in Council, contracts and other papers in connection with the projected railway between Oxford and New Glasgow, in Nova Scotia, or in relation to any of the companies or individuals negotiating for the construction of any part of the projected Short Line within the bounds of the Province of Nova Scotia; and particularly an instrument signed by Sir Charles Tupper, then Minister of Railways, about 9th May, 1884, whereby he, as representing the Crown, entered into certain engagements with Norvin Green, president of the Montreal and European Short Line Company, or with that company; and of all Orders or arrangements cancelling the said agreement, and of the evidence as to the ability of the company on which said agreement was made; and of all Orders and authorities under which the Oxford Branch Railway was completed, or money thereon expended out of the Intercolonial appropriation, and of all agreements in connection with such expenditure; and of all statements, representations and letters made by or on behalf of contractors, companies, railway companies, construction companies, laborers, merchants or others, who have been concerned in the work; and of all reports made to any department or to Council upon any of the above subjects. Presented to the House of Commons, 14th July, 1885—*Mr. Mills*—

Not printed.

137*b*. Return to an Address of the House of Commons, dated 11th February, 1885, for copies of all reports made by engineers employed by the Great American and European Short Line Railway Company in Nova Scotia and Cape Breton, with the plans, papers and correspondence connected therewith; also for copies of all correspondence with the Dominion Government and the Government of Nova Scotia on the same subject; also copies of all contracts by and between the said company and other persons; also a statement of all moneys paid out and expended on contracts for salaries, wages and labor; showing also the amounts, if any, still due and owing by the said company to their contractors, agents or workmen; and also a statement of the

number of miles completed and graded in each of the counties of Cumberland, Colchester and Pictou. Presented to the House of Commons, 14th July, 1885.—*Mr. Paint*.....*Not printed.*

138. Return to an Order of the House of Commons, dated 23rd March, 1885, for copies of all reports, correspondence, and surveys, if any, in the Department of Public Works, as to the improvement of the North Saskatchewan River, for the purpose of navigation. Presented to the House of Commons, 28th May, 1885.—*Mr. McCallum*—

Printed for both Distribution and Sessional Papers.

139. Return to an Address of the House of Commons, dated 27th April, 1885, for all letters and correspondence had between the Dominion Government or any of its members and the Local Government of New Brunswick or any of its members, on the subject of the building of a foot and carriage bridge on the St. John River, at or near Fredericton. Presented to the House of Commons, 11th May, 1885.—*Mr. Landry* (*Kent*).....*Printed for Distribution only.*

139*a*. Supplementary Return to an Address of the House of Commons, dated 27th April, 1885, for all letters and correspondence had between the Dominion Government or any of its members and the Local Government of New Brunswick, or any of its members, on the subject of the building of a foot and carriage bridge on the St. John River, at or near Fredericton. Presented to the House of Commons, 9th June, 1885.—*Mr. Landry* (*Kent*)..*Printed for Distribution only.*

140. Reports of Messrs. Perley and Guerin as to works respecting which application has been made on the River Ottawa and Lake Temiscaming; together with the memorandum of the Reverend Father Paradis, O.M.I. Presented to the House of Commons, 11th May, 1885, by Sir Hector Langevin.....*Printed for Distribution only.*

141. Return to an Order of the House of Commons, dated 28th March, 1884, showing the total cost of old and new works, with expenditure for repairs and maintenance in each year since Confederation: 1. For cost of Welland Canal. 2. For new works, repairs, and all incidental expenses connected therewith. 3. For maintenance. 4. For revenue derived therefrom. 5. For return similar to that contained in 1, 2, 3 and 4, connected with the St. Lawrence Canals. 6. For estimated cost for deepening and completing the St. Lawrence Canals to a depth of twelve and fourteen feet, separately. Presented to the House of Commons, 16th May, 1885.—*Mr. McCraney*.....*Not printed.*

142. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return of instructions to the health officers of the ports in the Province of New Brunswick, and quarantine regulations issued by the Department of Marine and Fisheries or the Department of Agriculture relating to these ports. Presented to the House of Commons, 16th May, 1885.—*Mr. Weldon*.....*Not printed.*

143. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return showing the actual cost of laying the telegraph cable from Clover Point, Victoria, British Columbia, accross the Straits of Juan de Fuca to a point at or near Dungeness, W.T.; said return to give the names of persons to whom sums have been paid; the nature and extent of services rendered, entitling them to such payments; the cost of the cable, time occupied in laying said cable, and its length. Presented to the House of Commons, 18th May, 1885.—*Mr. Baker* (*Victoria*).....*Not printed.*

144. Return to an Address of the House of Commons, dated 9th March, 1885, for: 1. Copies of all demands and claims made by the town of Emerson on the Government for financial or other aid, and all correspondence respecting the same. 2. Copies of all Orders in Council or departmental orders respecting such demands or claim, and the action or decision of the Government thereon. Presented to the House of Commons, 18th May, 1885.—*Mr. Cameron* (*Huron*).....*Not printed.*

145. Return to an Order of the House of Commons, dated 17th February, 1885, for a statement showing the names of all persons employed by the Department of Public Works or other department of the Government as inspectors or clerks of works on any building or other public work since 1873-74 until 1883-84 inclusive, with statement showing the amount paid to

such persons for services as such officials, and the rate per month or per diem to each; also the gross amount expended by the Government in each year on such works under the inspection of each clerk of works; also a statement showing the actual profession or calling of each such clerk of works. Presented to the House of Commons, 26th May, 1885.—*Sir Richard Cartwright*—*Not printed.*

146. Return to an Address of the House of Commons, dated 27th April, 1885, for all the correspondence, papers and report of the officers of Customs at the port of Halifax and any other port, in connection with the entry by A. & W. Mackinlay, as agents of Thomas Nelson & Son, of school books at an undervaluation. Presented to the House of Commons, 26th May, 1885.—*Mr. Rykert*.....*Not printed.*

146*a*. Return to an Address of the House of Commons, dated 27th April, 1885, for all papers, correspondence and reports with reference to Nelson & Son's consignment of school books to the late firm of James Campbell & Sons, Toronto. Presented to the House of Commons, 26th May, 1885.—*Mr. Wallace* (*York*).....*Not printed.*

146*b*. Return to an Address of the House of Commons, dated 27th April, 1885, for all the correspondence, papers and report of the officer of Customs for the port of Toronto, in connection with the seizure of school books entered at an undervaluation by Thomas Nelson & Son, Edinburgh. Presented to the House of Commons, 26th May, 1885.—*Mr. Rykert*....*Not printed.*

146*c*. Supplementary Return to an Address of the House of Commons, dated 27th April, 1885, for a Return of all papers, correspondence and reports with reference to Nelson & Son's consignments of school books to the late firm of James Campbell & Sons, Toronto. Presented to the House of Commons, 26th June, 1885.—*Mr. Wallace* (*York*).....*Not printed.*

146*d*. Supplementary Return to an Address of the House of Commons, dated 27th April, 1885, for a Return of all the correspondence, papers and report of the officer of Customs at the port of Halifax, and any other port, in connection with the entry by A. & W. Mackinlay, as agents of Thos. Nelson & Son, of school books at an undervaluation. Presented to the House of Commons, 26th June, 1885.—*Mr. Rykert*.....*Not printed.*

146*e*. Supplementary Return to an Address of the House of Commons, dated 27th April, 1885, for a Return of all the correspondence, papers and report of the officer of Customs at the port of Toronto, in connection with the seizure of school books entered at an undervaluation by Thos. Nelson & Son, of Edinburgh. Presented to the House of Commons, 26th June, 1885.—*Mr. Rykert*.....*Not printed.*

147. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return showing: 1. The detailed amounts actually due to the Supervisor of Cullers at Quebec for culling and measuring. 2. The names of all parties indebted, and the date of incurring of each liability. Presented to the House of Commons, 28th May, 1885.—*Mr. De St. Georges*.....*Not printed.*

148. Return to an Address of the House of Commons, dated 12th March, 1885, for copies of all Orders in Council, agreements and correspondence in the possession of the Government since 1872, respecting the Windsor Branch Railway; also copies of pleadings and verdicts in the various suits at law respecting the same branch. Presented to the House of Commons, 9th June, 1885.—*Mr. Kinney*.....*Not printed.*

149. Return to an Order of the House of Commons, dated 9th March, 1885, for all correspondence between the Auditor-General and the Department of Marine and Fisheries, relating to an Order of this House made on the 28th March last, for a return showing all sums received by the Department of Marine and Fisheries on account of rental of rivers and streams, &c.; or in any way relating to any irregularity or inaccuracy connected with matters of the said Department. Presented to the House of Commons, 28th May, 1885.—*Mr. McMullen*—*Not printed.*

150. Return to an Address of the House of Commons, dated 8th April, 1885, for all papers concerning the appointment, instruction and salary of Mr. Hector Fabre, as Canadian agent at Paris, France, and the reports from that gentleman to the Government since his appointment. Presented to the House of Commons, 2nd June, 1885.—*Mr. Bergeron*—*Printed for Distribution only.*

151. Return to an Address of the House of Commons, dated 12th March, 1885, for copies of all correspondence which has taken place between the Dominion Government and the Local Government of New Brunswick, with reference to the Northern and Western Railway, since May, 1884, up to February, 1885. Presented to the House of Commons, 11th June, 1885—*Mr. Temple*.....*Not printed.*

152. Return to an Address of the Senate, dated 20th April, 1885, for copies of all memorials, letters or telegrams addressed to the Railway Department, respecting the establishment of the York station on the Prince Edward Island Railway, and the answers thereto; also copies of any memorials, letters or telegrams, which may have been received by that Department, having reference to the abolition of the said station, and the replies, if any, made thereto. Presented to the Senate, 16th June, 1885.—*Hon. Mr. Haythorne*.....*Not printed.*

153. Return to an Order of the House of Commons, dated 11th March, 1885, for a Return showing the amount of money paid for injuries to parties in the Mounted Police since 1878, specifying the names of the parties injured, the nature of the injuries, the amount of money paid, and to whom paid. Presented to the House of Commons, 7th April, 1885.—*Mr. Somerville* (*Brant*)—*Not printed.*

153*a*. Annual Report of the Commissioner of the North-West Mounted Police Force for the year 1884. Presented to the House of Commons, 23rd June, 1885.—*Sir John A. Macdonald*—*Printed for both Distribution and Sessional Papers.*

154. Return (*in two parts*) to an Order of the House of Commons, dated 12th March, 1885, for a return showing:—1. Total number of depositors in the Savings Banks, Post Office, or other banks holding deposits of $1,000 or upwards; also the amount so held. 2. Total number of depositors having deposits of less than $1,000 and more than $500 each; also the total amount so held. 3. Total number of said depositors holding less than $500 each; also total amount so held. Presented to the House of Commons, 30th June, 1885.—*Sir Richard Cartwright and Mr. Fairbank*.....*Not printed.*

155. Return to an Order of the House of Commons, dated 27th April, 1885, for copies of all correspondence and papers relative to the dismissal of George E. Cherrier from the Indian Agency in Caughnawaga; also of the reports of the investigation into the affairs of the agency held by Mr. de Boucherville in 1883, and by A. Dingman in 1884, with copies of all instructions at any time given by the Department to Mr. Cherrier. Presented to the House of Commons, 30th June, 1885.—*Mr. Bain* (*Wentworth*).....*Not printed.*

156. Return to an Order of the House of Commons, dated 12th March, 1885, for a Return of all hardware purchased at Halifax by the Department of Marine and Fisheries, from 1st July, 1878, to 31st December, 1884; the names of the firms who furnished the supplies, amount supplied by each firm in each year; the names of the firms who supplied stoves, galvanized and tinware, in each year from 1st October, 1878, to 31st December, 1884, showing if by tender, whose tender was accepted, and if tenders asked for each year. Presented to the House of Commons, 30th June, 1885.—*Mr. Forbes*.....*Not printed.*

157. Return to an Order of the House of Commons, dated 11th March, 1885, for a Return showing the number of days W. Ingles Bradley, a clerk in the Department of Railways, has been registered on the Departmental Attendance Book since 1st July, 1884; also showing the number of days' attendance for which he has received payment, and the total amount paid, together with the name of the departmental officer certifying the account. Presented to the House of Commons, 14th July, 1885.—*Mr. Somerville* (*Brant*).....*Not printed.*

158. Return to an Order of the House of Commons, dated 27th April, 1885, for copies of all correspondence of a recent date between the Superintendent General of Indian Affairs and the agent of the Department in British Columbia, or any other person, upon the subject of establishing Indian schools in said province. Presented to the House of Commons, 14th July, 1885. —*Mr. Baker* (*Victoria*).....*Printed for Sessional Papers only.*

158*a*. Return to an Order of the House of Commons, dated 27th April, 1885, for a Return showing: 1. How many industrial schools for the instruction of Indian half-breed youth have been established in the Province of Manitoba and the North-West Territories respectively, under the authority and by permission of the Government of Canada, and where they are located. 2. At what places lands have been surveyed and set apart for Indian half-breed schools in 1884, and what quantity at each place. 3. Through whose representations and recommendations these half-breed schools are established from time to time, and whether any request from the Indian half-breeds themselves is required for the establishment of a school. 4. What subjects of instruction are provided for these schools in regard to industrial pursuits, moral and religious, and are both sexes included in the general school provisions. 5. Whether any of the Indian half-breed schools are placed under the care or supervision of any religious body or denomination; if so, what are the conditions upon which such control is granted, and what is the extent of the denominational control, and is it, to the extent granted, a temporary or permanent control; if there are denominational schools, what is the number belonging to each denomination, where they are located, and what quantity of land is owned or controlled by each, and what is the number of pupils. 6. Whether, when the moral and religious instruction of an Indian half-breed school is placed under the supervision or control of any denomination, it gives to the denomination control of the land and buildings of such school. 7. At whose cost the Indian half-breed school buildings are erected and furnished, and under whose directions the text books are selected or compiled, and by whom they are paid for. 8. What standing of attainment is required of teachers in these schools; how and from whom they receive certificates of qualification, and whether there is a system of Governmental inspection of these Indian half-breed schools. 9. Whether the teachers and trustees or managers of these schools are required to make any periodical returns to the Government of the attendance, general condition, progress and expenditure of each. 10. Whether any of the religious denominations have obtained lands for church or school purposes from the Government or from any Indian reservation by treaty or otherwise. 11. Whether any of the religious bodies, on their own responsibility, have established schools among the Indians or half-breeds, and if they have, whether they receive any assistance directly or indirectly by land grants or otherwise for the support of such schools from the Government. Presented to the House of Commons, 18th July, 1885.—*Mr. Kirk* ..... *Not printed.*

159. Return to an Address of the House of Commons, dated 12th February, 1885, for copies of all correspondence, petitions and Orders in Council, relating to any applications by or on behalf of any railway company elsewhere than in Manitoba or the North-West, for aid or additional aid. Presented to the House of Commons, 14th July, 1885.—*Mr. Blake* ..... *Not printed.*

160. Return to an Address of the House of Commons, dated 2nd March, 1885, for: 1. Copies of all correspondence between the Government and the North-West Council respecting the representation of the Territories in this Parliament. 2. Copies of all petitions, representations and correspondence addressed to the Government, or any member of it, on the same subject, and any replies thereto. 3. Copies of all petitions, representations and correspondence with the Government, or any member of it, on the subject of the establishment of Local Governments in the Territories, and of all replies thereto. Presented to the House of Commons, 15th July, 1885.—*Mr. Cameron* (*Huron*) ..... *Not printed.*

161. Return to an Address of the House of Commons, dated 23rd March, 1885, for a Return of all correspondence, papers and documents which have passed between the Imperial Government and the Dominion Government or the Dominion Government and the Government of British Columbia, relative to the public reserves of British Columbia and to the claim of the Crown to the land between high and low water mark, and generally all information as to "fore shore" rights of the Dominion. Presented to the House of Commons, 15th July, 1885.—*Mr. Baker* (*Victoria*) ..... *Printed for Sessional Papers only.*

SHAREHOLDERS

IN THE

CHARTERED BANKS

OF THE

IN THE MATTER OF THE FEDERAL BANK OF CANADA.

I, John Alley, of the City of Toronto, in the County of York, Bank officer, do solemnly declare that I am the Accountant of the Federal Bank of Canada ; that the list of shareholders hereto attached, was prepared by me and shows correctly all the names of persons or corporations holding shares in the capital stock of the said Bank, on the thirty-first day of December, 1884, with their additions and residences, and the number of shares respectively held by them in the said Bank, as set opposite to their names. The face value of the said shares is two million nine hundred and sixty-six thousand, eight hundred dollars, divided into twenty-nine thousand six hundred and sixty-eight shares of one hundred dollars eaeh ; and I make this solemn declaration conscientiously, believing the same to be true, and by virtue of the Act passed in the Thirty-seventh year of Her Majesty's reign, intituled "An Act for the suppression of voluntary and extra-judicial oaths.

Declared before me at the City of Toronto, in the County of York, this 29th day of January, in the year of our Lord 1885.

J. A. M. ALLEY,
Accountant

H. SYMONS,
Commissioner, &c.

17—4

RETURN

(IN PART)

(25*a*)

To a STANDING ORDER of the HOUSE OF COMMONS, dated 20th February, 1882;—That it is desirable that a Report should be presented to this House, within fifteen days from the opening of each Session, giving full information on all subjects affecting the Canadian Pacific Railway up to the latest date, and particularly all details as to :

1. The selection of the route.
2. The progress of the work.
3. The selection or reservation of the land.
4. The payment of moneys.
5. The laying out of branches.
6. The progress therein.
7. The rates of tolls for passengers and freight.
8. The particulars required by the Consolidated Railway Act, and the amendments thereto, up to the end of the previous fiscal year.
9. Like particulars up to the latest date before the presentation of the Return.
10. Copies of all Orders in Council and of all correspondence between the Government and the Railway Company, or any member or officer of either, relating to the affairs of the Company.

By Command,

J. A. CHAPLEAU,

Department of the Secretary of State, 12th February, 1885. *Secretary of State.*

SCHEDULE OF RETURN OF CORRESPONDENCE WITH CANADIAN PACIFIC RAILWAY COMPANY—(UNDER ORDER OF HOUSE OF 20TH FEBRUARY, 1882).

---

1. Letter, 10th March, 1884, from C. Drinkwater to Hon. Sir Leonard Tilley; and report to Council, 12th March, 1884; and Order in Council, 12th March, 1884, —respecting return to company of Credit Valley Railway certificate.
2. Receipt therefor from Canadian Pacific Railway Company per secretary.

3. Bank of Montreal—11th March, 1884, and 13th March, 1884; amount of land grant bonds held by bank.
4. C. Drinkwater—7th April, 1884; and reply thereto from Minister of Finance, 15th April, 1884, respecting credit with Bank of Montreal.
5. O. C., 5th July, 1884; letter from C. Drinkwater, of 18th July, 1884; letter from the Acting Minister of Finance, 18th July, 1884, to General Manager of Bank of Montreal, and reply thereto from bank, respecting release of $1,004,000 of land grant bonds.
6. Enquiry—11th December, 1884, from Deputy Minister of Finance, as to amount of land grant bonds destroyed—and reply thereto 12th December.
7. Letter from Deputy Minister of Finance, of 14th January, 1885 (with enclosures) as to construction of section 9, of agreement of 7th March, 1884.

FINANCE DEPARTMENT, OTTAWA, 12th February, 1885.

No. 1.—C. Drinkwater, Secretary, to Hon. Sir Leonard Tilley.

OTTAWA, 10th March, 1884.

DEAR SIR LEONARD,—I omitted to-day to apply for the Credit Valley certificate deposited in lieu of the $1,000,000 cash, and released by the recent Act. I shall be much obliged if you will cause the same to be sent to me at Montreal. As they are registered in the name of the "Minister of Finance," it will be necessary for you to endorse them, which please do to the order of George Stephen, to whom they belong.

I am, &c.,

C. DRINKWATER, *Secretary C.P.R.*

Hon. Sir LEONARD TILLEY, K.C.M.G., Minister of Finance.

Report to Council, Credit Valley Certificate.

FINANCE DEPARTMENT, OTTAWA, 12th March, 1884.

The undersigned has the honor to report to Council that he has received a letter from the secretary of the Canadian Pacific Railway Company, requesting that the Credit Valley Railway certificate, deposited in lieu of the $1,000,000 cash, and released by the recent Act relating to the company, shall be returned to the company.

The undersigned finds, on reference to section 1 of the Act, that the Government may return to the company the securities held by them; and he recommends that the Credit Valley certificate be returned to the company, and endorsed to the order of George Stephen, Esq., in pursuance with the request contained in the letter from the secretary.

Respectfully submitted,

S. L. TILLEY, *Minister of Finance.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 12th March,* 1884.

On a memorandum dated 12th March, 1884, from the Minister of Finance, submitting an application from the secretary of the Canadian Pacific Railway Company, for the return to the company of the Credit Valley Railway certificate, deposited in lieu of the $1,000,000 cash, and released by the recent Act relating to the company;

The Minister observes that by section 1 of the Act respecting the Canadian Pacific Railway, to which special assent has been given at the present Session of Parliament, the Government may return to the company the securities held by them; and he, the Minister, recommends that authority be granted to return to the company the said Credit Valley Railway certificate, and to endorse the same to the order of George Stephen, Esq., president of the company, in pursuance of the request contained in the letter from the secretary of the company.

The Committee advise that the requisite authority be granted accordingly.

J. J. McGEE, *Clerk Privy Council.*

No. 2.—Receipt from C. Drinkwater, Secretary, Credit Valley Certificate.

OTTAWA, 12th March, 1884.

Received from the Deputy Minister of Finance certificate No. 14, for £339,800, of the Credit Valley Railway Company 5 per cent. permanent debenture stock, in favor of the Minister of Finance, and deposited by the Canadian Pacific Railway Company in lieu of their $1,000,000 cash deposit under their Act of 1881 (44 Vic., chap. 1), the same having been released under the Act respecting the company, passed during the present Session of Parliament, and having been duly endorsed by the Minister of Finance, and made payable to the order of George Stephen, Esq., President, Canadian Pacific Railway Company.

C. DRINKWATER, *Secretary, C.P.R.*

OTTAWA, 10th February, 1885.

I certify the above to be a true copy of the receipt held by the Hon. the Receiver-General.

FRED. TOLLER, *Comptroller.*

No. 3.—Bank of Montreal to Deputy Minister of Finance.

BANK OF MONTREAL, MONTREAL, 11th March, 1884.

SIR,—I beg to confirm the following telegram, which I have to day dispatched to you at the request of Mr. Stephen, President of the Canadian Pacific Railway Company:—

"The bank holds one million and four thousand dollars of Canadian Pacific Railway land grant bonds as collateral security for loan to that company, which will be released on payment by the Government of the loan, making the total holding of bonds on account of the Government ten million dollars."

Your obedient servant,

W. J. BUCHANAN, *General Manager.*

J. M. COURTNEY, Esq., Deputy Minister of Finance, Ottawa.

Land Grant Bonds held by the Bank of Montreal.

BANK OF MONTREAL, MONTREAL, 13th March, 1884.

I hereby certify that this bank holds, in all, for safe-keeping, on account of and subject to the order of the Dominion of Canada, ten million dollars of the land grant bonds of the Canadian Pacific Railway Company.

W. J. BUCHANAN, *General Manager.*

OTTAWA, 10th February, 1885.

I certify the above to be a true copy of the receipt held by the Hon. the Receiver-General.

FRED. TOLLER, *Comptroller.*

No. 4.—C. Drinkwater to Minister of Finance.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 7th April, 1884.

SIR,—I have the honor to state to you that the Bank of Montreal has opened a credit in favor of this company upon terms which have been agreed upon, amongst which it is understood that the amounts which shall be earned by this company, on account of the cash subsidy, under the original contract for the construction of the Canadian Pacific Railway, and on account of the loan made under the provisions of the Act of the present Session of Parliament, shall be paid to the bank on account of such credit. I have, therefore, to request that you will be good enough to pay to the

Bank of Montreal, on account of this company, until further notice, all sums of money which shall be earned by this company out of the cash subsidy agreed upon by the original contract of construction and out of the loan made to this company under the provisions of the Act of last Session, intituled: "An Act to amend the Act intituled 'an Act respecting the Canadian Pacific Railway' and for other purposes." The bank already holds a power of attorney, under which it will be competent to execute a discharge in favor of the Government for the amounts so paid.

I have, &c.,

C. DRINKWATER, *Secretary.*

Hon. Sir Leonard Tilley, K. C. M. G.,
Minister of Finance, Ottawa.

Deputy Minister Finance to C. Drinkwater, Secretary.

Ottawa, 15th April, 1884.

Sir,—I have the honor to acknowledge the receipt of your letter of the 7th instant, with reference to your credit with the Bank of Montreal.

I have, &c.,

J. M. COURTNEY, *Deputy Minister of Finance.*

C. Drinkwater, Esq., Secretary C.P.R. Co., Montreal.

No. 5.—Order in Council, 5th July, 1884—Release of $1,004,000.

Certified Copy *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 5th July,* 1884.

On a memorandum dated 20th June, 1884, from the Acting Minister of Railways and Canals, submitting an application from the Canadian Pacific Railway Company, under date of the 19th instant, in respect of certain of their land grant bonds in the hands of the Government;

The Minister represents that by a report dated the 5th of January last, from the Minister of Finance, and one therein referred to from the Minister of Justice, that on the 1st day of January last the Canadian Pacific Railway Company were entitled, under their construction contract with the Government, to land grant bonds to the amount of $1,004,000, having earned the same as representing a portion of the land subsidy, by work done upon the main line of the Canadian Pacific Railway. In accordance with the contract and under an Order in Council of the 7th of January last, the bonds were duly given over to the company.

That by this payment the amount of the bonds in the hands of the Government, exclusive of those held as security for the operation of the railway, was reduced to $8,996,000. By some oversight, however, the amount of bonds in the hands of the Government was incidentally referred to in the Canadian Pacific Railway Act of last Session as remaining at $10,000,000, that being the amount shown by the statements made up to the 31st December, 1883.

The Minister observes that on the 11th of March last, as is stated by the company, a verbal request for the return of the bonds, amounting to $1,000,000, in question, purporting to emanate from the Government, was made upon the secretary of the company, and thereupon the company delivered to the Government a written order, dated 11th of March last, on the Bank of Montreal, for the delivery of the bonds, and they have since remained in the Bank of Montreal, under the control of the Government.

The Minister states that on reference to the Act it appears that the only bonds which it authorizes the Government to hold and deal with are those which were in the custody or possession of the Government at the time of its passage, and no provision is made for the return by the company of any bonds which it had earned and which had been paid to it before the Act passed. As the bonds in question had been actually the property of the company, and in its possession before ever the Act was introduced, there seems to have been no ground for demanding their return to the

Government, and such demand must have been made under some misconception of the facts, probably caused by the erroneous incidental reference in the Act to the amount of bonds held by the Government.

The Minister therefore recommends that the error committed be rectified, by returning to the company the order upon the Bank of Montreal of the 11th of March last, for $1,004,000 of land grant bonds, and by instructing the bank that the Government has no claim to those bonds.

The Committee concur in the report of the Acting Minister of Railways and Canals, and the recommendation made therein, and they submit the same for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

C. Drinkwater, Secretary, to Acting Minister of Finance.

THE CANADIAN PACIFIC RAILWAY COMPANY,
SECRETARY'S OFFICE, OTTAWA, 18th July, 1884.

SIR,—I have received official notification from the Department of Railways and Canals that an Order in Council has passed, under date 5th July inst., ordering the return to this company of land grant bonds to the amount of $1,004,000, which bonds have been earned by the company, and paid to them in January last, but which had been re-delivered to the Government under a misconception of the requirements of the Loan Act of last Session, and I am instructed to request that, in accordance with the said Order, the said bonds be returned to the company.

I have, &c.,
C. DRINKWATER, *Secretary.*

HON. MACKENZIE BOWELL, Acting Minister of Finance.

Acting Minister of Finance to Bank of Montreal.

OTTAWA, 18th July, 1884.

SIR,—Referring to your letter to J. M. Courtney, Esq., Deputy Minister of Finance, of the 11th March last, I have now the honor to request that you will be good enough to deliver to the Canadian Pacific Railway Company the $1,004,000 of Canadian Pacific Railway land grant bonds mentioned in said letter, the same being restored to the company in compliance with the terms and under the authority of an Order in Council passed on the 5th July, inst.

I am, &c.,
M. BOWELL, *Acting Minister of Finance.*

W. J. BUCHANAN, Esq., General Manager Bank of Montreal, Montreal.

Bank of Montreal to Acting Minister of Finance.

BANK OF MONTREAL, MONTREAL, 21st July, 1884.

SIR,—I have the honor to inform you that, in compliance with the instructions conveyed in your letter of 18th instant, we have delivered to the Canadian Pacific Railway Company one million and four thousand dollars of Canadian Pacific Railway Company land grant bonds, and that the bank now holds in custody for the Dominion Government $8,996,000 of said bonds.

I have &c.,
W. J. BUCHANAN, *General Manager.*

HON. M. BOWELL, Acting Minister of Finance, Ottawa.

No. 6.—*Deputy Minister of Finance to C. Drinkwater, Secretary.*

OTTAWA, 11th December, 1884.

SIR,—I notice by the papers that there has been a further destruction of land grant bonds issued by the Canadian Pacific Railway Company. I shall be glad to

be informed, at your earliest convenience, what is the amount of the entire number of your bonds which have been destroyed by the trustees of the land grant mortgage up to this date.

I have, &c.,

J. M. COURTNEY, *Deputy Minister of Finance.*

Secretary Canadian Pacific Railway Company, Montreal.

C. Drinkwater, Secretary, to Deputy Minister of Finance.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 12th December, 1884.

SIR,—In answer to your letter of the 11th instant, I beg to state that the total amount of land grant bonds which have been destroyed by the trustees of the land grant mortgage to this date is $7,289,000.

I have, &c.,

C. DRINKWATER, *Secretary.*

J. M. COURTNEY, Esq., Deputy Minister of Finance, Ottawa.

No. 7.—*Deputy Minister Finance to C. Drinkwater, Secretary.*

(MEMO.—No answer has as yet been received to this letter.)

OTTAWA, 14th January, 1885.

SIR,—I have the honor to state that looking at section 9 of the agreement made between your company and the Government, of the 7th March last, it struck me that the Government might be entitled to call upon the trustees of the land grant mortgage on the bonds held by them and pledged to the Government under the agreement in question, whether the same had been earned by your company or not. The point will appear in the letter sent by me to the Department of Justice on the point, under the date of the 22nd November last. I have the honor to enclose a copy of such letter and of the reply thereto from the Deputy Minister of Justice, under date of the 7th instant, and in accordance with the suggestion contained in the last paragraph thereof, I shall be glad to be informed as to the opinion of your company on the subject, and whether you concur in the opinion expressed by the Deputy Minister of Justice.

I am, &c.,

J. M. COURTNEY, *Deputy Minister of Finance.*

Secretary Canadian Pacific Railway Company, Montreal.

Enclosed with letter of 14th January, 1885.

(*Immediate.*)

OTTAWA, 22nd November, 1884.

SIR,—I have the honor to enclose herewith copy of agreement, dated 7th March, 1884, between the Canadian Pacific Railway Company and the Government, respecting the loan to the company of $22,500,000, and other matters, the same being executed in accordance with the Act passed last Session (47 Vic., cap. 1) respecting the said Canadian Pacific Railway Company. I wish to call your particular attention to section 9 of the agreement, which provides that "as further security, &c., the Government should continue to hold and retain the entire amount of land grant bonds now in its custody or possession, subject to redemption under the terms of the mortgage created by the company upon its land grant to secure the said land grant bonds, and with all remedies as to interest and voting power, and all other matters in respect thereof which would be held or possessed or could be exercised by any purchaser of the said bonds."

At the time of the making of this agreement the sum of $10,000,000 of land grant bonds was held by the Government, but of this amount $1,004,000 have been released to the company, as will appear by reference to the Order in Council of the

5th July last (copy enclosed herewith), and there are now held for the Government, in the Bank of Montreal, $8,996,000 of such bonds. (See letter from General Manager of the bank, dated 21st July last, enclosed herewith, with other letters and telegrams attached thereto). I enclose, also, agreement of the company with the Government, of the 7th November, 1883, relative thereto, by which certain land grant bonds were deposited by the company as security for the carrying out of that agreement, which agreement was modified, and confirmed as modified, by Act of the Parliament of Canada, 47th Vic., Cap. 1, sec. 3.

I have the honor to request that you will be good enough to advise me, at your earliest convenience, whether the Government of Canada are to treat the bonds held by them as aforesaid as issued by the company in advance of their being earned by them, and to call upon the trustees of the land grant mortgage to pay the interest thereon as the same becomes due, or are they to be treated as issued only after they have been earned? And I shall be obliged if you would advise me generally as to the rights of the Government to interest on the bonds in question.

I have the honor to be, Sir, your obedient servant,

J. M. COURTNEY, *Deputy Minister of Finance.*

Deputy Minister of Justice, Ottawa.

(Enclosed with letter of 14th January, 1885.)

DEPARTMENT OF JUSTICE, CANADA, OTTAWA, 7th January, 1885.

SIR,—With reference to your communication of the 22nd November last, in which, referring me to the agreement between Her Majesty and the Canadian Pacific Railway of 7th November, 1883, and 7th March, 1884, respectively, and other papers and documents, you asked to be advised as to whether the bonds held by the Government as security under the said agreements are to be treated as issued, calling upon the trustees of the land grant mortgage to pay interest thereon as it becomes due, or whether they are only to be so treated after they are earned by the company. I have the honor now to state the substance of the opinion which I then gave you personally.

By the Act respecting the Canadian Pacific Railway (44 Vic., cap. 11) and the contract recited in the schedule thereto, it was in effect agreed that the land grant bonds should be released to the company in the proportion in which the land grant was earned.

In November, 1883, there were, in round numbers, $10,000,000 of these bonds deposited with the Government, in addition to $5,000,000 deposited as security for the operation of the road. Of this $10,000,000, there were, by the contract of 7th November, $3,420,000 pledged to secure the payment, on the 1st February, of $2,853,912 and $1,830,000, to secure the payment of $1,527,000, parcel of $4,527,000 payable under the said contract of 7th November, 1887, and it was agreed that the revenue derivable from such securities should be adjusted at the rate of 4 per cent. per annum on $1,527,000 by the payment half yearly by the company of any deficiency, or by the returns to the company of any surplus.

By the agreement of 7th March, 1884, the time for paying the $2,853,912 was extended to 7th November, 1887, making the total sum then payable $7,380,912, upon which it was agreed that interest should be paid half-yearly at the rate of 4 per cent.

Between 7th November, 1883, and 7th March, 1884, the company, it appears, earned $1,004,000 of the bonds, which were delivered to them, leaving in the hands of the Government $8,996,000.

With respect to these bonds, it is, by the arrangement of 7th March, 1884, made, under 47 Vic., cap. 1, among other things, by a clause to which you call special attention, provided that as further security for the loan and repayment of $7,380,912 and interest, the Government shall continue to hold the entire amount of land grant bonds in its possession, subject to redemption under the terms of the land grant mortgage, and with all remedies as to interest, voting power and other matters in

respect thereof, which would be held or possessed, or could be exercised by any purchaser of the said bonds. The bonds mentioned include the $5,000,000 held as security for the operation of the railway, as well as the $8,996,000. It is further provided that the $5,000,000, and any moneys received in redemption of them, shall continue to be held on the terms of the contract of 21st October, 1880, and that moneys received in redemption of the $8,996,000 shall be applied : 1st, on account of interest on the loan and on the $7,380,912; 2nd, on account of the capital of the sum of $7,380,912; 3rd, on account of the capital of the loan.

It is also agreed that in default, as mentioned in the 13th paragraph of the agreement, the said bonds shall become the property of the Government. Until default, then, it is clear that the Government hold the bonds for the company, subject to the trusts and charges attaching thereto.

Under these circumstances, you ask whether the bonds should be treated as issued, and the trustees of the land grant mortgage called upon to pay interest thereon, or whether they are only to be so treated as earned by the company.

As the company is obliged to pay to the Government interest on the loan and on the sum of $7,380,912, and as any moneys received from the trustees in respect of the $8,896,000 bonds is to be applied, firstly, in reduction of this interest, it might be to the advantage of the company to have the bonds treated as issued, and I am not prepared to say that the words of the Act "with all remedies as to interest," &c., &c., "which could be exercised by a purchaser," are not broad enough to support such a claim if made by the company.

But the purchasers of the land grant bonds, and the trustees of the land grant mortgage are, I presume, interested in not having the charge upon the proceeds of lands sold increased beyond what is clearly authorized; and as the security for the issued bonds would be lessened by charging the lands now earned with the total issue, I am of opinion that we should not come to the conclusion that this was the intention of the Act, if there is any other reasonable construction to be put upon it.

As the bonds in the possession of the Government are earned by the company, they should, I think, be treated as issued, and interest collected on them; but that unearned bonds should not be so treated, as long as there is no default on the part of the company.

I would suggest, however, that you ask the Canadian Pacific Railway Company what their view is, and if they concur in the opinion I have expressed, you will, I think, be perfectly safe in not collecting interest on unearned bonds.

I have the honor to be, Sir, your obedient servant,

GEO. W. BURBIDGE, *Deputy Minister of Justice.*

Deputy Minister of Finance.

CANADIAN PACIFIC RAILWAY RETURN—SUBJECT No. 1—SELECTION OF ROUTE—LOCATION—CENTRAL SECTION, EASTWARDS, FROM STATION 2080, NEAR SAVONA'S FERRY, TO STATION 4310; DISTANCE ABOUT 42 MILES —MAP ATTACHED BUT NOT PRINTED.

MONTREAL, 12th September, 1884.

SIR,—I have the honor to transmit, for approval, profile of the main line, from station 2080, near Savona's Ferry, eastwards, to station 4310, a distance of about 42 miles. The plan of this portion of the line is not yet completed, but will be transmitted at an early date.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secy. Dept. Rys. and Canals, Ottawa.

OTTAWA, 17th September, 1884.

SIR,—Mr. Drinkwater's letter dated the 12th inst., under cover No. 34707, asking for the approval of the location of the main line of the Canadian Pacific Railway, from near Savona's Ferry, eastwards, for a distance of about (42) forty-two miles,

having been submitted to me, I have the honor to report that the maximum grade does not exceed 1 per 100 feet. The minimum curve is 10°. These curves occur where the line runs along the rocky shore of Lake Kamloops, and are confined within a distance of about six miles, where the rocks rise in places perpendicularly from the water's edge, and therefore recommend that the location be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *per F. J. L.*

A. P. Bradley, Esq., Secy. Railways and Canals.

Ottawa, 19th September, 1884.

Memorandum.—The undersigned has the honor to represent that under date the 17th instant, the Canadian Pacific Railway Company has submitted for approval the location of that part of their main line commencing at a point near Savona's Ferry, B.C., where it connects with the eastern end of contract No. 63, and extending easterly a distance of about 42 miles, along the south shore of Lake Kamloops.

That upon reference of the same to the Chief Engineer, that officer has reported, under date the 17th instant, that the maximum grade on the proposed line does not exceed 1 per 100 feet, and that the minimum curve is 10°; that the curves of that radius are comprised within a distance of six miles, along the shore of the lake, where the rocks recede, occasionally perpendicularly, from the water's edge, and he advises that the proposed location be adopted.

The undersigned, upon the said report of the Chief Engineer, recommends that the location of the Canadian Pacific Railway, as described above, be affirmed.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

Certified Copy *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the* 21*st September*, 1884.

On a memorandum dated 19th September, 1884, from the Acting Minister of Railways and Canals, representing that, under date the 12th instant, the Canadian Pacific Railway Company has submitted for approval the location of that part of their main line commencing at a point near Savona's Ferry, B. C., where it connects with the eastern end of contract No. 63, and extending easterly a distance of about 42 miles, along the south shore of Lake Kamloops.

The Minister further represents that the Chief Engineer of Government Railways, under date 17th September, 1884, has reported to the effect that the maximum grade on the proposed line does not exceed 1 per 100 feet, and that the minimum curve is 10°; that the curves of that radius are comprised within a distance of six miles, along the shore of the lake, where the rocks rise, occasionally perpendicularly, from the water's edge, and he advises that the proposed location be adopted.

The Minister, on the said report of the Chief Engineer, recommends that the location of the Canadian Pacific Railway, as described above, be approved.

The Committee advise that the same be approved accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

Ottawa, 26th September, 1884.

Sir,—I am instructed to enclose to you herewith a copy of a certified copy of an Order in Council, dated the 21st instant, approving of the location of the main line of your company's railway from a point near Savona's Ferry, B.C., and extending eastwardly a distance of about 42 miles along the south shore of Lake Kamloops

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

Charles Drinkwater, Esq., Secretary C. P. R. Co., Montreal.

OTTAWA, 26th September, 1884.

SIR,—I am instructed to enclose to you herewith a copy of certified copy of an Order in Council dated the 21st instant, approving of the location of the main line of the Canada Pacific Railway Company, from a point near Savona's Ferry, B.C., and extending eastwardly a distance of about 42 miles along the south shore of Lake Kamloops.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer.

Construction of "temporary line," 13 miles in length, approved, on the understanding that the cost of both "the temporary" and "the permanent lines" be brought within the limits of the resources comprised in the existing "subsidy" and "loan."

MONTREAL, 19th May, 1884.

SIR,—Plans and profiles of the proposed line, from the summit of the Rocky Mountains down to the Columbia River, covering the most difficult work on the entire line of the Canadian Pacific Railway, have already been submitted to you.

While this section of the line, with some modifications, in places, is entirely feasible, and the best that can be obtained, some important engineering questions have yet to be settled as regards some portions of it. It has been examined by a considerable number of engineers of high standing, who, while agreeing as to the general question of the feasibility of the line and its merits, as compared with any other, differ widely as to what should be done at particular points.

Several extensive boulder slides on the mountain sides have to be crossed, and there is some doubt as to the probability of their movement; and at Tunnel Mountain, above the line of the railway, a glacier exists, the movement and effect of which is as yet unknown and can only be surmised. While the proposed permanent line is entirely feasible, notwithstanding the existence of the glacier and the boulder slides, the local modifications necessary to protect the line against their movement, should any be found to occur, would materially increase its cost.

This difficult section occurs at the beginning of our present season's work, and embraces a tunnel through hard rock of about 1,400 feet in length, only about eleven miles from the present end of the track, and this tunnel must be completed before the work beyond can be reached to advantage. In the opinion of the constructing engineers this would result in delaying the final completion of the line nearly, if not quite, one year. The question of time being an important element in addition to the grave engineering questions before mentioned, the company, at the suggestion of Mr. Sandford Fleming, who had examined the line in person, and whose suggestion was approved by all of the engineers familiar with the ground, whose opinion was asked, decided upon a temporary line dropping quickly down from the summit of the Rocky Mountains into the comparatively level valley of the Kicking Horse River, by means of a grade of 232 feet per mile, following the river valley several hundred feet below the line, as located, on the mountain side, and intersecting the located line again about thirteen miles from the point of divergence; and as some years might be necessary to determine the disputed questions regarding the permanent line, it was

decided to make the temporary line available for operation for as long a time as might be necessary, making the gradients uniform, the curvature as light as practicable, and constructing the line substantially. This temporary line is estimated to cost about $400,000 and the heavy gradient of 232 feet per mile will be four miles in length.

A heavier gradient was used without difficulty on the Northern Pacific Railway, pending the completion of a long tunnel, and similar gradients have been used on one or more other railways crossing the western mountain ranges. This heavy gradient occurs on a section of the railway where the traffic must be very light for many years, where there will be no local traffic whatever, and where three, or at most four, trains each way per day will carry all the business to be done, so that for a number of years to come there will be no pressing need of a lighter gradient at the particular point mentioned, and it would seem that the immediate expenditure of the large amount necessary to build the permanent line at that point would be unwise as well as unnecessary, as it would not appreciably affect the transportation of freight and passengers or the cost of operation.

Moreover, I have no hesitation in stating that the difference in the cost of constructing the permanent line at the present time, when the work must be pushed to the utmost limit, and when wages are unnaturally high, as compared with doing it without pressure of time and when wages have returned to normal rates, will amount to the entire cost of the temporary line, so that in the end the cost of the railway, when fully completed, will not be affected.

This expedient was decided upon shortly after the close of the last season's work, and the cost of the temporary line was included in the estimates of the cost of the completion of the entire permanent line, as submitted by the company to the Government during the last Session of Parliament. Similar expedients for the saving of time and ultimate expense are very common on large works of this kind.

The plan and profile of this temporary line will be submitted to you within a few days, and I trust that the Government will approve the same for the purposes and for the reasons I have mentioned, in order that the company may receive a sufficient amount to cover its cost from the loan granted by Parliament.

I have the honor to be, Sir, your obedient servant,

W. C. VAN HORNE, *Vice-President.*

Hon. the Minister of Railways and Canals.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 28th May, 1884.

Sir,—A short time ago I had the honor to call the attention of the Department to the fact that the end of the current month was approaching, when a certificate of the value of work executed by the Canadian Pacific Railway Company on the Central Section would be called for, but that inasmuch as the certificate for April covered the entire location approved on this section, no further certificate could issue until the plans and profiles of the location for a further distance had been submitted and approved. The attention of the company was thereupon immediately called to the omission, and they were requested to submit their plans and profiles at once. In reply, the vice-president wrote to the Honorable Minister, under date of 19th instant, explaining that the course resolved upon by the company was to construct a temporary line for some 13 miles, upon four miles of which distance the grade would be 232 feet per mile, in order to avoid the very heavy work on the first 20 miles, descending westward down the Rocky Mountains from the Kicking Horse Pass, by this means not only expediting the completion of the line, but also affording an opportunity for a sufficiently prolonged observation of the movement and effects of a glacier stated to exist above the line in this locality, pending the determination of the work of construction, in such a manner as to counteract any heavy boulder slides or other difficulties resulting from the vicinity of the glacier and the consequent nature of the ground. The vice-president also states that upon some 15 miles of the 20 miles in question the work is exceedingly heavy, and that its immediate construction would

greatly retard the progress of the work further on, and would also add very considerably to its cost. In his opinion, should the immediate construction of the road in the permanent location be insisted upon, the final completion will be delayed by at least a year. He therefore asks that the company be permitted to build this temporary line as above described, with a view of expediting the completion of the remainder of the railway. The cost of these 13 miles of temporary line is estimated by him at $400,000.

The vice-president states in his report that this was to have been the *modus operandi* of the company under the former system of payment, before obtaining the loan.

Being called upon to report upon this matter, I have the honor to state that my estimate of the probable cost of the Western Division of the Central Section did not include the building of a temporary line at any point, but was merely intended to cover the cost of the construction of the permanent line within two years. This estimate was a close one, and if the construction of the permanent line within that time be insisted upon, there will not, I believe, be any portion of the loan or subsidy available for the proposed temporary section; and if the plan now proposed is to be carried out, and if the company look to the subsidy and loan only, I see no means of doing it, unless both temporary and permanent lines can be brought within the limits of those resources. At the same time, were this temporary line in operation and the permanent line completed, save this gap of 13 miles, and were the construction of this 13 miles allowed to proceed leisurely during several years, after the road is in operation, I have no doubt it could be done more cheaply, by at least 30 per cent., than if pushed forward at the present time when labor is dear and means of access costly.

There is no difficulty in working a grade of 232 feet, and during the construction of the Northern Pacific Railway a course was pursued similar to that now suggested by the vice-president.

Two large tunnels and other heavy work occurring, a temporary road, difficult and costly, was built over these mountains, at an elevation high above the tunnels, and crossing them, the grade being 240 feet per mile. In August, last, I travelled over this temporary line, and there appeared to be no difficulty in controlling the train which they were able to haul. I understand that the permanent line has since been finished and that the traffic now passes through the tunnels. My estimate of the cost of this 13 miles, if constructed rapidly, was $978,000; and I have stated that if sufficient time be granted, it can, in my opinion, be built for at least 33 per cent. less, or for $656,000.

This difference, together with the rails and sleepers available for the temporary line, would enable the company to build the two lines at an expenditure within my estimate for the permanent line.

If this estimate be correct, which I do not doubt, little or no loss could arise from building the temporary line, and communication from ocean to ocean would be accomplished earlier than by permanent line. I cannot, however, issue a certificate upon this portion of the line without the authority of an Order in Council.

Your obedient servant,

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

A. P. Bradley, Esq., Secretary Department Railways and Canals.

Ottawa, 29th May, 1884.

Memorandum.—The undersigned has the honor to represent that under date the 19th inst. the Canadian Pacific Railway Company have addressed a communication to him in reference to the location of their line westwards, from the summit of the Rocky Mountains to the Columbia River.

That the company state that while the proposed location is entirely feasible, notwithstanding the existence of a glacier and boulder slides, the local modifications necessary to protect the line against their movement, which embrace the formation

of a tunnel of about 1,400 feet in length through hard rock, at a point about eleven miles from the present end of the track, render it advisable, for the saving of time, that a temporary line should be constructed, about thirteen miles in length, dropping rapidly down from the summit into the comparatively level valley of the Kicking Horse River, by means of a grade of 232 feet per mile, for a distance of four miles, then following the river valley several hundred feet below the line as located on the mountain side, and joining the located line beyond the point where the engineering difficulties above mentioned are to be encountered. In view of the fact that a period of some years may be necessary to determine the disputed questions regarding the said difficulties, they would construct the temporary line in a substantial manner, with uniform gradients and light curvatures, so as to render it available for operation as long as may be necessary.

The company urge that the difference in the cost of constructing the permanent line at the present time, when the work must be pushed to the utmost limit, and when wages are abnormally high, and the cost when hereafter wages have returned to normal rates, will amount to the entire cost of the temporary line, which they estimate at about $400,000; so that, in the end, the cost of the railway, when fully completed, will not be affected.

That under date the 28th inst., the Chief Engineer has reported, showing that the construction of a temporary line, pending the building of tunnels was successfully followed on the line of the Northern Pacific Railway, the gradients being even greater than that now proposed, namely, 240 feet per mile, and that the control of the train was a matter of no difficulty; that as to the question of cost his estimate for the thirteen miles (located line) if constructed rapidly, was $978,000; and that, in his opinion, it can, if sufficient time be given, be built for at least 33 per cent. less, or for $656,000; and this difference, together with the rails and sleepers available for the temporary line, would enable the company to build the two lines at an expenditure within his estimate for the permanent line. His estimate for the cost of the road, upon which his certificates are now based, was not intended, he states, to cover more than the cost of the construction of the permanent line within two years; that it was a close one, and that if the building of the permanent line within that time be insisted on, there will not, he believes, be any portion of the "loan" or "subsidy" available for the temporary line; and his certificate, therefore, is withheld accordingly, pending decision.

The undersigned, in view of the facts as above set forth, recommends that approval be given to the construction of the temporary line as proposed, pending the completion of the line as located; and for the inclusion of the work done thereon in the progress estimates of the Chief Engineer, it being understood that, as suggested by that officer, the cost to the Government of both the temporary and permanent lines be brought within the limits of the resources comprised in the existing "subsidy" and "loan."

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 30th May*, 1884.

On a memorandum dated 29th May, 1884, from the Acting Minister of Railways and Canals, submitting a communication, dated 19th May instant, from the Canadian Pacific Railway Company, in reference to the location of their line westwards from the summit of the Rocky Mountains to the Columbia River, in the Province of British Columbia;

The Minister observes that the company state that, while the proposed location is entirely feasible, notwithstanding the existence of a glacier and boulder slide, the local modifications necessary to protect the line against their movement, which embrace the formation of a tunnel of about 1,400 feet in length, through hard rock, at a point about eleven miles from the present end of the track, render it

advisable, for the saving of time, that a temporary line should be constructed, about thirteen miles in length, dropping rapidly down from the summit into the comparatively level valley of the Kicking Horse River, by means of a grade of 232 feet per mile for a distance of four miles, then following the river valley several hundred feet below the line as located on the mountain side, and joining the located line beyond the point where the engineering difficulties above mentioned are to be encountered. In view of the fact that a period of some years may be necessary to determine the disputed questions regarding the said difficulties, they would construct the temporary line in a substantial manner, with uniform gradients and light curvature, so as to render it available for operation as long as may be necessary.

The company urge that the difference in the cost of constructing the permanent line at the present time, when the work must be pushed to the utmost limit, and when wages are abnormally high, and the cost when hereafter wages have returned to normal rates, will amount to the entire cost of the temporary line, which they estimate at about $400,000; so that, in the end, the cost of the railway, when fully completed, will not be affected.

The Minister represents that under date the 28th inst., the Chief Engineer has reported showing that the construction of a temporary line, pending the building of tunnels, was successfully followed on the line of the Northern Pacific Railway, the grade being even greater than that now proposed, namely, 240 feet per mile, and that the control of the train was a matter of no difficulty. That as to the question of cost, his estimate for the 13 miles (located line), if constructed rapidly, was $978,000, and that, in his opinion, it can, if sufficient time be given, be built for at least 33 per cent. less, or for $656,000, and this difference, together with the rails and sleepers available for the temporary line, would enable the company to build the two lines at an expenditure within his estimate for the permanent line. His estimate of the cost of the road, upon which his certificates are now based, was not intended, he states, to cover more than the cost of the construction of the permanent line within two years; that it was a close one, and that if the building of the permanent line within that time be insisted on, there will not, he believes, be any portion of the loan or subsidy available for the temporary line, and his certificate therefore is withheld accordingly, pending decision.

The Minister, in view of the facts as above set forth, recommends that approval be given for the construction of the temporary line as proposed, pending the completion of the line as located, and for the inclusion of the work done thereon in the progress estimates of the Chief Engineer, it being understood that, as suggested by that officer, the cost to the Government of both temporary and permanent lines be brought within the limits of the resources comprised in the existing subsidy and loan.

The Committee concur in the report, and the recommendation therein made, and they submit the same for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 13th June, 1884.

SIR,—I am directed to inform you that an Order in Council (No. 34104) was passed on the 30th ult., authorizing the construction of a temporary line from the summit of the Rocky Mountains to the Columbia River, B. C., and of the inclusion of the work done thereon in the progress estimates of the Chief Engineer, the cost to the Government of both temporary and permanent lines to be brought within the limits of the resources comprised in the railway subsidy and loan.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Chief Engineer, Ottawa.

SELECTION OF ROUTE—LOCATION—CENTRAL SECTION, WESTWARDS, FROM THE SUMMIT OF THE ROCKY MOUNTAINS TO A POINT ABOUT $35\frac{32}{100}$ MILES WEST, ABOUT $9\frac{02}{100}$ MILES BEING TEMPORARY LINE.

MONTREAL, 9th June, 1884.

SIR,—I beg to transmit for the approval of His Excellency the Governor General in Council, plans and profiles covering a distance of $35\frac{32}{100}$ miles, as nearly as possible, of the main line west of the summit of the Rocky Mountains, a portion of which, from station 200 to station 680+2.12 west of said summit, a distance of about $9\frac{02}{100}$ miles, is temporary line. I also beg to transmit plan and profile of the permanent line between these two points.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Department Railways and Canals, Ottawa.

OTTAWA, 13th June, 1884.

SIR,—I have the honor to state that I have examined the plans and profiles of the permanent line of the Canadian Pacific Railway between the summit of the Kicking Horse Pass and a point 35 miles west thereof, submitted to me with Mr. Drinkwater's letter of the 9th instant, under cover No. 34134, and I find that the minimum curve is 10° and the maximum grade 116 feet per mile. These are, I believe, necessitated by the general features of the country, and I scarcely think that a better location than that now submitted can be obtained through the Kicking Horse Pass; and as it has generally been understood that such grades and curves would have to be encountered in passing over the Rocky Mountain and Selkirk Ranges, I recommend this location for approval.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 13th June, 1884.

SIR,—I have the honor to present, for the information of the Honorable the Acting Minister, a profile of the temporary line, nine miles in length, descending the western slope of the Rocky Mountains, which was authorized by Order in Council, under certain conditions. Upon this temporary line, as I have before stated, the maximum grade is 237 feet per mile, with minimum curves of 11° 30′. I have drawn the attention of the general manager to these very sharp curves upon this severe grade, and I have no doubt he will flatten them, as far as practicable.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 18th June, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 9th instant the Canadian Pacific Railway Company have submitted plans and profiles of their permanent line, extending from the summit of the Rocky Mountains to a point 35 miles west thereof.

That under date the 13th instant the Government Chief Engineer has reported, stating that the minimum curve is 80° and the maximum grade 116 feet per mile; that these are necessitated by the general features of the country, and that he does not consider that a better location than that submitted can be obtained through the Kicking Horse Pass. He accordingly advises its adoption.

The undersigned thereupon recommends that the approval of Your Excellency in Council be given to the location in question.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the* 21*st June*, 1881.

On a memorandum dated 18th June, 1884, from the Acting Minister of Railways and Canals, submitting plans and profiles of the Canadian Pacific Railway Company for their permanent line, extending from the summit of the Rocky Mountains to a point 35 miles west thereof;

The Minister represents that the Chief Engineer of Government Railways, under date the 13th instant, has reported, stating that the minimum curve is 10° and the maximum grade 116 feet per mile; that these are necessitated by the general features of the country, and that he does not consider that a better location than that now submitted can be obtained through the Kicking Horse Pass. He accordingly advises its adoption.

The Minister therefore recommends that approval be given to the plans and profiles of the location in question as submitted.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister Railways and Canals.

OTTAWA, 3rd July, 1884.

SIR,—I am directed to enclose to you a copy of a certified copy of an Order in Council dated 21st ult., approving of the plans and profiles of your company for their permanent line, extending from the summit of the Rocky Mountains to a point thirty-five (35) miles west thereof.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Secretary C. P. R. Co., Montreal.

CANADA PACIFIC RAILWAY COMPANY—SELECTION OF ROUTE—LOCATION, CENTRAL (ROCKY MOUNTAIN) SECTION, WESTWARDS, FROM A POINT $35\frac{32}{100}$ MILES WEST OF SUMMIT OF ROCKY MOUNTAINS, TO POINT NEAR JUNCTION OF COLUMBIA RIVER, OR FROM THE 995th MILE TO THE 1,005th MILE WEST OF WINNIPEG.

MONTREAL, 7th July, 1884.

Sir,—I have the honor to send you herewith, for the approval of His Excellency the Governor General in Council, a plan and profile, showing the location of that portion of the main line of the Canadian Pacific Railway (Rocky Mountain section), extending from a point on the Kicking Horse River, known as Beaver Foot Summit, about $35\frac{32}{100}$ miles west of the summit of the Rocky Mountains, to a point near the junction of the Columbia River, or from the 995th mile to the 1,005th mile west of Winnipeg.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Department Railways and Canals, Ottawa.

OTTAWA, 11th July, 1884.

Sir,—Mr. Drinkwater's letter, dated 7th instant (under cover 34304), submitting for approval a plan and profile of the Canadian Pacific Railway (Rocky Mountain section), extending from the Beaver Foot Summit to a point near the junction of the Columbia River, a distance of about 10 miles, having been referred to me, I have the honor to report that the maximum grade is 116 feet per mile and the minimum curve 10°. These are, I believe, necessitated by the general features of the country, and as it has been generally understood that such grades and curves would have to

be encountered in passing the Rocky Mountain and Selkirk Ranges, I recommend this location for approval.

I have the honor to be, Sir, your obedient servant,
COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Department Railways and Canals.

OTTAWA, 18th July, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 7th inst. the Canadian Pacific Railway Company have submitted for approval a plan and profile, showing the proposed location of a further portion of their main line, extending from a point on the Kicking Horse River, known as Beaver Foot Summit, about 35 miles west of the summit of the Rocky Mountains, up to which it had been approved by an Order of the 31st ultimo, to a point near the junction of the Columbia River, or from the 995th mile to the 1,005th mile, west of Winnipeg.

That under date the 11th inst. the Chief Engineer has reported that the maximum grade is 116 feet per mile and the minimum curve 10°, and that he believes these to be necessitated by the general features of the country, and advises that the location be approved.

The undersigned recommends that approval be given accordingly.

Respectfully submitted,
J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 25th July,* 1884.

On a memorandum dated 18th July, 1884, from the Acting Minister of Railways and Canals, representing that under date the 7th July, instant, the Canadian Pacific Railway Company have submitted for approval, a plan and profile, showing the proposed location of a further portion of their main line, extending from a point on the Kicking Horse River, known as Beaver Foot Summit, about 35 miles west of the summit of the Rocky Mountains, up to which it had been approved by an Order in Council dated 21st June last, to a point near the junction of the Columbia River, or from the 995th mile to the 1,005th mile west of Winnipeg; and that the Chief Engineer, under date 11th inst., reported that the maximum grade is 116 feet per mile and the minimum curve 10°, and that he believes these to be necessitated by the general features of the country;

The Minister, on the advice of the Chief Engineer, recommends that approval be given to the location as submitted.

The Committee advise that the same be approved accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 30th July, 1884.

SIR,—I have the honor to transmit, for your information, a copy of an Order in Council of 20th July, approving of location of the main line of the Canadian Pacific Railway, from the 995th to the 1,005th mile west of Winnipeg.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer, Ottawa.

OTTAWA, 30th July, 1884.

SIR,—I have the honor to transmit, for your information, a copy of an Order in Council of 25th July, approving of location of the main line of the Canadian Pacific Railway, from the 995th to the 1,005th mile west of Winnipeg.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

C. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

SELECTION OF ROUTE—LOCATION—CENTRAL (ROCKY MOUNTAIN) SECTION, WESTWARDS, FROM A POINT NEAR JUNCTION OF COLUMBIA RIVER TO A POINT TWO MILES EAST OF WAIT-A-BIT CREEK, OR FROM THE 1,005th TO THE 1,020th MILE.

MONTREAL, 8th August, 1884.

SIR,—I have the honor to hand you, for the approval of His Excellency the Governor General in Council, plan and profile showing the location of that portion of the main line of the Canadian Pacific Railway (Rocky Mountain section) extending from a point on the Kicking Horse River, near its junction with the Columbia River, to a point two miles east of the Wait-a-Bit Creek, or from the 1,005th mile to the 1,020th mile west of Winnipeg.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 14th August, 1884.

Sir,—Mr. Drinkwater's letter, dated the 8th August, under cover No. 34537, accompanied by plan and profile, and asking for the approval of the location of the main line of the Canadian Pacific Railway from a point on the Kicking Horse River, near its junction with the Columbia River, to a point two miles east of the Wait-a-Bit Creek, or from the 1,005th to the 1,020th mile west of Winnipeg, having been submitted to me, I have the honor to report that the maximum grade does not exceed 1 per 100 feet and the minimum curve is 5°, with a good alignment. I have therefore to recommend that the location be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 14th August, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 8th instant the Canadian Pacific Railway Company have submitted for approval a plan and profile showing the proposed location of that portion of their main line from a point on Kicking Horse River, near its junction with the Columbia River, in British Columbia, to a point two miles east of the Wait-a-Bit Creek, or from the 1,005th mile west from Winnipeg, up to which point approval has been given by an Order in Council of the 25th ultimo, to the 1,020th mile west from Winnipeg.

That the Chief Engineer has reported thereon under date the 14th instant, stating that the maximum grade does not exceed 1 per 100 feet and the minimum curve 5°. The alignment being good, he advises that the location be approved.

The undersigned recommends that approval be given accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 13th September,* 1884.

On a memorandum dated 14th August, 1884, from the Acting Minister of Railways and Canals, representing that under date the 8th August, 1884, the Canadian Pacific Railway Company have submitted for approval a plan and profile showing the proposed location of that portion of their main line extending from a point on the Kicking Horse River, near its junction with the Columbia River, in British Columbia, to a point two miles east of the Wait-a-Bit Creek, or from the 1,005th mile west from Winnipeg, up to which point approval has been given by an Order in Council of the 25th July, 1884, to the 1,020th mile west from Winnipeg; and that the Chief Engineer has reported thereon, under date the 14th August, 1884, to the

effect that the maximum grade does not exceed 1 per 100 feet and the minimum curve is 5°, and the alignment being good;

The Minister, upon the said report of the Chief Engineer, recommends that the plan and profile, as submitted, be approved accordingly.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 19th September, 1884.

SIR,—I am directed to enclose to you herewith a copy of a certified copy of an Order in Council, dated the 13th instant, approving of the location of the main line of the Canadian Pacific Railway Company, from the 1,005th to the 1,020th mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer, C.P.R. Co., Ottawa.

OTTAWA, 19th September, 1884.

SIR,—I am directed to enclose to you herewith a copy of a certified copy of an Order in Council dated the 13th instant, approving the location of the main line of your company, from the 1,005th to the 1,020th mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. DRINKWATER, Secretary C.P.R. Co.

SELECTION OF ROUTE — LOCATION — CENTRAL SECTION, WESTWARDS, FROM THE 1,020TH MILE TO THE 1,038TH MILE WEST FROM WINNIPEG.

MONTREAL, 12th September, 1884.

SIR,—I have the honor to transmit, for approval, plan and profile of a portion of the main line from the 1,020th to the 1,038th mile west of Winnipeg. I beg to state, however, that the plan does not cover two miles (1,029 and 1,030), information necessary to complete the same not having been received. The missing piece will be forwarded with a subsequent letter.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

MONTREAL, 17th September, 1884.

SIR,—With reference to my letter of the 12th inst., submitting plan and profile of the main line for approval, I now beg to enclose a plan covering the two miles, 1,029 and 1,030, referred to in the said letter, which will complete the plan and profile of the distance from the 1,020th to the 1,038th mile west of Winnipeg.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 18th September, 1884.

SIR,—Mr. Drinkwater's letter, dated the 17th inst., accompanied by plans and profiles, and asking the approval of the main line of the Canadian Pacific Railway, from the 1,020th to the 1,038th mile west of Winnipeg, having been submitted to me, I have the honor to report that the maximum grade is 90 feet to the mile and the minimum curve 10°. The general features of the country require, I believe, these

gradients and curves, and I therefore recommend that the location now submitted be adopted.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, per F. J. L.

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 19th September, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 12th instant the Canadian Pacific Railway Company have submitted for approva plans and profiles showing the proposed location of that portion of their main line extending from a point up to which approval has been given by an Order in Council, dated the 13th instant, namely, the 1,020th mile west from Winnipeg up to the 1,038th mile west from Winnipeg.

That upon submission of the said plans to the Chief Engineer he has reported thereon, under date the 18th instant, to the effect that the minimum grade is 90 feet to the mile and that the maximum curve is 10°. The Chief Engineer states that according to his belief the general features of the country require these gradients and curves, and he advises that the location proposed be adopted.

The undersigned, upon the report of the Chief Engineer, recommends that this location, as shown in the said plans and profiles, be approved.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee, of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 21st September*, 1884.

On a memorandum, dated 19th September, 1884, from the Acting Minister of Railways and Canals, representing that under date the 12th instant the Canadian Pacific Railway Company have submitted for approval plans and profiles showing the proposed location of that portion of their main line extending from a point up to which approval has been given by an Order in Council dated the 13th instant, namely, the 1,020th mile west from Winnipeg up to the 1,038th mile west from Winnipeg ;

The Minister further represents that the Chief Engineer of Government Railways, under date 18th September, 1884, has reported to the effect that the maximum grade is 90 feet to the mile and that the minimum curve is 10°, and he believes that the general features of the country require these gradients and curves, and he advises that the location proposed be adopted.

The Minister, on the said report of the Chief Engineer, recommends that this location, as shown in the said plans and profiles, be approved.

The Committee advise that the plans and profiles, as submitted, be approved accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 26th September, 1884.

SIR,—I am, by direction, to inform you that an Order in Council was passed on the 21st inst. (copy enclosed) approving of the location of the main line of the Canadian Pacific Railway from the 1,020th to the 1,038th mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer, Ottawa.

OTTAWA, 26th September, 1884.

SIR,—I am directed to enclose to you herewith a copy of a certified copy of an Order in Council, dated the 21st inst., approving of the location of the main line of your company from the 1,020th to the 1,038th mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

SELECTION OF ROUTE—LOCATION—CENTRAL SECTION, WESTWARDS, FROM THE 1,038TH MILE TO THE 1,054TH MILE WEST FROM WINNIPEG, OR THE 95TH MILE WEST FROM THE SUMMIT OF THE ROCKY MOUNTAINS.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 25th October, 1884.

SIR,—I have the honor to transmit, for approval, plan and profile of the main line, from the beginning of the 1,038th mile west from Winnipeg, or the 79th mile west from the summit of the Rocky Mountains to the summit of the Roger's Pass, in the Selkirks, which is in the 1,054th mile west from Winnipeg, or the 95th mile west from the summit of the Rocky Mountains.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. of Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 28th October, 1884.

SIR,—Mr. Drinkwater's letter, dated the 25th instant, under cover No. 35006, forwarding plan and profile, and asking for the approval of the location of the main line of the Canadian Pacific Railway from the 1,038th to the 1,054th mile west from Winnipeg, having been submitted to me, I have the honor to report that I have examined Mr. Drinkwater's letter, covering a distance of 16 miles, from Six Mile Creek to the summit of the Selkirk Mountains, and find that the minimum curve is 10° and the maximum grade 116 feet per mile.

These curves and grades are, I believe, necessitated by the general features of the country, and as it has been generally understood that such curves and grades would have to be encountered in passing over the Rocky Mountain and Selkirk Ranges, I recommend this location for approval.

I have the honor to be, Sir, your obedient servant,
COLLINGWOOD SCHREIBER, *Chief Engineer, per F.J.I.*

A. P. BRADLEY, Esq., Secretary of Railways and Canals.

OTTAWA, 29th October, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 25th instant the Canadian Pacific Railway Company have submitted a plan and profile of the main line of their road from the beginning of the 1,038th mile west from Winnipeg, or the 79th mile west from the summit of the Rocky Mountains to the summit of the Roger's Pass, in the Selkirk Range, to a point which is in the 1,054th mile west from Winnipeg, or the 95th mile west from the summit of the Rocky Mountains.

That under date the 28th instant the Chief Engineer has reported to the effect that the minimum curve on this distance, as shown on the said plan and profile, is of ten (10) degrees, and the maximum grade 116 feet per mile. These curves and grades are, he considers, necessitated by the general features of the country, and he recommends that the location submitted be approved.

The undersigned accordingly recommends that the said location be approved.

Respectfully submitted,
J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 2nd November*, 1884.

On a memorandum dated 29th October, 1884, from the Acting Minister of Railways and Canals, representing that under date the 25th instant the Canadian Pacific Railway Company have submitted a plan and profile of the main line of their road,

from the beginning of the 1,038th mile west from Winnipeg, or the 79th mile west from the summit of the Rocky Mountains to the summit of the Roger's Pass, in the Selkirk Range, to a point which is in the 1,054th mile west from Winnipeg, or the 95th mile west from the summit of the Rocky Mountains ;

The Minister further represents that the Chief Engineer has reported, under date the 28th instant, to the effect that the minimum curve on this distance, as shown in the said plan and profile is of ten (10) degrees, and the maximum grade 116 feet per mile. Those curves and grades are, he considers, necessitated by the general features of the country.

The Minister, on the advice of the Chief Engineer, recommends that the location, as submitted, be approved.

The Committee advise that the location be approved accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 7th November, 1884.

SIR,—I am directed to forward to you copy of an Order in Council, dated the 2nd instant, approving of the location, plan and profile of the main line of the Canadian Pacific Railway from the 1,038th to the 1,054th mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

OTTAWA, 7th November, 1884.

SIR,—I am directed to transmit to you copy of an Order in Council, dated the 2nd November, approving of the location, plan and profile of the Canadian Pacific Railway main line from the 1,038th to the 1,054th mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer C. P. R. Co., Ottawa.

SELECTION OF ROUTE—LOCATION—EASTERN SECTION, EASTWARDS, FROM NIPIGON RIVER TO PENINSULA HARBOR, OR 183 MILES EAST FROM PORT ARTHUR; ALSO FROM THE 183RD MILE TO THE 327TH MILE EAST OF PORT ARTHUR; ALSO FROM THE 327TH MILE TO THE 366TH MILE EAST OF PORT ARTHUR; ALSO FROM THE 366TH MILE (39 MILES EAST OF DOG LAKE) TO THE 406TH MILE EAST OF PORT ARTHUR (79 MILES EAST OF DOG LAKE).

MONTREAL, 7th February, 1884.

SIR,—I have the honor to hand you, for the approval of His Excellency the Governor General in Council, plans and profiles showing the location of that portion of the main line of the Canadian Pacific Railway extending from Nipigon River eastwards, along the north shore of Lake Superior to Peninsula Harbor, a distance of 117 miles, or to a point 183 miles east of Port Arthur.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

MONTREAL, 20th February, 1884.

SIR,—I beg to hand you, for the approval of His Excellency the Governor General in Council, plans and profile of the main line of the Canadian Pacific Railway within the "Eastern Section," extending from Peninsula Harbor (183 miles east from Port Arthur) eastwards, to the head waters of the Michipicoten River, a distance of 144 miles, or to the 327th mile east from Port Arthur.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 23rd February, 1884.

SIR,—Communications from the Canadian Pacific Railway Company, under covers Nos. 33206 and 33292, dated respectively the 7th and 20th February instant, asking for the approval of the location of the main line of the Canadian Pacific Railway from Nipigon to the head waters of the Michipicoten River, a distance of about 261 miles, having been referred to me, I have the honor to report that I have examined the plans and profiles submitted by the company, covering the distance between the above-named points, and find the general character of the country very heavy and mountainous, necessitating a very crooked alignment; the gradients and curvatures are as favorable as the nature of the country will admit of, and conform to the requirements of the Canadian Pacific Railway Act. I therefore recommend that the location of this portion of the main line be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals.

OTTAWA, 26th February, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 7th and 20th instant the Canadian Pacific Railway Company have submitted for approval plans and profiles showing the further location of their line eastward from the River Nipigon, up to which point it had been approved of by an Order in Council dated 29th March, 1883, to the head waters of the River Michipicoten, a distance of about 261 miles, or a total distance eastwards from Port Arthur of 327 miles.

That under date the 23rd instant the Chief Engineer has reported thereon to the effect that the gradients and curvatures are as favorable as the nature of the country, which is very heavy and mountainous, and necessitated a very crooked alignment, will admit of, and that they conform to the requirements of the Canadian Pacific Railway Act. The Chief Engineer advises that the location submitted be approved of.

The undersigned thereupon recommends that approval be given accordingly.

Respectfully submitted,

CHARLES TUPPER, *Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council approved of by His Excellency the Governor General in Council on the 5th May,* 1884.

On a memorandum dated 26th February, 1884, from the Minister of Railways and Canals, submitting that under date the 7th and 20th February the Canadian Pacific Railway Company have submitted for approval plans and profiles showing the further location of their line eastwards from the River Nipigon, up to which point it had been approved of by Order in Council dated 29th March, 1883, to the head waters of the River Michipicoten, a distance of about 261 miles, or a total distance eastwards from Port Arthur of 327 miles;

The Minister represents that the Chief Engineer, under date the 23rd February, reported that the gradients and curvature are as favorable as the nature of the country, which is very heavy and mountainous, and necessitated a very crooked alignment, will admit of, and that they conform to the requirements of the Canadian Pacific Railway Act, and advises that the location submitted be approved.

The Minister thereupon recommends that approval be given to the said location.

The Committee submit the plans and profiles above referred to for Your Excellency's approval accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 2nd June, 1884.

SIR,—I am directed to transmit to you herewith a copy of a certified copy of an Order in Council, dated 5th May ult., approving plans and profiles of the location of the line of the Canadian Pacific Railway eastward from the River Nipigon, up to which point it had been approved by Order in Council of 29th March, 1883, to the head waters of the River Michipicoten, a distance of about 261 miles.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

OTTAWA, 2nd June, 1884.

SIR,—I am directed to enclose to you a copy of a certified copy of an Order in Council, approving plans and profiles of the location of the line of the Canadian Pacific Railway eastward from the River Nipigon, up to which point it had been approved by Order in Council, 29th March, 1883, to the head waters of the River Michipicoten, a distance of about 261 miles.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer.

SELECTION OF ROUTE—LOCATION—EASTERN SECTION, EASTWARDS, FROM NEAR DOG LAKE, 327TH MILE EAST OF PORT ARTHUR, TO LAKE NIPISSING, 366TH MILE EAST OF PORT ARTHUR.

MONTREAL, 7th July, 1884.

SIR,—I have the honor to send you herewith, for the approval of His Excellency the Governor General in Council, a plan and profile of the location of the main line of the Canadian Pacific Railway, within the Eastern Section, extending from a point near Dog Lake (327 miles east of Port Arthur), eastward to Lake Nipissing, a distance of 39 miles, or to the 366th mile east of Port Arthur.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. of Railways and Canals, Ottawa.

P.S.—Since the enclosed plan was made, the location between the 29th and 39th miles has been revised and slightly changed. These changes are shown on the enclosed profile, and consequently it differs slightly from the plan.

OTTAWA, 11th June, 1884.

SIR,—Mr. Drinkwater's letter, dated the 7th July, submitting for approval a plan and profile of the location of the main line of the Canadian Pacific Railway extending from a point near Dog Lake, head waters of Michipicoten River, to Lake Nipissing, a distance of 39 miles, having been referred to me, I have the honor to report that I find, by an examination of the plan and profile, that the maximum grade is 1 per 100 feet, and the minimum curve 6° 30′; and from the general character of the country traversed, the alignment may be considered satisfactory. I therefore recommend that the proposed location be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 18th July, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 7th of the present month the Canadian Pacific Railway Company have submitted for approval a plan and profile showing the further location of their line eastwards from

a point near Dog Lake, the head waters of the River Michipicoten, up to which it had been approved by an Order of the 5th of May last, to Lake Nipissing, a distance of 89 miles.

That under date the 11th ult. the Chief Engineer has reported that an examination of the plan and profile shows the maximum grade to be 1 per 100 feet and the minimum curve 6° 30′, and that in view of the general character of the country traversed the alignment may be considered satisfactory. He advises, accordingly, that the location be approved.

The undersigned recommends that approval be given to the location submitted.

Respectfully submitted,
J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 25th July,* 1884.

On a memorandum dated 18th July, 1884, from the Acting Minister of Railways and Canals, representing that under date the 7th of the present month the Canadian Pacific Railway Company have submitted for approval a plan and profile showing the further location of their line eastwards from a point near Dog Lake, the head waters of the River Michipicoten, up to which it had been approved by an Order of the 5th of May last, to Lake Nipissing, a distance of 39 miles, and that the Chief Engineer, under date 11th June, reported that an examination of the plan and profile shows the maximum grade to be 1 per 100 feet and the minimum curve 6° 30′, and that in view of the general character of the country traversed the alignment may be considered satisfactory;

The Minister, on the advice of the Chief Engineer, recommends that approval be given to the location submitted.

The Committee submit the same for Your Excellency's approval accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 30th July, 1884.

SIR,—I have the honor to transmit, for your information, a copy of an Order in Council of the 25th instant, approving of the location of the Canadian Pacific Railway eastward, from a point near Dog Lake, at the head waters of the River Michipicoten, to Lake Nipissing.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary, per W.L.T.*

C. SCHREIBER, Esq., Chief Engineer, Ottawa.

OTTAWA, 30th July, 1884.

SIR,—I have the honor to transmit, for your information, a copy of an Order in Council of the 25th instant, approving of the location of the Canadian Pacific Railway, eastward, from a point near Dog Lake, at the head waters of the River Michipicoten, to Lake Nipissing.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary, per W.L.T.*

SELECTION OF ROUTE—LOCATION—EASTERN SECTION, EASTWARDS, FROM THE 39TH MILE EAST OF DOG LAKE, 366 MILES, TO THE 79TH MILE EAST OF DOG LAKE, 406 MILES.

MONTREAL, 19th July, 1884.

SIR,—I beg to send you herewith profile of the main line from the 152nd to the 217th mile west of Callander. A part of this profile has already been sent in for

approval, namely, up to the 190th mile, but some changes have since been made in the line, and it is desired that the plan now sent be substituted, as regards the distance between the 152nd and 190th mile, for that already deposited. I also transmit a profile of that portion of the main line from the 28th to the 79th mile east of Dog Lake, part of which has also been sent in for approval, namely, the portion from Dog Lake to the 39th mile east, and which it is requested may be substituted in like manner for the plan heretofore deposited, as regards the distance between Dog Lake and the 39th mile.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 1st August, 1884.

SIR,—Mr. Drinkwater's letter, dated the 19th ultimo, under cover No. 34401, submitting for approval a profile of the location of the main line of the Canadian Pacific Railway from the point last approved of, 39 miles east of Dog Lake to the 79th mile eastward, having been referred to me, I have the honor to report that I have examined the said profile and find it satisfactory, the maximum grade being 1 per 100 feet and the minimum curve 6°, and the alignment as direct as the nature of the country allows. I therefore recommend that the location now submitted be approved.

I have the honor to be, Sir, your obedient servant,
COLLINGWOOD SCHREIBER, *Chief Engineer, per Y.J.L.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals.

OTTAWA, 2nd August, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 19th ultimo the Canadian Pacific Railway Company have submitted for approval a profile of the location of their main line from the point last approved by an Order of the 25th ultimo, namely, the 39th mile east of Dog Lake to a point 79 miles east of Dog Lake.

That under date the 1st instant the Chief Engineer has reported that the profile furnished is satisfactory, the maximum grade being 1 per 100 feet, the minimum curve 6°, and the alignment as direct as the nature of the country allows. He advises the approval of the location.

The undersigned recommends that approval be granted accordingly.

Respectfully submitted,
J. H. POPE, *Acting Min. Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 7th August*, 1884.

On a memorandum dated the 2nd of August, 1884, from the Acting Minister of Railways and Canals, submitting the location of the Canadian Pacific Railway from the point last approved by an Order of the 25th of July last, namely, the 39th mile east of Dog Lake to a point 79 miles east of Dog Lake;

The Minister represents that on the 1st inst. the Chief Engineer of Government Railways has reported, stating that the profile furnished is satisfactory, the maximum grade being 1 per 100, the minimum curve 6°, and the alignment as direct as the nature of the country allows, and he advises the approval of the location.

The Minister therefore recommends that approval be given to the location as submitted.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 15th August, 1884.

SIR,—I am directed to transmit to you copy of an Order in Council, dated the 7th inst., approving of the location of the Canadian Pacific Railway from the 39th mile east of Dog Lake to a point 40 miles further east.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

COLLINGWOOD SCHRIEBER, Esq.

OTTAWA, 15th August, 1884.

SIR,—I am instructed to transmit to you copy of an Order in Council of the 7th August, approving of the proposed location of the Canadian Pacific Railway between the 39th and 79th mile east of Dog Lake.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

SELECTION OF ROUTE—LOCATION—EASTERN SECTION, WESTWARDS, FROM THE 130TH MILE TO THE 190TH MILE WEST OF CALLANDER. ALSO FROM THE 152ND (AMENDED) TO THE 217TH MILE WEST OF CALLANDER; AND ALSO FROM THE 217TH MILE TO THE 252ND MILE WEST OF CALLANDER, COMPLETING THE LOCATION BETWEEN CALLANDER AND PORT ARTHUR.

MONTREAL, 20th February, 1884.

SIR,—I beg to hand you, for the approval of His Excellency the Governor General in Council, plan and profile of the location of that portion of the main line of the Canadian Pacific Railway within the "Eastern Section," extending from the 130th mile to the 190th mile west of Callander.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dep. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 23rd February, 1884.

SIR,—A communication from the Canadian Pacific Railway Company, dated the 20th February, instant, under cover No. 33291, submitting for approval the location of the main line of the Canadian Pacific Railway from the point last approved, being the 130th mile to the 190th mile west of Callander, having been referred to me, I have to state that I have examined the plan and profile submitted, and beg leave to report that the grades and curves conform to the Canadian Pacific Railway Act, and from the general character of the country traversed, the alignment may, I think, be considered satisfactory. I therefore recommend that the location proposed be approved.

I have the honor to be, Sir, your obedient servant,
COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Dep. Railways and Canals, Ottawa.

OTTAWA, 26th February, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 20th inst., the Canadian Pacific Railway Company have submitted for approval, as required by their contract, a plan and profile of the location of that portion of the main line of their road extending from the 130th mile (to which point approval had been given by an Order in Council of the 6th of December, inst.) to the 190th mile west from Callander.

That under date the 28th inst. the Chief Engineer has reported that the grades and curves shown conform to the requirements of the company's Act, and that, from the general character of the country traversed, the alignment may be considered satisfactory.

The undersigned recommends that the location be approved.

Respectfully submitted,

CHARLES TUPPER, *Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 5th May,* 1884.

On a memorandum dated 26th February, 1884, from the Minister of Railways and Canals, submitting that under date the 20th February, the Canadian Pacific Railway Company have submitted for approval, as required by their contract, a plan and profile of the location of that portion of the main line of their road extending from the 130th mile (up to which point approval had been given by an Order in Council of the 6th December last) to the 190th mile west from Callander;

The Minister represents that the Chief Engineer has reported, under date the 23rd February, that the grades and curves shown conform to the requirements of the company's Act, and that from the general character of the country traversed the alignment may be considered satisfactory.

The Minister recommends that the location be approved.

The Committee submit the plan and profile above referred to for Your Excellency's approval accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 31st May, 1884.

SIR,—I am directed to transmit to you herewith a copy of a certified copy of an Order in Council, dated the 5th inst., approving of plan and profile of the location of the line of the Canadian Pacific Railway from the 130th mile to the 190th mile west from Callander.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

OTTAWA, 31st May, 1884.

SIR,—I am directed to enclose to you a copy of a certified copy of an Order in Council approving of plan and profile of the location of the Canadian Pacific Railway line from the 130th mile to the 190th mile west from Callander.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer.

SELECTION OF ROUTE—LOCATION—EASTERN SECTION, WESTWARDS, FROM THE 152ND MILE TO THE 217TH MILE WEST OF CALLANDER. THE LOCATION BETWEEN THE 152ND AND 190TH MILES, ALSO BETWEEN THE 28TH AND 79TH MILES EAST OF DOG LAKE, BEING AMENDED.

MONTREAL, 19th July, 1884.

SIR,—I beg to send you herewith profile of the main line from the 152nd to the 217th mile west of Callander. A part of this profile has already been sent in for approval, namely, up to the 190th mile, but some changes have since been made in the line, and it is desired that the plan now sent be substituted, as regards the distance between the 152nd and 190th mile for that already deposited.

I also transmit a profile of that portion of the main line from the 28th to the 79th mile east of Dog Lake, part of which has also been sent in for approval, namely, the portion from Dog Lake to the 39th mile east, and which it is requested may be substituted in like manner for the plan heretofore deposited, as regards the distance between Dog Lake and the 39th mile.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 1st August, 1884.

SIR,—Mr. Drinkwater's letter, dated the 19th ult., under cover No. 34401, submitting for approval a profile of the location of the main line of the Canadian Pacific Railway from the 152nd to the 217th mile west of Callander, having been submitted to me, I have the honor to report that a portion of this profile, from the 152nd to the 190th mile, is a revision and modification of a location already submitted and approved, which the company now desire to adopt.

After examining the profile, I find that neither on the revised portion nor on the new location do the grades exceed 1 per 100, nor are there any curves less than 6° ; the alignment may also be considered satisfactory, and I therefore recommend that the location now submitted be adopted.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer, Per T. J. L.*

A. P BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 2nd August, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date of the 19th ult. the Canadian Pacific Railway Company have submitted for approval, a profile of the location of their main line from the 152nd to the 217th mile west of Callander, as to which the Chief Engineer, in a report dated the 6th inst., observes that a portion from the 152nd to the 190th mile, is a revision and modification of a location already submitted and approved by an Order in Council of the 5th of May last.

The Chief Engineer states that on neither the revised portion nor on the new location do the grades exceed 1 per 100, nor are there any curves more than 6°, the alignment also being satisfactory. He accordingly advises that approval be given to the location as now shown.

The undersigned recommends that the said location be approved both as to the revised and new portions thereof.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 7th August,* 1884.

On a memorandum dated the 2nd August, 1884, from the Acting Minister of Railways and Canals, submitting the location of the main line of the Canadian Pacific Railway from the 152nd to the 217th mile west of Callander ;

The Minister represents that the Chief Engineer, in a report dated the 1st instant, states that a portion from the 152nd to the 190th mile is a revision and modification of a location already submitted and approved by an Order in Council of the 5th of May last.

The Chief Engineer states that on neither the revised portion nor on the new location do the grades exceed 1 per 100, nor are there any curves more than 6°, the alignment also being satisfactory. He accordingly advises that approval be given to the location as now shown.

The Minister therefore recommends that approval be given to the location as submitted.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 15th August, 1884.

SIR,—I am directed to transmit to you copy of an Order in Council of the 7th August instant, approving of the location of the Canadian Pacific Railway between the 152nd and 217th mile west of Callander, as shown on plan sent with letter from the secretary of the company dated the 19th ultimo.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

COLLINGWOOD SCHREIBER, Esq.

OTTAWA, 15th August, 1884.

SIR,—I have the honor, by direction, to transmit to you copy of an Order in Council, dated the 7th instant, approving of the location of the line of the Canadian Pacific Railway between the 152nd and 217th mile west of Callander, as indicated on plan which accompanied your letter of the 19th July last.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Secretary C.P.R. Co., Montreal.

SELECTION OF ROUTE—LOCATION—EASTERN SECTION, WESTWARDS, FROM THE 217TH MILE TO THE 252ND MILE, COMPLETING THE LOCATION BETWEEN CALLANDER AND PORT ARTHUR.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE VICE-PRESIDENT, MONTREAL, 9th August, 1884.

DEAR SIR,—Before leaving for British Columbia, the vice-president instructed me to send you, the moment it was received, the profile of the line, from the 217th to the 252nd mile west of Callander, *i. e.* the point of junction with Carry's location.

I send you the copy of this profile by this afternoon's post.

Yours truly,

A. PIERS.

COLLINGWOOD SCHREIBER, Esq., Chief Engineer, &c., Govt. Railways, Ottawa.

OTTAWA, 20th August, 1884.

SIR,—The Canadian Pacific Railway Company having submitted for approval the location of the main line from the 217th to the 252nd mile west of Callander, I have the honor to report that the portion now under consideration completes the location from Callander to Port Arthur; that the maximum grade does not exceed 1 per 100, nor the minimum curve 5 degrees, and that the general alignment is good. I therefore recommend that the location be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 21st August, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 20th instant the Chief Engineer of the Canadian Pacific Railway has reported to the effect that the location of the main line from the 217th to the 252nd mile west from

Callander has been submitted by the company for approval, this portion completing the location of the road from Callander to Port Arthur.

That the Chief Engineer states that the maximum grade does not exceed 1 per 100, and that the minimum curve is 5°, also that the general alignment is good. He advises that this location be approved.

The undersigned recommends that approval be given accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the* 13th *September*, 1884.

On a memorandum, dated 21st August, 1884, from the Acting Minister of Railways and Canals, stating that the Chief Engineer of the Canadian Pacific Railway, under date 20th August, 1884, reported to the effect that the location of the main line from the 217th to the 252nd mile west from Callander has been submitted by the company for approval, this portion completing the location of the road from Callander to Port Arthur, and that the maximum grade is 5°, also that the general alignment is good ;

The Minister, upon the said report of the Chief Engineer, recommends that approval be given accordingly.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 19th September, 1884.

SIR,—I am directed to enclose to you herewith a copy of a certified copy of an Order in Council, dated the 13th instant, approving of the location of the main line of the Canadian Pacific Railway from the 217th to the 252nd mile west of Callander.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer C. P. R. Co., Ottawa.

OTTAWA, 19th September, 1884.

Sir,—I am directed to enclose to you herewith a copy of a certified copy of an Order in Council, dated the 13th instant, approving of the location of the main line of your company's railway from the 217th to the 252nd mile east of Callander.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

SELECTION OF ROUTE—LOCATION—CENTRAL SECTION, FROM SICAMOUS' NARROWS TO POINT ABOUT 52 MILES WESTWARDS.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE VICE-PRESIDENT, MONTREAL, 6th November, 1884.

DEAR SIR,—I beg to submit herewith plan and profile of our line, from Sicamous' Narrows, westward, about 52 miles.

The work will be lightened in many places in the final adjustment of the line as construction proceeds.

Instructions have been given to reduce all of the 10° curves shown on this section.

Yours truly,

W. C. VAN HORNE.

COLLINGWOOD SCHREIBER, Esq., Chief Engineer, Dept. of Railways, Ottawa.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 13th November, 1884.

SIR,—Mr. Van Horne's letter, dated the 6th instant, under cover No. 35092, accompanied by plan and profile, and asking for the approval of the main line of the Canadian Pacific Railway from Sicamous' Narrows (Schuswap Lake) westward for a distance of about 50 miles, having been submitted to me, I have the honor to report that I have examined the plan and profile and find the maximum grade is 1·25 per 100 feet, or 66 feet per mile, and the maximum curve 10°. The nature of the country traversed appears to necessitate sharp curvature, but whilst recommending the location submitted for approval, I would suggest that every effort should be made to reduce the 10° curves, where practicable.

I have the honor to be, Sir, your obedient servant,
COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 18th November, 1884.

SIR,—Referring to the plans, etc., relating to the location of the main line of the Canadian Pacific Railway from Sicamous' Narrows westwards about 52 miles, I am directed to say, while it is duly observed, from your letter of the 6th instant, that directions have been given for the reduction, where practicable, of the 10° curves on this section, the Minister desires that the improved curvature to be so obtained may be definitely found and set down on the plans prior to their approval.

I accordingly return the said plans to you for amendment, in accordance with your expressed intentions.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Company.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE VICE-PRESIDENT, MONTREAL, 25th November, 1884.

DEAR SIR,—For your information, I give you the following telegram received from Major Rogers.

"Will be through changing line in fourteen days; all ten degree curves thrown out."

The telegram is dated Kamloops, 23rd November.

Yours truly,
W. C. VAN HORNE, *Vice-President.*

COLLINGWOOD SCHREIBER, Esq., Chief Engineer Dept. Railways and Canals.

OTTAWA, 10th December, 1884.

SIR,—I enclose herewith the plans showing the location of the Canadian Pacific Railway west from Sicamous' Narrows, inadvertently omitted to be sent with my letter of the 8th ultimo, drawing your attention to the expediency of their revision in the matter of curvature.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CANADIAN PACIFIC RAILWAY RETURN—SUBJECT No. 2—REPORTS ON PROGRESS.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 1st October, 1884.

SIR,—I have the honor to report to you upon the progress made, up to this date, with the construction of the Canadian Pacific Railway.

Since the date of my last annual report (22nd September, 1883), I have made a tour of inspection of the works in progress on the entire line. I found a very large force of men and horses employed, and most satisfactory progress being made. The number of men engaged upon the work last summer may be stated to have been, in round numbers, not less than 25,000.

During the last Session of Parliament an Act was passed (47 Vic., chap. 1), granting to the Canadian Pacific Railway Company a loan of $22,500,000, of which $7,500,000 was to be paid to them to extinguish their then floating debt, and the balance as the work of construction proceeded, in the same proportion as is provided for the payment of the balance of the cash subsidy, the Government being first satisfied that the work is proceeding with such speed as to insure the completion of the contract for the Eastern and Central Sections in the month of May, 1886.

All my monthly certificates of value of work done, since the passage of this Act, have been prepared in conformity therewith.

The amount available for prosecuting the work to completion, after discharging the floating debt, was:—

Loan	$15,000,000
Subsidy	12,710,788
	$27,710,788

At the time I made my estimate, during last winter, of the amount which would probably be required to complete the contract, and of the earliest date at which railway communication could be effected between Montreal and Port Moody, the information at my disposal was neither so full nor so complete as I could have desired. I have, therefore, all the greater pleasure in being able to state that the knowledge acquired during my official tour has convinced me that the funds at the company's command are fully adequate to the completion of the contract, and also that connection from ocean to ocean will be effected by the autumn of next year if the prosecution of the work proceeds with the same vigor as hitherto.

In order to render my description of the position and progress of the work more intelligible, I introduce here a table of distances between the principal points of the line:—

TABLE OF DISTANCES.

Trunk Line.

Montreal to Port Moody.

	Miles.	Miles.
Montreal to Callander	345	
Callander to Port Arthur	657	
Port Arthur to Red River (opposite Winnipeg)	428	
Red River to Savona's Ferry	1,252	
Savona's Ferry to Port Moody	213	
		2,895

Branch Lines Acquired and Built.

St. Lin (St. Thérèse Junction to St. Lin)	15	
St. Jérôme (St. Lin Junction to St. Jérôme)	11	
St. Eustache	8	
Aylmer (Hull to Aylmer)	7½	
Brockville	45½	
Perth	12	
Algoma	94¾	
Pembina (Emerson to Winnipeg)	64½	
Colville Landing	2	
Selkirk	22	
Stonewall (Air Line Junction to Stonewall)	18½	
Pembina Mountain	102½	
Gretna	14	
Emerson and West Lynn	15	
		432¼
Total acquired and built		3,327¼

In addition to the above, there are 60 miles of the extension of the Pembina Mountain Branch located, in readiness for construction.

Summary.

Trunk line	2,895
Branches acquired and built	432¼
Total	3,327¼
Branch located in readiness for construction	60
	3,387¼

POSITION AND PROGRESS OF THE WORK.

Trunk Line.

Montreal to Callander, 345 miles.

This was a section of constructed railway purchased by the Canadian Pacific Railway Company, and has been in successful operation for some time.

Callander to Port Arthur, 657 miles.

A very large force has been engaged upon this section, and the progress during the past twelve months has been very remarkable. It is upon this section—between a point somewhat east from Pic to Gravel Bay, about 100 miles—that such very heavy work occurs, consisting largely of rock excavation and tunnelling. There are five tunnels within this comparatively short distance.

I have much pleasure in stating that this heavy piece of work is practically finished, the roadbed being ready, or thereabout, to receive the rails. The balance of this section is comparatively light, and is rapidly progressing, and I can foresee no difficulty in making rail connection between Callander and Port Arthur by May or June next. The position of the works on this section may be illustrated by the following table:—

					Miles.
From Callander,	345th	mile to	530th	mile, track laid, ballasting well advanced.	185
530th	"	564th	"	grading far advanced	34
564th	"	654th	"	no work done	90
654th	"	681st	"	grading about half done	27
681st	"	800th	"	grading about two-thirds done	119
800th	"	808th	"	track laid	8
808th	"	820th	"	grading completed	12
820th	"	822nd	"	track laid	2
822nd	"	851st	"	grading nearly completed	29
851st	"	859th	"	track laid	8
859th	"	883rd	"	grading nearly completed	24
883rd	"	887th	"	track laid	4
887th	"	917th	"	grading completed	30
917th	"	932nd	"	track laid	15
932nd	"	935th	"	grading completed	3
935th	"	1,002nd	"	(Port Arthur) track laid and ballasting far advanced	67

Between Callander and Sudbury, 98 miles, the station houses, side tracks and water service have been provided, and the road has been under traffic for some months. At Port Arthur a grain elevator of 300,000 bushels capacity has been erected and provided with a wharf, on which tracks are laid. A very fine station house has also been built there.

Port Arthur to Red River (opposite Winnipeg), 428 miles.

This section was constructed by the Government and transferred to the Canadian Pacific Railway Company in May, 1882, and has been operated by them since that date. When the company accepted delivery of this section a certain amount of work remained to be done before it was completed, and this they undertook to do for a sum specified. They have had, during the past two seasons, and they still have, several steam shovels and a number of engines and cars employed in ballasting, making up embankments and filling in valleys crossed by temporary bridges. Only nine or ten of these bridges remain to be filled up, and this will probably be done, or nearly so, before the winter sets in. During the past summer there were heavy freshets, causing slight delays to the traffic and undermining a temporary trestle bridge spanning a ravine, at which trains were employed by the company in filling in earth to make a solid embankment. Until these embankments are made, these temporary structures require careful and constant attention. The necessary renewals of bridges and sleepers have been made and buildings suitable for the traffic erected. At Fort William, the foundation of an immense elevator (1,000,000 bushels) has been laid, and the track extended down the river beyond the Hudson Bay post.

Red River to Savona's Ferry, 1,252 miles.

During last month (September) I made a tour of inspection throughout this section. Both the Kicking Horse and the Selkirk Passes impressed me as being most wonderful openings in the two great mountain ranges. The Selkirk Pass especially struck me as affording an example of the operation of geological forces on a gigantic scale. In surveying this immense wilderness, broken up, as it is, with mountain masses, I fully appreciated the difficulties encountered by Major Rogers, who must have spent many a hard day in his search for a passage for the railway; and I felt that success could never have been achieved but for his skill, pluck and determination to find a way through the Selkirks, if a way were to be found. Through the "Rockies" the work is not, on the whole, of such a character as the name would indicate, and I was much surprised to find long stretches of grading composed of gravel and loose rock, the solid rock work being generally limited to the canons and to the shores of the lakes along which the line passes. There are a considerable number of tunnels between the summit of the Kicking Horse Pass and Savona's Ferry, the aggregate length of which may be summed up at 7,600 feet. Those to the east of the Beaver River, at the east foot of the Selkirk, are completed or nearly so, and work will be continued during the winter on the rest, so as to have them finished by next spring. The bridging, except at the crossing of the Saskatchewan River and the west crossing of the Columbia River, is light. Over both these streams structures of some magnitude are required. That over the former is completed, consisting of a very substantial iron superstructure, resting on abutments and piers of massive masonry.

The following statement will afford a pretty correct idea of the position of the works on this section:—

				Miles.
Red River (1,430 miles)	to 2,428 miles,	track is laid.....		998
2,428 "	to 2,468 "	grading will soon be finished.....		40
2,468 "	to 2,507 "	clearing and grading just commenced....		39
2,507 "	to 2,607 "	no work done.....		100

			Miles.
2,607 miles	to 2,627 miles,	clearing and grading just commenced.....	20
2,627 "	to 2,682 "	(Savona's Ferry) grading progressing rapidly.....	55

From Red River to the summit of Kicking Horse Pass, 962 miles, the stations, water services and sidings are complete, and engine sheds and other necessary buildings are erected at intervals suitable for traffic districts. Houses for section men have also been built.

This part of the section is in operation and in good running condition.

Early in the summer there was an exceedingly severe rain storm in the Bow River district, which, from the description given me, I should suppose to have been of the nature of a waterspout. This caused considerable damage to the works and delayed the traffic for some days, but the damage was promptly repaired and traffic resumed.

Temporary Line.

Between a point about 4 miles west from the summit of the Kicking Horse Pass, and another point 9 miles further, a tunnel 1,800 feet long, and some very heavy rock excavations occur, which were intended to be the first work attacked on the opening of the working season last spring. To have proceeded with this, however, would have greatly retarded the progress of the work through to the Pacific coast, as the completion of this portion of road would have probably occupied a full season, during which the work beyond it could not have been carried on to advantage. A temporary line of 9 miles was, therefore, suggested, passing round the foot of the mountain, in order to avoid this obstacle, for the time being, and to permit the rapid progress of the line to the westward during the present season. This suggestion was adopted, and a substantial temporary line has been built, giving access to the work beyond. On this temporary line, for the space of about 3 miles, there is a very heavy grade. The temporary line will be replaced by a permanent line, upon which the maximum grade will be 116 feet to the mile; and it is over this grade that all material and supplies for the construction of the road westward to Savona's Ferry are now transported, which can be done by means of proper engines, with suitable brake appliances.

Savona's Ferry to Port Moody, 213 miles.

The grading, bridging, track-laying and ballasting upon this section are being executed by Messrs. D. O. Mills and Andrew Onderdonk, under contracts with the Government. The work is far advanced towards completion, the track being laid from the Black Canon to Port Moody, a distance of 186 miles, and in the course of a few weeks the track-laying will be finished over the entire section. There will, however, still remain to be done some ballasting, some rock-facing to embankments exposed to the wash from the Fraser River, and a considerable amount of general trimming up, before the section can be accepted from the contractors as finished. This, however, it is confidently believed, will all be completed by the 30th June next, the date specified by the contract for the completion of the works, when this section will, no doubt, be transferred to the Canadian Pacific Railway Company, under the terms of their contract. The Government have yet to erect some water tanks and buildings before the section will be in a condition to be transferred to the company; but preparations are being made with a view to the erection of these buildings at a period not later than the date when the work under the grading contracts will be completed.

The condition of the railway may be summarized thus:—

Trunk Line.

	Miles.
Track laid	2,246
Grading far advanced on	459
No work yet done on	190
	2,895

Near Lytton, the Fraser River is spanned by a very substantial combined steel and iron cantilever bridge, of two spans of 100 feet each, and one span of 300 feet, resting on piers and abutments of masonry, built on a solid rock foundation, the track being at an elevation of about 125 feet above the level of the river. This structure, which presents a very handsome appearance, was manufactured and erected under the immediate supervision of Mr. Joseph Tomlinson, Bridge Engineer to this Department, and is probably the most important of its kind on the railway.

The two front rows of wooden piles in the wharf at Port Moody should be replaced by piles of iron or some other material equally proof against the ravages of the sea-worm, which is so destructive to timber on the British Columbia coast. This wharf can be approached by vessels of great draft, and is sufficiently spacious for the conduct of a very considerable ocean traffic.

The sections which the Government undertook to construct, under their contract with the Canadian Pacific Railway Company, are now so nearly completed as to necessitate a large reduction in the staff of Government engineers and others; and within a few months the entire staff engaged on these sections will have to be disbanded.

Alignments and Gradients.

The general direction of the road is very good upon the acquired portion of the line between Montreal and Callander, a distance of 345 miles; the maximum gradient is 72 feet per mile. Between Callander and Laggan, some 6 miles to the east of the Kicking Horse Pass, a distance of 2,039 miles, the heaviest grade is 53 feet per mile. Between Laggan and a point 30 miles west of the summit of the Selkirks, a distance of 131 miles, the maximum grade is 116 feet per mile, and this occurs on three inclines only, all coming within a distance of 120 miles, so that they can be worked with great facility. Between 20 miles east of the summit of the Selkirks and Savona's Ferry, a distance of 167 miles, the maximum grade is 66 feet per mile. From Savona's Ferry to Port Moody, 213 miles, the maximum grade is 53 feet per mile.

Branch Lines.

In my report of last year I stated that the following branches were completed:—

	Miles.
St. Lin	15
St. Jérôme	11
St. Eustache	8
Aylmer	7½
Brockville	45½
Perth	12
Pembina	64½
Colville Landing	2
Selkirk	22
Stonewall	18½
Pembina Mountain	102½
Gretna	14
	322½

At this time last year the following branches were under construction:—

Algoma Branch, 94¾ *miles.*

This branch leaves the trunk line at Sudbury Junction (98 miles west of Callander) and runs down to Algoma Mills, on Georgian Bay. The work of construction has been prosecuted during the summer just past. The track is laid and partially ballasted, but it is not yet open for traffic.

Emerson and West Lynn Branch, 15 *miles.*

This branch is a link of the Pembina Mountain Branch, which it leaves about 14 miles north of Gretna, and runs to Emerson. The track is laid; but I understand that, owing to some difficulty in connection with the crossing of the bridge over the Red River, built by the town of Emerson, aided by a Dominion Government subsidy of $50,000, some delay has occurred in opening the branch for traffic.

I may here remark that the work is well executed, and the structures of their several kinds are well and substantially built. The materials composing them are sound and good. The rails are of steel, generally 56 and 60 lbs. to the yard, except through the Rocky Mountains, where a 70-lbs. steel rail is used.

The rolling stock of the Canadian Pacific Railway consists of:—

245 engines.
78 first-class cars.
33 second-class cars.
48 baggage and mail cars.
25 dining, sleeping and palace cars.
10 emigrant sleeping cars.
4,386 platform freight cars.
1,867 box and cattle cars.
126 conductors' vans, pay cars, &c.
8 derricks and coal cars.
19 snow ploughs.

In conclusion, I may state that in view of the advanced condition of the works and the progress made with them during the last three years I am convinced that it is quite possible that the track may be laid over the entire road by this time next year. Mr. Van Horne, the company's vice-president, has expressed to me his intention of accomplishing this, and from his great energy and determination of character I have every confidence that he will do so.

I have the honor to be, Sir, your obedient servant,
COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

APPENDIX No. 14.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 31st December, 1884.

SIR,—For the information of the Honorable the Acting Minister of Railways and Canals, I have the honor to report the progress being made with and the condition of the works of construction upon the Canadian Pacific Railway between Callander and Port Moody at this date.

EASTERN SECTION.

Callander to Port Arthur.

Upon the eastern division of the Eastern Section, extending from Callander to 27 miles east of Missinabi or Dog Lake, a distance of 309 miles, there are about 4,000 men employed on the works of grading, bridging, track-laying, &c., and although the weather is not very favorable for the prosecution of such work, good progress is being made.

Upon the western division of the Eastern Section, between Missinabi or Dog Lake and Port Arthur, a distance of 348 miles, the work of grading is partially completed, the bridging is being rapidly erected, the rails and sleepers are nearly all delivered on the ground, and the work of track-laying is in progress. There are, in round numbers, about 1,500 laborers, carpenters and track-layers on this section.

The following tables give a general idea of the progress being made with the works upon this section :—

GRADING.

——	Done.	To be done.
	Miles.	Miles.
(Callander) 0 mile to the 248th mile.....	248	.....
248 " " 309th "	.....	61
309 " " 657th " (Port Arthur)...	358	.....
Totals.....	596	61

TRACK-LAYING.

——	Done.	To be done.
	Miles.	Miles.
(Callander) 0 mile to the 243rd mile.....	243	.....
243 " " 434th "	.....	191
434 " " 471st "	37	.....
471 " " 490th "	.....	19
490 " " 508th "	18	.....
508 " " 535th "	.....	27
535 " " 551st "	16	.....
551 " " 561st "	.....	10
561 " " 583rd "	22	.....
583 " " 590th "	.....	7
590 " " 657th " (Port Arthur)...	67	.....
Totals.....	403	254

BALLASTING AND SURFACING.

——	Done.	To be done.
	Miles.	Miles.
(Callander) 0 mile to the 209th mile.....	209	.....
209 " " 590th "	.....	381
590 " " 657th " (Port Arthur)...	67	.....
Totals.....	276	381

Considerable progress is being made with the erection of stations and engine houses, &c., as also the water tanks, and it is confidently expected that by May next there will be continuous railway connection over the Eastern and Lake Superior Sections to Port Arthur and Red River.

The work of filling in the temporary trestle between Eagle River and Rat Portage has been discontinued for this season, in consequence of the severity of the weather; there only remain, however, some two or three trestles to fill, which will be done early in the spring.

The company are roofing in the 1,000,000 bushel capacity grain elevator at Fort William, and there are a large number of carpenters employed upon this building.

The continuous mileage from Callander to Port Arthur is 657 miles, and to the Red River, opposite Winnipeg, 1,085 miles.

Central Section.

Red River to Savona's Ferry.

Upon this section there are about 5,000 men employed on the grading, bridging, tunnelling, &c.; of these about 2,000 are between the Beaver River and the second crossing of the Columbia River, and 3,000 between that point and Savona's Ferry. Clearing is now in progress over the portion not yet cleared, whilst grading and tunnelling is being carried on between the Beaver and a few miles west of the summit of the Selkirk Mountains, as also between the Salmon River, the Schuswap Lake and Savona's Ferry.

The following tables show the progress being made with the works on this section:—

GRADING.

						Done.	To be done.
						Miles.	Miles.
(Red River)	1,085th	mile to	2,051st	mile		966	
	2,051	"	2,060	"			9
	2,060	"	2,130	"		70	
	2,130	"	2,295	"			165
	2,295	"	2,306	"		11	
	2,306	"	2,327	"			21
	2,327	"	2,337	"	(Savona's Ferry)	10	
	Totals					1,057	195

TRACK-LAYING.

						Done.	To be done.
						Miles.	Miles.
(Red River)	1,085th	mile to	2,051st	mile		966	
	2,051	"	2,060	"			9
	2,060	"	2,123	"		63	
	2,123	"	2,337	"	(Savona's Ferry)		214
	Totals					1,029	223

BALLASTING AND SURFACING TRACK.

——	Done.	To be done.
	Miles.	Miles.
(Red River) 1,085th mile to 2,051st mile	966	.....
2,051 " 2,337 " (Savona's Ferry)	.....	286
Totals	966	286

The stations, engine houses and water tanks are provided from the 1,083rd to the 2,047th mile.

I should here state that nine miles of the road have been graded, ironed and surfaced, in addition to those which appear above, being the nine miles of temporary line.

WESTERN SECTION.

Savona's Ferry to Port Moody.

The work on this section is drawing to a close. The total distance is 213 miles, upon which the grading is nearly completed, and the track laid over 210 miles. One hundred and forty-eight miles are surfaced and ballasted, and the erection of station houses and water tanks is in progress. It is believed that this section, being the only work remaining to be done by the Government, will be completed by July next. The distance from Callander to Savona's Ferry is 2,337 miles, and to Port Moody, 2,550 miles.

Generally.

It will be observed that there remains to be done, before the road throughout will be in a condition for traffic, 256 miles of grading, 480 miles of track-laying and 670 miles of surfacing and ballasting, of which three miles of the latter and of the track-laying are on the Government contract, but as there are now about 11,000 men employed upon the works, which number the company express an intention of maintaining during the winter season, and to largely increase next spring, this work should be readily completed by September next.

The erection of the building can best be done after the track is laid, as the materials can be transported to the various sites much more expeditiously and economically than in any other way.

It may be interesting to the Honorable Minister of Railways to know how the contract is being carried out, as to the quality and character of the works. Upon a large section of the completed line the works are of a much more permanent character than could have been enforced under the terms of the contract. Iron and steel truss bridges, resting upon abutments and piers of massive masonry, have been introduced at the crossings of the principal rivers, and a large number of substantial masonry culverts afford passage over the smaller streams. Wherever it was considered to be of advantage, the slopes of the cuttings in the prairie have been flattened out, probably to about one in twelve, to prevent the accumulation of snow, and the work on the whole line is up to the contract standard; the station houses throughout being, in my opinion, amply sufficient to accommodate the traffic. The water service will be very efficient when finished. The rolling stock is good, the engines being powerful machines, and the car stock, both passenger and freight, will compare very favorably with that upon any other road in Canada.

I have the honor to be, Sir,

Your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

CANADIAN PACIFIC RAILWAY RETURN—SELECTION AND RESERVATION OF LAND; ADDITIONAL WIDTH OF LAND REQUIRED AS A PROTECTION AGAINST SNOW, CURRENT RIVER TO RIVER NIPIGON; ALSO LAND TAKEN, WINNIPEG TO STONEWALL; ALSO LAND FOR SIDE TRACK TO GIVE ACCESS TO BRIDGE OVER OTTAWA RIVER.

CANADIAN PACIFIC RAILWAY COMPANY, MONTREAL, 3rd April, 1884.

SIR,—I beg to hand you plans, profiles and books of reference, in triplicate, showing the land required for the construction of that portion of the Canadian Pacific Railway within the Eastern Section, extending from Current River (two miles east from Port Arthur) eastwards to Nipigon River, a distance of about 64 miles.

To allow for the protection of the railway from snow through this section of country it is desirable to have expropriation powers covering a width of 200 feet.

The plans and books of reference are made out upon this basis.

The additional ground shown for stations does not exceed the extent allowed by the Act.

Upon examination and certificate by the Honorable Minister of Railways, one copy each of the plan, profile and book of reference to be retained by your Department, the other two copies to be returned to this office.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Depart. of Railways and Canals, Ottawa.

Report of Mr. Schreiber on No. 33604.

OTTAWA, 24th April, 1883.

I have examined the plans and I do not consider the width shown for right of way (200 feet) more than it is desirable to take in a country subject to snow drifts, as that region must be, and the width of station grounds is reasonable.

C. S.

CANADIAN PACIFIC RAILWAY, MONTREAL, 2nd June, 1884.

SIR,—Referring to my letter of the 3rd April, enclosing plans, profiles and books of reference, in triplicate, showing the land required for the construction of this company's line between Current River and Nipigon River, I shall be glad if you will return to me, at your early convenience, two copies, duly certified, as they are required for registration, &c.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 7th June, 1884.

MEMORANDUM.—The undersigned has the honor to represent that application has been made by the Canadian Pacific Railway Company for powers to expropriate for the construction of the portion of their line, the location of which has been approved by an Order of the 29th March, 1883, extending from Current River (two miles east from Port Arthur) eastwards to the River Nipigon, a distance of about 64 miles, a width of 200 feet of land, this width which is in excess of that allowed by the General Railway Act, namely, 99 feet, being a requisite, they state, through this section of country, in order to the protection of the line from snow.

That under date the 24th of April last the Chief Engineer has reported to the effect that the width of 200 feet is not more than it is desirable to take for protection from snow, in view of the nature of the country, and the undersigned accordingly recommends that the company be empowered to expropriate the additional width, in pursuance of the provisions of their Act of incorporation, 44 Vic., sec. 19,

ch. 1, and also of sub-section 3 of section 2 of the Act 46 Vic., chap. 24, amending the Consolidated Railway Act of 1879.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED *Copy of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 11th June*, 1884.

On a memorandum dated 7th June, 1884, from the Acting Minister of Railways and Canals, submitting an application from the Canadian Pacific Railway Company for powers to expropriate for the construction of the portion of their line, the location of which has been approved by an Order of the 29th March, 1883, extending from Current River (two miles east from Port Arthur) eastwards to the River Nipigon, a distance of about 64 miles, a width of 200 feet of land, this width which is in excess of that allowed by the General Railway Act, namely, 99 feet, being requisite, they state, through this section of country, in order to the protection of the line from snow;

The Minister represents that the Chief Engineer, under date the 24th of April last, reported to the effect that the width of 200 feet is not more than it is desirable to take for protection from snow, in view of the nature of the country.

The Minister accordingly recommends that the company be empowered to expropriate the additional width, in pursuance of the provisions of their Act of incorporation, 44 Vic., sec. 19, chap. 1, and also of sub-section 3 of section 2 of the Act 46 Vic., chap. 24, amending the Consolidated Railway Act of 1879.

The Committee submit the same for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 23rd June, 1884.

SIR,—I beg to enclose herewith, for your information, certified copy of a report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 11th June, 1884, regarding an application from the Canadian Pacific Railway Company for power to expropriate additional width of land for the construction of the portion of their line, the location of which has been approved by an Order of the 29th March, 1883.

I have the honor to be, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

COLLINGWOOD SCHREIBER, Esq., Chief Engineer Government Railways, Ottawa.

OTTAWA, 23rd June, 1884.

SIR,—I have the honor to enclose herewith, for your information, certified copy of a report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 11th June, 1884, empowering the Canadian Pacific Railway Company to expropriate the additional width, in pursuance of the provisions of their Act of incorporation, 44 Vic., sec. 19, chap. 1, and also of sub-section 3 of section 2 of the Act 46 Vic., chap. 24, amending the Consolidated Railway Act of 1879, applied for by the Canadian Pacific Railway Company, for the construction of the portion of their line, the location of which has been approved by an Order of the 29th March, 1883.

I have the honor to be, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 25th June, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 23rd instant, enclosing copy of an Order in Council authorising this company to expropriate 200 feet for right of way between the Current and Nipigon Rivers, a distance of of about 64 miles. I beg to request that two copies of the plans and profiles and books of reference of this portion of the company's line, sent you on the 3rd April last for examination and certificate by the Honorable Minister of Railways, may be returned to me for the purpose of registration.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 5th July, 1884.

SIR,—I have the honor to return to you herewith two copies each of plans, profiles and books of reference, transmitted with your letter of the 3rd April, showing land required for that portion of the Canadian Pacific Railway extending from Current to Nipigon River, an Order in Council having passed on the 11th ultimo authorising the appropriation of the additional width of 101 feet for right of way, as proposed, and the plans &c., having been examined and certified by the deputy of the Minister.

One set thereof has been duly placed on file in this office.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Company, Montreal.

MONTREAL, 8th July, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 5th inst., also plans, profiles and books of reference referred to therein, for which I am much obliged.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Secretary Dept. Railways and Canals, Ottawa.

SELECTION AND RESERVATION OF LAND—WINNIPEG AND STONEWALL.

OTTAWA, 24th January, 1884.

SIR,—In conformity with the requirements of the Government Railway Act of 1881, I forward herewith, to be placed on record and deposited in your office, a plan and book of reference showing the line of the Canadian Pacific Railway between Winnipeg and Stonewall in its passage through the county of Selkirk.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

The Registrar of Deeds, County of Selkirk, Manitoba.

OTTAWA, 24th January, 1884.

SIR,—By direction, I forward herewith, to be deposited in your office, in conformity with the requirements of the Government Railway Act of 1881, a plan and book of reference, showing the line of the Canadian Pacific Railway between Winnipeg and Stonewall in its passage through the county of Lisgar.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

The Registrar of Deeds, County of Lisgar, Manitoba.

OTTAWA, 24th January, 1884.

SIR,—In compliance with the request contained in your letter of the 20th November last, I forward herewith, duly examined and certified, a plan and book of reference, showing the line of the Canadian Pacific Railway between Winnipeg and Stonewall passing through the counties of Lisgar and Selkirk. Triplicates of these have been sent to the Registrar of Deeds for the counties named, to be placed on record, as provided under the Government Railway Act of 1881.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 25th January, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 24th, enclosing a plan and book of reference of the line of this company between Winnipeg and Stonewall.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 24th June, 1884.

SIR,—I beg to send you herewith, plan, profile and book of reference, in triplicate, showing the land required for the construction of that portion of the Algoma Branch of the Canadian Pacific Railway extending from the western boundary of the township of McKim to the junction with the main line at Sudbury, a distance of about 4½ miles, all situated in the Nipissing district.

Will you please return me as soon as possible two copies of these plans, duly certified by the Deputy Minister?

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 7th July, 1884.

SIR,—I have the honor to return to you herewith, plans, profiles and books of reference, in duplicate, which accompanied your letter of the 24th ult., indicating land required for that portion of the Algoma Branch of the Canadian Pacific Railway extending from the western boundary of the township of McKim to the junction with the main line at Sudbury, the same having been examined and certified by the Deputy of the Minister of Railways and Canals, as required by the Act. Triplicates thereof have been placed on file in this office. I also return you a surplus copy of maps transmitted by you, at the same time.

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

MONTREAL, 8th July, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 7th inst.; also plans, profiles and books of reference referred to therein, for which I am much obliged.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

SELECTION AND RESERVATION OF LAND—CORRESPONDENCE *re* SIDE TRACK TO GIVE ACCESS TO BRIDGE OVER OTTAWA RIVER ABOVE THE CHAUDIERE.

(At Ottawa.) MONTREAL, 12th March, 1884.

SIR,—This company requires to construct a side track to give access to the bridge over the Ottawa River above the Chaudière, for through trains approaching the bridge from the west, and it becomes necessary, for that purpose, to avail itself of the powers granted to the company by its charter, and by the Consolidated Railway Act, 1879, the greater extent taken being allowed by the Governor General in Council.

I therefore have the honor to enclose a map or plan, to be deposited in your office, signed by the president and engineer of the company, on which plan is laid down, in red color, the proposed side track, containing an area of land and land covered with water amounting to 1,918 acres. The property is not now being made any special use of, but the company is unable to acquire it in any other mode than the one herein proposed.

May I therefore request that an Order in Council may be passed at as early a date as possible, in which the company shall be allowed to lay out and appropriate to the use of the company the lands shown on the said plan for the purpose of building the said side track and roadway connecting the main line of the company's railway on the west with the bridge over the Ottawa River above the Chaudière Falls.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary*.

Hon. Sir CHAS. TUPPER, K.C.M.G., Minister of Railways.

Report from Mr. Schreiber on No. 33424.

OTTAWA, 13th March, 1884.

I consider that it will be a great advantage to the conducting of the through traffic to carry out the plan herein proposed, and I suggest that the necessary authority be given.

C. S.

OTTAWA, 15th March, 1884.

SIR,—On the 12th instant a letter was addressed to this Department by the Canadian Pacific Railway Company, covering a plan showing a proposed line of connection between their main road, west of Ottawa, and the Chaudière bridge over the Ottawa River, as to which they ask that authority may be given for the expropriation of the lands required under their charter and the Consolidated Railway Act of 1879.

The application being one which it is considered should be submitted for the opinion of the Department of Justice, in order to ascertain how far the present case comes within the scope of the powers of the Governor General in Council in respect of expropriation of land, I have, by direction, to ask that you, as solicitor to the company, will be pleased to state specifically the clauses of the statutes which, in your opinion, would justify the exercise of those powers, and also the features of the proposed line which bring it within the intent of such clauses.

I am Sir, your obedient servant,

A. P. BRADLEY, *Secretary*.

Hon. J. J. C. ABBOTT, M.P.

CANADIAN PACIFIC RAILWAY COMPANY,
OTTAWA, 18th March, 1884.

SIR,—I have the honor to acknowledge receipt of your favor of the 15th inst., and to state that the application made by the company was for permission to con-

struct a switch or siding from one part of their main line of railway to another part of their main line, extending towards the Chaudière bridge, and I venture to think that it can hardly be characterised as a proposed line of railway connecting their main line with the Chaudière bridge.

The company claims the power to make this switch or siding under the 19th section of their charter, in which it is provided that, with the sanction of the Government, the company may lay out and appropriate to its use, a greater extent of land, whether public or private, among other things, for "side-track" and "roadway" than the breadth and quantity mentioned in the Consolidated Railway Act, 1879. The land sought to be expropriated would really be merely an extension of the breadth or quantity now occupied by the company's main line, where the line extending across the Ottawa River curves away from the portion of the main line extending direct into the station.

I may remark that if the switch or siding in question should be considered of sufficient importance to be called a branch, the company has the right, by their charter, of making branch lines to any point in the Dominion of Canada, and, moreover, that by paragraph 18 of section 7 of the Railway Act, sidings, switches or branch lines, for the purpose, amongst others, of giving increased facilities for business, may be made six miles long by any railway company; and, if not more than a quarter of a mile long, no publication of any advertisement of any intention to make the line is needed. I repeat that it is more particularly under clause 19 of this company's charter that the application is made. But if any confirmation of the power be needed, or any proof that the company possess the power assumed by them, the other provisions of the statutes in that behalf will probably suffice.

I have the honor to be, Sir, your obedient servant,

J. J. C. ABBOTT, *Counsel C. P. R. Co.*

Hon. the Minister of Railways and Canals, Ottawa.

OTTAWA, 28th March, 1884.

SIR,—I have the honor, by direction, to ask that your opinion may be given with reference to an application made by the Canadian Pacific Railway Company, under date the 12th instant, for powers to lay out and appropriate to their use lands required to construct a curved line about 900 feet long, to connect their main line, from the west, with the bridge across the River Ottawa, above the Chaudière Falls, as shown on a plan furnished and herewith enclosed.

By a letter received from their counsel, dated 18th instant, it appears that these powers are asked for more particularly under the 19th section of their charter, which provides that they may, with the sanction of the Government, lay out and appropriate to their use a greater extent of land, whether public or private, for, amongst other purposes, the making of "side-tracks" and "roadway," than the breadth and quantity mentioned in the Consolidated Railway Act, 1879, the land which they now seek to expropriate being considered to be merely an extension of the breadth or quantity now occupied by their main line.

The company's counsel, however, considers that under their charter and under the provisions of the 18th clause of section 7 of the Consolidated Railway Act, they have the right to construct this portion as a branch line, as giving increased facilities for business.

I am to ask whether, in your opinion, the curve proposed can properly be considered as coming under the provisions of the 19th section of the charter, whether the "allowance" of the Government therein contemplated would convey the right to expropriate, and whether such right would be conveyed under the provisions of the Consolidated Railway Act, or by the clause of the company's charter giving powers for the construction of branch lines, advising the Department as to the action which should be followed in the matter, in order to meet the wishes of the company, without

committing the Government to an act beyond the proper exercise of the powers conferred by the statutes and the company's charter.

I have the honor to be, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

GEO. W. BURBIDGE, Esq., Deputy of the Minister of Justice.

OTTAWA, 12th April, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 28th ultimo, with reference to the application made by the Canadian Pacific Railway Company, under date of the 12th ultimo, for powers to lay out and appropriate to their use lands required to construct a curved line about 900 feet long, to connect their main line from the west with the bridge across the River Ottawa, above the Chaudière Falls, as shown on a plan transmitted with your letter.

In reply to your letter asking for advice, I have the honor to state that the 19th section of the Canadian Pacific Railway Act, 1881, gives the company authority to expropriate, for certain works, among which are side-tracks and roadway, a greater extent of land than authorized by the Consolidated Railway Act of 1879. Whether or not the company should be allowed to expropriate the portion designated by being colored red, in the map, without expropriating all the land between the proposed track and the main tracks, is a question which, I presume, the Minister of Railways and Canals will consider.

Papers returned.

I am, Sir, your obedient servant,

GEO. W. BURBIDGE, *D. M. J.*

A. P. BRADLEY, Esq., Secretary Department Railways and Canals.

OTTAWA, 3rd May, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 12th ultimo, the Canadian Pacific Railway Company has made application to be permitted to expropriate to their use certain lands situated near their station grounds in the city of Ottawa, and shown in red color on a plan submitted with their application, such lands being required for the purpose of constructing a side-track and roadway to connect the main line of their railway from the west with the existing bridge over the Ottawa River, above the Chaudière Falls. The area of land and land covered with water amounting to 1,918 acres.

That by the 19th section of the company's charter it is provided that with the sanction of the Government they may expropriate, for certain works, amongst which are side-tracks and roadway, a greater extent of land than that authorized by the Consolidated Railway Act of 1879, and the Department of Justice, to whom the company's application has been referred, have, under date the 12th instant, reported, citing the aforesaid clause, and leaving it to this Department to consider whether the company should be allowed to expropriate the portion shown in red on their plan, without also expropriating all the land between the proposed track and the existing track.

The Chief Engineer of Railways having stated that the triangular portion in question is not, he believes, required by the company, and their application having no reference thereto, the undersigned recommends that they be permitted to expropriate so much extra extent of land as is shown in red on the aforesaid plan.

Respectfully submitted,

CHARLES TUPPER, *Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 6th May,* 1884.

On a memorandum dated 3rd May, 1884, from the Minister of Railways and Canals, submitting an application, under date the 12th March, ultimo, from the

Canadian Pacific Railway Company, for permission to appropriate to their use certain lands situated near their station grounds, in the city of Ottawa, as shown on the annexed plan colored in red, such lands being required for the purpose of constructing a side-track and roadway to connect the main line of their railway from the west with the existing bridge over the Ottawa River, above the Chaudière Falls. The area of land and land covered with water amounting to 1·918 acre (one acre decimal 918).

The Minister represents that by the 19th section of the company's charter it is provided that with the sanction of the Government they may expropriate, for certain works, amongst which are side-tracks and roadway, a greater extent of land than that authorized by the Consolidated Railway Act of 1879, and the Minister of Justice, to whom the company's application was referred, has reported, under date 12th April, ultimo, citing the aforesaid clause, and leaving it to be considered whether the company should be allowed to expropriate the portion shown in red on their plan, without also expropriating all the land between the proposed track and the existing tracks.

The Minister, upon the advice of the Chief Engineer of Railways, who states that the triangular portion in question is not, he believes, required by the company, and their application having no reference thereto, recommends that they be permitted to expropriate so much extra extent of land as is shown in red on the aforesaid plan.

The Committee concur in the foregoing recommendation, and they submit the same for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 12th July, 1884.

SIR,—I am directed to transmit to you herewith a copy of a certified copy of an Order in Council, dated the 6th May, authorising your company's expropriating certain lands above Chaudière Falls.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

MONTREAL, 15th July, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 12th inst., enclosing copy of an Order in Council, dated 6th inst., authorising this company to expropriate certain lands above Chaudière Falls.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Depart. Railways and Canals, Ottawa.

SUBJECT No. 4—PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION—EASTERN AND WESTERN DIVISION.
CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, C. P. R. Co.; locality of works, west of Red River, Central Section; name of contractors, Canadian Pacific Railway Co.; Date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st March, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.

Total value of work done and materials delivered to the 1st March, 1884.....		$9,882,477
Eastern Division, 900 miles, at $10,000.....	$9,000,000	
Western do 54 do 13,332.....	719,982	
	$9,719,982	
Western Division, proportion of work done to work remaining to be done.....	162,495	
	$9,882,477	
Add advance on rails—		
56,530 tons at $50=$2,826,500 × .75.....	$2,119,875	
Less for rails covered by this estimate—		
53,430 tons, at $50=$2,671,500 × .75...	2,003,625	
	$116,250	116,250
		$9,998,727

The above is a correct estimate, made up from the returns forwarded by James Dickey. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C.P.R. Head Office.*

Total amount now certified on this contract, $9,998,727. All previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 14th March, 1884.

Less—10 per cent....			18,055
			$162,495

OTTAWA, 14th March, 1884.

MEMORANDUM.—The undersigned has the honor to represent that by the second clause of the "Act respecting the Canadian Pacific Railway," passed during the present Session, it is provided as follows:—

"The money subsidy hereafter payable to the company may be paid as the work on either the Central or Eastern Section of the railway proceeds, in the proportion which the value of the work done on such section, and for which payment is demanded, bears to the value of the whole work now remaining to be done under the contract on such section."

That under date the 14th inst. a certificate has been issued by the Chief Engineer, No. 45, made out in conformity with the said provision—the following being the terms of such certificate which applies to the Central Section.

Total value of work done and materials delivered, up to the 1st of March, 1884		$ 9,882,477
Eastern Division, 900 miles, at $10,000	$ 9,000,000

		$ 116,250
		$ 9,998,727
Of this amount there has been already paid.....		9,851,232
Leaving the balance now payable		$147,495

The undersigned recommends that authority be given for the payment of the said sum of $147,495.

Respectfully submitted,

CHARLES TUPPER, *Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 24th March,* 1884.

On a memorandum, dated 14th March, 1884, from the Minister of Railways and Canals, submitting that by the 2nd clause of the Act to amend the Act intituled: "An Act respecting the Canadian Pacific Railway, and for other purposes," passed during the present Session of Parliament, it is provided as follows:—

The money subsidy hereafter payable to the company may be paid as the work on either the Central or Eastern Section of the railway proceeds, in the proportion which the value of the work done on such section, and for which payment is demanded, bears to the value of the whole work now remaining to be done under the contract on such section.

The Minister represents that under date the 14th inst. a certificate has been issued by the Chief Engineer, No. 45, made out in conformity with the said provision, the following being the terms of such certificate which applies to the central section.

Total value of work done and materials delivered up to the 1st March, 1884, $9,882,477.

Eastern Division, 900 miles, at $10,000		$9,000,000
Western do 54 do 13,333		719,982
		$9,719,982
Western Division, proportion of work done to work remaining to be done, less 10 per cent		162,495
		$9,882,477
Add advance on rails—		
56,530 tons, at $50, $2,826,500 × ·75	$2,119,875	
Less for rails covered by this estimate—		
53,430 tons, at $50, $2,671,500 × ·75	2,003,625	
		116,250
		$9,998,727
Of this amount there has been already paid		9,851,232
Leaving the balance now payable		$147,495

The Minister recommends that authority be given for the payment of the said sum of one hundred and forty-seven thousand four hundred and ninety-five dollars ($147,495.)

The Committee advise that authority be granted in accordance therewith.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

OTTAWA, 24th April, 1884.

SIR,—I am instructed to inform you that on the 28th ultimo a certificate in favor of your company was issued for $147,495 on account subsidy Central Section on estimate to 1st March, and for $100,000 on account of loan authorised by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION. CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, west of Red River, Central Section; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 30th April, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.

Total value of work done and materials delivered to the 30th April, 1884.....		$9,988,669
Eastern Division, 900 miles at $10,000... .....$9,000,000		
Western do 54 do 13,333.....	719,982	
	9,719,982	
Proportion of work done to work remaining to be done.....	268,687

			$268,687

OTTAWA, 12th May, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 10th instant a certificate, No. 46, of the Central Section of the Canadian Pacific Railway has been issued by the Government Chief Engineer, in accordance with the special Act passed last Session, the particulars being as follows :—

Total value of work done and materials delivered up to the 30th April, 1884			$9,988,669
Eastern Division, 900 miles, at $10,000	$9,000,000		
Western do 54 do at $13,333	719,982		
	$9,719,982		
Proportion of work done to work remaining to be done	268,687		
	$9,988,669		
Add advances on rails, 56,530 tons, at $50, $2,826,500×·75		$2,119,875	
Less covered by this estimate, 53,730, at $50, $2,686,500×·75		2,014,875	
			$105,000
That of this sum of			$10,093,669
the books of the accountant of the Department show that there has been already paid the sum of			9,998,727
Leaving the balance now payable			$94,942

Of this balance the sum of $61,300 should be charged to the loan, and the sum of $33,642 to ordinary subsidy.

The undersigned recommends that authority be given for the payment of the said balance of $96,942 to the company, accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 13th May*, 1884.

On a memorandum dated 12th May, 1884, from the Acting Minister of Railways and Canals, submitting that under date the 10th May instant a certificate No. 46, of the Central Section of the Canadian Pacific Railway has been received from the Government Chief Engineer, the said certificate being made out in conformity with the provisions of the Act respecting the railway, passed during the recent Session of Parliament, and its basis being the value the work done bears in proportion to the value of the work remaining to be done.

The Minister submits the following particulars of the present certificate:—

Total value of work done and materials delivered up to the 30th April, 1884		$9,988,669
Eastern Division, 900 miles, at $10,000	$9,000,000	
Western do 54 do at 13,333	719,982	
	$9,719,982	
Proportion of work done to work remaining to be done	268,687	
	$9,988,669	
Add advances on rails—		
56,530 tons, at $50 = $2,826,500 × ·75	$2,119,875	
Less covered by this estimate—		
53,730 tons, at $50 = $2,686,500 × ·75	2,014,875	
		105,000
		$10,093,669
That the books of the Department show that there has been paid		9,988,727
Leaving the balance now payable		$94,942

And that of this sum the proportions severally chargeable to the subsidy and to the loan authorized by the above mentioned Act are as follows:—

To Subsidy	$33,642
To Loan	61,300
	$94,942

The Minister recommends that authority be given for payment to the company of the aforesaid sum of $94,942.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 19th May, 1884.

SIR,—I am instructed to inform you that on the 17th inst. a certificate was issued by this Department in favor of your company for $33,642, on account of subsidy, Central Section, on estimate, and for $61,300, on account of loan authorized by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION. CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Co.; locality of works, Central Section, west of Red River; name of contractors, Canadian Pacific Railway Co.; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st June, 1884.

The works, of which this in an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.

Total value of work done and material delivered to the 1st June, 1884.....		$10,083,253
Eastern Division, 900 miles, at $10,000	$9,000,000

		$10,188,253
That of this amount the books of the accountant of the Department show that there has been already paid the sum of		10,093,669
Leaving the balance payable		$94,584

The proportions of the said balance severally chargeable to the subsidy and the loan account being as follows:—

Subsidy	$37,804
Loan	56,780
	$94,584

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of $94,584, accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 14th June, 1884.*

On a memorandum, dated 12th June, 1884, from the Acting Minister of Railways and Canals, submitting a certificate (No. 47), dated 11th inst., from the Chief Engineer of the Canadian Pacific Railway, respecting the Central Section of the line, and made out in accordance with the Act 47 Vic., chap. 1, the particulars of said certificate being as follows:—

Total value of work done and material delivered to 1st June, 1884		$10,083,253
Eastern Division, 900 miles, at $10,000	$9,000,000	
Western do 54 do 13,333	719,982	
Proportion of work done to work remaining to be done	363,271	
		$10,083,253
ADD—Advance on rails, 56,530 tons, at $50=$2,826,500 × ·75	$2,119,875	
LESS—Covered by this estimate, 53,730 tons, at $50=$2,686,500 × ·75	2,014,875	
		105,000
		$10,188,253
That of this amount the books of the Department show that there has been already paid the sum of		10,093,669
Leaving balance now payable of		$ 94,584

Said balance being chargeable to the subsidy and loan accounts, severally, as follows:—

Subsidy	$37,804
Loan	56,780
	$ 94,584

The Minister recommends that authority be given for payment to the Canadian Pacific Railway Company of the said sum of $94,584.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

OTTAWA, 17th June, 1884.

SIR,—I have the honor to inform you that a certificate has issued in favor of the Canadian Pacific Railway for the sum of $94,584, balance due on account of work done and materials delivered on the Eastern and Western Divisions of the Central Section, up to the 1st June, 1884, as per estimate of Chief Engineer, the same being chargeable as under.

To subsidy	$37,804
To loan	56,780

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co, Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION. CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Central Section, west of Red River; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st July, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above; also under letters Nos. 27816 and 28944.

Total value of work done and materials delivered to the 1st July, 1884		$10,526,979

	$10,526,979	
That of this amount the books of the Accountant of the Department show that there has been already paid the sum of		$10,188,253
Leaving balance now payable		$338,726

Of which sum the portions severally chargeable to the loan and the subsidy accounts are as follows:—

Loan	$266,374
Subsidy	72,352
	$338,726

The undersigned recommends that authority be given for the payment of the said balance of $338,726 accordingly, to the Canadian Pacific Railway Company.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the* 10th *July,* 1884.

On a memorandum, dated 7th July, 1884, from the Acting Minister of Railways and Canals, submitting a certificate (No. 48) dated 5th July instant, from the Government Chief Engineer of the Canadian Pacific Railway, showing the work done on the Central Section, since the date of his last certificate, as follows:—

Total value of work done and materials delivered up to 1st July, 1884		$10,526,979
Eastern Division, 900 miles at $10,000	$ 9,000,000	
Western do 54 do 13,333	719,982	
	$9,719,982	
Proportion of work done to work remaining to be done	$806,997	
	$10,526,979	
That of this amount the books of the Department show that there has been already paid the sum of		$10,188,253
Leaving balance now payable of		$338,726

Of which sum the portions severally chargeable to the loan and subsidy accounts in accordance with the Act of 1884 respecting the Canadian Pacific Railway, are as follows:—

Loan	$266,374
Subsidy	72,352
	$338,726

The Minister recommends that authority be given for the payment of the said balance of $338,726 to the Canadian Pacific Railway Company.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

OTTAWA, 11th July, 1884.

SIR,—I am directed to inform you that on the 11th inst. a certificate was issued by this Department in favor of your company, for the sum of $72,352, on account of subsidy, Central Section, on estimate, and for $266,374, on account of loan authorized by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Central Section, west of Red River; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st July, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944:—

Total value of work done and materials delivered to the 1st July, 1884		$10,646,332
Eastern Division, 900 miles at $10,000	$9,000,000	
Western do 54 do 13,333	719,982	
	$9,719,982	
Proportion of value of work done under the Act of 1884, to work remaining to be done	926,350	
	$10,646,332	
The amount of this certificate payable under the loan of $22,500,000, is	556,100	
Previously returned under the loan	484,450	
	$ 71,650	

The above is a correct estimate, made up from the returns forwarded by James Dickey and J. S. V. Caddy.

The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by Departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C.P.R. Head Office.*

Total amount now certified on this contract, $10,646,332; all previous payments to be deducted.

	$10,646,332	
That of this amount the books of the Accountant of the Department show that there has been already paid the sum of		10,526,979
Leaving the balance payable		$119,353

Of which the portions severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$71,650
Subsidy	47,703
	$119,353

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said balance, $119,353 accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 10th July*, 1884.

On a memorandum, dated 8th July, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 49, dated 8th inst., from the Chief Engineer of the Canadian Pacific Railway, respecting the Central Section of the line, made out in accordance with the Act 47 Vic., cap. 1, the particulars of said certificate being as follows:—

Total value of work done and materials delivered up to the 1st July, 1884		$10,646,332
Eastern Division, 900 miles, at $10,000	$9,000,000	
Western Division, 54 miles, at $13,333	719,982	
	$9,719,982	
Proportion of value of work done to work remaining to be done	926,350	
	$10,646,332	
That of this amount the books of the Department show that there has been already paid the sum of		$10,526,979
Leaving the balance now payable of		$ 119,353

Of which the portions severally chargeable to the loan and the subsidy accounts are as follows:—

Loan	$71,650
Subsidy	47,703
	$119,353

The Minister recommends that authority be given for payment to the Canadian Pacific Railway Company of the said sum of $119,353.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

After the signature of the report to Council the Engineer reduced the estimate:

From loan	$71,650	
From subsidy	47,703	
		$119,353
To loan	$64,086	
To subsidy	42,668	
		106,754

And the latter amount only was paid on the estimate, as per letter to the secretary of the company dated 11th July, 1884.

T. TRUDEAU.

MEMORANDUM.—The undersigned has the honor to represent that under date the 4th inst., a certificate, No. 51, of the central section of the Canadian Pacific Railway has been issued by the Chief Engineer, the details of which are as follows:—

Total value of work done and materials delivered up to the 31st July, 1884		$11,309,306
Eastern Division, 900 miles, at $10,000	$ 9,000,000	
Western Division, 54 miles, at $13,333	719,982	
	$9,719,982	
Proportion of value of work done under the Act of 1884, to that of work remaining to be done	1,589,324	
	$11,309,306	
That of this amount the books of the Accountant of the Department show that there has been already paid the sum of	$10,891,133	
Leaving the balance now payable	$ 418,173	

The portions of which severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$251,034
Subsidy	167,139
Total	$418,173

The undersigned recommends that authority be given for the payment of the said balance $418,173 to the Canadian Pacific Railway Company, accordingly.

Respectfully submitted,

HECTOR LANGEVIN, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 9th August,* 1884.

On a memorandum, dated 5th August, 1884, from the Acting Minister of Railways and Canals, submitting a certificate No. 51, dated 4th August, instant, from the Chief Engineer of the Canadian Pacific Railway with respect to the Central Section of the line of which the following are the details:—

Total value of work done and materials delivered to the 31st of July, 1884		$11,309,306
Eastern Division, 900 miles at $10,000	$ 9,000,000	
Western Division, 54 miles at $13,333	719,982	
	$9,719,982	
Proportion of value of work done under the Act of 1884, to that of work remaining to be done	1,589,324	
	$11,309,306	
That of this amount the books of the Accountant of the Department show that there has been already paid the sum of	$10,891,133	
Leaving the balance now payable	$ 418,173	

The portions of which severally chargeable to the loan and the subsidy accounts are as follows:—

Loan	$251,034
Subsidy	167,139
Total	$418,173

The Minister recommends that authority be given for the payment of the said balance, four hundred and eighteen thousand, one hundred and seventy three dollars, to the Canadian Pacific Railway Company ($418,173).

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

OTTAWA, 12th August, 1884.

SIR,—I am directed to inform you that on the 6th instant a certificate was issued in favor of your company for the sum of $418,173, viz., for subsidy $167,139 and for

loan $251,034, being upon estimate for the Central Section, Canadian Pacific Railway, up to 31st ultimo.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Central Section, west of Red River; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 31st August, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.

Total value of work done and materials delivered to the 31st August, 1884		$ 11,748,158
Eastern Division, 900 miles at $10,000.	$9,000,000	
Western Division, 54 miles at $13,333...	719,982	
	$9,719,982	
Proportion of value of work done under the Act of 1884 to work remaining to be done	$2,028,176	
	$11,748,158	
The amount of this certificate payable under the loan of $22,500,000 is....	$1,217,539	
Previously returned under the loan.....	954,090	
	$263,449	

The above is a correct estimate, made up from the returns forwarded by James Dickey. The quantities so furnished have been accurately moneyed out at the contract rates, or at rates specially authorized by Departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *in charge of C. P. R. Head Office.*

Total amount now certified on this contract, $11,748,158; all previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer in-Chief.*

Subsidy	11,565
	$28,926

The Minister recommends that authority be given for the payment of the said sum of twenty-eight thousand nine hundred and twenty-six dollars ($28,926) to the Canadian Pacific Railway Company accordingly.

The Committee advise that authority be given as recommended.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 10th October, 1884.

SIR,—I am directed to inform you that a certificate has issued for the payment to the Canadian Pacific Railway Company of the sum of $28,926, on account of progress estimate of work done and materials delivered on the Central Section, west of Red River, to Kamloops, of the Canadian Pacific Railway, up to the 30th September, 1884, chargeable as under :—

To loan	$17,361
To subsidy	11,565

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

CANADIAN PACIFIC RAILWAY—PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; location of works, Central Section, west of Red River; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress Estimate of work done and material delivered from the beginning of operations under this contract to the 1st October, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.

Total value of work done and materials delivered to the 1st October, 1884		$12,332,235
Eastern Division, 900 miles, at $10,000...	$ 9,000,000	
Western do 54 do 13,333...	719,982	
	$ 9,719,982	
Proportion of value of work done under the Act of 1884 to work remaining to be done	2,612,253	
	$12,332,235	
The amount of this certificate, payable under the loan of $22, 500,000, is	$ 1,568,200	
Previously returned under the loan	1,263,000	
	$ 305,200	

The above is a correct estimate, made up from the returns forwarded by James Dickey. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $12,332,235. All previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

	$9,719,982	
Proportion of value of work done under the Act of 1884 to value of work remaining to be done	2,612,253	
	$12,332,235	
That of this amount the books of the accountant of the Department show that there has already been paid the sum of		11,823,884
		$508,351

Of which the portions severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$305,200
Subsidy	203,151
	$508,351

The undersigned recommends that authority be given for the payment of the said balance of $508,351 to the Canadian Pacific Railway Company accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 17th October*, 1884.

On a memorandum, dated 11th October, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 55, dated 11th October, 1884, issued by the Chief Engineer of the Canadian Pacific Railway, in respect to the Central Section of that road, of which the following are the details:—

Total value of work done and materials delivered up to the 1st October, 1884		$12,332,235
Eastern Division, 900 miles at $10,000	$9,000,000	
Western do 54 do 13,333	719,982	
	$9,719,982	
Proportion of value of work done under the Act of 1884 to value of work remaining to be done	$2,612,253	
	$12,332,235	
That of this amount the books of the accountant of the Department show that there has already been paid the sum of		$11,823,884
Leaving the balance now payable		$ 508,351

Of which sum the portions severally chargeable to the Loan and Subsidy accounts are as follows:—

Loan	$ 305,200	
Subsidy	203,151	
		508,351

The Minister recommends that authority be given for the payment of the said sum of $508,351 to the Canadian Pacific Railway Company accordingly.

The Committee advise that authority be given as recommended.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 17th October, 1884.

SIR,—I beg, by direction, to inform you that a certificate has been issued in favor of your company for $508,351. being in payment for work done, &c., on Central

Section of the Canadian Pacific Railway, as per engineer's estimate, to 1st October instant, viz.:—

Loan	$305,200
Subsidy	203,151
	$508,351

I am, Sir, Your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—CENTRAL SECTION—CANADIAN PACIFIC RAILWAY.

Description of work, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Central Section, west of Red River; Name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 31st October, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.

Ottawa, 8th April, 1884.

Memorandum.—The undersigned has the honor to represent that under date the 8th instant the Chief Engineer of the Canadian Pacific Railway has furnished a certificate, No. 12, in relation to the progress of work on the Eastern Section of that road, such certificate being made out upon the basis of the proportion the value of the work done bears to that of the work remaining to be done, in conformity with the provisions of the Act respecting this railway passed during the present Session.

That the present certificate shows the position to be as follows:—

Total value of work done and materials delivered up to the 1st of April, 1884		$6,377,797
West of Callander, 100 miles; east of Fort William, 67 miles, at $15,384.61	$2,569,229	
Proportion of work done to work remaining to be done	3,808,568	
	$6,377,797	
That of this amount the books of the Department show that there has been paid the sum of		5,928,346
Leaving the balance now payable		$449,451

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of $449,451.

Respectfully submitted,
CHARLES TUPPER, *Minister Railways and Canals.*

Certified Copy *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 9th April,* 1884.

On a memorandum, dated 8th April, 1884, from the Minister of Railways and Canals, submitting that under date the 8th instant a certificate, No. 12, herewith, has been received from the Chief Engineer of the Canadian Pacific Railway, in relation to the progress of work on the Eastern Section of that road, and that this certifi-

cate is made out upon the basis of the proportion the value of the work done bears to that of the work remaining to be done, in conformity with the provisions of the Act respecting the Canadian Pacific Railway passed during the present Session ;

The Minister represents that the present certificate shows the position to be as follows :—

Total value of work done and material delivered up to 1st April, 1884		$6,377,797.
West of Callander, 100 miles; east of Fort William, 67 miles, at $15,384.61	$2,569,229	
Proportion of work done to work remaining to be done	3,808,568	
	$6.377,797	
That of this sum the books of the Department show that there has been paid the company the sum of		$5,928,346
Leaving the balance now payable		$ 449,451

The Minister recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of four hundred and forty-nine thousand, four hundred and fifty-one dollars.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 24th April, 1884.

SIR,—I am instructed to inform you that on the 10th instant a certificate was issued by this Department in favor of your company for $220,451 on account of subsidy Eastern Section, on estimate to 1st instant, and for $229,000 on account of loan authorized by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

	$6,594,027	
That the books of the accountant of the Department show that of this sum there has been paid the sum of		$6,377,797
Leaving the balance now payable to the company		$216,230

Of this sum, as appears from the said certificate, the proportions severally chargeable to the subsidy and to the loan of $22,500,000 granted this Session, are as follows:—

To subsidy	$111,030
To loan	105,200
	$216,230

The undersigned recommends that authority be given for payment to the company accordingly.

Respectfully submitted,

CHARLES TUPPER, *Minister Railways and Canals.*

Certified Copy *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 12th April,* 1884.

On a memorandum, dated 10th April, 1884, from the Minister of Railways and Canals, submitting that, under date the 9th April inst., a certificate, No. 13, has been

received from the Chief Engineer of the Canadian Pacific Railway, in relation to the progress of works on the Eastern Section of that road, the said certificate being made out in conformity with the provisions of the Act respecting the railway passed during the present Session of Parliament, and its basis being the value of the work done bears in proportion to the value of the work remaining to be done;

The Minister submits the following particulars of the said certificate:—

Total value of work done and material delivered up to the 7th of April, 1884	$6,594,027
West of Callander, 100 miles; east of Port Arthur, 67 miles	2,569,229
Proportion of work done to work remaining to be done,	4,024,798
	$6,594,027
That the books of the Department show that there has already been paid the company the sum of	6,377,797
Leaving the balance now payable	$ 216,230

And that of this sum, as appears from the said certificate, the proportions severally chargeable to the subsidy and to the loan of $22,500,000, granted this Session, are as follows:—

To subsidy	$111,030
To loan	105,200
	$216,230

The Minister recommends that authority be given for payment to the company of the aforesaid sum of two hundred and sixteen thousand two hundred and thirty dollars.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *C.P.C.*

Hon. the Minister of Railways and Canals.

OTTAWA, 24th April, 1884.

SIR,—I am instructed to inform you that on the 18th instant, a certificate in favor of your company was issued for $111,030, on account of subsidy, Eastern Section, on estimate to 7th instant, and for $105,200 on account of loan authorized by Parliament, making in all $9,335,200 to date on account of the loan.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Callander to Junction with Lake Superior Section; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 30th April, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. 27816.

Total value of work done and materials delivered to the 30th April, 1884	$6,752,958
West of Callander 100 miles; east of Port Arthur 67 miles, at $15,384.61	$2,569,229
Proportion of work done to work remaining to be done	$4,183,729
	$6,752,958

NOTE.—The amount of this certificate, payable under the loan of $22,500,000, is $2.422,250

The above is a correct estimate, made up from the returns forwarded by Thos. Ridout and J. W. V. Caddy. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $6,752,958; all previous payments to be deducted.

OTTAWA, 7th May, 1884.

MEMORANDUM.—The undersigned has the honor to represent that, under date the 6th instant, a certificate, No. 14, of the Eastern Section of the Canadian Pacific Rail-

way, has been received from the Government Chief Engineer, the said certificate being made out in conformity with the provisions of the Act affecting the road passed during the last Session, the basis being the value the work done bears in proportion to that of the work remaining to be done.

The following are the particulars of the said certificate:—

Total value of work done and materials delivered up to the 30th April, 1884		$6,752,958
West of Callander, 100 miles; east of Port Arthur, 67 miles at $15,384.61	$2,569,229	
Proportion of work done to work remaining to be done	4,183,729	
	$6,752,958	
That the books of the accountant of the Department show that of this sum there has been paid the sum of		6,594,027
Leaving the balance now payable to the company		$158,931
Of this sum the proportions severally chargeable to the subsidy and to the loan are as follows —		
To subsidy		$ 46,900
To loan		112,000
		$158,900

The undersigned recommends that authority be given for payment to the company accordingly.

Respectfully submitted,
CHARLES TUPPER, *Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 8th May,* 1884.

On a memorandum, dated 7th May, 1884, from the Minister of Railways and Canals, submitting that under date the 6th May, instant, a certificate, No. 14, of the progress of works on the Eastern Section of the Canadian Pacific Railway has been received from the Government Chief Engineer, the said certificate being made out in conformity with the provisions of the Act respecting the railway passed during the recent Session of Parliament, and its basis being the value of the work done bears in proportion to the value of the work remaining to be done;

The Minister submits the following particulars of the present certificate:—

Total value of work done and materials delivered up to 30th April, 1884		$6,752,958
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61.	$2,569,229	
Proportion of work done to work remaining to be done	4,183,729	
	$6,752,958	
That the books of the Department show that there has been paid		6,594,027
Leaving the balance now payable		$158,931

And that of this sum the proportions severally chargeable to the subsidy and to the loan authorized by the above mentioned Act, are as follows:—

To subsidy	$66,900
To loan	92,000
	$158,900

The Minister recommends that authority be given for payment to the company of the aforesaid sum of $158,931.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

13th May, 1884.

SIR,—I am instructed to inform you that on the 8th inst., a certificate was issued by this Department in favor of your company for $66,931 on account of subsidy, Eastern Section, on estimate, and for $92,000 on acccount of loan authorized by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION—CANADIAN PACIFIC RAILWAY.

MEMORANDUM.—The undersigned has the honor to represent that under date of the 16th inst. a certificate, No. 15, has been issued by the Chief Engineer of the Canadian Pacific Railway, in respect of the work on the Eastern Section of that road, such certificate being based on the provisions of the Act passed last session, and the following being its particulars:—

Total value of work done and materials delivered up to the 1st of May, 1884 ..... $7,156,801

West of Callander, 100 miles; east of Port Arthur, 67 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	4,587,572	
That of this sum, the books of the Department show that there has already been paid the sum of	$7,156,801	
	6,752,958	
Leaving the balance payable	$403,843	

Of which the proportions severally chargeable to the special loan and the ordinary subsidy are as follows:—

Loan	$233,812
Subsidy	170,031
	$403,843

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of $403,843 accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 17th May*, 1884.

On a memorandum, dated 16th May, 1884, from the Acting Minister of Railways and Canals, submitting that under date of the 16th May, inst., a certificate, No. 15, has been received from the Chief Engineer of the Canadian Pacific Railway, in respect of the work on the Eastern Section of that road, such certificate being based on the provisions of the Act passed last session, respecting the Canadian Pacific Railway, the Minister submits the following particulars of the present certificate:—

Total value of work done and materials delivered up to the 1st of May, 1884		$7,156,801
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles at $15,384.61.	$2,569,229	
Proportion of value of work done to work remaining to be done	4,587,572	
	$7,156,801	
That of this sum the books of the Department show there has already been paid		6,752,958
Leaving the balance payable of		$ 403,843

Of which the portions chargeable to the special loan and the ordinary subsidy are as follows:—

Loan	$233,812
Subsidy	170,031
	$403,843

The Minister recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of four hundred and three thousand, eight hundred and forty-three dollars ($403,843).

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 19th May, 1884.

SIR,—I have the honor, by direction, to inform you that a certificate of this Department has this day issued in favor of the Canadian Pacific Railway, Eastern Division, for the sum of $170,031 on account of subsidy, and $233,812 on account of loan, making a total of $403,843.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

OTTAWA, 29th May, 1884.

MEMORANDUM.—The undersigned has the honor to represent that, under date the 29th instant, the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 16, being a supplementary progress estimate for the Eastern Section, and based on the provision of the Special Act passed last session. The following are its particulars :—

Total value of work done and materials delivered up to the 1st of May, 1884	$7,335,145

West of Callander, 100 miles; east of Port Arthur, 67 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	4,765,916	
	$7,335,145	
Of this amount the books of the accountant of the Department show that there has been already paid the sum of		$7,156,801
Leaving the balance payable		$178,344

The amounts payable from the loan and subsidy severally being:—

Loan	$103,256
Subsidy	75,088
	$178,344

The undersigned recommends that authority be given for the payment to the company of the said sum of $178,344, accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 30th May,* 1884.

On a memorandum, dated 29th May, 1884, from the Acting Minister of Railways and Canals, representing that under date the 29th instant, a certificate, No. 16, has been received from the Chief Engineer of the Canadian Pacific Railway, being a supplementary progress estimate for the Eastern Section, based on the provisions of the Special Act concerning the said railway, passed during the last session of Parliament;

The Minister submits the following particulars of the present certificate:—

Total value of work done and materials delivered up to the 1st of May, 1884		$7,335,145
West of Callander, 100 miles; east of Port Arthur, 67 miles, at $15,384.61	$2,569,229	
Proportion of work done to work remaining to be done	4,765,916	
	$7,335,145	
That of this amount the books of the accountant of the Department show that there has been already paid the sum of		$7,156,801
Leaving the balance payable		178,344

That of this sum the amounts severally chargeable to the loan and subsidy are:—

Loan	$103,256
Subsidy	75,088
	$178,344

The Minister recommends that authority be given for the payment to the company of the said sum of $178,344

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals, Ottawa.

OTTAWA, 31st May, 1884.

SIR,—I am instructed to inform you that on the 30th instant a certificate was issued by this Department in favor of your company for $75,038, on account of subsidy, Eastern Section, on estimate to 1st instant, and for $103,256 on account of loan authorized by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

OTTAWA, 6th June, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 6th inst., the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 17, of the Eastern Section of the line, made out in conformity with the provisions of the Act passed last Session in this regard, the following being the particulars of the said certificate:—

Total value of work done and materials delivered up to 1st June, 1884		$7,593,773
West of Callander, 100 miles; east of Port Arthur, 67 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	5,029,544	
		$7,598,773

Of this amount the books of the accountant of the Department show that there has already been paid the sum of	7,335,145
Leaving the balance payable	$263,628

Of which amount the portions severally chargeable to the loan and the subsidy account are as follows:—

Loan	$152,632
Subsidy	110,996
	$263,628

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of $263,628 accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 7th June,* 1884

On a memorandum, dated 6th June, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 17, dated 6th inst., from the Chief Engineer of the Canadian Pacific Railway, with reference to the Eastern Section of the railway, made out in conformity with the provisions of the Act passed during the last Session of Parliament regarding the Canadian Pacific Railway, the following being the particulars of the said certificate:—

Total value of work done and materials delivered up to the 1st of June, 1884		$7,598,773
West of Callander, 100 miles; east of Port Arthur, 67 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to value of work remaining to be done	5,029,544	
	$7,598,773	
That the books of the Department show that there has already been paid the sum of		$7,335.145
Leaving balance payable of		263,628

Which amount is chargeable to loan and subsidy accounts in the following portions:—

Loan	$152,632
Subsidy	110,996
	$263,628

The Minister recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of $263,628.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 11th June, 1884.

SIR,—I have the honor, by direction, to inform you that a certificate was issued by this Department on the 10th inst. for the payment of the Canadian Pacific Railway Company of the sum of $263,628, on account of work done and materials

delivered on the Eastern Section up to the 1st June instant, as per estimate of Chief Engineer—the same being chargeable as under:

To Loan account	$152,632
" Subsidy do	110,996

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Callander to junction with Lake Superior Section; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st June, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. 27816.

Total value of work done and materials delivered to the 1st June, 1884		$8,157,493
West of Callander, 100 miles; east of Port Arthur 67 miles; 167 miles at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	5,588,264	
	$8,157,493	
NOTE—The amount of this certificate payable under the loan of $22,500,000 is	$3,235,432	
Previously returned under the loan	2,911,950	
	$ 323,482	

The above is a correct estimate, made up from the return forwarded by Thomas Ridout and J. W. V. Caddy. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by Departmental letter above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $8,157,493. All previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

Office of Engineer-in-Chief, Ottawa, 10th June, 1884.

OTTAWA, 10th June, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 10th instant a certificate, No. 18, of the Eastern Section of the Canadian Pacific Railway has been issued by the Government Chief Engineer, made out in accordance with the Act 47 Vic., ch. 1, the following being its particulars:—

Total value of work done and materials delivered up to the 1st of June, 1884 ..... $8,157,493

West of Callander, 100 miles; east of Callander, 67 miles; total, 167 miles, at $15,384·61	$2,569,229	
Proportion of value of work done to work remaining to be done	5,588,264	
	$8,157,493	
That of this amount the books of the accountant of the Department show that there has been already paid the sum of		$7,598,773
Leaving the balance now payable		$558,720

The proportions of the said balance severally chargeable to the subsidy and loan accounts being as follows:—

Subsidy	$235,238
Loan	323,482
	$588,720

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of $558,720 accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 12th June,* 1884.

On a memorandum, dated 10th June, 1884, from the Acting Minister of Railways and Canals, submitting that under date the 10th June instant, a certificate, No. 18, of the Chief Engineer of the Canadian Pacific Railway, in respect of the work on the Eastern Section of that road, has been received, such certificate being based on the provisions of the Act passed last Session respecting the Canadian Pacific Railway;

The Minister submits the following particulars of the present certificate:—

Total value of work done and materials delivered up to the 1st day of June, 1884		$8,157,493
West of Callander, 100 miles; east of Callander, 67 miles; total, 167 miles at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	$5,588,264	
	$8,157,493	
That of this sum, the books of the Department show there has already been paid		$7,593,773
Leaving a balance payable of		$ 558,720

Of which the proportions severally chargeable to the special loan and the ordinary subsidy are as follows:—

Subsidy	$235,238
Loan	323,482
	$ 558,720

The Minister recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said sum of five hundred and fifty-eight thousand seven hundred and twenty dollars ($558,720).

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

OTTAWA, 16th June, 1884.

SIR,—I have the honor to inform you that a certificate has been issued in favor of the Canadian Pacific Railway Company for the payment of the sum of $558,720, on account of work done and materials delivered on the Eastern Section, as per Chief Engineer's estimate, up to the 1st June, inst., apportioned as under:—

Subsidy	$235,238
Loan	323,482

I have the honor to be, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

Ottawa, 8th July, 1884.

Memorandum.—The undersigned has the honor to represent that under date the 7th instant the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 20, of the Eastern Section of that road, the particulars of which are as follows:—

Total value of work done and materials delivered up to the 1st July, 1884		$9,180,980
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15 384.61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	6,611,751	
	$9.180,980	
That of this amount the books of the accountant of this Department show that there has already been paid the sum of		8,428,992
Leaving the balance now payable		$ 751,988

Of which the portions severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$435,379
Subsidy	316,609
	$751,988

The undersigned recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said balance of $751,988 accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 10th July,* 1884.

On a memorandum, dated 8th July, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 20, dated 7th July instant, from the Government Chief Engineer of the Canadian Pacific Railway, with respect to the Eastern Section of that road, of which the following are the particulars:

Total value of work done and materials delivered up to 1st July, 1884		$9,180,980
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done under the Act of 1884	6,611,751	
	$9,180,980	
That of this amount the books of the Department show that there has been already paid the sum of		8,428,992
Leaving the balance now payable		$ 751,988

Of which the portions severally chargeable under the Act of 1884, respecting the Canadian Pacific, to loan and subsidy accounts, are as follows:—

Loan	$435,379
Subsidy	316,609
	$751,988

The Minister recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said balance of $751,988.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, July, 1884.

SIR,—I am instructed to inform you that on the 11th instant a certificate was issued by this Department in favor of your company for $316,609, on account of subsidy, Eastern Section, on estimate, and for $435,379 on account of loan authorized by Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 31st July, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter numbered 27,816.

Total value of work done and materials delivered to the 31st July, 1884		$9,572,722
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	7,003,493	
	$9,572.722	
NOTE—The amount of this certificate payable under the loan of $22,500,000 is..	$4,054,805	
Previously returned under the loan	3,828,000	
	$226.805	

The above is a correct estimate, made up from the returns forwarded by Thos. Ridout and J. W. V. Caddy. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $9,572,722. All previous payments to be deducted.

OTTAWA, 19th August, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 19th instant the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 23, of the Eastern Section of that road, the following being the particulars :—

Total value of work done and material delivered up to the 19th August, 1884		$10,789,891.
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	8,220,662	
	$10,789,891	
That of this amount the books of the accountant of the Department show that there has already been paid the sum of		10,333,762
Leaving the balance now payable		$ 456,129

Of which amount the portions severally chargeable to the loan and subsidy accounts are as follows :—

Loan	$ 264,085
Subsidy	192,044
	$ 456,129

The undersigned recommends that authority be given for the payment of the said balance to the Canadian Pacific Railway Company accordingly.

Respectfully submitted,
J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 21st August,* 1884.

On a memorandum, dated 19th August, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 23, dated 19th inst., from the Chief Engineer of the Canadian Pacific Railway, showing the amount payable to the company under the Act of 1884, with respect to the Eastern Section of the line, the following being the particulars of said certificate:—

Total value of work done and materials delivered up to the 19th August, 1884		$10,789,891
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to work remaining to be done	8,220,662	
	$10,789,891	
That of this amount the books of the Department show that there has already been paid the sum of		10,333,762
Leaving balance now payable		$456,129

And that of this amount the portions severally chargeable to loan and subsidy accounts are :—

Loan	$264,085
Subsidy	192,044
	$456,129

The Minister recommends that authority be given for the payment to the Canadian Pacific Railway Company of the said balance of four hundred and fifty-six thousand one hundred and twenty-nine dollars ($456,129).

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 22nd August, 1884.

SIR,—I am directed to inform you that on the 22nd instant a certificate was issued by this Department in favor of your company for the sum of $456,129, viz.: for subsidy, $192,044, and for the loan authorized last Session, $264,085, being upon estimate for Eastern Section of the Western Division of the line of the Canadian Pacific Railway, up to the 19th instant.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

CANADIAN PACIFIC RAILWAY—PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION.

Description of works, cash subsidy and loan; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Eastern Division; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operation under this contract to the 1st September, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. 27816.

Total value of work and materials delivered to the 1st September, 1884		$11,201,762
West of Callander 100 miles; east of Port Arthur 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	8,632,533	
	$11,201,762	
NOTE—The amount of this certificate payable under the loan of $22,500,000 is.	$4,997,969	
Previously paid	4,759,509	
	$ 238,460	

The above is a correct estimate, made up from the returns forwarded by Thomas Ridout. The quantities so furnished have been accurately moneyed out at the con-

tract rates, or at the rates specially authorized by departmental letters above mentioned.

J. W. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract $11,201,762. All previous payments to be deducted.

Ottawa, 11th September, 1884.

Memorandum.—The undersigned has the honor to represent that under date the 11th instant the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 25, of the Eastern Section, of which the following are the details:—

Total value of work done and materials delivered up to the 1st September, 1884		$12,422,084
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles at $15,384,61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	9,852,855	
	$12,422,084	

That of this amount the books of the accountant of the Department show that there has been already paid the sum of	11,201,762
Leaving the balance now payable	$ 1,220,322

Of this balance the portions severally chargeable to the loan and the subsidy accounts are as follows:—

Loan	$ 706,529
Subsidy	513,793
	$1,220,322

The undersigned recommends that authority be given for the payment of the said sum of $1,220,322 to the Canadian Pacific Railway Company, in accordance with the foregoing.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 12th September,* 1884.

On a memorandum, dated 11th September, 1884, from the Acting Minister of Railway and Canals, submitting a certificate, No. 25, dated 11th inst., from the Chief Engineer of the Canadian Pacific Railway, with respect to the Eastern Section of the line, and of which the following are the details:—

Total value of work done and materials delivered up to the 1st of September, 1884		$12,422,084
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done to value of work remaining to be done	9,852,855	
	$12,422,084	
That of this amount the books of the Department show there has already been paid the sum of	$11,201,762	
Leaving balance now payable of	$1,220,322	

And that of this balance the portions severally chargeable to loan and subsidy accounts, in accordance with the Act of 1834, respecting the Canadian Pacific Railway Company, are as follows:—

Loan	$706,529
Subsidy	513,793
	$1,220,322

The Minister recommends that authority be given for the payment of the said sum of $1,220,322 to the Canadian Pacific Railway Company.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

OTTAWA, 12th September, 1884.

SIR,—I am directed to inform you that a certificate has this day been issued, authorizing the payment to your company of the sum of $1,220,322, as per engineer's estimate to 1st instant, on Eastern Section of the Western Division, viz.:—

Loan	$706,529
Subsidy	513,793
	$1,220,322

I am, Sir, your obedient servant,
A. P. BRADLEY, *Secretary*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy and loan; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Western Division; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

OTTAWA, 24th September, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 24th instant the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 26, of the Eastern Section of the road, of which the following are the details :—

Total value of work done and materials delivered up to the 30th September, 1884		$12,602,344
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	10,033,115	
	$12,602,344	
That of this amount the books of the accountant of the Department show that there has been paid the sum of		$12,422,084
Leaving the balance now payable		$ 180,260

Of which balance the portions severally chargeable to the loan and subsidy accounts are as follows :—

Loan	$104,352
Subsidy	75,908
	$180,260

The undersigned recommends that authority be given for the payment of the said balance of $180,260 to the Canadian Pacific Railway Company accordingly.

Respectfully submitted.

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 26th September*, 1884.

On a memorandum, dated 24th September, 1884, from the Acting Minister of Railways and Canals, representing that the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 26, dated 24th September instant, of the Eastern Section of the road, of which the following are the details :—

Total value of work done and materials delivered up to the 20th September, 1884		$12,602,344
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	10,033,115	
	$12,602,344	
Of this amount the books of the Department show that there has been paid the sum of		12,422,084
Leaving the balance now payable		$ 180,260

Of which the portions severally chargeable to the loan and the subsidy account are as follows :—

Loan	$104,352
Subsidy	75,908
	$180,260

The Minister recommends that authority be given for the payment of the said balance of one hundred and eighty thousand two hundred and sixty dollars to the Canadian Pacific Railway Company.

The Committee advise that authority be granted as recommended.

JOHN J. McGEE.

OTTAWA, 29th September, 1884.

SIR,—I am instructed to inform you that a certificate has been issued by this Department in favor of your company for $75,908 on account of subsidy, Western Division of Eastern Section, on estimate to 20th instant, and for $104,352 on account of loan authorized by Parliament, amounting in all to $180,260.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy on loan; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Eastern Division; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st October, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. 27816.

Total value of work done and materials delivered to the 1st October, 1884		$12,898,123
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done under the Act of 1881 to work remaining to be done.	10,328,894	
	$12,898,123	

The amount of this certificate payable under the loan of $22,500,000 is	$5,980,100
Previously returned	5,808,800
	$171,300

The above is a correct estimate, made up from the returns forwarded by Thomas Ridout. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $12,898,123. All previous payments to be deducted.

Ottawa, 9th October, 1884.

Memorandum.—The undersigned has the honor to represent that under date the 9th inst. the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 29, of the Eastern Section, Western Division, of that road, of which the details are as follows :—

Total value of work done and materials delivered up to the 1st of October, 1884		$14,728,152
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$ 2,569,229	
Proportion of value of work done under the Act of 1884 to the value of work remaining to be done	12,158,923	
	$14,728,152	
That of this amount, the books of the accountant of the Department show that there has already been paid the sum of		13,649,981
Leaving the balance now payable		$ 1,078,171

Of which amount the portions severally chargeable to the loan and subsidy accounts are as follows :—

Loan	$ 624,200
Subsidy	453,971
	$1,078,171

The undersigned recommends that authority be given for the payment of the said sum of $1,078,171 to the Canadian Pacific Railway Company accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 9th October,* 1884.

On a memorandum, dated 9th October, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 29, dated 9th October, 1884, issued by the Chief Engineer of the Canadian Pacific Railway, in respect to the Eastern Section, Western Division, of the railway, of which the following are the details:—

Total value of work done and materials delivered up to 1st October, 1884		$14,728,152
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$ 2,569,229	
Proportion of value of work done under the Act of 1884 to value of work remaining to be done	12,158,923	
	$14,728,152	
Of this amount the books of the Department show there has been already paid the sum of		13,649,981
Leaving the balance now payable of		$ 1,078,171

Of which the portions severally chargeable to the loan and subsidy accounts are as follows :—

Loan	$ 624,200
Subsidy	453,971
	$1,078,171

The Minister recommends that authority be given for the payment of the said sum of $1,078,171 to the Canadian Pacific Railway Company accordingly.

The Committee advise that authority be given as recommended.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

OTTAWA, 10th October, 1884.

SIR,—I am directed to inform you that a certificate has issued for the payment to the Canadian Pacific Railway Company of the sum of $1,078,171, on account of progress estimate of work done and materials delivered on the Eastern Section, West-

ern Division of the Canadian Pacific Railway Company, up to the 1st October instant, chargeable as follows:—

To Loan	$624,200
" Subsidy	453,971

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION. CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy and loan; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Eastern Division; name of contractors, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 31st October, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. 27816.

Total value of work done and materials delivered to the 31st October, 1884		$15,146,410
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$ 2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	12,577,181	
	$15,146,410	
The amount of this certificate, payable under the loan of $22,500,000 is	$ 7,281,800	
Previously returned	7,039,600	
	$ 242,200	

The above is a correct estimate, made up from the returns forwarded by Thos. Ridout. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $15,146,410. All previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

Memorandum.—The undersigned has the honor to represent that under date the 1st instant the Chief Engineer of the Canadian Pacific Railway has issued a certificate No. 32, of the Eastern Section, Western Division, of which the following are the details:—

Total value of work done and materials delivered up to the 30th November, 1884 ..... $16,350,198

West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384,67 ..... $2,569,229

Proportion of value of work done under the Act of 1884 to work remaining to be done	13,780,969	
	$16,350,198	
That of this sum the books of the accountant of the Department show that there has already been paid the sum of		15,843,601
Leaving the balance now payable		$ 506,597

Of which the portions severally chargeable to the loan and subsidy accounts are follows:—

Loan	$293,300
Subsidy	213,297
	$506,597

The undersigned recommends that authority be given for the payment of the said sum of $506,597 to the Canadian Pacific Railway Company accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Honor the Deputy of His Excellency the Governor General in Council on the 4th December*, 1884.

On a memorandum, dated 3rd December, 1884, from the Acting Minister of Railways and Canals, submitting a certificate, No. 32, dated 1st December, instant, from the Chief Engineer of the Canadian Pacific Railway, in respect to the Eastern Section of the line, of which the following are the details:—

Total value of work done and materials delivered up to the 30th November, 1884		$16,350,198
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles at $15,384.67	$2,569,229	
Proportion of value of work done under the Act of 1884, to work remaining to be done	13,780,969	
	$16,350,198	
Of this sum the books of the Department show that there has been already paid the sum of		$15,843,601
Leaving the balance now payable		$ 506,597

Of which sum the portions severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$293,300
Subsidy	213,297
	$506,597

The Minister recommends that authority be given for the payment of the said sum of $506,597 to the Canadian Pacific Railway Company accordingly.

The Committee advise that authority be given as recommended.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 5th December, 1884.

SIR,—I am directed to inform you that a certificate has been issued in favor of your company for the payment of the sum of $506,597, as follows:—

For loan	$293,300
" subsidy	213,297
	$506,597

On account of work done and materials delivered for Eastern Section, Western Division, of the Canadian Pacific Railway, to 30th ultimo, as shown in engineer's progress estimate.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE—EASTERN SECTION—CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy and loan; No. of contract, Canadian Pacific Railway Company; locality of works, Eastern Section, Eastern Division; name of contractor, Canadian Pacific Railway Company; date of contract, 21st October, 1880.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 30th November, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. 27816.

Total value of work done and materials delivered up to the 30th November, 1884		$16,919,779
West of Callander, 100 miles; east of Port Arthur, 67 miles; 167 miles, at $15,384.61	$2,569,229	
Proportion of value of work done under the Act of 1884 to work remaining to be done	14,350,550	
	$16,919,779	
The amount of this certificate, payable under the loan of $22,500,000 is		$8,308,500
Previously returned		7,978,700
		$329,800

The above is a correct estimate, made up from the returns forwarded by Thomas Ridout. The quantities so furnished have been accurately moneyed out at the contract rates, or at the rates specially authorized by departmental letters above mentioned.

J. R. CHAMBERLAIN.

I have examined the return on which this estimate is based, have verified the calculations and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C. P. R. Head Office.*

Total amount now certified on this contract, $16,919,779. All previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

CANADIAN PACIFIC RAILWAY RETURN—SUBJECT No. 5—LAYING OUT OF BRANCHES.

No correspondence on this subject.

CANADIAN PACIFIC RAILWAY RETURN—SUBJECT No. 6—PROGRESS OF WORK ON BRANCHES.

Reports of the Chief Engineer on these works are embodied with subject No. 2.

CANADIAN PACIFIC RAILWAY RETURN—SUBJECT No. 7—RATES OF TOLLS FOR PASSENGERS AND FREIGHT.

No change made during the year ending 31st December, 1884.

PARTICULARS REQUIRED BY THE CONSOLIDATED RAILWAY ACT AND AMENDMENTS—CANADIAN PACIFIC RAILWAY—SUBJECT No. 8.

RETURN required by the Minister of Railways and Canals, showing the condition of the capital and revenue account, &c., &c., of the railways in the Dominion of Canada.

LOCATION AND GENERAL DESCRIPTION of Canadian Pacific Railway, showing the county or counties through which the road runs, the terminal points, connections, if any, and giving a general description of the line and the country through which it passes.

(Copied from Report of last year.)

From Montreal to Ottawa, being the Western Division of the Quebec, Montreal, Ottawa and Occidental Railway, acquired by the company, Ottawa to Callander and Carleton Place to Brockville, being the Canada Central system, also acquired by the company. This portion of the line runs through the counties of Hochelaga, Jacques Cartier, Laval, Terrebonne, Two Mountains, Argenteuil, Ottawa, Carleton, Renfrew, Lanark, Grenville, Leeds, Pontiac and district of Nipissing.

The line from Callander to Port Arthur is under construction, the distance being about 560 miles.

From Port Arthur the line follows generally a north-westerly course to Selkirk, on Red River, a distance of 410 miles, thence south, along the west side of Red River to St. Boniface, crossing the river at this place to the city of Winnipeg, a further distance of 25 miles.

The main line west from Winnipeg to a point 62 miles west of the South Saskatchewan River, a distance of 722 miles, runs through the counties of Selkirk, Marquette, Portage and Norfolk, crossing the Assiniboine River at Brandon, thence westerly, following the general direction of the Assiniboine to Oak Lake, from which point it runs a little north of west to the Qu'Appelle valley, thence nearly due west to the South Saskatchewan River, north of west to its terminus. For nearly the entire distance the line passes through an undulating prairie country, with some timber, and well watered by the rivers, creeks and lakes.

From the present terminus the line is under construction to the summit of the Rocky Mountains, a distance of 963 miles from Winnipeg.

Emerson Branch.—Distance 63 miles—runs along the east side of Red River, through the counties of Morris and Provencher, in a northerly direction from Emerson to the junction with the main line at St. Boniface, passing through open prairie and meadow lands.

Pembina Branch.—This branch leaves the main line near the city of Winnipeg, and runs in a southerly direction to the international boundary line at Gretna, a distance of 69 miles. From Pembina Mountain junction the line runs due west to Manitou, a distance of 48 miles. The country traversed is open prairie and meadow lands.

Stonewall Branch.—This branch leaves the main line near the city of Winnipeg, and runs in a northerly direction to Stonewall, a distance of 18 miles. The country traversed is open prairie.

STATEMENT containing copies of all contracts made by the Company for the construction of any part of the railway.

No contracts have been made for construction of complete portions of the railway.

RETURN by the Canadian Pacific Railway of the Capital Account of said Railway; also the Revenue and Expenditure, &c., for the year ended 30th June, 1884.

1. Release of 1,004,000 land grant bonds.
2. Return to company of an amount of $249,043.87 deducted from advanced loan.
3. Work on road from Port Arthur to Selkirk.

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 7th January,* 1884.

On a report, dated 5th January, 1884, from the Minister of Finance, submitting an application dated 1st January instant, from the secretary of the Canadian Pacific Railway Company, for the release of land grant bonds to the extent of $1,004,610.41, being a part of $10,000,000 of said bonds deposited with the Bank of Montreal to the order of the Government;

The Committee, on the recommendation of the Minister of Finance and for the reasons stated in his report, advise that the application of the secretary of the Canadian Pacific Railway Company be favorably considered and that bonds to the amount of $1,004,000 be released out of the land grant bonds held by the Bank of Montreal to the order of the Government.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

The undersigned has the honor to report to Council that he has received from the secretary of the Canadian Pacific Railway Company an application, dated the 1st instant, for the release of land grant bonds to the extent of $1,004,610.41, being a part of $10,000,000 of land grant bonds deposited with the Bank of Montreal to the order of the Government. Before reporting on the application, the undersigned desires to call the attention of Council to clauses 17 and 18 in the company's Act (44 Vic., cap. 1) relating to the issue of the land grant bonds. Under these clauses

the company are authorized to issue bonds to the extent of $25,000,000, of which $5,000,000 were to be deposited with the Government, and are now in the vault of the Finance Department, to be held as the security for the due performance of the contract, in respect of the maintenance and continuous working of the railway by the company, as agreed, for ten years after the completion thereof. With regard to the remaining $20,000,000, the proceeds thereof were directed to be deposited with the Government, and of these $20,000,000, $10,000,000 were placed on the market and taken by the public, and the proceeds, as earned by the company, were duly paid over to them. The application now under consideration is the first in connection with the balance of $10,000,000 which has not been floated by the company, and which is still held by the Bank of Montreal to the order of the Government.

The undersigned finds that so far construction has been made of the first 900 miles in the Central Section, of 54 miles in the western part of the Central Section, and of 167 miles in the Eastern Section, making a total construction to date of 1,121 miles out of 2,000, the number stated in the Act. He also finds that the number of acres of land to be granted to the company for the 1,121 miles is, according to the company's account, $13,755,705, but this has been calculated exclusive of fractions, and, as a matter of fact, the amount earned is a trifle in excess of $13,755,763. The proceeds of the land grant bonds to be received by the company from the Government, being calculated at the same number of dollars as the number of acres of land, less one-fifth thereof, would amount to $11,004,610, of which amount $10,000,000 has, as before mentioned, been paid over to the company out of the proceeds of the bonds placed on the market. The balance, or $1,004,610.41, now forms the subject of the application made by the secretary for release out of the bonds held by the Bank of Montreal to the order of the Government.

The undersigned has to report that it was deemed advisable to communicate with the Department of Justice before reporting to Council, and the Minister of Justice, under date of the 3rd instant, reports that "the release to the company of their land grant bonds as earned is in strict accordance with the terms of the agreement incorporated in the Act of 1881, and that there is nothing in the agreement of 8th November making this disposition of them illegal at this moment." The question arose whether considering that a large proportion of the bonds had been pledged in advance before they were earned, as by the agreement of November last, it was advisable to release the amount now asked for, and the undersigned felt it his duty to ask the secretary of the company, when making his proposal, to state definitely the condition the company were in now, with respect to the lands which have been earned by them from the Government, so far as their line is constructed. He finds, as before stated, that the lands earned to date, as stated by the company, amount to 13,755,705 acres; that they have sold 3,752,000 acres, leaving lands unsold at the present date, 10,003,705 acres; that with the proceeds of the 3,752,000 acres the company have actually redeemed land grant bonds to the extent of $6,108,500; that in addition there are held by land companies against payments to become due on lands sold bonds to the extent of $1,382,000, and that there is a balance of purchase money applicable to bonds issued of $1,363,500; in fact, out of the lands sold, to the extent of 3,752,000 acres, the company have redeemed or provided for out of the $10,000,000 placed on the market bonds to the value of $8,854,000. It will be seen, therefore, that deducting this amount of $8,854,000, the balance of bonds in the hands of the public amount only to $1,146,000, against 10,003,705 acres of land earned and unsold; and if to the amount of the bonds now outstanding we add the amount now applied for, or $1,004,000, there will then be only the sum of $2,150,000 of bonds outstanding, and taking the lands as representing a price of $1 an acre only, there would remain against these bonds lands unpledged to the value of $7,853,000. The company state, however, that the lands hitherto sold have averaged $2.36 an acre. It appears, however, to the undersigned, that taking the lower figures, $7,853,000, it would be safe to accede to the application of the company, and considering the magnitude of the work now being performed by the company, and how extremely desirable it is, in the interests of the country, that it should be pushed to an early completion.

The undersigned has the honor to recommend to the favorable consideration of Council that the application made by the secretary be favorably considered, and that bonds to the amount of 1,004,000 be released out of the bonds held by the Bank of Montreal to the order of the Government.

Respectfully submitted,

S. L. TILLEY, *Minister of Finance.*

FINANCE DEPARTMENT, OTTAWA, 5th January, 1884.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY,
MONTREAL, 1st January, 1884.

SIR,—I regret to learn that the verbal application made to the Government for the land grant bonds earned by the company has not been favorably considered, and I am instructed to ask for further consideration of the subject, and to submit, in support of the application, a statement showing the position of the land grant bonds and the security covered by them.

It will be observed that the lands actually earned by the company constitute more than ample security for the bonds charged as security for payment of the balance of the deposit, covering in advance dividends on stock, after leaving adequate provision for all the remaining bonds of the company.

With the proceeds of the sale of 3,752,000 acres of land the company have redeemed or provided for bonds to the value of $8,854,000.

There is an unprovided-for balance of bonds in the hands of the public of $1,146,000, against which the company hold earned lands amounting to 10,003,705 acres.

These, at $1.00 per acre, would represent.....		$10,003,705
Against which there is the charge represented by the bonds in the hands of the public.....	$1,146,000	
And if the bonds now applied for are released there will be the charge of....	$1,004,000	
		2,150,000
Leaving lands representing, at the price of $1.00 per acre, only a sum of.....		$7,853,000

As security for the $5,258,000 bonds deposited with the Government under the guarantee agreement.

If the value of these lands be taken at the average price of past sales, $2.36 per acre, lands representing a value of $18,500,000 would remain as such security.

Under these circumstances, I am requested to ask that the bonds earned by the company, as under, may be transferred to them.

Balance due in bonds on completion of 921 miles on Central Section, and 100 miles on Eastern Section	$ 49,227 88
Amount due on 33 miles Central Section, since completed.....	439,999 77
Amount due on 67 miles Eastern Section, since completed.....	515,382 76
Total amount due.....	$1,004,610 41

I have, &c.,

C. DRINKWATER, *Secretary.*

Hon. SIR LEONARD TILLEY, K.C.M.G., Minister of Finance, Ottawa.

With proceeds of sale of 3,752,000 acres the company have actually redeemed land grant bonds to amount of		$6,108,500
There are held by land companies against payment to become due on lands sold		1,382,000
Balance of purchase money applicable to bonds issued		1,363,500
Bonds redeemed or provided for		$8,854,000
Balance of bonds in hands of the public		$1,146,000
Against which the company hold earned lands amounting to 10,003,705 acres. These, at $1 per acre, would represent		$10,003,705
Deduct bonds held by public	$1,146,000	
do do now applied for, say	1,004,000	
		2,150,000
Leaving as security for the $5,258,000 bonds deposited under agreement, lands of value of		$ 7,853,705
Or at $2.36 per acre, the net average price of past sales		$18,500,000

DEPARTMENT OF JUSTICE,
OTTAWA, 3rd January, 1884.

MY DEAR TILLEY,—In reply to your note of yesterday, I beg to say that the release to the Canadian Pacific Railway Company of their land grant bonds, as earned, is in strict accordance with the terms of the agreement incorporated in the Act of 1881, and that there is nothing in the agreement of the 7th of November making this disposition of them illegal at this moment.

The object of Mr. Burbidge, in his letter to Mr. Courtney, of the 13th December last, was to suggest that as the company had been allowed to pledge a portion ($5,250,000) of these bonds in advance of their being earned, it would be well that the bonds earned by the company in the future should be held back until the amount should be covered.

I remain, &c.,
A. CAMPBELL.

Sir LEONARD TILLEY, K.C.M.G.

CANADIAN PACIFIC RAILWAY OFFICES,
MONTREAL, 19th June, 1884.

SIR,—I have the honor, by direction of the Board of this company, to request the consideration of the Government in respect of a matter of importance, which the absence of the president in England has hitherto prevented from being brought under your notice.

On the 1st January last the company applied for the release to it of $1,004,610, land grant bonds, forming part of the amount then lying unsold in the Bank of Montreal, under the control of the Government, according to the construction

contract.' This application was made on the ground that the company had earned a proportion of the land grant, sufficient to entitle it to the amount of bonds applied for.

This application was referred to the Minister of Finance, who reported upon it on the 5th January last, to the effect that the company had earned 13,755,763 acres of land, and were entitled to receive land grant bonds to the amount of a like number of dollars, less the deduction of one-fifth provided for by the contract. The calculation made by the Minister is a follows:—

	Acres.
Land earned	13,775,763·00
Less one-fifth	2,751,152·60
Amount to which the company is entitled	$11,004,610.40
The company had then received	10,000,000.00
Balance due to company	$ 1,004,610.40

And upon this calculation: for the reasons stated in the report, and upon the advice of the Minister of Justice that the company were entitled, under the terms of the contract, to a release of the above mentioned balances, the Minister of Finance recommended that a release of bonds to the amount of $1,004,000 should be granted to the company. And thereupon an Order in Council was passed, ordering the release to be made accordingly; and the company received the bonds.

Upon the passage of the Act of last Session providing for a loan to the company, I was informed that before any payment on account of the loan would be made to the company the bonds so released should be returned to the Government, and upon communicating this intimation to the Board, an order was made, on the 11th March last, and handed to the Finance Minister, requiring the custodian of the bonds (the Bank of Montreal) to deliver them to the Government, since which period I understand the bank has held them for account of the Government.

The Board now instruct me respectfully to request a reconsideration of the demand upon the company for the return of these bonds, and the cancelling of the order granted for them, as being unjust to the company, in derogation of their rights under the contract, and not required by the terms or conditions of the Loan Act of last Session.

It will be observed that by the 5th section of that Act it is provided that "the Government shall continue to hold and retain the entire amount of land grant bonds now in its custody or possession, subject to redemption under the terms of the land grant mortgage, &c.;" and the clause then further provides "that the moneys received from the trustees of the land grant bonds, in redemption of such bonds, shall be applied upon the interest of the amounts due the Government, and after extinction of that interest, then in payment of the capital of those amounts."

But when this Act became law, the bonds under discussion were not in the "custody or possession" of the Government. They were then the property of the company; they had been pledged as security for part of the floating debt, which, under the Loan Act, the Government were to furnish the means of paying; and they were then in the "custody and possession" of the Bank of Montreal, as the pledgees of the company. There was no condition in the Loan Act, or in the subsequent agreement, that the Government should receive any of the company's property held as security for the floating debt; and the Board were, at the time of the demand, and still are, unable to see any valid ground under which the return of the bonds in question could be required of the company. But, as you are aware, the extreme need of the company at the moment rendered it impossible to await a discussion of the question of right; and it was therefore determined to issue the order for the return of these bonds, relying upon the justice of the Government for a rectification of the error. And the delay which has occurred in applying for such rectification has been caused by the absence of the president.

The error was probably occasioned by the statement in the president's letter of the 15th of January, based upon the balance sheet of 31st December last, that there were $10,000,000 bonds in the hands of the Government, which, at the date of that balance sheet, was correct; and inadvertently the Loan Act mentions the same sum as descriptive of the balance in hand. But while the enacting clause clearly only covers the amount actually in the "custody or possession" of the Government, the Board considers that an error in stating the amount supposed to be in such custody could not affect the right of the company to retain bonds duly earned and paid to the company.

I have, therefore, respectfully to ask, on behalf of the company, that the order for $1,004,000 of land grant bonds granted by the company, on the 11th of March last, be cancelled, and the bonds returned to the company.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

Hon. the Minister of Railways and Canals.

OTTAWA, 20th June, 1884.

MEMORANDUM.—The undersigned has the honor to represent that under date the 19th instant the Canadian Pacific Railway Company have made application in respect of certain of their land grant bonds in the hands of the Government.

That it appears from a report made by the Hon. the Minister of Finance, dated the 5th of January last, and one therein referred to, from the Hon. the Minister of Justice, that on the 1st day of June last the Canadian Pacific Railway Company were entitled, under their construction contract with the Government, to land grant bonds to the amount of $1,004,000, having earned the same as representing a portion of the land subsidy, by work done upon the main line of the Canadian Pacific Railway in accordance with the contract, and under an Order in Council of the 5th January last the bonds were duly given over to the company.

That by this payment the amount of the bonds in the hands of the Government, exclusive of those held as security for the operation of the railway, was reduced to $8,996,000. By some oversight, however, the amount of bonds in the hands of the Government was incidentally referred to in the Canadian Pacific Railway Act of last Session as remaining at $10,000,000, that being the amount shown by the statement made up to the 31st of December, 1883.

That on the 11th of March last, as is stated by the company, a verbal request for the return of the bonds, amounting to $1,004,000, in question, purporting to emanate from the Government, was made upon the secretary of the company, and thereupon the company delivered to the Government a written order, dated the 11th of March last, on the Bank of Montreal, for the delivery of the bonds, and they have since remained in the Bank of Montreal, under the control of the Government. That on reference to the Act, it appears that the only bonds which it authorizes the Government to hold and deal with are those which were in custody or possession of the Government at the time of its passage, and no provision is made for the return by the company of any bonds which it had earned and which had been paid to it before the Act passed. As the bonds in question had been actually the property of the company and in its possession before the Act was introduced, there seems to have been no ground for demanding their return to the Government, and such demand must have been made under some misconception of the fact, probably caused by the erroneous incidental reference in the Act to the amount of bonds held by the Government.

The undersigned would therefore recommend that the error committed be rectified, by returning to the company the order upon the Bank of Montreal, of the 11th March last, for $1,004,000 land grant bonds, and by instructing the bank that the Government has no claim to their bonds.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency, the Governor General in Council on the 5th July*, 1884.

On a memorandum, dated 20th June, 1884, from the Acting Minister of Railways and Canals, submitting an application from the Canadian Pacific Railway Company, under date the 19th instant, in respect of certain of their land grant bonds in the hands of the Government;

The Minister represents that by a report dated the 5th of January last, from the Minister of Finance, and one therein referred to from the Minister of Justice, that on the 1st day of January last the Canadian Pacific Railway Company were entitled, under their construction contract with the Government, to land grant bonds to the amount of $1,004,000, having earned the same as representing a portion of the land subsidy, by work done upon the main line of the Canadian Pacific Railway, in accordance with the contract, and under an Order in Council of the 7th January last the bonds were duly given over to the company. That by this payment the amount of the bonds in the hands of the Government, exclusive of those held as security for the operation of the railway, was reduced to $8,996,000. By some oversight, however, the amount of bonds in the hands of the Government was incidentally referred to in the Canadian Pacific Railway Act of last Session as remaining at $10,000,000, that being the amount shown by the statements made up to the 31st December, 1883.

The Minister observes that on the 11th of March last, as is stated by the company, a verbal request for the return of the bonds, amounting to $1,004,000, in question, purporting to emanate from the Government, was made upon the secretary of the company, and thereupon the company delivered to the Government a written order, dated 11th March last, on the Bank of Montreal for the delivery of the bonds, and they have since remained in the Bank of Montreal, under the control of the Government.

The Minister states that on reference to the Act, it appears that the only bonds which it authorizes the Government to hold and deal with are those which were in the custody or possession of the Government at the time of its passage, and no provision is made for the return by the company of any bonds which it had earned and which had been paid to it before the Act passed. As the bonds in question had been actually the property of the company, and in its possession before ever the Act was introduced, there seems to have been no ground for demanding their return to the Government, and such demand must have been made under some misconception of the facts, probably caused by the erroneous incidental reference in the Act to the amount of bonds held by the Government.

The Minister therefore recommends that the error committed be rectified by returning to the company the order upon the Bank of Montreal of the 11th of March last for $1,004,000 of land grant bonds, and by instructing the bank that the Government has no claim to those bonds.

The Committee concur in the report of the Acting Minister of Railways and Canals and the recommendation made therein, and they submit the same for Your Excellency's approval.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

OTTAWA, 18th July, 1884.

SIR,—I am directed by the Acting Minister to inform you that under date the 5th inst. an Order in Council was passed, authorizing the return to your company of the land bonds, to the value of $1,004,000, now in the hands of the Government.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

RETURN OF AN AMOUNT OF $249.043 87 DEDUCTED FROM ADVANCED LOAN.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 21st April, 1884.

SIR,—I have the honor, by direction of the Board, to draw your attention to the payment on account of the floating debt of the company, made under the authority of the Act of the recent Session, relating to the loan of $22,500,000.

Under the said Act the Government were authorized to advance to the company, out of the said loan, such amount, not exceeding $7,500,000, as should be required to extinguish the floating debt of the company.

A statement of such debt was rendered by the company, amounting to $8,114,137.51. Of this sum, $7,500,000 has been advanced by the Government, less the following amounts, deducted as owing by the company to the Government:—

Rails transferred in 1882, Duluth rails, &c.....	$280,736 09
Thunder Bay Section—Rolling stock.....	185,890 00
Rails between Port Arthur and Rat Portage.....	100,223 07
Timber and ties between Port Arthur and Selkirk.....	9,538 45
	$576,387 61
LESS—deductions authorized by O. in C. 27th March, '83	46,607 65
	$529,779 96
Added by Auditor General on account of interest.....	45,220 04
	$575,000 00

These deductions were made without the knowledge of this company. They consist, to a great extent, of accounts which have not yet been adjusted, and were not considered as forming a portion of the floating debt. The amount having, however, been deducted, other provision had to be made to enable the company to meet payments they had undertaken to make on account of its floating debt, out of the amount set aside by the Act.

The accounts included in these deductions were not considered as floating debt for the following reasons:—

The item $280,736.09 represents, in part, an account for rails transferred to this company under clause ten (10) of its charter, which provides that the Government will convey to the company steel rails, &c., at cost price, with interest; and partly on account for rails taken from the old line west of Portage la Prairie. As to the former, the company felt that under the circumstances in which it was placed it was not unreasonable to expect that the Government would continue to hold the account against them, when finally adjusted, at interest, until a more convenient opportunity offered for dealing with the same; or that the repayment would be spread over future estimates, in the same manner as is done with regard to advances on rails purchased by the company for use on their main line. This view was so confidently entertained as to leave no doubt in the mind of the directors that it would be acted upon. As regards the other items representing the value of rolling stock, &c, on the Thunder Bay Section, it is believed the deductions were made under an entire misunderstanding of what was intended in regard to the same. The then Acting Minister of Railways will remember that in the autumn of last year application was made for a further payment on account of work done on the line west of Port Arthur, under the contract with the Government, which provided for payment from time to time, as the work proceeded, in accordance with the value of the work done; the total amount to be paid under the said contract being $936,000, at that time, and there has been no payment since. The amount which has been paid the company on this account was $286,000.

To that application verbal answer was given that no further sum could be then paid, as the further estimate of work done would not cover the value of the rolling stock transferred to the company, which had been charged to the company against the amount to be paid them under the contract in question. This view of the matter was concurred in, so far as the items had been agreed, and it was therefore with considerable surprise that the directors learned that this understanding had been departed from, and the amount deducted from the specific amount provided for the floating debt. The directors feel that this has arisen through some misunderstanding; and for this reason, and for the reasons urged in regard to the first item, I am directed to request that the full amount deducted, viz., $575,000, may be now paid to the company.

This application has been deferred until now, as the directors did not desire to trouble you with it during the pressing business of the Session, but they now respectfully urge early attention to the matter, in order that the company may meet obligations entered into in consequence of the full amount of the advance authorized by the Act not having been paid.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

Hon. Sir CHARLES TUPPER, K.C.M.G., Minister of Railways and Canals.

OTTAWA, 7th May, 1884.

MEMORANDUM.—The undersigned has the honor to represent that in pursuance of the Act passed last Session, under which all immediate advance, not exceeding the sum of $7,500,000, was to be made to the Canadian Pacific Railway Company, in order to the extinguishing of their floating debt, from the loan of $22,500,000 thereby authorized, an Order in Council was passed on the 11th of March last, giving authority for the payment to the company of the balance of the said sum remaining after deduction of certain moneys due by them to the Government, the specific items being as follows:—

Rails, &c., transferred in 1882 (Duluth rails).....		$287,736 09
Interest on the same, payable under an Order in Council of the 9th January, 1882.....		45,220 04
		$325,956 13
Thunder Bay section rolling stock.....	$185,890 00	
Rails between Port Arthur and Rat Portage.....	100,223 07	
Timber andt ies between Port Arthur and Selkirk.....	9,538 45	
	$295,651 52	
Less—deductions authorized by Order in Council of the 27th of March, 1883..	46,607 65	$249,043 87
		$575,000 00

That the said sum of $575,000.00 was deducted and the balance of the sum of $7,500,000 was paid to the company.

That under date the 21st of April last there has been received from the company a communication in which they state that the items deducted consist, to a great extent, of accounts not yet adjusted, and that they were not considered by them to form a portion of their "floating debts." The company refer also to a verbal understanding alleged to have been arrived at last autumn with the then Acting Minister, respecting the mode to be adopted for the payment of the items relating

to the Thunder Bay Section, the arrangement being that these claims should be disposed of in connection with the work remaining to be done on this section, which the company have undertaken to perform. They ask, in conclusion, that the whole of the amount now deducted from the loan advance may be refunded to them.

The undersigned, while unable to advise the return of the whole amount as desired, has ascertained, by communication with the Acting Minister, that it had been an understanding with the company that any sums due by them to the Government for rolling stock, rails, &c., taken over by the company with the Thunder Bay Section, should be paid for out of the moneys to be received from the Government for the completion of that section, namely, $926,000, of which $286,000 only has been paid up to the present time.

In consideration of this understanding, which the company were justified in expecting to see acted on, the undersigned would recommend that authority be given for the settlement of the three claims connected with the Thunder Bay Section, above set forth, amounting, with the authorized deduction, to $249,043.87, by instalments, as the work remaining to be done on that section proceeds, such instalments to be in the proportion the said sum bears to the value of the whole work remaining to be done on the section, and to be credited to the company in the progress estimates therefor to be from time to time issued; he further recommends that the said sum of $249,043.87, a portion of the amount deducted from the advance loan of $7,500,000, be now paid over to the company.

Respectfully submitted,

CHARLES TUPPER, *Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 8th May,* 1884.

On a memorandum, dated 7th May, 1884, from the Minister of Railways and Canals, submitting that in pursuance of the Act passed last Session, under which an immediate advance, not exceeding the sum of $7,500,000, was to be made to the Canadian Pacific Railway Company, in order to the extinguishing of their floating debt, from the loan of $22,500,000, thereby authorized, an Order in Council was passed on the 11th of March last, giving authority for the payment to the company of the balance of the said sum remaining after deduction of certain moneys due by them to the Government, the specific items being as follows:—

Rails, &c., transferred in 1882 (Duluth rails).....		$280,736 09
Interest on the same, payable under an Order in Council of 9th January, 1882.....		45,220 04
		$325,956 13
Thunder Bay Section, rolling stock.....	$185,890 00	
Rails between Port Arthur and Rat Portage.....	100,223 07	
Timber and ties between Port Arthur and Selkirk	9,538 45	
	$295,651 52	
LESS—Deductions authorized by Order in Council of the 27th of March, 1883	46,607 65	
		249,043 87
Total.....		$575,000 00

That the said sum of $575,000 was deducted and the balance of the sum of $7,500,000 was paid to the company.

The Minister represents that under date the 21st of April last there has been received from the company a communication, in which they state that the items

deducted consist to a great extent of accounts not yet adjusted, and that they were not considered by them to form a portion of their floating debt. The company refer also to a verbal understanding alleged to have been arrived at last autumn, with the then Acting Minister, respecting the mode to be adopted for the payment of the items relating to the Thunder Bay Section, the arrangement being that these claims should be disposed of in connection with the work remaining to be done on this section which the company have undertaken to perform. They ask, in conclusion, that the whole of the amount now deducted from the loan advance may be refunded to them.

The Minister states that while unable to advise the return of the whole amount, as desired, he has ascertained, by communication with the Acting Minister, that it had been an understanding with the company that any sums due by them to the Government for rolling stock, rails, &c., taken over by the company with the Thunder Bay Section, should be paid for out of moneys to be received from the Government for the completion of that section, namely, $936,000, of which $286,000 only has been paid up to the present time.

The Minister therefore recommends that in consideration of this undertaking which the company were justified in expecting to see acted on, authority be given for the settlement of the three claims connected with the Thunder Bay section above set forth—with the authorized deduction of $249,043.87—by instalments as the work remaining to be done on that section proceeds, such instalments to be in the proportion the said sum bears to the value of the whole work remaining to be done on the section, and to be credited to the company in the progress estimates therefor, to be, from time to time, issued.

The Minister further recommends that the said sum of two hundred and forty-nine thousand and forty-three dollars and eighty-seven cents ($249,043.87), a portion of the amount deducted from the advance loan of $7,500,000, be now paid over to the company.

The Committee concur in the recommendations of the Minister of Railways and Canals, and they submit the same for Your Excellency's approval.

JOHN J. McGEE.

Hon. the Minister of Railways and Canals.

OTTAWA, 4th July, 1884.

SIR,—I am instructed to enclose to you herewith a copy of a certified copy of an Order in Council, bearing date 8th May last, authorizing to be paid to your company the sum of $249,043.87, a portion of the amount deducted from the advanced loan of $7,500,000, acceded to by Parliament at its last Session.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

OTTAWA, 4th July, 1884.

SIR,—I am instructed to enclose to you herewith a copy of a certified copy of an Order in Council, bearing date 8th May last, authorizing to be paid to the Canadian Pacific Railway Company the sum of $249,043.87, a portion of the amount deducted from the advanced loan of $7,500,000, acceded to by last Session of Parliament.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer, &c., Ottawa.

WORK ON ROAD FROM PORT ARTHUR TO SELKIRK—CANADIAN PACIFIC RAILWAY.

Description of works, works of completion, grading stations; No. of contract; locality of works, Port Arthur to Selkirk; name of contractors, Canadian Pacific Railway Company; date of contract, July, 1883.

Progress estimate of work done and materials delivered from the beginning of operations under this contract to the 1st July, 1884.

The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letter No. O.C. 31913.

Total value of work done and materials delivered to the 1st July, 1884	$628,800

The above is a correct estimate, made up by me.

I have examined the return on which this estimate is based, have verified the calculations, and am satisfied that all the work returned as done has been duly authorized by the Department.

FRANCIS J. LYNCH, *In charge of C.P.R. Head Office.*

Total amount now certified on this contract, $622,800. All previous payments to be deducted.

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

Office of the Engineer-in-Chief, Ottawa, 3rd July, 1884.

CANADIAN PACIFIC RAILWAY.

Memorandum of the value of work undertaken by the Canadian Pacific Railway Company between Port Arthur and Selkirk, $926,000 of which there remains to be done.

80,000 ties delivered but not laid in track	$4,800
82,000 cubic yards of ballast	26,380
80,000 cubic feet of square timber delivered but not in structures	8,000
20,000 cubic yards of loose rock	15,000
324,500 do earth	129,341
Extra haul	5,000
Buildings	114,679
	$303,200

3rd July, 1884.

Ottawa, 4th July, 1884.

Sir,—I am instructed to inform you that estimate No. 3 has been received from the Chief Engineer, showing the value of the work done on the line between Port Arthur and Selkirk to 1st inst. at $622,800

Less—Paid on previous estimate 286,000

Leaving a balance of $386,800

And that a certificate has issued for the payment of that balance, less $131,000, retained as provided by Order in Council of 8th May last, a copy of which has been sent you.

I have the honor to be, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

Charles Drinkwater, Esq., Secretary C.P.R. Co., Montreal.

ANNUAL RETURN

(25*b*)

Re CANADIAN PACIFIC RAILWAY COMPANY, 1884-85, under Resolution of House of Commons, passed 20th February, 1882.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 5th January, 1885.

SIR,—I have the honor to acknowledge receipt of your letter of 2nd instant, enclosing patents, as per forms of receipt, also enclosed, which I have signed and return herewith.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 8th January, 1885.

SIR,—I am directed by the Minister of the Interior to acknowledge the receipt of your letter of the 31st ultimo, asking that Section 30, Township 21, Range 20, and Section 6, Township 22, Range 20, west of the 4th Initial Meridian, be reserved from sale, with a view to their being conveyed to your company, and to say that both of these sections had been disposed of prior to the receipt of your letter.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

C. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 31st December, 1884.

SIR,—I am instructed to make application on behalf of the company for Section 30, Township 21, Range 20, and Section 6, Township 22, Range 20, west of the 4th.

These sections are between the railway and the point where the company is sinking a shaft for the purpose of mining coal. For the working of this mine a track and sidings will have to be constructed over the two sections I have named—hence this application.

There are several instances in which the Government have disposed of odd sections belonging to the company, and it is suggested that these two sections may be given in exchange for two of those so disposed of.

Pending consideration of this matter, I beg respectfully to request that no application for the purchase of these sections be entertained by the Department.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary, Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 29th December, 1884.

SIR,—I have the honor to state, by direction of the Board, that, as the result of the examination of the lands within the railway belt, and in southern Manitoba allotted to this company, in so far as such examination had been completed at the close of the past season, I am enabled to submit schedules of lands so examined, covering a total acreage of 7,268,000 acres, of which this company is prepared to accept 6,524,000 acres as being fairly fit for settlement in terms of its charter. The schedules show, in detail, the lands accepted and those rejected as not coming within the terms of the contract, the proportion of lands accepted being, say 90 per cent. of the total acreage examined.

It will be observed that whilst the examination has extended along the main line from Winnipeg to Calgary, it has not covered the whole of the lands within the railway belt. And in explanation of this, I am directed to point out that the general policy adopted was, first, to examine the lands at and surrounding the principal centres of settlement and those in the immediate neighborhood of the railway, which would naturally be the first sought by the settler.

The work of examination and selection will be resumed in the spring, and further schedules transmitted to the Department as early thereafter as possible.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary*.

JOHN R. HALL, Esq., Secretary, Department of the Interior, Ottawa,

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 15th December, 1884.

SIR,—I have the honor to request, on behalf of this company, that a patent may issue in their favor for Sections 5 and 7, in Township 22, Range 14, west of 2nd Meridian, Fort Qu'Appelle.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 8th December, 1884.

SIR,—I have the honor to request, on behalf of this company, that a patent may issue in their favor for S.E. ¼, 27 3 5, W. 1.

This quarter-section was omitted by oversight from the schedule of patents applied for in my letter of 24th November, 1884.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 5th December, 1884.

SIR,—I beg to inform you that the following lands, between Medicine Hat and Calgary, are required by this company for ballast pits, and have respectfully to request that the same may be reserved for that purpose.

S. ½	Section	2	Tp. 13	Range	6	west	4th Mer.
S. E. ¼	do	2	do 21	do	18		do
S. W. ¼	do	28	do 21	do	20		do
S. E. ¼	do	29	do 21	do	20		do
N. E. ¼	do	20	do 21	do	20		do
Section	do	36	do 23	do	25		do

I have the honor to be, Sir, your obedient servant,
C DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 11th December, 1884.

SIR,—With reference to your letter dated the 1st instant, acknowledging the receipt of my telegram of the 27th ultimo, directing the reservation of certain lands in the Swift Current district, I am now directed by the Minister of the Interior to enclose herewith a copy of the telegram (marked A), in order that there may be no doubt as to the lands which are to be reserved for the purposes of the Canadian Pacific Railway.

I also enclose herewith copies of telegrams (marked respectively B and C), referring to the same subject, addressed, on the 27th ultimo, to W. H. Stevenson, agent of Dominion lands, Regina, and to J. McD. Gordon, agent of Dominion lands, Calgary, instructing them to reserve certain lands in their respective districts.

In order to meet the suggestion contained in the second paragraph of your letter, I enclose herewith a copy of a letter (marked D), dated the 27th ultimo, from the Secretary of the Canadian Pacific Railway Company, which forms the basis of the telegrams referred to, and which is now sent with the object of preventing a recurrence of any misunderstanding similar to that which has taken place in the case of Mr. J. B. Davis.

I am also to add that the Department was aware that the Swift Current office had been closed, and that it was in view of that fact that the telegram in question was sent direct to you.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

A. WALSH, Esq., Commissioner of Dominion Lands, Winnipeg, Man.

DEPARTMENT OF THE INTERIOR, OTTAWA, 11th December, 1884.

SIR,—I am directed by the Minister of Interior to acknowledge the receipt of your letter, dated the 24th ultimo, requesting that patents may issue in favor of the Canadian Pacific Railway Company for lands situate in the Province of Manitoba, as per schedule attached to your letter, and which lands are as follows:

Tp. 1,	Range 1,	east	Principal	Meridian,	N.W. $\frac{1}{4}$, 15 17, E. $\frac{1}{2}$ 27, N. $\frac{1}{2}$ 35
do	3	do	3	west	do	N. $\frac{1}{2}$ 3, S.W. $\frac{1}{4}$ 3, S. $\frac{1}{2}$ 9, S. $\frac{1}{2}$ 17, S. $\frac{1}{2}$ 19
do	1	do	4	do	do	N. $\frac{1}{2}$ 9
do	3	do	4	do	do	W. $\frac{1}{2}$ and S.E. $\frac{1}{4}$ 13, S. $\frac{1}{2}$, 15 23, N.W. $\frac{1}{4}$ 33 35
do	3	do	5	do	do	S.W. $\frac{1}{4}$ 27

In reply, I am directed to state that the question of the company's claims to these lands has not yet been settled.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

C. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 11th December, 1884.

SIR,—In reply to your letter dated the 20th ultimo, I am directed by the Minister of the Interior to inform you that letters patent are in course of preparation, in favor of the Canadian Pacific Railway Company, for Sections 1, 3, 5, 7, 9, 13, 15, 17, 19, 21, 23, 25, 27, 31, 33 and 35, in Township 16, Range 8, west of the 2nd Initial Meridian.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

C. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

DEPARTMENT OF THE INTERIOR,
DOMINION LANDS OFFICE, CALGARY, 29th November 1884.

SIR,—I have the honor to acknowledge the receipt of your telegram of the 28th instant, instructing me to reserve the south half of Section 10, Township 12, Range

4, west of the 4th Meridian. I have made a note of the matter, although you will observe that the township in question is withdrawn from the jurisdiction of this office by Order in Council, dated 2nd March, 1883, which places Township 12, of Range 4, west of 4th, in the Saskatchewan River coal district.

I have the honor to be, Sir, your obedient servant,

E. G. KIRBY, *For Agent of Dominion Lands.*

The Secretary of the Department of the Interior, Ottawa.

OFFICE OF THE DOMINION LANDS COMMISSION,
WINNIPEG, 1st December, 1884.

SIR,—I have the honor to acknowledge the receipt of your telegram of the 27th November, directing me to instruct the agent for the Swift Current district to reserve certain lands, evidently required for railway purposes, and to confer with Mr. McTavish on the subject.

I presume the fact was overlooked that the office for this district has not yet been opened, and I venture to suggest, as a means of preventing complications when the time arrives next spring for opening this office, that all correspondence intended for that agency be sent here, and retained, so that the necessary entries may be made in the books, before the district office is opened for ordinary business.

In this connection it might be well either that the correspondence already addressed to the agent at Swift Current should also be sent here, or that copies thereof be made and transmitted to me.

I am not aware whether the letters have reached Mr. Hilliard, who was to take charge of that district, or whether some of them may not remain in the post office at Swift Current.

I have the honor to be, Sir, your obedient servant.

A. WALSH, *Commissioner.*

Hon. the Minister of the Interior, Ottawa.

Telegram.

DEPARTMENT OF THE INTERIOR,
DOMINION LANDS OFFICE, OTTAWA, 27th November, 1884.

A. Walsh, Winnipeg:

Instruct Swift Current agent to reserve N.E. 28 17 2, S.W. 6 18 6, N.W. 36 17 7, S.E. 10 17 8, N. ½ 28 14 16, N.W. 6 12 27, S.E. 12 12 28, all west of 3rd. Required by railway. Confer with McTavish.

JOHN R. HALL, *Secretary.*

Telegram.

DEPARTMENT OF THE INTERIOR, OTTAWA, 27th November, 1884.

J. McD. Gordon, Agent of Dominion Lands, Calgary:

Reserve south half ten (10), twelve (12), four (4), west of fourth (4th).

JOHN R. HALL, *Secretary.*

Telegram.

DEPARTMENT OF THE INTERIOR,
DOMINION LANDS OFFICE, OTTAWA, 27th November, 1884.

W. H. Stevenson, Agent, Regina:

Reserve N.W. ¼ 30 16 4., W. 2nd.

JOHN R. HALL, *Secretary.*

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 29th November, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of 27th instant, enclosing patents as per form of receipt also enclosed, which I have signed and now beg to return to you.

I am, Sir, your obedient servant,
C. DRINKWATER, per A.B., *Secretary.*

JOHN R. HALL, Esq., Secretary Dept. of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 27th November, 1884.

SIR,—Referring to my letter of the 30th July last, I now beg to inform you that amended plans and books of reference of the line from Winnipeg to Moose Jaw have been deposited in the Department of Railways. Some of the changes which have been made are, as I have already informed you, necessitated by corrections in the Government survey.

Certain ballast pits and station grounds not marked on the plans originally deposited have been added.

I also beg to inform you that plans and books of reference of that portion of the main line between Moose Jaw and Medicine Hat have also this day been deposited in the Department of Railways.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

P.S.—For convenience of the Department, I beg to enclose plots giving a description of land required from the Government for right of way, station grounds, &c., in each even-numbered and school section through which the line passes, between Brandon and Moose Jaw.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 24th November, 1884.

SIR,—I have the honor to request, on behalf of this company, that patents may issue in their favor for lands situate in the Province of Manitoba, as per schedule attached.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

SCHEDULE OF PATENTS applied for in letter of 24th November, 1884, addressed to the Deputy Minister of the Interior.

Tp. 1, Rge. 1, E. 1, N.W. ¼, 15 17, E. ½ 27, N. ½ 35. Tp. 3, Rge. 3, W. 1, N. ½ 3, S.W. ¼ 3, S. ½ 9, S. ½ 17, S. ½ 19. Tp. 1, Rge. 4, W. 1, N. ½ 9. Tp. 3, Rge. 4, W. 1, W. ½ and S.E. ¼ 13, S. ½ 15, 23, N.W. ¼ 33 35. Tp. 3, Rge. 5, W. 1, S.W. ¼ 27.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 20th November, 1884.

SIR,—I have the honor to request, on behalf of this company, that a patent may issue, with all convenient speed, in their favor, for lands situate in the North-West Territories, as follows:—

Sections 1, 3, 5, 7, 9, 13, 15, 17, 19, 21, 23, 25, 27, 31, 33, 35, Township 16, Range 8, west of 2nd meridian.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th October, 1884.

SIR,—I am directed by the Minister of the Interior to acknowledge the receipt of your letter of the 2nd instant, and to inform you, in reply, that patents in favor of the Canadian Pacific Railway Company for sections 1, 3, 5, 7, 13, 15, 17, 19, 21, 23, 25, 27, 31 and 35, in Township 16, Range 26, west of the 2nd Initial Meridian, are in course of preparation.

I have the honor to be, Sir, your obedient servant,

JOHN R. HALL, *Secretary.*

C. DRINKWATER, Esq., Secretary, C. P. R. Co., Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th October, 1884.

SIR,—In reply to your letter of the 1st instant, I am directed by the Minister of the Interior to state that patents in favor of the Canadian Pacific Railway, for the lands indicated in the schedule which accompanied your letter of the 16th July last, were transmitted to your address on the 1st instant.

I have the honor to be, Sir, your obedient servant,

JOHN R. HALL, *Secretary.*

C. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th October, 1884.

SIR,—Referring to your letter of the 26th August last, I am directed by the Minister of the Interior to inform you that a patent, in favor of the Canadian Pacific Railway, for Section 13, Township 17, Range 19, west of the 2nd Meridian, was issued on the 8th of August, 1884, and was forwarded to your address.

I have the honor to be, Sir, your obedient servant,

JOHN R. HALL, *Secretary.*

C. DRINKWATER Esq., Secretary C. P. R. Co., Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 6th October, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of 4th instant, enclosing patents, as specified in the enclosed form of receipt, which I have signed and now return to you.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 2nd October, 1884.

SIR,—I have the honor to request, on behalf of this company, that patents may issue in their favor for the following sections of land :—

Sections 1, 3, 5, 7, 13, 15, 17, 19, 21, 23, 25, 27, 31 and 35, in Township 16, Range 26, W. of 2nd.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 2nd October, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of the 1st instant, enclosing patents, as specified in the enclosed form of receipt, which I have signed and now return to you.

I am, Sir, your obedient servant,

C. DRINKWATER, per A. B., *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 1st October, 1884.

SIR,—On 16th July last I had the honor of addressing a letter to you, requesting, on behalf of this company, that patents might issue in their favor for certain lands, as indicated in the schedule accompanying said letter.

I shall be glad to receive these patents as soon as convenient.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 26th August, 1884.

SIR,—I have the honor to request, on behalf of this company, that a patent may issue in their favor for Section 13, Township 17, Range 19 west of 2nd, of land situate in the North-West Territories, this section having been sold by this company to the Canada North-West Land Company.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DOMINION LANDS OFFICE, ODANAH, 13th August, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter, dated 30th ultimo, No. 77804 on 34187, No. 5, instructing me to enter the Canadian Pacific Railway Company for N. ½ 31, Township 14, Range 13, west, in the books of this office, providing the same is vacant.

And to inform you that same has been entered, as instructed, in the books of this office.

I have the honor to be, Sir, your obedient servant,

A. E. FISHER, *Agent Dominion Lands.*

Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 18th August, 1884.

SIR,—In compliance with your request, conveyed verbally by Mr. Lightfoot, I am directed to enclose, for your information, a memorandum setting forth the areas of lands set apart for the Canadian Pacific Railway Company under the terms of their charter, so far as the same appear on the files of this Department.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

Deputy of the Minister of Public Works, Ottawa.

DEPARTMENT OF THE INTERIOR.

MEMORANDUM showing the Area of Lands passed to the Canadian Pacific Railway Company under operation of their Charter, and for which certificates have been given by the Engineers of the Department of Railways and Canals, as the same appear on file in this Department.

Date.	Division.	Part of Division.	Miles completed.	Area in Acres per Mile.	Area in Acres.	Remarks.
1884.						
Oct. 15...	Central Division.....	Eastern portion.....	900	12,500·00	11,250,000·00	
do 15...	do	Western portion.....	1	16,666·66	16,666·66	
do 30...	do	do	20	16,666·66	333,333·33	
Dec. 10...	do	do	33	16,666·66	549,999·78	
do 19...	Eastern Division.....	.....	167	9,615·35	1,432,707·15	
			1,121		*13,582,706·92	

*NOTE.—Of the above total of 13,582,706·92 acres, one-fifth is retained by the Government under the contract.

P. B. DOUGLAS,
For Secretary.

DEPARTMENT OF THE INTERIOR, OTTAWA, 16th August, 1884.

LAND DEPARTMENT, CANADIAN PACIFIC RAILWAY COMPANY,
WINNIPEG, MAN., 6th August, 1884.

SIR,—I beg to acknowledge the receipt of your letter of the 30th ult., in which you state that as the N.W. ¼ 12° 17′ 10″, W. 2, has already been patented in favor of this company, the S. W. ¼ 18° 22′ 22″, W. 4, cannot now be substituted.

The odd-numbered sections within the railway belt sold by the Department of the Interior to Dr. Lundy were—

Section	31	5	23	W. 1
"	25	5	24	"
"	35	5	24	"

The list of lands filed by Mr. Hamilton when in Ottawa in February last, as selected in lieu of these sections, covered only two of the sections.

I have now the honor to submit the following list which we have selected in lieu of the remaining section, and would be glad to receive an early intimation that our selection is confirmed by the Hon. the Minister of the Interior.

S. W. ¼	14	11	27	W. 1
S. W. ¼	18	22	22	W. 4
S. ½	6	17	23	W. 2

I have the honor to be, Sir, your obedient servant,
J. H. McTAVISH, *Land Commissioner.*

Secretary Department of the Interior, Ottawa.

DEPARTMENT OF INTERIOR, Ottawa, 4th August, 1884.

SIR,—I am directed by the Minister of the Interior to acknowledge the receipt of your letter of the 18th ultimo, and in compliance with your request contained therein, I enclose herewith a list of all lands reserved for schools in lieu of those found settled upon previous to survey to date.

I have the honor to be, Sir, your obedient servant,
P. B. DOUGLAS, *for the Secretary.*

J. H. McTAVISH, Esq., Land Commissioner,
Canadian Pacific Railway Co., Winnipeg, Man.

List of Lands Reserved for Schools in lieu of those found to have been settled upon previous to Survey, to date.

FRANK S. CHECKLEY, *Clerk in charge of School Lands.*

Ottawa, 31st July, 1884.

The Canadian Pacific Railway Company,

Office of the Secretary, Montreal, 30th July, 1884.

Sir,—Referring to my letter of 23rd June, respecting change in location of line west of Winnipeg, necessitated by corrections in the Government survey, we are not yet in a position to deposit an amended plan, but I expect to be able to do so within a few days. In the meantime, I beg to send you a memorandum of some of the changes necessitated by the correction in the survey referred to, for your guidance in the issue of patents.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. M. Burgess, Esq., Deputy Minister of the Interior, Ottawa.

MONTREAL, 30th July, 1884.

MEMORANDUM.—On the re-survey by the Government of the section lines in Township No. 18, Range 13, west of the 2nd Principal Meridian, it is found that the positions of sections Nos. 19 and 30, with reference to the railway, are changed from those shown on the registered land plan of the line. Now, the line is partly in Section 19 and partly in 30; formerly it was entirely in 30. Then it took from the S.E. ¼ of 30, 12·42 acres, and from the S.W. ¼ of 30, 12·42 acres. Now it takes from the S.E. ¼ 30, 4·58 acres, from the S.W. ¼ of 30, 9·05 acres. From N.E. ¼ of 19, 4·45 acres, and from N.W. ¼ of 19, 1·95 acres. Also, from the road allowance between 19 and 30, 3·66 acres from the N.E. ¼ of 19, and 1·55 acres from the N.W ¼ of 19.

The re-survey has also made changes in Sections 33 and 34 in Township 17, Range 18, west of the 2nd Principal Meridian. The change made is as follows: In the old survey there was taken from the S.W. ¼ of 33, 12·06 acres; from the S.E. ¼ of 33, 12·16 acres; from the S.W. ¼ of 34, 1·38 acres; from the N.W. ¼ of 34, 10·64 acres; and from the N.E. ¼ of 34, 12·02 acres. By the present survey there is taken from the S.W. ¼ of 33, 12·17 acres; from the S.E. ¼ of 33, 9·18 acres; from the N.E. ¼ of 33, 3·33 acres; from the N.W. ¼ of 34, 12·39 acres; and from the N.E. ¼ of 34, 12·39 acres.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th July, 1884.

SIR,—I am directed by the Minister of the Interior to inform you, in answer to your letter of the 17th instant, that a pencil note has been made in the books of this Department, that the north half of Section 31, in Township 14, Range 13, west of the Principal Meridian, is "Canadian Pacific Railway Company land," and to also state that the agent of Dominion lands at Olanah has been so advised, and instructed to enter the company therefor in the books of his office, if the said half section is vacant, and to notify you accordingly.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

J. H. McTAVISH, Esq., Land Commissioner C.P.R., Winnipeg.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th July, 1884.

SIR,—I am directed by the Minister of the Interior to instruct you to enter the Canadian Pacific Railway Company for the north half of Section 31, in Township 14, Range 13, west of the Principal Meridian, if the same is vacant, in the books of your office, and to make the necessary report thereof to me, citing the number of this letter for reference.

I am also to instruct you to notify Mr. J. H. McTavish, Land Commissioner of the Canadian Pacific Railway Company, Winnipeg, that the said company are duly entered for the half section above mentioned.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

A. E. FISHER, Esq., Agent of Dominion Lands, Olanah, Manitoba.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th July, 1884.

SIR,—I am directed by the Minister of the Interior to inform you that, as requested in your letter of the 22nd April last, the S. W. ¼ of Section 18, in Township 22, Range 22, west of the 4th Principal Meridian, cannot be granted to the Canadian Pacific Railway instead of the N. W. ¼ of Section 12, in Township 17, Range 10, west of the 2nd Principal Meridian, which was selected by you in lieu of the N. E. ¼ of Section 4, in Township 13, Range 30, west of the Principal Meridian, for which a patent had been already issued, as the said N. W. ¼ of Section 12, in Township 17, Range 10, is now patented to that company.

I am also to enclose herewith the report of the agent of Dominion lands at Calgary, of his inspection of the quarter section first herein mentioned.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

L. A. HAMILTON, Esq., Assistant Land Commissioner,
Canadian Pacific Railway Company, Winnipeg.

DEPARTMENT OF THE INTERIOR, OTTAWA, 30th July, 1884.

SIR,—I am directed by the Minister of the Interior to acknowledge the receipt of your letter, No. 10683, dated the 16th instant, enclosing a schedule of lands situate in the North-West Territories, for which you request the issue of letters patent in the name of the Canadian Pacific Railway Company.

I am to inform you, in reply, that patents are now in course of preparation for all the lands mentioned in the said schedule, with the exception of Section 19, in Township 17, Range 21, west of the 2nd Principal Meridian, instead of which a patent for Section 9, in the same township and range, will issue, in accordance with my telegram and yours in answer thereto, of the 21st instant.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

C. DRINKWATER, Esq., Secretary Canadian Pacific Railway Company, Montreal.

Telegram.

No. 249. OTTAWA, 21st July, 1884.

By Telegraph from Montreal to John R. Hall.

Application should be for section nine, seventeen, twenty-one, west two, not nineteen.

C. DRINKWATER.

LAND DEPARTMENT, CANADIAN PACIFIC RAILWAY COMPANY,
WINNIPEG, 18th July, 1884.

SIR,—I will be much obliged if you will kindly furnish me with a correct list of lands lately withdrawn from sale and settlement and reserved for school purposes, under provision of sub-section 2 of section 22 of the Dominion Lands Act, 1879.

I have the honor to be, Sir, your obedient servant,

J. H. McTAVISH, *Land Commissioner.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

LAND DEPARTMENT, CANADIAN PACIFIC RAILWAY COMPANY,
WINNIPEG, MAN., 17th July, 1884.

DEAR SIR,—The N. ½ 31, Township 14, Range 13, west 1st, was sold by us on the 18th February, 1882. At that date this parcel was within the railway belt, according to the then interpretation of the 24-mile limit.

Under the later understanding as to the meaning of the 24-mile limit, this section is left out. In furnishing you with a list of sections similarly situated, I unfortunately omitted to include this one. I would therefore request you to instruct your agent to consider this half section as falling to the company and to notify us that the reservation has been made.

Yours truly,

J. H. McTAVISH, *Land Commissioner.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR,
DOMINION LANDS OFFICE, CALGARY, 14th July, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter dated the 20th June, instructing me to report respecting the S.W. ¼ of Section 18, Township 22,

Range 22, west of the 4th Meridian, which the land commissioner of the Canadian Pacific Railway has made application to have conveyed to his company.

On the 10th instant, I made an inspection of this quarter section, and found that the only improvements thereon had been made by the railway company. These improvements are in the form of a farm covering about thirty acres. The farm is fenced and under crop.

I have the honor, Sir, to be, your obedient servant,

J. McD. GORDON, *Agent of Dominion Lands.*

The Secretary Department of the Interior, Ottawa.

Telegram.

To C. Drinkwater, Montreal:

Should not Section 19, 17, 21, W. of 2nd, in schedule accompanying letter of 16th, be made to read nine?

JOHN R. HALL.

1st July, 1884.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 16th July, 1884.

SIR,—I have the honor to request, on behalf of this company, that patents may issue in their favor for lands situate in the North-West Territories, as indicated in the schedule accompanying this letter.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of Interior, Ottawa.

*NOTE.—See telegram of 21st July, and answer.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 15th July, 1884

SIR,—I have the honor to acknowledge receipt of your letter of the 14th inst., enclosing letters patent, as specified in the forms of receipt also enclosed, which I have signed, and now return to you.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 16th July, 1884.

SIR,—I am directed by the Minister of the Interior to inform you that the balance of the patents for the lands mentioned in the list contained in your letter of the 20th May last were forwarded to your address on the 14th inst.

With reference to the last paragraph of your letter of the 4th inst., I am to state that the ares of the sections therein mentioned are given in the patent referred to, as the areas appear on the plan of the township in which the said sections are situated, which plan was, of course, plotted in accordance with the system of survey regulated by the provisions of the Dominion Lands Act.

I am also to refer you to clause 12 of the Dominion Lands Act of 1883, and to inform you that the manual of Dominion lands survey contains a full and clear explanation of the system of survey in question. Copies of the manual and Dominion Lands Act are enclosed herewith.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 14th July, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of the 10th inst., enclosing letters patent, as per enclosed form of receipt, which I have signed, and now return to you.

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 4th July, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of 3rd instant, enclosing letters patent, as specified in the enclosed forms of receipt, which I have signed and now return to you.

I shall be obliged if you will inform me when I may expect to receive the balance of the patents applied for in my letter of 20th May.

The patent for sections 1, 3, 5, 7, 33, Township 19, Range 20, W. 2, gives the acreage of 5 sections as 3,200 acres. Will you be good enough to inform me how the surplus of $9\frac{52}{100}$ acres is accounted for?

I am, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 7th July, 1884.

SIR,—With reference to your letters dated the 27th May and the 2nd June, respectively, of this year, concerning the registration of instruments for lands in the North-West Territories prior to the issue of patents therefor, I am directed by the Acting Minister of the Interior to inform you that he has decided that as section 63, chap. 25, 43 Vic., by which the registration of such instruments was restricted to instruments affecting lands for which patents had issued, was repealed last Session of the Dominion Parliament, any instrument which is duly executed and attested may be registered by the registrar of the district within which the lands affected are respectively situated.

I am also to state that instructions to the above effect have been given to the several registrars of districts in the North-West.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

OTTAWA, 27th June, 1884.

MY DEAR GOODEVE,—I am directed by Sir John Macdonald to say to you, in reply to your note of yesterday, that under the Act of last Session the registrar may register any instruments affecting land in the North-West.

The 63rd clause of the Act of 1880 is repealed and another substituted.

Yours sincerely,

JOSEPH POPE.

WM. GOODEVE, Esq., Department of the Interior.

P.S.—I return Drinkwater's telegram.

Telegram No. 266.

OTTAWA, 25th June, 1884.

By telegraph from Montreal, to W. Goodeve, Department of the Interior:

Will you please remember to bring the question of the registering of our deeds, prior to issue of patents before Sir John? The instructions to registrars not to register is causing great inconvenience.

C. DRINKWATER.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 23rd June, 1884.

DEAR SIR,—During your absence I have had some conversation with Mr. Goodeve respecting the reservation of right of way, &c., in patents. I find that the plans already deposited, showing the location of the railway between Winnipeg and Moose Jaw, are not in all respects correct. In two or three places the location, as marked on the plans, will have to be changed, owing to a correction in the Government survey. This, of course, we are not responsible for, but in the meantime it is desirable that patents for sections, or parts of sections, in the neighborhood of the railway, should reserve lands for right of way, station grounds, or other railway purposes; or, if this cannot be done, that the issue of such patents should, if possible, be suspended, until we can substitute a corrected plan. This is very important, and I hope you will kindly give the matter your attention as soon after your return as possible.

Yours truly,

C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

P.S.—The corrections necessary by change in the Government survey are between the eastern line of Range 13 and the eastern line of Range 15, Township 18; and eastern line of Range 18, Township 17, and the eastern line of Range 27, Township 16, both west 2nd principal Meridian.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 22nd June, 1884.

DEAR SIR,—I enclose a letter I have written to Mr. Burgess on the subject we discussed the other day.

Since my return I have a letter from Winnipeg, which indicates that other corrections in the plans deposited will be necessary. Another plan is being prepared, and I will hurry it forward as much as possible. In the meantime, I hope there will be no difficulty in acting upon one or other of the suggestions I have made in my letter to Mr. Burgess.

Yours truly,

C. DRINKWATER, *Secretary.*

W. M. GOODEVE, Esq., Lands Grant Branch, Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 18th June, 1884.

SIR,—I beg to transmit herewith a description of land required from the Government of the Dominion for right of way, station grounds and road deviations, on the main line between Winnipeg and Brandon.

The plots covering the line west of Brandon are in course of preparation, and I hope to be able to transmit them in the course of a few days.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 20th June, 1884.

SIR,—With reference to your letter of the 15th ultimo, requesting the issue of patents for certain lands, amongst which is the whole of Section 3, in Township 17, Range 6, west of the 2nd Principal Meridian, I am directed by the Minister of the Interior to inform you that the said section of land forms a portion of the Oakshela Indian reserve, as shown by the enclosed plan of the said Township 17, and that consequently it is not Dominion lands.

I have the honor to be, Sir, your obedient servant,
P. B. DOUGLAS, *for the Secretary.*

CHARLES DRINKWATER, Esq., Secretary, C.P.R. Co., Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 20th June, 1884.

SIR,—In reply to your letter of the 22nd April last, on the subject of the S.W. ¼ of Section 18, Township 22, Range 22, west of the 4th Principal Meridian, which you proposed should be substituted in place of a certain one of the company's quarter-sections sold by the Government, in error, to Dr. Lundy, I beg to say that as the section in question is an even-numbered one, and therefore open for settlement, until the agent of Dominion lands at Calgary has had an opportunity of reporting to this Department whether or not there is any claim to the land which might interfere with its conveyance to the company, Mr. McTavish's wish cannot be carried into effect.

I have to-day written to Mr. Gordon on the subject, and in the meantime a pencil memorandum in favor of the company for the land in question has been made in the books of this office.

I have the honor to be, Sir, your obedient servant,
P. B. DOUGLAS, *for the Secretary.*

L. A. HAMILTON, Esq., Asst. Land Commissioner, C.P.R. Co., Winnipeg, Man.

DEPARTMENT OF THE INTERIOR, OTTAWA, 20th June, 1884.

SIR,—The Land Commissioner of the Canadian Pacific Railway Company has made request to this Department for the conveyance to his company of the S. W. ¼ of Section 18, Township 22, Range 22, west of the 4th Principal Meridian, in substitution for the N.W. ¼ of Section 12, Township 17, Range 10, west of the 2nd, which the Assistant Commissioner, on his own responsibility, selected to replace the company's quarter-section, the N.E. ¼ of Section 4, Township 13, Range 30, west of the 1st, which had been sold by the Government, in error, to Dr. Lundy.

Please report to this Department as soon as you can conveniently obtain the information whether the quarter-section first above mentioned is occupied, or if there is any claim to it which might interfere with its conveyance to the railway company.

I have the honor to be, Sir, your obedient servant,
P. B. DOUGLAS, *for the Secretary.*

J. McD. GORDON, Esq., Agent of Dominion Lands, Calgary, N.W.T.

DEPARTMENT OF THE INTERIOR, OTTAWA, 20th June, 1884.

DEAR DRINKWATER,—I am looking into the subject of your claims to land near Qu'Appelle, and you will be communicated with finally in the course of a day or two.

If you should hear anything further from the Ontario and Quebec Company, in the meantime, just let them know that the matter is being attended to.

I remain, dear Drinkwater, yours very sincerely,

A. M. BURGESS, *Deputy Minister of the Interior.*

CHAS. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

DEPARTMENT OF THE INTERIOR, OTTAWA, 20th June, 1884.

SIR,—I am directed by the Minister of the Interior to inform you that provision is made in the Dominion Lands Act for the registration in this Department of all unconditional assignments and transfers affecting lands prior to issue of patent.

It is undesirable that patents for Canadian Pacific Railway lands should be issued except to the company, and every effort will be made to have patents for which you may make requisition prepared and sent promptly. There is no objection to the patents being issued in the way you suggest, *i. e.*, each to include all the odd-numbered sections falling to the company in a township.

The subject of the appointment of a registrar for Calgary is under the consideration of the Minister.

I have the honor to be, Sir, your obedient servant,

P. B. DOUGLAS, *for the Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Company, Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 12th June, 1884.

SIR,—Referring to your letter of the 10th April, asking for information necessary to enable the reservation of the right of way of the Canadian Pacific Railway between Winnipeg and Calgary to be described in patents, I beg to state in reply that the plans and books of reference of the line between Winnipeg and Moose Jaw, deposited in the Department of Railways and Canals, in the main correctly describes the location of the railway. Some slight changes are necessary, owing to corrections in the Government survey, and these will be at once made.

I have ascertained, however, that the plans deposited do not in all cases show station grounds and ballast pits, and it will be necessary to add to them in this respect. In this connection I shall be glad if you will inform me what reservation is made in patents of right of way, &c. We have always understood that a general clause would be inserted in all patents reserving lands for the roadbed of the railway, station, station grounds and other appurtenances required for the convenient and effectual construction of the railway—*vide* clause 10 of the company's charter—and I shall be very much obliged if you will send me a copy of the form of patent for examination. It would seem to be necessary that such a clause should be inserted, in order to properly carry out the undertaking of the Government to this company, as regards right of way, &c.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN. R. HALL, Esq., Secretary Department of the Interior, Ottawa.

Telegram No. 120.

OTTAWA, 6th June, 1884.

By telegraph from Montreal to John R. Hall, Department Interior :

If not already patented please omit section five and issue separate patent for Sections 1, 15, 21, Township 17, Range 19, west second.

C. DRINKWATER.

5th June, 1884.

Telegram C. Drinkwater, Montreal :

Can sections one, five and twenty-one be included in one patent, and section fifteen in another township? Seventeen, nineteen west of 2nd.

JOHN R. HALL.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 3rd June, 1884.

SIR,—Referring to my letter of 20th May, applying for patents for certain sections of land, I beg to state that the following sections were applied for in error.

Township 17, Range 19, Sections 1, 5, 21—they should have been, Township 17, Range 19, Sections 15, 21.

Will you be good enough to have the corrections made in the patents?

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 2nd June, 1884.

DEAR SIR,—The refusal to register our deeds, referred to in the enclosed copy of letter from Mr. Osler, of the Canada North-West Land Company, is giving us a good deal of trouble.

Pending the issue of patents, it would be a great convenience if the registrars were authorized to register deeds given by this company, and I shall be glad if you will look into the matter.

Your truly,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

TORONTO, 30th May, 1884.

DEAR SIR,—I have just received the following: "Montreal, 29th May, 1884.—Gentlemen,—I am surprised to receive from Registrar at Regina, a letter refusing to register your deeds to me, explaining that no Government patents are out for these lands. Kindly explain.

"Your obedient servant,
"W. DOWN LIGHTHALL."

Cannot something be done to make registrar accept titles from you pending the issue of patents?

Yours truly,
E. B. OSLER.

C. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, May 28th, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of yesterday's date, together with the enclosed patents, as specified in the forms of receipt, which I have signed and now return to you.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of Interior, Ottawa.

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 27th May, 1884.

SIR,—I am informed that instructions have been given to the registrar of Assiniboia to the effect that no instruments affecting lands, except patents, are in future to be registered.

These instructions affect the whole of our lands west of the boundary line of Manitoba, and purchasers are thereby debarred from registering any instruments based on the contracts of sale given by this company.

It is important, therefore, that immediate steps should be taken to obtain patents for our lands.

The object of this letter is to ask in what way the Department would prefer such patents to issue.

It has been suggested that one patent should include all the sections the company may decide to accept in each township.

General lists of lands to be accepted by the company are in course of preparation, but it is intended to make out special lists of those lands most speedily required, in order that patents may be registered as soon as possible.

I therefore beg respectfully to ask your early reply to this letter.

I may state that the registrar at Battleford declines to record any instruments in connection with lands in the Calgary district. We are consequently unable to register the town site plan.

Can you inform me when the registry office is likely to be opened at Calgary?

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,

OFFICE OF THE SECRETARY, MONTREAL, 20th May, 1884.

SIR,—I have the honor to request, on behalf of this company, that patents may issue in their favor for the following sections of land, situate in the North-West Territories:—

Township.	Range.	Sections.
16	18	W. of 2nd 31.
16	19	25, 33.
16	20	33.
16	26	9.
17	19	1, 5, 21.
17	21	13, 19, 21, 35.
18	19	3, 13, 19, 21, 31.
18	20	17, 21, 23, 25, 33.
18	21	1, 15.
19	19	5, 7.
19	20	1, 3, 5, 7, 33.
19	21	1, 13, 25, 33.
20	20	3, 5, 9, W. ½ 19.
20	21	1, 13, 23.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,

OFFICE OF THE SECRETARY, MONTREAL, 17th May, 1884.

SIR,—I have the honor to acknowledge receipt of your letter of the 15th inst., enclosing letters, patents as specified in the enclosed form of receipt, which I have signed and now return to you.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary, Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 15th May, 1844.

SIR,—I have the honor to request, on behalf of this company, that patents may issue in their favor for the following sections of land, situate in Manitoba and the North-West Territories:—

Section.	Township.	Range.
21	10	20 W. 1.
33	17	11 W. 2.
13	18	16 W. 2.
3	18	17 W. 2.
3	17	6 W. 2.
33	17	18 W. 2.
15	17	21 W. 2.
31	16	23 W. 2.
27	16	25 W. 2.
25	15	14 W. 3.
15	11	26 W. 3.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 9th May, 1884.

SIR,—I have the honor to acknowledge the receipt of your letters of the 5th and 8th instant, enclosing letters patent, as specified in the enclosed forms of receipt, which I have signed and now return to you.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

JOHN R. HALL, Esq., Secretary, Department of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 1st May, 1884.

SIR,—The attention of the board of directors of this company has been called to the form of patent proposed to be given by the Government to the company of lands to which they are entitled under their land grant. The patent contains a recital to the effect that the lands therein described "are part of the lands known as Dominion lands, as mentioned in the Dominion Lands Act, 1883."

This Act provides, section 43, "that no grant from the Crown of lands has operated or will operate as a conveyance of the gold or silver mines therein, unless the same are expressly conveyed in such grant."

The Dominion Lands Act, 1879, which was in force at the time the contract between the Government and this company was entered into, provided, section 37, that no reservation of gold, silver, iron, copper or other mines or minerals should be inserted in any patent from the Crown granting any portion of Dominion lands. And by section 41, that no distinction in price should be made between lands supposed to contain mines or minerals and farming lands.

Under the law as it then existed, it is, therefore, clear that no reservation was made, or intended to be made, of gold or silver mines.

But, independently and irrespective of this, it is respectfully submitted that no such reservations were contemplated as regards the land grant of this company when the charter of the company was granted.

The 3rd section of the Canadian Pacific Railway Act, 1881, provides that the company shall be entitled to 25,000,000 acres of land. And by the 11th section of

the contract it is provided that the grant of land shall be in alternate sections, extending back 24 miles deep on each side of the railway, the company receiving the sections bearing uneven numbers, no exception or reservation of any kind being made.

Under these circumstances I am directed to submit that this company is entitled to patents, without reservation, of gold, silver, iron, copper or other mines, and I am instructed respectfully to request that the patent proposed to be granted by the Government may be amended, so as to remove any doubt on this point.

Pending a decision upon this question, and without prejudice to the rights of the company as herein stated, I am directed to say that the company will accept the patents recently issued, covering principally town sites, and in reference to which this question does not arise.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

LAND DEPARTMENT, CANADIAN PACIFIC RAILWAY COMPANY,
WINNIPEG, MAN., 22nd April, 1884.

SIR,—While in Ottawa I filed a selection of lands to be granted by the Government in lieu of those belonging to the Canadian Pacific Railway sold to Dr. Lundy, in error, by your Department. Included in this list, made out by Mr. McTavish, was the N.E. ¼ 4 13 30, W 1. Mr. Goodeve informed me, however, that this quarter section had been already granted to a homesteader. On my own responsibility, and to expedite matters, I substituted the N.W. ¼ 12 17 10, W 2. Mr. McTavish would prefer in place of this the S.W. ¼ 18 22 22, W 4, and I would ask you, if the matter has not already gone too far, to make the desired substitution.

I have the honor to be, Sir, your obedient servant,

L. A. HAMILTON, *Assistant Land Commissioner.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

DEPARTMENT OF RAILWAYS AND CANALS, CANADA,
OTTAWA, 16th April, 1884.

SIR,—I am directed, in reply to your letter of the 10th inst., to say that the map required, which shows the exact location of the Canadian Pacific Railway, between Winnipeg and Calgary, is now being prepared, but has not yet been completed.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

J. R. HALL, Esq., Secretary Department of the Interior.

DEPARTMENT OF THE INTERIOR, OTTAWA, 10th April, 1884.

SIR,—I am directed by the Minister of the Interior to request that you will furnish this Department, at your earliest possible convenience, with the information necessary to enable the reservation of the right of way of the Canadian Pacific Railway Company to be accurately described in patents for Dominion lands between Winnipeg and Calgary, intersected by the line of that railway.

Several applications for patents are now before the Department, and it is impossible to deal with them until this information is supplied, as some uncertainty appears to exist as to whether the original location of the line has been adhered to in all cases.

I have the honor to be, Sir, your obedient servant,

JOHN R. HALL, *Secretary.*

CHARLES DRINKWATER, Esq., Secretary C. P. R. Co., Montreal, Que.

DEPARTMENT OF THE INTERIOR, OTTAWA, 10th April, 1884.

SIR,—I am directed by the Minister of the Interior to request that you will furnish this Department with a map or plan showing the exact location of the Cana-

dian Pacific Railway, as constructed between Winnipeg and Calgary, on a sufficiently large scale to enable the right of way to be accurately described in the patents for lands through which the line runs.

As several applications for patents of quarter-sections intersected by the railway are now before the Department, and others will, no doubt, be coming in soon, it is most desirable that this information should be furnished at the very earliest possible moment.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

A. P. Bradley, Esq., Secretary Department Railways and Canals.

Department of the Interior,
Dominion Lands Office, Regina, 18th March, 1884.

Sir,—I have the honor to acknowledge the receipt of your letter, dated 7th instant, No. 71250 on 34187, No. 5, instructing me, by direction of the Minister of the Interior, to enter the Canadian Pacific Railway Company for the undermentioned lands, viz.:—N.E. ¼ of Section 26, Township 16, Range 5, west of 2nd Meridian; S. ½ of Section 18, Township 17, Range 8, west of 2nd Meridian; W. ½ of Section 34, Township 17, Range 11, west of 2nd Meridian; N.W. of Section 12, Township 17, Range 10, west of 2nd Meridian.

In reply, I beg to advise you that the Minister's instructions have been carried out.

I have the honor to be, Sir, your obedient servant,
HENRY P. HELM, *Acting Agent of Dominion Lands.*

John R. Hall, Esq., Secretary Department of the Interior.

The Canadian Pacific Railway Company,
Office of the Secretary, Montreal, 20th March, 1884.

Sir,—I have the honor to acknowledge receipt of your letter of yesterday's date, enclosing letters patent, as specified in the form of receipt which I have signed, and now return to you herewith.

I am, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

John R. Hall, Esq., Secretary Department of Interior, Ottawa.

Department of the Interior, Dominion Lands Office,
Brandon, 13th March, 1884.

Sir,—I have the honor to acknowledge the receipt of your letter dated the 7th instant, No. 71250 on 34187, No. 5, and in reply beg to state that as both the N.W. ¼ Section 34, Township 11, Range 28, and the S.E. ¼, Section 4, Township 12, Range 28, west 1st Principal Meridian, were vacant, protected from entry by a telegram from the Department, dated 5th February, 1883, I have, in accordance with instructions contained in your letter of the 7th, entered the Canadian Pacific Railway Company for the above-mentioned quarter sections in the township register at this office.

I have the honor to be, Sir, your obedient servant,
WM. M. HILLIARD, *Acting Agent of Dominion Lands.*

To the Secretary Department of Interior, Ottawa.

Department of the Interior, Ottawa, 7th March, 1884.

Sir,—I am directed by the Minister of the Interior to instruct you to enter the Canadian Pacific Railway Company in the books of your office for the north-west quarter of Section 34, in Township 11, Range 28, west of the Principal Meridian, and the south-east quarter of Section 4, in Township 12, in the said range, if both quarter sections are open for entry; or, in the event of only one of them being vacant to enter the company for that one.

You will, of course, report your action in the above matter to the Department without delay.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

E. Clementi Smith, Esq., Agent of Dominion Lands, Brandon, Man.

Department of the Interior, Ottawa, 7th March, 1884.

Sir,—I am directed by the Minister of the Interior to instruct you to enter the Canadian Pacific Railway Company in the books of your office for the following lands within your agency, if the same are vacant, or if one or more of the parcels are already entered, then for those which are still open to entry. The north-east quarter of Section 26, in Township 16, Range 5; the south half of Section 18, in Township 17, Range 8; the west half of Section 34, in Township 17, Range 11; and the north-west quarter of Section 12, in Township 17, Range 10; all west of the 2nd Principal Meridian.

You will, of course, report to the Department, without delay, your action in this matter.

I have the honor to be, Sir, your obedient servant,
JOHN R. HALL, *Secretary.*

J. McD. Gordon, Esq., Agent of Dominion Lands, Regina, Assiniboia, N.W.T.

The Canadian Pacific Railway Company,
Office of the Secretary, Montreal, 25th February, 1884.

Sir,—I beg to acknowledge the receipt of your letter of the 13th instant, suggesting that the westward point at which the company's land grant shall terminate shall be fixed at a point about the same number of miles from the summit of the mountains as Jasper House would have been by the route contemplated by the Act of 1881.

I am directed to point out that the limit of the land grant not having been changed by the Act of 1882, when the Kicking Horse Pass was adopted, it must be assumed that such limit would remain at about the same distance from Winnipeg as Jasper House. Taking the degree of longitude of Jasper House, this would make the limit in the Columbia Valley, but for present purposes it will perhaps be sufficient to assume that the grant extends to the boundary line of British Columbia, or the summit of the mountains.

The company consider it of the utmost importance that nothing should be done which would deprive them of the right to secure such lands as they may be entitled to under their charter, and particularly in the case where provision must be made for supplying timber and ties required for the railway, and fuel for its operation.

I understand that the main object of deciding this matter is in order that the question of continuing the surveys already made to the base of the mountains may be determined—and it is suggested that perhaps it would be sufficient to run a base line along the valley of the Bow River. This would enable purchasers of timber or mineral lands to locate their claims without going to the expense of a general survey and sub-division into sections.

I have the honour to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. Burgess, Esq., Deputy Minister of the Interior, Ottawa.

Canadian Pacific Railway Company,
Office of the Secretary, Montreal, 18th February, 1884.

Dear Sir,—"Virden Town Site:"

Referring to my letter of the 8th of January, I shall be much obliged if you will have a patent of this town site issued, as in the other cases, under the agreement of 29th October, 1883.

Yours truly,
C. DRINKWATER, *Secretary.*

A. M. Burgess, Esq., Deputy Minister of Interior, Ottawa.

CANADIAN PACIFIC RAILWAY CO., Ottawa, 15th February, 1884.

SIR,—I have the honor to submit the following list of lands selected in lieu of the 1,280 acres sold by the Department of the Interior to Dr. Lundy, and situate within the railway belt.

The selection is made in accordance with the understanding arrived at between yourself and Mr. McTavish, on his recent visit to Ottawa.

G. No.	14	N. W. ¼	34	11	28	W. 1st Meridian,	160	acres.
do	15	S. E. ¼	4	12	28	do do	160	do
do	16	N. E. ¼	26	16	5	W. 2nd do	160	do
do	17	S. ½	18	17	8	do do	320	do
do	18	W. ½	34	17	11	do do	320	do
		N. W. ¼	12	17	10	do do	160	do
							1,280	

I have the honor to be, Sir, your obedient servant,
L. A. HAMILTON, *Assistant Land Commissioner.*

Hon. the Minister of the Interior, Ottawa.

CANADIAN PACIFIC RAILWAY CO., Ottawa, 15th February, 1884.

SIR,—I have the honor to request that patents be issued to the Canadian Pacific Railway Company for the undermentioned lots, the same forming a portion of the land grant to that company:—

S. E. ¼	33	11	10	W. 1st meridian.
	13 & 15	10	19	do do
	25	9	23	do do
	9	17	22	W. 2nd do

I have the honor to be, Sir, your obedient servant,
L. A. HAMILTON, *Assistant Land Commissioner.*

Hon. the Minister of the Interior, Ottawa.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 30th January, 1884.

SIR,—I have the honor to acknowledge the receipt of your letter of the 26th inst., drawing attention to certain statements made by Mr. M. C. Cameron, M.P., in House of Commons, relating to the town site at Regina. In reply, I beg to inform you that no agent of this company, or anyone else, was authorized to make the statement that Regina would be a division point on the railway. I may further add that the general manager caused an intimation to be made to the public, through the press, before the sale of town lots at Regina took place, that it would not be a divisional point, but that Moose Jaw had been selected for such purpose.

In view of the possibility that erroneous and unauthorized statements, such as those referred to by Mr. Cameron, may have been circulated at the time, this company, in conjunction with the Canada North-West Land Company, have made proposals to the dissatisfied purchasers at Regina, which we have reason to believe will prove satisfactory to them, and the Government having a joint interest in the town site have been asked to concur in the proposition referred to.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

DEPARTMENT OF THE INTERIOR, OTTAWA, 4th February, 1884.

SIR,—The location and construction of the Canadian Pacific Railway having been completed as far as the summit of the Rocky Mountains, and the Dominion lands surveys being either finished or about to be finished to the base of the mountains, it becomes necessary to decide at what point the operation of section 11 of the Canadian

Pacific Railway Act, 1881, terminates. The said section provides that "the company's land grant shall be made in alternate sections extending back 24 miles deep on each side of the railway from Winnipeg to Jasper House." This provision was made by Parliament when it was contemplated that the railway would cross the Rocky Mountains by the Yellow Head Pass.

In 1882 an Act was passed amending the Canadian Pacific Railway Act of 1881, under the authority of which the line now crosses the Rocky Mountains by the Kicking Horse Pass, but no provision was made by the amending Act determining the point west of Winnipeg which should form the western limit of the land grant.

At an interview which I had with yourself and the land commissioner of your company during Christmas week, this subject was very fully discussed, and the proposition was submitted that a point on the line of railway, as now located and constructed, which would be about the same number of miles from the summit of the mountains as Jasper House would have been by the route contemplated by the Act of 1881, is the point which should be selected for the purpose mentioned.

This settlement of the question seems a fair and reasonable one—the topographical features and agricultural resources of the lands along the line of railway on both routes being very similar; the Minister of the Interior, after fully considering the subject, so decides; and I am now directed to request that you will, at your earliest convenience, place this communication before your directors, and inform me whether they agree in the conclusions at which the Minister has arrived.

I have the honor to be, Sir, your obedient servant,

A. M. BURGESS, *Deputy of the Minister of the Interior.*

CHAS. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 30th January, 1884.

DEAR SIR,—I enclose copy of a letter from our assistant land commissioner respecting the survey of the timber limits on Moose Mountain. It would save a good deal of trouble if this survey were completed during the present winter, and I shall be glad to know whether the Department will authorize the same to be done.

It will, I fear, be impossible for us to protect the timber on our sections if the lines are not run as suggested.

Yours truly,

C. DRINKWATER, *Secretary.*

A. M. BURGESS, Esq., Deputy Minister of the Interior, Ottawa.

CARLYLE, P. O., ASSINIBOIA, 14th January, 1884.

SIR,—I have the honor to report that I have been at all the points in the Moose Mountain district where timber is being taken out. None of what has been cut this season has been removed yet, nor will it likely be until March. It is all being taken under Government permit. The great trouble will be with those who have got on wrong sections. There are no lines cut through the timber, and posts have never been planted in many places. It will take all my time to run lines and see that those cutting are on even sections. I am now on my way again to the east end of the mountain, where some settlers from the Souris, near the boundary, are at work. The weather has been cold here and trails are very heavy.

I am, Sir, your obedient servant,

JOHN LEASK.

L. A. HAMILTON, Esq., Assistant Land Commissioner,
C. P. R. Co., Winnipeg, Man.

WINNIPEG, 25th January, 1884.

DEAR SIR,—I enclose report of our Moose Mountain timber inspector. I anticipate a good deal of trouble in dealing with this matter, owing to the fact that he points out, of the lines not being surveyed through the bush. I drew the attention

of the Government to this fact last spring, as we found it impossible to examine our lands until the survey was completed. It might have the desired effect, if you were to again point out to the Government the necessity of doing this work, and that the winter is the proper time to make the survey, as the country is so full of lakes it would be almost an impossibility to do the work in the summer. There are several Dominion land surveyors now in Winnipeg who would gladly undertake the work immediately.

Yours truly,

L. A. HAMILTON, *Assistant Land Commissioner.*

C. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

CANADIAN PACIFIC RAILWAY COMPANY,
SOLICITOR'S OFFICE, MONTREAL, 22nd January, 1884.

DEAR SIR,—Would you oblige me by sending down a blank form of patent of land grant from the Crown to the Canadian Pacific Railway Company, similar to those already sent, referring to description of town sites in the North-West. We wish this as a sample, in order to file copies of the different grants received from the Crown.

Yours truly,

R. T. HENCKER, *Solicitor.*

A. M. BURGESS, Esq., Deputy Minister of the Interior.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 18th January, 1884.

MY DEAR SIR,—As requested by Mr. Stephen, I have much pleasure in sending you, under separate cover, two dozen copies of his recent circular.

Yours truly,

C DRINKWATER, *Secretary.*

HON. D. L. MACPHERSON, Minister of the Interior, Ottawa.

CIRCULAR.

To the shareholders of the Canadian Pacific Railway Company :

GENTLEMEN,—It is now a little less than a year since a portion of the capital stock of this company was thrown open for public subscription. During that period there has been a very great decline in the market values of American railway securities in general, and especially of shares in corporations operating through lines of railway between the eastern States and the Pacific coast. It is not a matter of surprise, therefore, that some anxiety should have been felt by holders of the stock of this company, or that speculators should have taken advantage of the opportunity, to make a concerted effort to depress the market price of the shares, especially in view of the malignant attacks with which the company has been almost daily assailed by a section of the local and foreign press, inspired by rival railway lines or influenced by political motives. The shareholders are rather to be congratulated that in the face of these attacks, and of such widespread depression in the stocks of other transcontinental lines, the stock of this company, with its line not yet completed, should have maintained such comparative steadiness.

For the purpose of giving to the shareholders the earliest possible information of the results achieved during the now closing calendar year, and in view of the gross misstatements that have been published as to the position of the company, the directors have thought it well, in advance of the regular annual report, to submit a short summary of what has been done, and also a brief statement of facts affecting the intrinsic and market values of the shares of the company.

It is necessary at the outset not to forget that the position of the Canadian Pacific Railway is unique—with its own line stretching from the Atlantic to the Pacific—a complete and independent railway system within itself. Differing, in this respect, from every other transcontinental line on the continent, it need look for nothing from its rivals, beyond reasonably fair treatment.

During the year 1883 the company built 693 miles of railway, consisting of 553 miles of main line and 140 miles of branch lines.

On the Western Division, 377 miles of rails have been laid—completing the track to the summit of the Rocky Mountain pass, 960 miles west of Winnipeg—leaving a gap of less than 300 miles to complete the connection with the Pacific Ocean, and there is every reason to expect that this connection will be completed within the next two years.

On the opening of navigation next season the company will have its own steel steamships, built this year on the Clyde expressly for the lake traffic, ready to run between Lake Huron and Thunder Bay on Lake Superior. A new through line of its own will thus be opened, carrying freight and passengers from Montreal to all points in the newly-opened country, for a continuous distance of 1,400 miles west of Port Arthur.

On the section of the line north of Lake Superior 167 miles of track have been laid during this year, and within the next few weeks 54 miles more will be added, making a total on that section of 221 miles, leaving 430 miles yet to be built in order to complete the through all-rail connection between Montreal and the North-West Provinces. There are, at the present time, over 9,000 men at work upon this section, which, it is fully expected, will be completed and ready for operation before the close of the year 1885.

Without the through all-line, which the completion of this section will provide, and without the necessary connections with the Provinces of Ontario and Quebec, now being secured, the Canadian Pacific Railway would have little or no control over the large west-bound traffic in immigrants, settlers and general freight which the settlement of the North-West is rapidly developing; and that traffic would continue, in the future as in the past, to be carried over the Grand Trunk Railway, and through the United States. This west-bound traffic is of the greatest importance to the Canadian Pacific Railway, enabling it to carry freight and passengers at lower rates than would be possible if the line had only an east-bound business, and nothing to carry west but empty cars.

When the company is in a position to send trains through direct from Montreal *vid* Winnipeg to the Pacific Ocean, its express trains making the entire distance in ninety hours, and when the connections of the line with the business centres of the Provinces of Ontario and Quebec have been established, the Canadian Pacific Railway will assume a commanding position as Canada's national highway, and by better service, a shorter line, superior accommodation and moderate rates, will secure the traffic which naturally belongs to it, and effectually prevents it from seeking transportation over foreign lines.

The surveys of the gap between the completed portions of the Eastern and Western Divisions have been completed, as well as the surveys across the Rocky and Selkirk Mountains. The work has, in both cases, been found much easier than was anticipated, and the directors feel now that they may safely state that the entire line will be completed within the original estimates of cost.

It has been ascertained that the cost of finishing the line will not exceed twenty-seven million dollars—barely the amount of the cash subsidy and land grant bonds unsold and remaining in the hands of the Government.

The gross earnings for 1883 (estimating the month of December) were	$5,420,913
This includes, for the transportation of construction materials and supplies	1,274,000
The actual revenue from ordinary traffic was, therefore, in 1883	$4,146,913
As against, in 1882	2,449,824
Increase in 1883	$1,697,089

The net earnings for the nine months ending 30th November have been $889,811.

Considering the adverse circumstances under which this result has been obtained and in view of the extraordinary development and rapid settlement of the North-West during the past year, and of the fact that on the opening of navigation the company will have, as already stated, a through line of its own from Montreal to the summit of the Rocky Mountains, a still greater increase in the earnings of the coming year may fairly be looked for.

Seeing the effect which the operations of speculators, aided by the hostile efforts of the enemies of the company, in the press and elsewhere, had on the market price of the shares—being unwilling that the shareholders should be intimidated into sacrificing their property, and desiring to increase the value of the stock as a sound investment—the directors, early in November last, made an arrangement with the Dominion Government to ensure for ten years a minimum dividend of three per centum (3 p. c.) per annum upon the outstanding capital stock of the company, the company continuing to pay an additional two per centum (2 p. c.) per annum, during construction, making five per centum (5 p. c.) per annum in all.

This arrangement has also been made the object of attack even to the extent of pretending to impugn the ability of the Government to carry it out, but it will probably suffice to say, that it consists of the deposit with the Government of cash and securities to an amount sufficient to provide the money with which to pay each half-yearly dividend; that the Government has absolutely assumed such payments, and has bound itself to place the required amount each half-year in the Bank of Montreal as trustee for the shareholders, and that the bank has covenanted to pay the dividend so deposited on the 17th day of February and August in each year of the next ten years.

Fuller details of the operations of the company during the past year, of its position generally, its resources and its prospects, will be furnished to the shareholders, as soon as the report embodying the same can be prepared.

In conclusion it may safely be stated:—

1. That the work of construction has been economical and rapid beyond all previous experience.

2. That the contract with the Government will be finished, and an all rail route through Canadian territory, from Montreal to the Pacific Ocean, established within two years, or in barely half the time specified in the contract.

3. That the business of the line is already much greater than could fairly have been expected before the completion of the road.

4. That the settlement of the North-West, notwithstanding all the efforts to depreciate its advantages, is progressing more rapidly than anyone, three years ago, supposed possible.

5. That the cost of the completed road will not exceed previous estimates.

6. That the road, when finished, will be practically unencumbered.

7. That the net earnings, from and after the completion of the line, will, it is firmly believed, be sufficient to give the shareholders a handsome dividend over and above the 3 per cent. already provided, without counting on the income from the company's land grant; thus making the shares of the company a sound and profitable investment.

The directors are satisfied that, with such resources and prospects as are here set forth, the company has a great and successful future before it, and they hope that the statements, which the facts have thus enabled them to make, will be accepted by the shareholders as a sufficient answer to the misrepresentations by which it has been sought to induce them to sacrifice their investment.

GEORGE STEPHEN, *President.*

MONTREAL, 29th December, 1883.

SUPPLEMENTARY RETURN

(25c)

To a STANDING ORDER of the HOUSE OF COMMONS, dated 20th February, 1882;—For full information on all subjects affecting the Canadian Pacific Railway up to the latest date, and particularly all details as to—

1. The selection of the route.
2. The progress of the work.
3. The selection of the reservation of the lands.
4. The payment of the moneys.
5. The laying out of branches.
6. The progress therein.
7. The rates and tolls for passengers and freights.
8. The particulars required by the Consolidated Railway Act and the amendments thereto up to the end of the previous fiscal year.
9. Like particulars up to the latest date before the presentation of the Return.
10. Copies of all Orders in Council and of all correspondence between the Government and the Railway Company, or any member or officer of either, relating to the affairs of the Company.

By Command,

J. A. CHAPLEAU,
Secretary of State.

Department of the Secretary of State,
Ottawa, 17th February, 1885.

SUPPLEMENTARY RETURN

(25*j*)

To a STANDING ORDER of the HOUSE OF COMMONS, dated 20th February, 1882;—For a Report giving full information on all subjects affecting the Canadian Pacific Railway, up to the latest date, and particularly all details as to:

1. The selection of the route.
2. The progress of the work.
3. The selection or reservation of the lands.
4. The payment of moneys.
5. The laying out of branches.
6. The progress therein.
7. The rates of tolls for passengers and freights.
8. The particulars required by the Consolidated Railway Act and amendments thereto, up to the end of the previous fiscal year.
9. Like particulars up to the latest date before the presentation of the Return.
10. Copies of all Orders in Council, and of all Correspondence between the Government and the Railway Company, or any member or Officer of either, relating to the affairs of the Company.

By Command,

J. A. CHAPLEAU,

Department of the Secretary of State, Ottawa, 5th March, 1885. *Secretary of State.*

SELECTION OF ROUTE—LOCATION—CENTRAL SECTION—FROM THE 95TH TO THE 119TH MILE WEST FROM THE SUMMIT OF THE ROCKY MOUNTAINS, OR FROM THE 1,057TH TO THE 1,081ST MILE WEST OF WINNIPEG.

CANADIAN PACIFIC RAILWAY COMPANY, OFFICE OF THE SECRETARY,
MONTREAL, 9th January, 1885.

SIR,—With reference to your letter of the 15th inst., I have the honor to return herewith the profile of the main line from the 95th to the 113th mile west from the summit of the Rocky Mountains, with the gradients added as requested.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY COMPANY, OFFICE OF THE SECRETARY,
MONTREAL, 9th January, 1885.

SIR,—I have the honor to send you herewith, for the approval of His Excellency the Governor General in Council, plan and profile of that portion of the main line from the 113th to the 119th mile west of the summit of the Rocky Mountains, or from the 1,057th to the 1,081st mile west of Winnipeg.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY, OFFICE OF THE ENGINEER-IN-CHIEF,
OTTAWA, 12th January, 1885.

SIR,—Mr. Drinkwater's letters, dated 9th January, under covers 35516 and 35 517, accompanied by plans and profiles extending from the summit of the Selkirk Mountains westward, from the 95th to the 119th mile west of the summit of the Rocky Mountains, or from the 1,057th to 1,081st mile west of Winnipeg, having been submitted to me, I have the honor to report that the maximum grade is 116 feet per mile and the minimum curve 10°. These are, I believe, necessitated by the general features of the ground, and as it has generally been understood that such grades and curves would have to be encountered in passing over the Selkirk Range, I recommend that the location be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

OTTAWA, 14th January, 1885.

MEMORANDUM.—The undersigned has the honor to represent that plans and profiles have been submitted for approval by the Canadian Pacific Railway Company, showing the portion of their main line extending from the 95th to the 119th mile west of the summit of the Rocky Mountains, or from the 1,057th to the 1,081st mile west of Winnipeg.

That under date the 12th inst., the Government Chief Engineer has reported that the maximum grade is 116 feet per mile and the minimum or sharpest curve 10°. These he believes to be necessitated by the general features of the ground, and advises the approval of the location.

The undersigned thereupon recommends that approval be given accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED *Copy of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 16th January,* 1885.

On a memorandum dated 14th January, 1885, from the Acting Minister of Railways and Canals, submitting for approval plans and profiles of the Canadian Pacific Railway, showing the portion of their main line extending from the 95th to the 119th mile west of the summit of the Rocky Mountains, or from the 1,057th to the 1,081st mile west of Winnipeg:

The Minister represents that the Chief Engineer has reported, under date 12th January, inst., that the maximum grade is 116 feet per mile and the minimum or sharpest curve 10°. These he believes to be necessitated by the general features of the ground, and advises the approval of the location. The Minister, therefore, recommends that approval be given thereto.

The Committee submit the plans and profiles of the Canadian Pacific Railway Company for Your Excellency's approval.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 20th January, 1885.

SIR,—I am instructed to enclose herewith to you a copy of a certified copy of an Order in Council, bearing date 16th inst., approving the plans and profiles of your company's line of railway from the 95th to the 119th mile west of the summit of the Rocky Mountains, or from the 1,057th to the 1,081st mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

OTTAWA, 20th January, 1885.

SIR,—I am instructed to enclose herewith to you a copy of a certified copy of an Order in Council, dated 16th inst., approving plans and profiles of the Canadian Pacific Railway line from the 95th to the 119th mile west of the summit of the Rocky Mountains, or from the 1,057th to the 1,081st mile west of Winnipeg.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHRIEBER, Esq., Chief Engineer.

SELECTION OF ROUTE—LOCATION—CENTRAL SECTION—FROM SCHICKAMOUSE NARROWS TO A POINT WEST OF LITTLE SCHUSWAP LAKE, 50 MILES.

MONTREAL, 7th January, 1885.

SIR,—Referring to your letter of the 10th ult., to the secretary, I beg to return herewith, corrected, the plan and profile of our line from Schickamouse Narrows to a point west of the Little Schuswap Lake, a distance of 50 miles.

I am, Sir, your obedient servant,

W. C. VAN HORNE, *Vice-President.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY, OFFICE OF THE ENGINEER-IN-CHIEF,
OTTAWA, 10th January, 1885.

SIR,—Referring to my report, dated the 15th November last, on the location of the main line of the Canadian Pacific Railway, from the Schickamouse Narrows to a point west of the Schuswap Lake, I now have to report that the curves being reduced to a maximum of 8°, I recommend that the location be approved.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

OTTAWA, 12th January, 1885.

MEMORANDUM.—The undersigned has the honor to represent that under date the 6th November last the Canadian Pacific Railway Company submitted for approval a plan and profile of their line from Schickamouse Narrows to a point west of the Little Schuswap Lake, a distance of fifty (50) miles, and that under date the 13th of that month the Engineer-in-Chief reported, showing the maximum gradient to be 1·25 per 100 feet, or 66 feet per mile, the maximum curve being 10°. These curves, we consider, should be reduced, and the plans were returned to the company accordingly.

That under date the 7th inst. the company has submitted an amended plan and profile of this section, as to which the Chief Engineer reports, under date 10th inst., that the maximum curve has now been reduced to 8°, and he advises that the location be approved.

The undersigned thereupon recommends that approval be given accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister of Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 16th January,* 1885.

On a memorandum dated 12th January, 1885, from the Acting Minister of Railways and Canals, representing that under date the 6th of November last the Canadian Pacific Railway Company submitted for approval a plan and profile of their line from Schickamouse Narrows to a point west of the Little Schuswap Lake, a distance of fifty (50) miles; and that, under date the 13th of that month, the Engineer-in-Chief reported, showing the maximum gradient to be 1·25 per 100 feet, or 66 feet per mile, the maximum curve being 10°. These curves, he considered, should be reduced, and the plans were returned to the company accordingly.

The Minister further represents that under date the 7th inst. the company have submitted an amended plan and profile of this section, as to which the Chief Engineer reports, under date the 10th inst., the maximum curve has now been reduced to 8°, and he advises that the location be approved. The Minister therefore recommends that approval be given.

The Committee submit the annexed plan and profile of the Canadian Pacific Railway Company for Your Excellency's approval, accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 20th January, 1885.

SIR,—I am instructed to enclose to you herewith a copy of a certified copy of an Order in Council, dated the 16th inst., in which approval is made of the plan and profile of the location of the line of the Canadian Pacific Railway Company from Schickamouse Narrows to a point west of the Little Schuswap Lake, a distance of 50 miles.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

C. SCHREIBER, Esq., Chief Engineer.

OTTAWA, 20th January, 1885.

SIR,—I am directed to enclose to you herewith a copy of a certified copy of an Order in Council, under date the 16th inst., in which the plan and profile of the location of the line of your company's railway, from Schickamouse Narrows to a point west of the Little Schuswap Lake, a distance of 50 miles, is approved.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C. P. R. Co., Montreal.

MEMORANDUM.—The undersigned has the honor to represent that under date the 5th inst. the Chief Engineer of the Canadian Pacific Railway has issued a certificate, No. 35, of the Eastern Section, of which the following are the details:—

Total value of work done and materials delivered up to the 31st December, 1884 ..... $ 17,276,777

West of Callander..... 100 miles.
East of Port Arthur .... 67 "

167 " at $15,384.61 = $2,569,229

Proportion of value of work done under the Act of 1884 to value of work remaining to be done..... 14,707,548

$17,276,777

That of this sum the books of the accountant of the Department show that there has already been paid the sum of..... 16,980,070

Leaving the balance now payable of..... $ 296,707

The portions of the said balance severally chargeable to the loan and subsidy accounts being as follows:—

Loan ..... $ 171,770
Subsidy..... 124,937

$ 296,707

The undersigned recommends that authority be given for the payment of the said sum of $296,707 to the Canadian Pacific Railway Company accordingly.

Respectfully submitted,

J. H. POPE, *Acting Minister of Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 8th January,* 1885.

On a memorandum dated 5th January, 1885, from the Acting Minister of Railways and Canals, submitting a certificate, No. 35, dated 5th January inst., from the Chief Engineer of the Canadian Pacific Railway, with respect to the eastern section of the line, of which the following are the details:—

Total value of work done and materials delivered up to the 31st of December, 1884		$17,276,777
West of Callander.....	100 miles.	
East of Port Arthur....	67 "	
	167 " at $15,384.61 =	$2,569,229
Proportion of value of work done under the Act of 1884 to value of work remaining to be done.....		14,707,548
		$17,276,777
Of this sum the books of the Department show that there has already been paid the sum of.....		16,980,070

OTTAWA, 4th February, 1885.

MEMORANDUM.—The undersigned has the honor to represent that, under date the 2nd inst., the Government Chief Engineer has issued a certificate, No. 61, of the Central Section of the Canadian Pacific Railway, the details being as follows:—

Total value of work done and materials delivered up to the 31st January, 1885		$13,637,962
Eastern Division, 900 miles, at $10,000 per mile	$9,000,000	
Western do 54 do 13,333 do	719,982	
	$9,719,982	
Proportion of value of work done under the Act of 1884 to that of work remaining to be done	3,917,980	
	$13,637,962	
That of this amount the books of the accountant of the Department show that there has already been paid the sum of		13,523,373
Leaving the balance now payable		$ 114,589

Of this balance the portions severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$ 68,800
Subsidy	45,789
	$ 114,589

The undersigned recommends that authority be given for the payment of the said balance of $114,589 to the Canadian Pacific Railway Company, in accordance with the foregoing.

Respectfully submitted,

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 5th February,* 1885.

On a memorandum dated 4th February, 1885, from the Acting Minister of Railways and Canals, submitting a certificate, No. 61, dated 2nd February, inst., from the Chief Engineer of the Canadian Pacific Railway, with respect to the Central Section, west of Red River, of said railway, and of which the following are the details:—

Total value of work done and materials delivered up to the 31st of January, 1885		$13,637,962
Eastern Division, 900 miles at $10,000 per mile	$9,000,000	
Western do 54 do 13,333 do	719,982	
	9,719,982	
Proportion of value of work done under the Act of 1884 to value of work remaining to be done	3,917,980	
	$13,637,962	
That of this amount the books of the Department show there has already been paid the sum of		13,523,873
Leaving balance now payable of		$ 114,589

And that of this balance the portions severally chargeable to the loan and subsidy accounts are as follows:—

Loan	$ 68,800
Subsidy	45,789
	$ 114,589

The Minister recommends that authority be given for the payment of the said sum of one hundred and fourteen thousand five hundred and eighty-nine dollars ($114,589) to the Canadian Pacific Railway Company.

The Committee advise that the requisite authority be granted accordingly.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 6th February, 1885.

SIR,—I am instructed to inform you that a certificate has issued in favor of your company for the sum of $114,589, for work done and materials delivered upon the Central Section of the Canadian Pacific Railway, as shown in engineer's progress estimate to the 31st ultimo. Distribution as follows:—

Loan	$ 68,800
Subsidy	45,789
	$114,589

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

PAYMENT OF MONEYS—PROGRESS ESTIMATE No. 62—CENTRAL SECTION.

Amount—Subsidy	$50,460
Loan	75,900
	$126,360

CANADIAN PACIFIC RAILWAY.

Description of works, cash subsidy; No. of contract, Canadian Pacific Railway Co.; locality of works, Central Section, west of Red River; name of contractors, Canadian Pacific Railway; date of contract, 21st October, 1880.

PROGRESS ESTIMATE of work done and materials delivered from the beginning of operations under this Contract to the 31st January, 1885.

(The works, of which this is an estimate, are being executed by the authority of the Department of Railways and Canals, under contract numbered and dated as above, also under letters Nos. 27816 and 28944.)

TARIFF OF TOLLS, RATES, &c.

THE CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 31st December, 1884.

SIR,—I beg to transmit herewith a certified copy of a by-law passed by this company at a meeting of the Board of Directors held on the 23rd inst., establishing a tariff of tolls, rates and fares proposed to be charged on certain sections of the Canadian Pacific Railway, as therein described, and have the honor to request that the same may be submitted for the approval of the Governor General in Council, as required by the Railway Act.

I have the honor to be, Sir, your obedient servant,
C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq.,
Secretary Department Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY COMPANY.

EXTRACT *from the Minutes of a meeting of the Board of Directors, held at the Company's Office, at Montreal, on Tuesday, the 23rd day of December,* 1884.

Present in person:—Messrs. George Stephen, R. B. Angus, W. C. Van Horne, John Turnbull. And by proxy:—Hon. Donald A. Smith; Messrs. P. du P. Grenfell, C. D. Rose, H. S. Northcote; Baron J. de Reinach. Hon. J. J. C. Abbott, Counsel, and Mr. C. Drinkwater, Secretary of the Company, also attended.

"*Resolved*, That that portion of by-law No. 56 which establishes a tariff of tolls, rates and fares for passenger traffic, be and the same is hereby repealed, and that the following be and the same is hereby enacted and passed in lieu thereof as by-law No 50.

"*By-law No.* 50.—*Passenger Tariff.*

"The following tariff of tolls, rates and fares for passenger traffic is hereby established in respect of those portions of the Canadian Pacific Railway respectively described as follows, namely:—

			Per mile.
"On the section of the Canadian Pacific Railway between		Ottawa and Montreal.....	3⅛ cts.
do	do	Pembroke and Port Arthur....	4 "
do	do	Port Arthur and Brandon.....	3 "
do	do	Brandon and Medicine Hat....	4 "
"On all branch lines in Manitoba.....			4 "

"Emigrant fares, one-half first class passenger rates."

"Certified a true extract.

"C. DRINKWATER, *Secretary.* [L. S.]

"A. P. BRADLEY, Esq.,
"Secretary Department of Railways and Canals, Ottawa."

REPORT OF MR. SCHREIBER ON No. 35453.

3rd January, 1885.

I do not consider the passenger tariff submitted herewith unreasonable, and I recommend it for approval.

COLLINGWOOD SCHREIBER.

OTTAWA, 7th January, 1885.

MEMORANDUM.—The undersigned has the honor to represent that under date the 31st ult. the Canadian Pacific Railway Company have submitted for approval and sanction by Your Excellency in Council, conformably to the requirements of the Consolidated Railway Act of 1879 in that regard, a by-law passed at a meeting of

the Board of Directors, held on the 23rd ult., the resolution in question being as follows:—

"Resolved that that portion of by-law No. 56 which established a tariff of tolls, rates and fares for passenger traffic be and the same is hereby repealed, and that the following be and the same is hereby enacted and passed in lieu thereof as by-law No. 50.

By-law No. 50—Passenger Tariff.

The following tariff of tolls, rates and fares for passenger traffic is hereby established in respect of those portions of the Canadian Pacific Railway respectively described as follows, namely:—

			Per mile.
"On the section of the Canadian Pacific Railway between		Ottawa and Montreal.....	3⅓ cts.
do	do	Pembroke and Port Arthur...	4 "
do	do	Port Arthur and Brandon.....	3 "
do	do	Brandon and Medicine Hat...	4 "
"On all branch lines in Manitoba.....			4 "

"Emigrant fares, one-half first-class passenger rates."

The undersigned recommends that the aforesaid by-law be approved and sanctioned, the Order in Council of the 28th of May, 1883, approving of the existing by-law No. 56, being amended accordingly.

Respectfully submitted.

J. H. POPE, *Acting Minister Railways and Canals.*

CERTIFIED COPY *of a Report of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council on the 10th January,* 1885.

On a memorandum dated 7th January, 1885, from the Acting Minister of Railways and Canals, submitting for approval by the Governor General in Council, in accordance with the requirements of the Consolidated Railway Act, section 17, subsection 9, the accompanying by-lay, enacted and passed at a meeting of the Board of Directors of the Canadian Pacific Railway Company, held on the 23rd December, 1884, such by-law establishing a tariff of tolls, rates and fares proposed to be charged on certain sections of the Canadian Pacific Railway as therein described, and being in amendment of by-law No. 56, approved by Order in Council dated 28th May, 1883.

The Committee recommend that the aforesaid by-lay, passed on the 23rd December, 1884, and herewith submitted, be approved, and that the Order in Council of 28th May, 1883, approving of By-law No. 56, be amended accordingly, such approval to be in force for one year only, at the expiration of which time such tariff must be reconsidered.

JOHN J. McGEE, *Clerk Privy Council.*

Hon. the Minister of Railways and Canals.

OTTAWA, 19th January, 1885.

SIR,—I am directed to forward to you certified copy of an Order in Council passed on the 10th inst., approving of by-law of the Canadian Pacific Railway Company, dated 23rd December, 1884, establishing tariff of fares for passenger traffic on that railway, such approval continuing in force for one year, when it is ordered that the tariff be reconsidered.

I am to draw your attention to the necessity for the publication of the Order in Council in the *Canada Gazette*, under the provisions of the Consolidated Railway Act of 1879.

I am, Sir, your obedient servant,

A. P. BRADLEY, *Secretary.*

CHAS. DRINKWATER, Esq., Secretary C.P.R. Co., Montreal.

RETURN

(25*n*)

To an ADDRESS of the HOUSE OF COMMONS, dated 23rd February, 1885;—For copies of the Report of Mr. Van Horne, Vice-President of the Canadian Pacific Railway Company, of September last, and of Mr. S. B. Reed, C.E., of the same month, with reference to the Canadian Pacific Railway in British Columbia; and also for copies of the Reports of Engineers of high standing as to the route of the Canadian Pacific Railway at the point where a temporary line has been built, referred to in the letter from Mr. Van Horne to the Minister of Railways and Canals of 19th May, 1884, and for any Report of Mr. Fleming on the subject in the possession of the Railway Company.

By Command,

J. A. CHAPLEAU,

Department of the Secretary of State, Ottawa, 12th March, 1885. *Secretary of State.*

CANADIAN PACIFIC RAILWAY COMPANY,
OFFICE OF THE SECRETARY, MONTREAL, 7th March, 1885.

SIR,—In answer to yours of the 2nd inst., asking, in pursuance of an Address of the House of Commons, for copies of the reports of Mr. Van Horne, vice-president of this company, and of Mr. S. B. Reed, C.E., with reference to the line of the Canadian Pacific Railway in British Columbia, I beg to enclose copies of the reports called for.

With reference to the further application in the Address, for copies of reports of engineers as to the temporary line in the Kicking Horse Pass, I beg to state that no written reports were made to the company on the subject; the opinions of engineers referred to by Mr. Van Horne were communicated verbally.

I have the honor to be, Sir, your obedient servant,

C. DRINKWATER, *Secretary.*

A. P. BRADLEY, Esq., Secretary Dept. Railways and Canals, Ottawa.

CANADIAN PACIFIC RAILWAY, MONTREAL, 17th Sept., 1884.

The within reports, relating to the work remaining to be done by the company, and to the character of the country on the western section of the line, are considered by the directors of sufficient interest to warrant their publication and distribution among the shareholders.

By order of the Board,

CHARLES DRINKWATER, *Secretary.*

THE CANADIAN PACIFIC RAILWAY.

To the Directors.

I returned last month from Victoria, British Columbia, over the line of the Canadian Pacific Railway, and had an opportunity to examine every part of the work remaining to be done by the company on the mountain section.

Wishing to give all the time possible to our own work, I did not examine in detail the Government work between Port Moody and Savona's Ferry, and as to this, I can only report that it is proceeding rapidly, the track having reached, at the time of my visit, a point near Spence's Bridge, about 160 miles from Port Moody, and the grading from there being so far advanced as to justify the belief that the track will be laid to Savona's Ferry before many weeks.

The completion of the track to Savona's Ferry will be of the greatest advantage to the company's work, which commences at that point and is directly accessible from there by steamboats, on the South Thompson River and the Shuswap Lakes, for a distance of 108 miles.

Mr. S. B. Reed, an engineer of many years' experience, and under whose supervision the Union Pacific Railroad was built, accompanied me across the mountains, from Savona's Ferry; and as I am able to submit his report herewith, I need not speak in detail of the engineering features of the line. Mr. Reed's large experience in railroad location and construction, both in the mountain and in the prairie sections of the west, makes his report especially valuable. From personal observation, I can vouch for the accuracy of his statements, and I am confident that the cost of the work remaining to be done will fall considerably below his estimates, which were intended to be entirely safe. Indeed, the greater part of the work, for more than 100 miles eastward from Savona's Ferry, has been let at prices below those upon which his estimates were based, and the cost of the large amount of work already done westward from the summit of the Rocky Mountains is also within his figures.

From the favorable character of the work and the progress already made, I think there will be no difficulty in completing the mountain section within a year from this date, and for $1,000,000 less than the estimates of last winter. Within the same time the eastern section will also be completed, so that by September next a through rail connection between Montreal and the Pacific coast will be established. There are no difficult engineering problems to be met; the work is simple, and the cost easily calculated.

I am happy to state, as one result of my trip, that my doubts about the value of the mountain section of the railway have been entirely removed. In addition to the agricultural possibilities of the many valleys of British Columbia and its great mineral wealth, its magnificent forests alone will furnish a large and remunerative traffic for the railway. From the mouth of the Kicking Horse River, forty-four miles west from the summit of the Rocky Mountains, to the Salmon Arm of the Shuswap Lakes, a distance of 150 miles, the line passes through a continuous belt of gigantic trees, which increase in size going westward until they reach their maximum in Eagle Pass, where trees 8 and even 9 feet in diameter, measured 7 feet above the ground, are common. The timber is mostly cedar, Douglas fir, hemlock, white pine, spruce and tamarac. Other varieties of more or less value also occur. All of the valleys near the line of the railway through the Gold Range and the Selkirk Mountains seem to be filled with valuable timber, and I have no doubt that the supply is practically inexhaustible. About the Pacific terminus there are also great forests of gigantic trees, even larger than those described, and the export trade in timber is already of considerable magnitude. There are many other sources of traffic and of wealth, the chief among them being the coals and the fisheries. The coals are the most valuable on the Pacific coast, and are largely mined for shipment to San Francisco and elsewhere. The richness of the fisheries is almost beyond belief.

The magnificent harbors of British Columbia, its exceptionally favorable situation for commanding the trade of the north Pacific coast, and of Japan and China, its abundant natural resources and matchless climate, must surely bring a large and

rapid increase in wealth and population immediately upon the completion of the railway.

Having now seen all of the line between Winnipeg and the Pacific, and having studied the prairie section with great care, I feel justified in expressing my opinion, in the strongest terms, that no mistake was made by the company in adopting the more direct and southerly route, instead of that by way of the Yellow Head Pass. The land along the northern route is undoubtedly good, but that along the constructed line is as good as land can well be, and the worst of it would be rated as first-class in almost any other country. Reports about alkali districts and sandy stretches have been circulated by parties ignorant of the country. These reports have in some cases originated in malice, and in others from superficial observation. There is no more alkali in the land on the prairie section of the line than on any other prairie section of the same extent in North America. There is no more of it in the prairie soil along the line than is required for the perfect growth of cereals. There is not one mile of the country where good water cannot be obtained, and, as three years' experience leads me to believe, where there is not sufficient rainfall for the growth of the crops. There is a notable absence of sand between Brandon and the mountains. It occurs in very few places, and it so happens that nearly all the sandy spots have been taken up by settlers. The yellow clay subsoil, so common west of Moose Jaw, has doubtless been frequently mistaken for sand, by parties looking at it from passing trains.

I do not hesitate to say that the Canadian Pacific Railway has more good agricultural land, more coal and more timber, between Winnipeg and the Pacific coast, than all of the other Pacific railways combined, and that every part of the line, from Montreal to the Pacific, will pay.

Since writing the above, I have received the following telegram from Mr. Collingwood Schreiber, Chief Engineer of Government Railways, who has just made a trip over the mountain section of the line:—

"Columbia, B.C., 15th September.

"Reached here this afternoon. Most satisfactory trip through the mountains. Should have been very much astonished at the character of the work had you not previously given me a description of it."

I have the honor to be, Gentlemen, respectfully yours,

W. C. VAN HORNE, *Vice-President.*

Montreal, 16th September, 1884.

Joliete (Illinois), 9th September, 1884.

Sir,—Upon your request, and on receipt of your letter of instructions, dated Montreal, 17th May, 1884, to go to British Columbia and examine the location on the Kamloops section of the Canadian Pacific Railway, I proceeded at once, *via* San Francisco and Victoria, B.C., to Savona's Ferry, at the west end of Kamloops Lake, where the Government contract for building east from the Pacific coast ends and the work of the company commences.

At Savona's Ferry I met Mr. Cambie, in charge of construction, and Major Rogers, in charge of location, who walked with me over the proposed line to Kamloops village, a distance of twenty-five miles. At this time (6th June) Major Rogers had his locating parties organized and at work, and had located the line from Savona's Ferry about ten miles to the vicinity of the Cherry Creek Bluffs, where the expensive rock work of the Kamloops section occurs. After carefully examining the proposed line, I telegraphed you my opinion that the low grade shore line, on the south side of Kamloops Lake, should be adopted in preference to all other lines on the south side, in which opinion Mr. Cambie and Major Rogers fully concurred.

In locating the line along the face of the Cherry Creek Bluffs, every foot of the distance was carefully examined, and the best possible location selected. The work on this part of the section (six miles) is expensive, but cannot be avoided. The grades

on the lake section are favorable, in no case exceeding 1 per cent., and are compensated for curvature.

During the location to Kamloops, I examined thoroughly the high grade line located by the Government engineers some years ago, along the Cherry Creek Bluffs, which, I think, would be impracticable to build and maintain. Embankments more than 50 feet high occur, the slopes of which would extend into the lake, where, in sounding with a line 110 feet in length, no bottom was reached. Neither is there room to build retaining walls, or trestle bridging without extending into very deep water.

The rock excavation on the new line will be much less than on the old, and the tunnelling is reduced more than one-half. The maximum gradients are the same on the new line as on the old, but the curvature is increased—curves of ten degrees having been found necessary at the Cherry Creek Bluffs.

I also examined carefully a line run by Major Rogers over the hills south of the Bluffs, which would avoid a part of the heavy work, and cost less to build, but to construct this line, grades of 116 feet per mile cannot be avoided, and as there is no grade between the Selkirk Mountains and the Pacific coast (about 390 miles) exceeding 66 feet per mile, it would not be sound railroad policy to introduce heavier grades near the centre of this long section, if they could be avoided without excessive expense.

I also thoroughly examined the country outside of the above specified lines, and was fully satisfied that the low grade shore line was the best that could be selected on or near the south shore of Kamloops Lake.

I submit herewith an estimate of the total quantities of earth and rock excavation and tunnelling based upon the prices at which I understand the work to be let; also of bridging, as estimated from the located line, with the estimated cost of ties, rails, fastenings, track-laying, ballasting, buildings, right of way and engineering, making the total estimated cost of this section of twenty-five miles, one million one hundred thousand one hundred and forty-four dollars ($1,100,144), or about $44,006 per mile.

After the location of the above-described section was finally completed, I passed over the remaining portion of the mountain section of the Canadian Pacific Railway yet to be built from Kamloops village, in British Columbia, to the end of track near the summit of the Rocky Mountains, a distance of 263 miles. Having seen the plans and profiles covering nearly all of the heaviest work, and having examined the character of the materials to be moved and the bridges to be built, I am able to speak of the cost of the line remaining for construction with reasonable accuracy.

From Kamloops village to the little Shuswap Lake, thirty-eight miles, the line runs near the shore of the South Thompson River, crossing the farms that are located in the valley, where the small streams tributary to the river furnish water for irrigation. The grading and bridging on this portion of the line is very light, and the material is mostly sand and gravel. The trees are few and scattered, and clearing and grubbing will be very light.

From Little Shuswap Lake to Sicamous Narrows (forty-five miles) the line will be somewhat more expensive. The Shuswap Lakes are of irregular shape, and their arms, extending out between the mountains, distort the railway line and cause a loss in distance of about eight miles. The line leaves the South Thompson River at the head of the Little Shuswap Lake, crosses a "divide" to the Salmon Arm of the Shuswap Lakes, and passes around on the south shore to Sicamous Narrows.

From the west end of the Little Shuswap Lake, going eastward, the excavation on the first six miles will average nearly 30,000 cubic yards per mile, about one-half of which will be rock. On the next fourteen miles the work will average 16,000 cubic yards per mile—all earth and gravel. The next thirteen miles will average 16,000 yards per mile, 1,000 yards of which will be rock and the rest earth, gravel and sand. The remaining twelve miles to Sicamous Narrows will average only about 10,000 cubic yards to the mile, 40 per cent. of which will be rock. On this section there will be two short tunnels—one of 240 feet and one of 300.

From Savona's Ferry to Sicamous Narrows, a distance of 108 miles, the entire line is contiguous to navigable waters, and is therefore most favorably situated for cheap and rapid construction.

From Little Shuswap Lake eastward there is a marked change in the climate. Instead of the dry and almost rainless section extending eastward from the Cascade or Coast Range to the Shuswap Lakes, rain falls here in abundance, and a dense growth of timber covers the country eastward to the summit of the Rocky Mountains; hemlock, white pine, Douglas fir, spruce and some other varieties of timber growing to an enormous size. Cross-ties, bridge timber, telegraph poles and lumber can be obtained at any place between Kamloops Lake and the main range of the Rocky Mountains at small cost. For example: Responsible parties propose to deliver at Savona's Ferry bridge timber of all lengths at $15 per 1,000 feet, B.M., cross-ties on the line at 25 cents each, and piles at 4 cents per lineal foot; and I think all such materials can be furnished at less cost.

From Sicamous Narrows to Griffin Lake, near the summit of Eagle Pass, in the Gold Range (thirty miles), the line follows the valley of the Eagle River. But little if any rock excavation occurs, and the earth work is very light. Some pile bridging and a short pivot bridge at Sicamous Narrows will be required. The country is densely wooded, and clearing and grubbing will cost about $1,000 per mile over the remaining portion of the line east to the Rocky Mountains.

The Kamloops section (twenty-five miles), over which the line is definitely located and the work under contract, will cost, as before stated, one million one hundred thousand one hundred and forty-four dollars ($1,100,144). The section to Griffin Lake, at the summit of Eagle Pass (113 miles), is estimated to cost not more than an average of sixteen thousand six hundred ($16,600) dollars per mile, making the average cost per mile from the west end of Kamloops Lake to Griffin Lake, a distance of 138 miles, twenty-one thousand five hundred and sixty-five dollars ($21,565) per mile.

This estimate, I am satisfied, will cover the cost of this section of the road, including station buildings, water service, &c.

From Eagle Pass the line follows down the east slope of the Gold Range by way of the narrow valley of Tumwater Creek, to the west crossing of the Columbia River. The excavation is mostly in earth, but a few rock cuttings occurring. As the Columbia is approached, some heavy embankments are required. The Columbia River is 800 feet wide, with a strong, rapid current, and should be crossed by an iron truss bridge, with a timber trestle approach, 2,800 feet long, averaging 30 to 35 feet in height. The cost of this bridge can be reduced materially by using 2 per cent. grades on the east slope of the Gold Range, but as no grade exceeding 66 feet per mile occurs between the Selkirk Range and the Pacific coast, as before stated, it is best not to change here.

Eastward from the west crossing of the Columbia River, the line follows the valley of the Illicilliwaet to the summit of the Selkirk Range (Roger's Pass); thence down the valley of the Beaver to the East Columbia, thence up the Columbia River valley to the mouth of the Kicking Horse River, and up that stream to the summit of the main range of the Rocky Mountains.

The line over the Selkirk Mountains, a distance of sixty-three miles, is remarkably easy to construct, there being comparatively little rock excavation, and but one short tunnel. The great bulk of the work will be in earth and loose rock. Two truss bridges of one span each will be required at the crossings of the Illicilliwaet and the Beaver, and one or two short truss bridges across small mountain streams, and a moderate number of short pile and trestle bridges across gullies on the mountain slopes.

At the east crossing of the Columbia a deck truss bridge, 350 feet in length, will be required. In the valley of the Columbia, for a distance of thirty-five miles, with the exception of the canyon (four miles), where there are two short tunnels and some heavy work, now being done, the line is a remarkably easy one to build, the work

being mostly in gravel and sand, and the rock, where it occurs, consisting of slate and shale.

From the mouth of the Kicking Horse River to the summit of the Rocky Mountains, a distance of forty-four miles, the grading is nearly completed, and I can see no reason why the track cannot be laid to the mouth of the Beaver (seventy-nine miles from the Rocky Mountain summit) before winter sets in.

While traversing the line remaining to be built through the wooded section, evidences of snow slides were seen at and near Roger's Pass, in the Selkirk Range, also near the summit of the main range of the Rocky Mountains, but the aggregate distance on which these occur does not exceed fifteen miles. A number of snow sheds will probably be required for the protection of the track, but nearly fifty miles of these are in successful use on the Central Pacific road.

From careful inspection of the country through which the line passes, and an examination of the plans and profiles so far as the line is finally located, between the summit of the Gold Range and the summit of the Rocky Mountains, 150 miles, I am satisfied that this section of the road can be constructed at an average cost not exceeding thirty-three thousand dollars ($33,000) per mile, including station buildings.

In view of the rugged mountain country through which the line passes, from Savona's Ferry to the summit of the main range of the Rocky Mountains, a distance of 290 miles, and the dense timber obstructing the successful exploration of the country over most of the distance, you have an exceedingly cheap line to build, costing far less per mile than the mountain work of the Union and Central Pacific roads.

The alignment is good, and the gradients, with the exception of the west slope of the Rocky Mountains, and over the Selkirk Range, in no place on the mountain section exceed 66 feet per mile.

On a portion of the west slope of the Rocky Mountains, and parts of both slopes of the Selkirk Range, grades of 116 feet per mile exist, but they occur within a comparatively short distance and can be easily and economically operated by the use of special locomotives, such as are used on similar gradients elsewhere.

I gave some attention to the nine miles of temporary track that has been built around a tunnel, and some heavy work in the vicinity of Mount Stephen, for the purpose of saving a year's time in completing the road through to the Pacific. This part of the road has 4 per cent. grades, and curves of ten degrees. As far as I examined this temporary line, I found it thoroughly built, with seventy-pound rails (per yard) and first-class fastenings. It will answer all purposes for traffic for years to come without material increase in the cost of operating. The Atchison, Topeka and Santa Fe, and other roads crossing the Rocky Mountains, have grades equal to or exceeding this one.

I also examined the section of the proposed permanent line around which the temporary line has been built, and especially, as you requested, the large rock slide immediately east of the long tunnel through a spur of Mount Stephen. All of the slide, except about 150 feet in width, seems to have been formed from gradual accretions, as the face of the solid rock forming the cliffs south of the line has weathered and worn away. There is no evidence of any recent movement that could not be guarded against. Bushes of various kinds grow on the old and gradually accreted portion. The 150 feet of this slide, above referred to, is the track of a small stream that comes out from under a glacier about 1,000 feet above the grade line. This glacier extends up Mount Stephen, nearly, or quite to the summit, the upper portion being hidden from view by a projecting spur of the mountain. This small stream is gradually accumulating *debris* from the glacier, and in times of extreme summer heat, when the largest amount of snow and ice is being melted, a flood of water rushes down this slide, carrying with it the accumulated *debris*, into the valley below with great force. A truss bridge, 100 feet in length, can be built over this slide, through which these accumulations can be passed with safety.

But the temporary line around this place is so well built, and promises to answer present purposes so well, I should think it unwise to expend any money on the intended permanent line until the traffic really demands it.

From the summit of the Rocky Mountains I went by rail to Winnipeg, and had an opportunity to see the entire line by daylight.

The track is in most excellent condition. Many of the temporary bridges across the larger streams have been replaced by substantial masonry and iron structures, and others of this description are now being erected.

The country through which the road passes appears to be rapidly filling up with a farming population, and evidences of thrift and prosperity are seen in all settled parts. This country yields abundantly wheat, oats, barley, rye, potatoes, &c., and will soon become the great wheat-growing country of America.

I know of no country in the United States, of the same area, that equals this for the growth of wheat and other grains adapted to the climate. By comparison of the samples taken from fields of standing grain, ready for the harvest, 600 and 800 miles west of Winnipeg, with like samples from the Red River country, in Minnesota, the merit was largely in favor of the former, and, judging from appearances, the yield will be much greater.

S. B. REED, C.E.

W. C. Van Horne, Esq., Vice-President Canadian Pacific Railway, Montreal.

The following telegram from Mr. Andrew Onderdonk, contractor for the Government section of the Canadian Pacific Railway in British Columbia, will be of interest in connection with the foregoing reports.

" Savona's Ferry, B.C., 15th August, 1884.

" George Stephen, Esq., President C. P. R., Montreal.

" Van Horne started through Eagle Pass this morning. I examined line with him nearly 100 miles east of Kamloops. You will be glad to hear that the engineers have found a most remarkably easy line that will reduce cost on above distance over two millions from what we supposed last winter. The grades and alignment are easy, and the character of the work the cheapest mountain work I have ever seen.

" A. ONDERDONK."

RETURN

(25s)

To an ORDER of the HOUSE OF COMMONS, dated the 16th February, 1885 ;—

For a copy of the Report of the Engineers appointed to re-measure and re-classify the work on Section B, Canadian Pacific Railway, in connection with the claims of the Contractors for the said Section for increased remuneration for such work and for damages. Also all reports of the Engineers in charge of said Section, or of the Engineer-in-Chief, or any other Government Engineer, in reference to the questions of measurement, classification or damages, at issue between the Government and the Contractors.

By Command.

J. A. CHAPLEAU,

Secretary of State.

Department of the Secretary of State, Ottawa, 21st March, 1885.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 10th March, 1885.

SIR,—In reply to your letter of the 20th ult., informing me that a return had been called for the House of Commons, for copy of the report of the engineers appointed to re-measure and re-classify the work on Section B, Canadian Pacific Railway, in connection with the claims of the contractors for said section for increased remuneration for such works and for damages. Also all reports of the engineers in charge of said section, or of the Engineer-in-Chief, or any other Government engineer, in reference to the questions of measurement, classification or damages, at issue between the Government and the contractors, I now send you copy of the report of Messrs. Bell and Donkin, the engineers appointed to re-measure the work, together with reports of the Chief Engineer and others in reference to the question of classification, and extracts from the evidence taken before the arbitrators on the same subject.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 22nd January, 1881.

SIR,—The question of the classifica tion of loose rock continues to be a subject of contention with the contractors, and they claim that I take a very unfair and arbitrary view of the matter.

Although I am aware that under the contract the Chief Engineer's decision is to be final, I have no desire to do the contractors any injustice, and as the specification is very indefinite, and an officer of the Department an engineer of some note differs with me as to the classification, I shall be much pleased, should the Depart-

ment consider it desirable, that the opinion of some independent engineer of high repute be obtained, such as either or both Messrs. W. Shanly and S. Keefer.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

F. BRAUN, Esq., Secretary Department Railways and Canals.

CANADIAN PACIFIC RAILWAY,

OFFICE OF THE ENGINEER-IN CHIEF, OTTAWA, 23rd February, 1881.

MEMORANDUM.—Under the authority of the Department of Railways and Canals, the undersigned have held a conference upon the following points:—

1. The classification of loose rock.
2. The allowance of loose rock in borrow pits.
3. The rock filling in the parts of embankments through lakes and ponds.
4. The measurement of cross-logging.

Mr. John J. McDonald, one of the contractors for Section 42, and his counsel, Mr. Hector Cameron, were heard with reference to their interpretation of the several clauses in the specification affecting the subject of difference.

Mr. Fleming, late Engineer-in-Chief of the Canadian Pacific Railway (the framer of the specification) was also called to express his views regarding the interpretation of the claims in the specification referred to.

After full discussion and careful consideration of the several questions submitted for conference, in all their bearings, we are unanimously of opinion:—

1st. Loose rock (under specification of 15th April, 1876):

That stones and boulders containing from 14 to 40 cubic feet, should be classed as loose rock.

That bed rock *in situ*, or which may have been displaced in quantities by the action of the weather, or from any other cause, which can be removed with facility by hand, pick or bar, without the necessity of blasting, should be classed as loose rock; but that, inasmuch as the engineering staff, under directions of the Acting Chief Engineer, adopted a lower classification, upon which the monthly estimates were based, and upon which measurements the contractors have paid their sub-contractors, the classification so established for the work executed and paid for should not be disturbed.

2. Loose rock (under specification of 30th November, 1878):

That it was the intention of the framer of the specification that large stone and boulders, to be classed as loose rock, should range from 523 cubic inches (50 lbs. weight), to 27 cubic feet, and that such classification should be recognized and allowed.

That bed rock *in situ*, or which may have been displaced in quantities by the action of the weather, or from any other cause, which can be removed with facility by hand, pick or bar, without the necessity of blasting, should be classed as loose rock.

3. The allowance of loose rock in borrow pits:

That as the framer of the specification explains that the terms thereof were intended to admit of a classification for loose rock in borrow pits. Therefore, loose rock taken from borrow pits and placed in the embankments should be measured and paid for.

4. Rock-filling in the parts of embankments through lakes and ponds:

That the parts of embankments through lakes and ponds are, according to the specification, required to be carried 3 feet above water level, and that to accomplish this the surplus material from the line cuttings, after making up the embankments to grade as far as the edge of the lakes and ponds, is to be deposited on the low level of 3 feet above water, and the balance of the embankments to be made up with borrowed rock.

5. Measurement of cross-logging :

That this work should be measured and paid for, as has been done up to this time, upon the basis of an average of 16 inches thick, viz., if 32 inches thick, it shall be paid double; if 24 inches, one and one-half times; if 8 inches thick, one-half, and so on in proportion.

W. SHANLY,
SAMUEL KEEFER,
COLLINGWOOD SCHREIBER.

OTTAWA, 28th February, 1881.

MY DEAR SIR,—With reference to the undermentioned points,—

1st. The classification of loose rock.

2nd. Allowance of loose rock in borrow pits.

3rd. Rock-filling in the parts of embankments through lakes and ponds.

4th. The measurement of cross-logging. The following, after careful consideration, has been decided on, approved by the Department, and is now transmitted to you for your information and guidance.

1st. The Classification of Loose Rock.

That large stones and boulders, to be classed as loose rock, shall range from 523 cubic inches (say 50 lbs. weight) to 27 cubic feet. That bed rock *in situ*, or which may have been displaced in quantities by the action of the weather, or from any other cause, which can be removed with facility by hand, pick or bar, without the necessity of blasting, shall be classed as loose rock.

2nd. Allowance of Loose Rock in Borrow Pits.

That loose rock taken from borrow pits and placed in the embankment shall be measured and paid for.

3rd. Rock filling in the parts of Embankment through Lakes and Ponds.

That as the parts of embankments through lakes and ponds are, according to the specification required to be carried 3 feet above water level, to accomplish this the surplus material from the line cuttings, after making up the embankment to grade as far as the edge of the lakes and ponds, is to be deposited on the low level of 3 feet above water and the balance of the embankment to be made up with borrowed rock.

4th. Measurement of Cross-logging.

This work shall be measured and paid for upon the basis of an average thickness of 16 inches—that is to say : If 32 inches thick, it shall be paid for double; if 24 inches thick, one and one-half times; if 8 inches thick, one-half, and so on.

The above to apply from the commencement of the works on Contract 42.

I am yours truly,
COLLINGWOOD SCHREIBER.

21st October, 1881.

SIR,—I am directed to transmit you herewith a letter received from Messrs. Manning, McDonald, McLean & Co., contractors, Contract 42, section B, Canadian Pacific Railway, in reference to the differences that have arisen as to the classification of what is termed "loose rock" in their contract, and offering to leave the matter to the decision of Mr. Hiram Duncan and Mr. H. P. Bell, Government engineers. I am further instructed to request that you will be pleased to issue the necessary instructions for the carrying out of this proposition.

I am, Sir, your obedient servant,
F. BRAUN, *Secretary*.

C. SCHREIBER, Esq., Chief Engineer Canadian Pacific Railway.

OTTAWA, 22nd October, 1881.

DEAR SIR,—I am instructed to inform you that the Department has appointed you to co-operate with Mr. H. Donkin to settle the question of the quantity of loose rock excavation executed on contract No. 42, up to the 30th September, ult., the contractors disputing the returns made by the Government engineers in charge of the work.

You will visit the works, take such observations, &c., that may seem necessary, and make other requisite enquiries, after which you will jointly report the results to me.

Mr. Jennings will give you every information in his power, and will instruct those acting under him to do likewise.

Mr. McCarthy, the contractors' engineer, and the contractors themselves, would also like to accompany you and make their explanations. In fact, you will take such steps as you may deem necessary to assist you in arriving at a just and honest conclusion.

The classification by which you will be governed is: "That large stones and boulders, to be classed as loose rock, should range from 523 cubic inches (50 lbs. weight) to 27 cubic feet, and that all such should be recognized and allowed."

That bed rock *in situ*, or which may have been displaced in quantities by the action of the weather or from any other cause, which can be removed with facility by hand, pick or bar, without the necessity of blasting, should be classed as loose rock—borrow pits.

That loose rock taken from borrow pits and placed in the embankments should be measured and paid for.

Yours truly,

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

H. P. BELL, Engineer, Contract 41, *vid* Fort William, Lake Superior.

CANADIAN PACIFIC RAILWAY,

OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 26th January, 1882.

SIR,—Messrs. Manning & McDonald & Co.'s letter of the 26th instant, upon the subject of—

1st. The estimation of Messrs. Bell and Donkin of the quantity of loose rock executed by them.

2nd. The measurement and allowance for cross-logging.

3rd. The classification and measurement of rock outside of cross-sections in line cuttings, having been referred to me, I have the honor to report:

1st. That the instructions of the Hon. Minister in relation to the appointment of Messrs. Bell and Donkin are carried out, and these gentlemen hold instructions upon this subject, upon which, no doubt, they will act when their other engagements will permit.

2nd. That the question of the measurement of the cross logging was submitted to a conference of Messrs. Shanly, Keefer and myself. The conclusion arrived at, and which we put on record and signed by all, was, "That this work should be measured and paid for, as has been done up to this time, upon the basis of an average of 16 inches thick, viz.: If 32 inches thick, it should be paid double; if 24 inches thick, one and-a-half times; if 8 inches thick, one-half, and so on in proportion."

3rd. That the classification of rock outside of the prism of line cuttings has, I am satisfied, been liberal, and its measurement correct. The specification upon this point reads thus:—

Clause 11. "And the contractor shall not take out nor be paid for rock nor any other excavation beyond the slope without an express order in writing from the engineer."

Mr. Fleming, however, in instructions under date the 3rd June, 1879, directs that, "only the excavation within the slope lines be returned as rock. The material

beyond the slope lines, if placed in embankments, may be returned and paid for as earth, but if wasted it must not be returned as excavation under any class."

Subsequently, I enlarged upon this, and in some instances allowed it as solid rock, and in such cases, where it would be of no greater benefit than earth in an embankment, it was so classified.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER.

A. P. BRADLEY, Esq., Secretary.

WINNIPEG, 13th March, 1885.

DEAR SIR,—We herewith forward you the report and quantities, as per your letters of instructions, dated 22nd October, 1881, and 29th July, 1882.

And have the honor to remain yours respectfully,

H. F. DONKIN,
H. P. BELL.

COLLINGWOOD SCHREIBER, Esq., Engineer-in-Chief Government Railway.

SIR,—We received instructions, in October, 1881, dated at your office in Ottawa on the 22nd day of that month, to settle the question of the quantity of loose rock excavated on Contract 42 of the Canadian Pacific Railway, up to 30th September, 1881.

A copy of these instructions is attached.

As the snow had already fallen before we were able to take joint action upon your instructions, nothing was done during that year, and we notified you in writing as to the cause of delay.

In August, 1882, we received a second letter of instructions dated at your office in Ottawa on the 29th day of July, extending on our original instructions to measure, classify and report to you in detail upon the quantitv and value of the work of the rock removed outside the prism of the cuttings, and to measure and report to you upon the quantity of cross-logging.

A copy of this second letter of instructions is also attached.

Recognizing the fact that the nature of the service was both difficult and responsible, we came to an early conclusion that the only way to secure a correct and satisfactory result was to enlist the services of the Government engineers, as authorized by you, and carry out the work entrusted to us in harmony with them.

As you stated in your first letter of instructions that the contractors' engineer would like to accompany us and explain certain points, we thought it advisable to associate him with the Government engineers in making the necessary measurements, to the end that all interests might be fairly represented in arriving at a correct result.

We decided that a systematic and comprehensive way to estimate the quantity of loose rock and of rock outside the prism of cuttings, was to obtain such information from and cause such measurements to be taken by the Government engineers as would enable us to calculate a new schedule of excavation, exhibiting all the solid rock excavated *in situ* or otherwise, and also all other material requiring classification over that portion of the contract open to question—that these quanitties should be certified by us and by the Government engineers, acting in concert with the contractors' engineers, and further, that the item described in schedule as "material other than solid rock *in situ*" should be classified by us, in company with the engineers of the contractors.

The three divisions comprising the contract were re-measured by the Government and contractors' engineers acting in concert, calulated by us, checked with the quanties of the Government engineers and certified by them, by us, and by the contractors' engineer.

In October, 1882, we made the classification of material referred to, in company with the contractors' engineer, we two having made a previous arrangement to keep our notes separately, to compare afterwards, and to listen to any explanations that the contractor's engineer might have to make.

In case of serious difference arising after comparison, we decided to go out and settle it upon the ground. This arrangement was carried out, and the contractors' engineer was present when our books were compared and the percentages of loose rock decided on; he had therefore the opportunity of consulting his own notes and of making any final explanations that he might think necessary.

A portion of the contract, viz., from station 1003, on the first division, to station 80 on the second division, had been previously measured in full by the Government engineers and accepted by the contractors; it was therefore accepted by us, and does not appear in the schedule herewith, but will, for convenience hereafter, be attached to and appear in this report.

In making up the total quantity of loose rock estimated by us, no portion was considered in reference to or comparison with previous returns, but the whole quantity, with the exception of that portion above referred to, was re-classified, re-calculated, checked and determined according to the schedule herewith.

In reference to the way in which solid rock outside the prism of the cuttings was employed, we have to report that it was all put into embankment, with certain exceptions, where rock was wasted, as, we believe, with the consent of the Government engineers, not finding that any deduction has been made from the estimates on account thereof, except in one special case of a lead from a cutting across Eagle River, not now pertinent to the question.

A list of these exceptions is attached.

As to the reason that a majority of the rock cuttings were taken out of extra width, we are of opinion that it is an effect inseparable from any known method of excavating rock of the character in question, and taking into consideration the magnitude of the work, in reference to time, we feel no difficulty in stating that the contractors were justified in using the class of explosives that they might find most suitable to attain the desired end. Considerations of self-interest would naturally prevent them using any higher charges than necessary of an explosive, whose average cost was about one quarter of the whole removal of the rock, and enquiry leads us to believe that commendable care was exercised in using the smallest charges necessary to do the work required.

While it is an evident fact that natural fissures are a prime factor in causing rock excavations in excess of the prismoidal quantity, we see no reason to believe that the contractors were blameable for that or any other cause resulting in the removal of rock outside the prism in ordinary cuttings. The phrase "ordinary cuttings" is used in contradistinction to those from which the rock borrowing was taken out.

In reference to the value of the work of the rock removed outside slopes, we do not see that a cubic yard of rock in embankment has a much greater value than a cubic yard of good gravel, but we do not desire to be understood as being of opinion that the value to the work of this excess of rock is any just measure of what the contractors should receive for doing it. To pay for rock removed outside slopes at a lower rate than the cost of the same material taken out elsewhere involves the assumption that the cuttings could have been taken out according to slopes, which we know to be practically impossible. A heavy rock slide, due to natural fissures, necessitating blasting before removal, could not, in any sense of justice, be paid for otherwise than as so much solid rock, no matter what its value in embankment might be.

In reference to the item of cross-logging, we find that the total actual acreage affected by this class of work was 45·4, and that the average depth of all the work done in proportion to this acreage and actual depths ordered and executed was 14½ inches without brush covering. The contractors contend that in many cases where 8 inches were ordered circumstances obliged them to do more, and that the brush covering was about the same for all depths. We have therefore to recommend, as a fair settlement of this difficulty, that the contractors be paid for the actual acreage (45·4) at their contract price, for a depth of 16 inches.

The quantities covered by the schedule attached do not include catchwater drains, foundations, offtakes, and train borrows, except that of the station ground at

Rat Portage. This last is included, because we found a difficulty distinguishing between the classification of that portion of the borrowing in our instructions and that subsequently taken out.

Summarizing the various classes of work entrusted to us for settlement in the order in which we find them in your letters of instructions, we have first:

The total quantity of loose rock in the contract—

	C. yds.	C. yds
1st Division:		
Side ditches, foundations, offtakes, (O).....	1,212	
Train-borrow, except Rat Portage station ground (O).....	566	
Line cuttings and borrow pits including train-borrow at Rat Portage station ground, as per schedule attached (R)	102,802	
Total in Div. 1, 28th February, 1883.....		104,580
Loose rock from Station 1003 in 1st Div., to Station 80, in 2nd Div., referred to in report as accepted		327
2nd Division.		
Side ditches, foundations, offtakes (O).....	1,389	
Train-borrow (O).....	31,111	
Line cuttings and borrow pits as per schedule attached (R).....	48,294	
		80,794
3rd Division:		
Side ditches, foundations, offtakes (O).....	215	
Line cuttings and borrow pits, as per schedule attached (R).....	43,155	
		43,370
Making total quantity of loose rock on contract to date of 28th Feb., 1883.....		229,071

NOTE.—Above, the classification made by H. F. Donkin and H. P. Bell is marked (R) and original classification marked (O).

Total quantity of solid rock in the contract in line cuttings, and boulders classified as solid rock in line cuttings and borrowing pits:

	C. yds.	C. yds.
1st Division:		
Side ditches, foundations, offtakes (O).....	276	
Boulders classified as solid rock in cuttings and borrow pits as per schedule (R)....	5,769	
Solid rock (*in situ*) inside slopes, as per schedule (R).....	187,176	
Solid rock (*in situ*) outside slopes, as per schedule (R)	23,031	
Total in 1st Div. to 28th Feb., '83.....		216,252
Solid rock from Station 1003, in 1st Div., to station 80, in 2nd Div. referred to as accepted	90,499	
2nd Division:		
Side ditches, foundations, offtakes (O).....	3,748	
Cutting not re-classified (widened for rock borrow) (O).....	9,016	

Boulders classified as solid rock in cuttings and borrow pits, as per schedule (R)...	12,806	
Solid rock (*in situ*) inside slopes, as per schedule attached (R).....	338,876	
Solid rock (*in situ*) outside slopes, as per schedule attached (R).....	47,332	
		411,778
3rd Division:		
Side ditches, foundations, offtakes (O).....	27	
Boulders classified as solid rock in cuttings and borrow pits, as per schedule (R)....	3,237	
Solid rock (*in situ*) inside slopes, as per schedule (R).....	112,325	
Solid rock (*in situ*) outside slopes, as per schedule (R).....	15,107	
		130,696
Total quantity of the solid rock in the contract in line cuttings and boulders classified as solid rock in line cuttings and borrow pits to 28th February, 1883.....		849,225

To find total quantity of solid rock in contract, add to the above the quantity of solid rock borrow.

Note.—Above, the classification made by H. F. Donkin and H. P. Bell is marked R, and original classification marked O.

The total increase of boulders classed as solid rock over Government engineer's estimate to 28th February, 1883, is 14,598 cubic yards.

The total earth in the whole contract to 28th February, 1883, will be: Total earth as returned in the Government engineer's February estimate, less the increase of boulders classed as solid rock added to the increase in loose rock.

The quantity of cross-logging executed in 16 inches deep is 45·4 acres.

The following is a list of the points where rock has been wasted with the consent of the Government engineers:—

1st Division—Station			250
		do	504
		do	699
		do	825
		do	935
		do	987
2nd	do	do	246
3rd	do	do	340
		do	1288

In conclusion, we have to say that we have done our best to fulfil the duties entrusted to us, and we hope the results will meet with your approval.

H. F. DONKIN.
H. P. BELL.

Collingwood Schreiber, Esq., Engineer-in-Chief,
Winnipeg, 13th March, 1883.

Canadian Pacific Railway,
Office of the Engineer-in-Chief, Ottawa, 22nd October, 1871.

Dear Sir,—I am instructed to inform you that the Department has appointed you to co-operate with Mr. H. F. Donkin to settle the question of the quantity of loose rock excavations executed on Contract 42, up to the 30th ult., the contractors disputing the returns made by the Government engineers in charge of the work.

You will visit the work, take such observations, &c., that may seem necessary, and make other requisite inquiries, after which you will jointly report the results to me.

Mr. Jennings will give you every information in his power, and will instruct those acting under him to do likewise. Mr. McCarthy, the contractors' engineer, and the contractors themselves, would also like to accompany you and make their explanations, in fact you will take such steps as you may deem necessary to assist you in arriving at a just and honest conclusion.

The classification by which you will be governed is, that large stones and boulders, to be classed loose rock, should range from 523 cubic inches (50 lbs. weight) to 27 cubic feet, and that all such be recognized and allowed.

That bed rock *in situ*, or which may have been displaced in quantities by the action of the weather, or from any other cause, which can be removed with facility by hand, pick or bar, without the necessity of blasting, should be classified as loose rock.

Borrow Pits.—That loose rock be taken from borrow pits and placed in the embankments, should be measured and paid for.

Yours truly,

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

H. P. Bell, Contract 41, *vid* Fort William, Lake Superior.

Canadian Pacific Railway,

Office of the Engineer-in-Chief, Ottawa, 29th July, 1882.

My Dear Sir,—Messrs. Manning, McDonald, McLaren & Co. have requested that when Mr. Bell and yourself are on Contract 42, for the purpose of settling the loose rock question, in accordance with my letter of instructions, dated 22nd October last, some other matters in connection with their work may be submitted to you.

The Department has so far complied with this request as to authorize you to measure, classify and report to me in detail the rock removed from outside the prism of the cuttings, describing in each case the special circumstances connected therewith, whether the rock was wasted or usefully employed, whether it was blown out through too high charges or by reason of natural fissures, in fact, every particular by which its value to the work may be ascertained.

You are also authorized to measure and report in the same way regarding cross-logging. In making your report you will see that your measurements and classification are in accordance with the specification.

I am, yours truly,

COLLINGWOOD SCHREIBER, *Engineer-in-Chief*, per T.J.L.

CONTRACT 42, C.P.R.—1st DIVISION.

CLASSIFICATION of Material other than solid rock, *in situ*, to 28th February, 1883, from special measurement of 1882.

Station to Station.	Description of Work.	Total material other than solid rock, *in situ*.	Percentage of boulders classed as solid rock.	Percentage of loose rock.	Cubic yards of boulders classed as solid rock.	Cubic yards of loose rock.	Cubic yards of earth.	Remarks.

H. P. BELL.
H. F. DONKIN.

D. LEDUC,
Divisional Engineer.
R. A. DAVY,
Resident Engineer.
W. McCARTHY,
Contractors' Engineer.

OTTAWA, 19th November, 1883.

SIR,—I understand it is the intention to proceed with Messrs. Manning, McDonald, McLaren & Co.'s arbitration in connection with contract B (42), of the Canadian Pacific Railway, at an early day, and that it is in contemplation to first take up the question of loose rocks and rocks outside of the prism or slopes of the cuttings.

The question of loose rock appears to me to be a matter of interpretation of the specification only, as I understand it, inasmuch as if the minimum of three (3) inches is conceded, I do not propose to question the correctness of Messrs. Bell and Donkins' loose rock quantities, and I assume that if the ten (10) inch dimension is adopted as the correct minimum standard, that the contractors will not dispute the Government engineer's returns.

The rock outside the prism of cuttings is also one in which the measurements are not in dispute; it is a question whether, under the contract, the contractors are entitled to be paid for this work at solid rock prices, the material having been used in the embankments; it has been returned at the value which it was to the Government in the work. For instance, a certain quantity having been deposited in embankments across bays of lakes, &c., 4 per cent. of a total of 11 per cent. is allowed for at solid rock prices, and the other 7 per cent. is returned at 1½ times earth prices, as a cubic yard of rock, when placed in embankment, occupies a space of 1½ times that of earth.

This being the position, I do not propose to produce any members of our staff as witnesses on these two items, and I suggest that the following witnesses be called: Mr. Sandford Fleming, Mr. John Page, Mr. Samuel Keefer, Mr. Walter Shanly and Mr. Hannaford, unless, of course, the quantities should be disputed by the contractor, which would be a new feature in the case. In such case the following additional witnesses should be called: William Jennings, Engineer-in-Charge; F. J. Lynch, Division Engineer; H. Langton, Assistant Engineer; F. Patton, Assistant Engineer, and other members of the staff.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Engineer-in-Chief.*

A. P. BRADLEY, Secretary Department Railways and Canals.

OTTAWA, April, 1883.

DEAR SIR,—In reply to your letter of yesterday, we have to say that in estimating loose rock our basis was your letter of instructions, dated 29th July, 1882, and the specification which, according to our interpretation, included all stones over a size of 3 inches diameter and up to 27 cubic feet. We arrived at the quantity of solid rock boulders by surface indication, by knowledge of the ground and, generally, by estimated percentages derived therefrom.

We have the honor to be yours truly,

H. F. DONKIN.
H. P. BELL.

COLLINGWOOD SCHREIBER, Esq.,
Engineer-in-Chief Government Railways.

SECTION B. ARBITRATION.

EXTRACTS *from Evidence of Messrs. W. Shanly, S. Keefer, H. Donkin and H. P. Bell, regarding the Classification of Loose Rock.*

HIRAM F. DONKIN, called and sworn, and examined by Mr. Cameron:—

Q. Were you employed as an engineer on the construction of the Canadian Pacific Railway, and for how long? A. Yes; for about three years.

Q. In what position and on what section were you employed? A. I was employed as divisional engineer in charge of the third section. The contract was

divided into three sections, and I had charge of the eastern one, what is known as Contract 42.

Q. Were you there during the whole of the three years you speak of? A. Yes.

Q. And was that part of the work now in question? A. That is part of the work now in question.

Q. When did you leave the work? A. In May, 1882; I signed the estimates for April, 1882.

Q. Have you been employed on the Pacific Railway since then? A. No; I had charge of other work since then, except during the time of this re-measurement.

Q. Then you had ceased to be in charge of any part of this work at the time you were instructed to make this re-measurement? A. Yes; that is on the second letter of instruction.

Q. At the time of the first letter of instructions you were still in the employ of the Government? A. Yes.

Q. But at the time of the second letter of instructions, in July, 1882, you had ceased to have charge of the work? A. Yes.

Q. Did you do anything under it until you had got the second letter? A. No; nothing of any importance. I left my place and went to Rat Portage to meet Mr. Bell.

Q. You did not commence in the fall? A. No; we did nothing until after the second letter of instruction.

Q. These two letters of October, 1881, and July, 1882, were your instructions? A. Yes.

Q. Had you any other instructions than these two letters? A. No.

By the Chairman:

Q. Please state, Mr. Cameron, as shortly as you can, the substance of your claim on these three different items, either in detail or as a total?

Mr. Cameron.—We claim the value according to the contract prices of the quantities as classified and fixed by the report of Messrs. Donkin and Bell, less so much of those quantities and values as, up to the time of the making of your award, may have been paid to us, which amount so paid is not in question, and is easily ascertained from the books of the Department.

Q. I wish to ask you, Mr. Donkin, how you proceeded to act, and what steps you took to carry out the duties entrusted to you? A. Mr. Bell and I went to Contract 42, and we examined every cutting in detail, and from the surface indications we made up our mind what quantity was in each of the cuttings, loose rock and solid rock in boulders, as distinguished from solid rock *in situ*. The Government engineers have taken the measurements, and we determined the total quantities. We determined the quantities of loose rock and solid rock by surface indications—by what we saw in the cuttings.

Q. Did you determine those quantities or proportions conjointly, or did you each arrive at your own judgment, and then compare your conclusions? A. We fixed our percentages separately, and then compared our books afterwards.

Q. How frequently did you compare them? A. At the end of each day's work, so that we would be able to return to any particular cutting, should there be a large difference between us, and examine it.

Q. Then, having gone over the work day by day, and after examination of every part of it, and by separate and independent estimates, you arrived at your individual opinions as to the quantities in each particular cutting? A. Yes.

Q. Having done that, at the close of each day's work you compared your conclusions? A. Yes.

Q. And did you differ in your conclusions? A. Yes; not very largely—in some cases quite largely, but of course they were adjusted aftewards; but generally Mr. Bell's classification was higher than mine—I mean, he allowed a larger percentage of loose rock and solid rock in boulders.

Q. He allowed, for instance, 40 per cent., when you would allow 30 per cent? A. Yes.

Q. That was the general tenor of your individual estimates? A. Yes.

By the Chairman:

Q. You do not mean 30 or 40 per cent. on your measurement; that is by way of illustration only? A. That is all.

By Mr. Cameron:

Q. In making your joint conclusion, how did you arrive at it? A. We generally split the difference. I came half way to meet him. Suppose I was twenty and he was thirty, we would put it down as twenty-five. We had to go back, sometimes, to some particular part of the work, and adjust the difference when it was greater than that.

Q. When the difference was at all serious you re-examined that particular part of the work? A. Yes.

Q. Finally, did you arrive at a joint conclusion as to the proportion in each cutting of these two characters of work, solid rock in boulders and loose rock? A. Yes; we adjusted all difference in our books, and applied that percentage to the total quantity returned.

Q. In these figures attached to your report, have you stated the conclusion at which you jointly arrived? A. Yes; the percentages are set forth.

Q. They are set forth as the result of your joint conclusions, after comparison of individual opinions? A. Yes.

Q. Now, on the loose rock question, on what basis did you individually form your estimate as to what should be classified as loose rock? A. In answering that question, may I explain what I did as divisional engineer under the Government?—Yes, certainly.—A. In order to arrive at the percentages in the cuttings under our instructions, then, of loose rock, according to the standard then given us by the Chief Engineer, I sent one of my assistants to each of the cuttings as it was opened, and he remained there at the cutting the whole working days; and during that time he measured every stone from the standard size—that was a 10-inch sphere or 8-inch cube—at 27 cubic feet. At the expiration of the two days I measured the total excavation and applied my percentages to it. This I did to nearly all the cuttings on the eastern sub-division, of which I had charge. By this means I made myself familiar with the appearances of the cuttings, and was able to determine, without measuring, what the percentages were; but should a larger quantity of rock appear in a cutting, or a lesser quantity, we repeated the operation, and in some cuttings we would establish half-a-dozen different percentages before the cutting was done. When we received our final instructions from the Government we considered that we had no standard except that which the specification provided—that there was no minimum size specified for loose rock.

By Mr. Burbidge:

Q. What time are you speaking of now? A. When we received our final instructions from the Government to re-measure the contract. I am merely telling you what I did, as divisional engineer, to arrive at the percentages in the cuttings. I do not wish to be understood as saying that all the time the minimum size was 10 inches. When we received our final instructions to go into the field we did not consider we had any minimum size for loose rock, except that which the specifications provided, which was a maximum size for gravel.

By Mr. Cameron:

Q. You mean you so interpreted the instructions? A. That was our interpretation. That was the way I understood it; and I think Mr. Bell understood it the same way. From the surface indication we determined the percentages. I do not wish to be understood as saying that I classified as low as 3 inches, but I believe I classified lower than the 10-inch sphere or 8-inch cube; but where a number of stones of varied size present themselves to the eye, I do not think it was possible to

establish where the classification would end; but it was somewhere between a stone that would pass through a 3-inch ring and an 8-inch cube.

Q. Then you think that your classification was, in fact, intermediate, between the two? A. Yes.

Q. You did not go as low as 3 inches, applying that standard to all that you saw, but you certainly did go lower than the 10-inch standard? A. Yes; I wish to be understood as saying that.

Q. You speak of the difficulty of classifying accurately, or with anything like precision, rock of this kind? A. Yes; I cannot do it; others may with more experience. When I looked upon the surface of a cutting I estimated that so much of the whole cut was composed of broken rock and boulders that would be classified as solid rock excavation, and smaller ones that would be classified as loose rock excavation. I separated that from the other and said, as the case may be, 20 per cent. of loose rock and 5 per cent. of boulders.

Q. Then, to come to your own sub-division, did you estimate a larger quantity than you had previously done from time to time as divisional engineer of loose rock and boulders? A. Yes; a large increase in the quantity classed as loose rock and a very small increase in the quantity of solid rock and boulders.

Q. But that arises from the fact that during the bulk of that time you were divisional engineer you had applied the 10-inch standard? A. That would apply, of course, to the loose rock, but the classification of the solid rock and boulders never varied.

Q. I would like to ask you whether an examination of this kind, with a view to the classification of the work, can be done with accuracy, and what extent of accuracy, after the work has been finished or nearly finished? A. No; I think it cannot be done accurately.

Q. It cannot be done as accurately then as during the progress of the work? A. No.

By Mr. Burbidge:—

Q. Is it difficult to do it accurately at all? A. It is difficult to do it accurately at any time, even during the progress of the work; but much more difficult after the cutting is taken out, and there is nothing but the slopes exposed.

By Mr. Cameron:—

Q. Is the classification, after the work is finished, likely to be more or less advantageous to the contractor? A. I should say that it is likely to be less advantageous.

Q. For what reason? A. For the reason that you really do not see a sample of what it was composed of as clearly as during the progress of the work. The stones fall out of the slopes and roll down, and the action of the weather washes down the finer material and covers up the exposed surface of those which do not fall out.

Q. So that a classification after the work is finished is likely to be less advantageous to the contractor than a classification made during the progress of the work? A. Yes. Sometimes, under some circumstances, it can be pretty closely arrived at. I speak of a section that would be entirely composed of drift boulders; no sand or clay mixed with them. If you saw a section of that on one side and a section of the other, you might assume that it runs all the way across. That is the only case in which it can be done as well after as while the cutting is being made.

Q. In making this examination for the purpose of classification of the loose rock, were you guided by what you saw, or did you make an additional allowance for the difference that you say would, in your opinion, arise between the examination while the work was being done and the examination after it was finished? A. No; I made my classification on what I saw.

Q. I mean in this report? A. In that report.

Q. And that would be less advantageous, in your opinion, to the contractors, than a classification as the work progressed would have been? Yes.

Q. You were going on to explain——. A. That simply a section of drift boulders might occur; you would see it clearly, as there would be nothing else, and it

would be easy to ascertain in that case what was the quantity, because you have the width and depth—the sectional area.

Q. Then, on the other hand, if the bank, instead of being drift boulders, was composed in bulk of clay or earth, or sand, with occasional loose rock mixed with it, and the wash had been affecting it for a month or a year or two, the surface indication would not show, in your opinion, the fair quantity of loose rock that was there to be taken out? A. No; and the proof of it is, that there are records in the engineer's office of there having returned solid rock in boulders where we have returned nothing. They met with this solid rock in boulders during the progress of the work, and we saw no indication of boulders when we classified the work in the re-measurement.

Q. So that your classification proceeded upon what you saw and not upon what you believed to have been there? A. No; from what we saw.

Q. Upon what consideration did you arrive at the 3-inch standard as being the minimum by which you should be guided? A. We did not adopt the 3-inch standard as our minimum, but we thought that our interpretation of the specification would allow us to do so. The specification for loose rock says that all large stones or boulders measuring less than 27 cubic feet, and all loose rock *in situ* or otherwise, that may be removed with facility by hand, pick or bar, shall be termed as loose rock. I do not remember the exact word. Clearly, there is no minimum size there.

Q. What led you to the 3-inch as a standard at all? A. In the specification for gravel it specifies a maximum size there. I do not remember the exact wording of the clause.

Q. Clause 85 is the clause you refer to? A. Yes.

Q. Then, although you did not go as low as 3 inches, yet you had to arrive at such an interpretation as you thought the proper one, of stones and boulders that could be removed with facility by hand, pick or bar, without the necessity of blasting? A. Yes.

Q. And you considered that an 8-inch cube or a 10-inch sphere were too large to answer that description? A. Yes; a stone of 50 pounds weight gives considerable trouble in handling; a man has to lay down his shovel and take hold of it with his hands to put it into a cart, thereby losing a lot of time.

Q. Were there any ballast pits in your division? A. Yes. They were not opened at the time I left there, but they were opened afterwards.

Q. And you examined them in making this special report? A. Yes; they were opened up. The ballast pits were really line cuttings.

Q. How do you classify them? A. We did not classify them at all; we considered them as gravel, although many of the stones were probably up to the 8-inch cube, but the cuttings were so clearly gravelled that we did not classify them at all.

Q. They were in a gravel formation? A. Yes; and I dare say that a small percentage of stone up to the 8-inch standard could be found in them. Certainly a great deal could be found above 3 inches, but we treated it all as gravel. That extended over four or five miles of the third division, but there is no other formation like that, that I am aware of, on Contract 42.

Q. Then, where you did classify loose rock as loose rock, it was not in gravel? A. No.

Q. What class of soil was it generally in? A. Clay and some sand. Near the Eagle River it was more sand than clay. We found an immense quantity of large stones in that sort of formation, and large stone and small in sand.

Q. But where you did find ordinary gravel, although there was a considerable mixture of loose rock in it, you gave no classification for that loose rock? A. No.

Q. After you had examined the work in the ground with Mr. Bell, and had made those measurements, how did you proceed to make up the quantities in your report? A. The Government engineers had, during that time, made measurements in the field, of the total excavation, and we applied those measurements to the cross-sections and calculated the quantities.

Q. The letter of 22nd October was your first letter of instructions with reference to the special work which you did? A. Yes; I got that just at the end of October.

Q. You found in that definite instructions as to your classifications? A. Yes.

Q. The classification by which you would be governed is (read letter of instructions)? A. Yes.

Q. Then in July you received this other letter (reads second letter of instructions)? A. Yes.

Q. And you read your instructions very carefully, I suppose? A. Yes.

Q. And you noticed that he called your attention in this last letter to the letter of October? A. Yes.

Q. And notwithstanding the fact that you had specific instructions as divisional engineer, and notwithstanding the fact that the letter of October gave you specific instructions as to your minimum classifications, and notwithstanding this letter of 29th July, referring you to those instructions of 22nd October, you still thought yourself at liberty to put your own construction on the specification? A. Yes; by the last clause of the second letter of instructions, which referred us back to the specification.

Q. But the letter also referred you to your former instructions? A. Yes.

Q. Then how do you justify your interpretation? A. It also refers us back to the specification. That is the clause which we interpreted as being the one that referred us back to the specification.

Q. Yes; but what did you think of the other part of the letter, which told you to estimate according to previous instruction? A. We thought that the last clause referring to the specification overruled the other. It was discussed between Mr. Bell and myself.

Q. Did you ask for an explanation on it? A. No; we did not ask for any other instructions.

Q. Would it not have been a wise and prudent thing, when you thought there was a doubt as to the nature of your instructions, to ask for an explanation? A. We thought it was very clear as it was.

Q. By this letter two additional matters are referred to you, and you were told to follow the specification. If you were in doubt, could you not reasonably come to the conclusion that they were referring you to the specification for these new matters entrusted to you for the first time? Was it not your duty to have asked for an explanation? A. We thought the measurements referred to the solid rock in the manner in which it is specified there, and the cross-logging, because there was no difference in the classification of these. The word classification, in our opinion, distinctly referred us to the specification for loose rock.

Q. And notwithstanding that you had specific instructions as to the classification, without asking for any further instructions, you came to the conclusion to put your own interpretation on it? A. I considered that the last clause in our second letter of instructions overruled all the others.

Q. In regard to your interpretation of loose rock, you took that from the clause relating to gravel? A. Yes.

Q. You took that as your basis? A. Not as our basis.

Q. Because the clause relating to gravel fixed a maximum of 3-inches, therefore you took it as the minimum for the loose rock? A. We thought we were allowed to do so, but we did not classify as low as that.

Q. How did you classify? A. That is a question which I cannot answer satisfactorily. When you look at a cutting and see a great variety of rock of all shapes and sizes, it is impossible to describe exactly where your classification ends, without actually weighing and measuring each stone.

Q. How low did you go, do you think? A. I would not like to be bound to say any particular size, but I think down to about 6-inches, somewhere.

Q. If you did not fix a minimum, how did you get at your classification? A. We got at the classification, as I have said, by the surface indication. We saw

that a portion of the slope of the cutting was composed of loose rock of various sizes, and we would say that the total cutting had been composed of the like material—that 20 or 30 or 40 per cent. of the cutting was composed of material like this. Of course we entered it in our notes in that way, and while I am sure we did not go down to the 3-inch standard, I am equally sure we went below the 10-inch. Probably we included a lot of stone 5-inches in diameter.

Q. Would you say that at no time did you go down to the 3-inch standard? A. No.

Q. You wrote a letter to Mr. Schreiber, describing how you made your classification? A. Yes.

Q. Look at the letter now handed to you and see if it is your letter? A. (After reading the letter.) Yes; that is exactly what I wish to state now, that according to our interpretation we would go down to the minimum of 3-inches.

Q. Then explain how it came that interpreting the contract in that way, and feeling it your duty to go down to 3-inches, notwithstanding that you had your instructions, why did you not do so? A. I can only state it in a general way that we were not very positive just where our specification ended.

Q. But you are positive in your letter? A. We are positive that we had a right to go down to 3-inches.

Q. Then if that was your interpretation, did you not consider it your duty to go down to the 3-inches? A. We could have gone down to the 3-inches.

Q. But it was your duty to do so? A. Not particularly.

Q. It was your duty to classify? A. It was our duty to classify.

Q. You felt it your duty to put an interpretation on the contract? A. Yes, and we did so.

Q. Then explain why you did not classify down to your minimum? A. Only in the way I have just stated.

Q. You did not wish to do unfairly by the contractors? A. No; we wished to do them justice, and not to do unfairly by the Government.

Q. Will you explain why you did not go down to the 3-inches as a standard? A. Because we considered that 3-inches was gravel and not loose rock.

Q. Did you go down to 3½-inches? A. I cannot tell you that, for just the reason I told you a few minutes ago; I do not know where our classification ends—it is somewhere below the 10-inch sphere or 8-inch cube, but above what would pass through a 3-inch ring.

Q. Supposing that there was no contract at all, and you were asked to define loose rock, how would you do it? A. I would say that what a man could pick up on a shovel and throw up into a cart is loose rock.

Q. How much would a 3-inch stone weigh? A. About two and a-quarter pounds.

Q. If there were stones 3½ inches in diameter, or 4-inches in sand, a man in shovelling could take them up on a shovel and throw them into a cart? A. Yes, and therefore we did not classify such cutting as that, as there were cuttings of that character on four or five miles of the division. I had no doubt that some of the stones in the gravel cutting, as I call them, were as large as 8-inch cube or 10 inch sphere, but the material in the cut was so clearly gravelled or the percentage was so clearly gravelled that we did not classify the stone. Of course a man could not shovel a stone of 50 pounds weight into a cart without difficulty.

By the Chairman:

Q. In making this examination for the purposes of the report which you signed in March, 1883, I understand you to say that you and the Government engineers, on the spot, ascertained carefully the total quantity of excavation? A. Yes, the Government engineers; I had nothing to do with the measurement. The Government engineers, in company with the contractors' engineer, made the measurement, and I made the calculation afterwards, working out their measurements.

Q. And the result of that working out is comprised in this return, Exhibit 3, with your approbation? A. Yes, we have all signed it.

Q. And taking that as one of the factors in the problem, that is the total quantity of excavation, you arrived at the quantity of loose rock by applying a certain percentage in different places throughout the work, for which that shows the whole measurement? A. Yes.

Q And applying this percentage in different localities, you did not always adopt the same rate or percentage, but it varied according to the appearance of the locality as you and Mr. Bell saw it? A. Yes.

Q. And that is what led you to the conclusion you arrived at? A. Yes.

Q. Then your conclusions were not based on your previous knowledge of the work, as ascertained while you were divisional engineer? A. Not at all.

Q. But on an actual inspection of the different spots? A. Exactly.

Q. At the time you made this report I understand you to say that you felt at liberty to construe the specification? A. Yes.

Q. You did not consider yourself governed by any instructions from the Department or any one else? A. We did not consider ourselves governed by any specific size, because of the last clause in the instructions.

Q. You did arrive at your decision altogether untrammelled by the views of any one else? A. Yes.

Q. You applied what you thought to be the fair interpretation of the case? A. Yes; we considered ourselves entitled to specify the quantity of loose and solid rock in boulders from our instructions, but we did not consider the rights of the parties.

Q. As far as settling the quantities was concerned, you considered yourself at liberty to do that? A. Yes.

Q. And I understand you to say the reason you considered yourself at liberty to do what was there, was a clause in the last letter of instructions, which seemed to do away with your previous instructions? A. Yes.

Q. If it had not been for that last clause you would have considered yourself bound by the second letter of instructions? A. Yes.

Q. Then the change in the substance of the contents of the report is due to the fact that you thought the last clause of that letter of 29th July, 1882, opened up the question and freed you from any previous instructions or orders? A. Yes.

Q. Then I suppose you took the specifications and read them over, and tried to come to such a conclusion as you thought was a fair one under the intention of the parties? A. Yes.

Q. Was your conclusion based on any particular language of the specification, or did you arrive at it because you thought the parties meant what you concluded to be the mode of measurement? A. It was based on the fact that no minimum size is specified in the clause referring to loose rock, but a maximum size is referred to in clause respecting gravel.

Q. Have you ever been engineer on the construction of any line besides this? A. Yes.

Q. Have you ever had occasion to make up specifications for contractors? A. Not very often.

Q. You have never considered how to frame them or form them, in view of the probable work to be done under them? A. I have framed one or two specifications.

Q. Have you had such experience over that branch of an engineer's business as to understand how to frame specifications for this particular class of work? A. Yes.

Q. You know that sometimes a portion of the work is done by one contractor, grading and track-laying, and the ballasting by another? A. Yes.

Q. Then the specifications for grading and track-laying would not contain any reference to the ballasting portion of the work at all? A. No.

Q. If it had happened, in this case, that the ballasting was to be done by a different contractor altogether, then the specification for loose rock would have been complete without any reference at all to this ballasting clause, would it not? A. It probably would have been.

Q. And for the purpose of excavating the road-bed and making it up to formation level, these specifications were complete, without any allusion to track-laying and ballasting? A. Yes.

Q. If this clause which you found in the specification, the 85th clause, relating to track-laying and ballasting, had been omitted here, would you have felt at liberty, under your instructions, to say that because there was some mode of measuring gravel in a ballasting contract that, therefore, loose rock should be classified as rock above the maximum size for gravel? A. I would consider that any stone that a man could pick up on a shovel and throw into a cart without loss of time would be loose rock.

Q. Would you have any reference in your mind to gravel when you were deciding in that way what was loose lock? A. No.

Q. Then it was because this contract contained a clause with reference to ballasting that you happened to make use of that clause in the ballasting specification to determine the minimum size of loose rock? A. Yes.

Q. But, in fact, they do not bear up on each other at all? A. They do not.

Q. Does the ballasting work or the laying of the track in any way affect the rights of the parties in the construction of the road-bed? A. No; they are entirely distinct works.

Q. Then, if you had not felt yourself at liberty to refer to these ballasting specifications, what mode would you have adopted to decide what should be classified as loose rock? A. I would say that what a man would take up on a shovel and throw into a cart without loss of time was loose rock.

Q. That is by virtue of the language you find here in clause 17, "all large stones and boulders measuring less than 27 cubic feet, and all loose rock, whether *in situ* or otherwise, that may be removed with facility by hand, pick or bar, without the necessity of blasting, shall be termed loose rock excavation?" A. Yes; that is it.

Q. What weight of a stone can a man remove with facility by hand, pick or bar, without the necessity of blasting? A. He will move easily, and lift into a cart, a stone weighing a hundred pounds. With a bar he will move easily a stone three or four hundred pounds; but I think that refers to broken or shattered rock.

Q. But you say a man can move that easily. If you had to construe those specifications, making them move everything smaller than that, and calling it earth, what size would you have taken as the line of demarcation between loose rock and earth? A. A stone that a man could take up easily on the shovel, say twelve pounds; I have seen it stated at twelve pounds.

Q. Have you ever seen it experimented on? A. Yes.

Q. Have you any experience of it? A. Yes; I should say that from 12 to 15 pounds is the ordinary weight of a shovel full of earth.

Q. Could a man lift more than 12 or 15 pounds on a shovel? A. Yes, he could; but that would be about the weight of a shovel full of earth, and I take it he could move the same weight in loose rock as in clay, without loss of time.

Q. If there had been no reference here to gravel or ballasting specifications, what weight would you, in your mind, have adopted as a standard, that is to say, the minimum size of loose rock, and the maximum for earth? A. Ten to fifteen pounds.

Q. And upon what basis would you have adopted that line of demarcation? A. As I have already explained, a man could throw that weight into a cart without loss of time—without laying down his shovel.

Q. And you think he could not easily throw anything more than ten or fifteen pounds into a cart? A. No. Anything larger than that he would have to lay down his shovel and use his hands to move it.

Q. Did it ever occur to you that, in the specifications for loose rock there were two distinct kinds of material spoken of, one large stones and boulders that were altogether detached from their original position, and another kind lying *in situ*? A. Yes.

Q. Did it ever occur to you that as far as detached stones were concerned, that only what might be designated as large stones and boulders should be specified as loose rock? A. Yes; but I would not know what size to assign to a stone to say whether it was large or small.

Q. Did you attempt to decide that question by itself, what might be called "large stones or boulders"—I am not speaking of broken rock? A. I attempted to decide it in this way, that anything a man could throw into a cart with a shovel

without loss of time was loose rock. Anything above that size was a large stone. That is the only definition I can give you of the difference between large stones and small stones. If he could not throw it into the cart with his shovel, without loss of time, it would be a large stone.

Q. Then, taking this portion of the specification by itself you say that if you had been left to your own judgment, and irrespective of the ballasting clause, you would have classified any stone or boulder, say between ten or fifteen pounds weight, as the minimum size of loose rock? A. Yes.

Q. Would you give a line somewhere between ten and fifteen? A. I would try to—say twelve pounds.

Q. Then if you have returned anything here which is smaller than that, it is entirely due to your decision being based on what you call the ballasting clause? A. Yes.

Q. Now, as to loose rock *in situ*, that is the last portion of this specification, how would you describe that? Would that be upon something of the same basis, some weight between ten or fifteen pounds. A. No; I would simply measure that as I would solid rock, by cross-sections.

Q. What size would you adopt as a standard? A. I would not adopt any standard. I would call it all loose rock, although it was broken into fragments. It was originally solid rock broken into that small size.

Q. Having been originally rock *in situ*, you thought it your duty to return it as loose rock? A. There was only one case of that kind on the contract, and that I returned as loose rock; even though it was small enough for ballasting, I returned it as loose rock.

Q. Then you adopted no line at all? A. No. It was measured just the same as if it was solid rock, except that it was returned as loose rock.

Q. Detached stones that were round, you would deal with as under this second portion of section 17, and all the rest you would call loose rock? A. Yes.

Q. In making your returns while you were divisional engineer in the employ of the Government, I think you said you adopted the 10-inch standard? A. Yes.

Q. That is the spherical standard? A. Yes.

Q What would be the weight of that? A. Fifty pounds—that is, our letter of instructions says fifty pounds; I never weighed it.

Q. So that there was a considerable quantity of loose rock which you never returned as loose rock, because you felt yourself bound by those instructions not to return anything under fifty pounds? A. Yes; if I had been left to my own judgment I would have gone down to twelve or fifteen pounds.

Q. Tell me why, in this case, where you thought you had been left to your own judgment as to the classification of detached stones and boulders, why you did not adopt twelve pounds as the standard—why did you go lower? A. Because there was a maximum size in the specification for gravel—because it specified a maximum size for gravel.

Q. Of course you noticed that in the excavation there is no gravel—that there is a distinct clause there, which provides that everything that is not rock or loose rock should be called earth? A. Of course we estimated in the cutting a large quantity of gravel which would be paid for as earth.

Q. Are you aware that in this portion of the specifications which relates to building the road bed is ignored? A. Why we seized on that clause as helping us out is that there is no definition of the minimum size of loose rock, and there is a maximum size for gravel.

Q. Did it never occur to you that there might be an intermediate territory which would be earth under the contract? A. Yes; but we thought we were authorized by the specification to put this interpretation on it when we would not be authorized by our own ideas to put that construction on it.

Q. You are aware that the interpretation of the specification had been a matter of dispute between the contractors and the Department all the way through? A. Yes.

Q. And up to the time of getting this last letter, of July, 1882, you felt yourself bound by the previous letter of instructions? A. Yes, while I remained on the work.

Q. At all events, this fact is clear, that your construction of this last portion of the letter led you to make returns which you would not have made if you had considered yourself governed by previous instructions? A. Yes.

Q. And it led you to giving a larger quantity in favor of the contractors? A. Yes.

Mr. BELL sworn and examined by Mr. Cameron:—

Q. Have you been present and heard all Mr. Donkin's evidence? A. Yes.

Q. Is there any part of it that you dissent from, or do you agree with the evidence which you have heard him give? A. I agree with it generally.

Q. Is there any part of it you would express a different opinion upon? A. Yes, there were some parts on which I would differ a little from him, but I do not know that I remember now. There were very slight differences.

Q. Is there any difference in any matter of substance, any difference on any question of facts? A. Yes, I remember one now. Mr. Brydges was examining Mr. Donkin about the value of rock in embankment as compared with earth.

Q. What would be your opinion on that? A. My opinion is that the rock is very much more valuable than earth.

Q. In the embankment? A. Yes, especially if the work is built in water.

Q. That is what he said. In the embankment on dry land would there be any material difference in value? A. Yes, I think rock is better.

Q. And more valuable to the work? A. Yes; rock will not wash and gutter at the slopes.

Q. That is a matter of opinion? A. Yes.

Q. I asked was there any difference on matters of facts—anything in Mr. Donkin's statement as to matters of facts with reference to this classification and measurement which you dissent from? A. No.

Q. You mean, then, that in some minor expressions of opinion you did not entirely agree with him, but that in matters of fact you agree with him? A. In matters of fact we agree.

Q. You heard the statement as to the way in which you proceeded and what you did under these instructions, and the statement was correct in that respect? A. Yes.

Q. And these returns which you and he have signed, do you believe them to be accurate and correct? And your report correct in every respect? A. Yes, I believe it to be correct.

Q. In making this report, to what extent did you consider that the instructions of the 29th of July, 1882, superseded or varied from the instructions of October, 1881? A. Well, I considered that they allowed us to use our own judgment and classify according to the specification, and put what construction we pleased on it.

Q. You considered that the definite instructions in the first letter of October, 1881, as to the 8-inch cube or the 10-inch sphere as being the definition of loose rock were superseded by the later instruction of July, 1883? A. Certainly.

Q. Were you aware that this question of classification of loose rock had been a matter in dispute between the contractors and the Government all through the progress of the work? A. Yes, I was.

By Mr. Burbidge:

Q. You were not on this work, were you? A. No; I was on the adjoining section.

By Mr. Cameron:

Q. It was a matter of notoriety that this dispute existed? A. Yes.

Q. Were you aware that the contractors had persistently objected to that classification of the 10-inch sphere or 8-inch cube? A. Yes, I had heard that.

Q. Had you, as divisional engineer on section "A," on your division any of this loose rock to classify? A. Yes, to a limited extent; not much of it.

Q. But you had some? A. I had some.

Q. Did you receive different and contradictory instructions as to the classification of loose rock yourself? A. Yes.

Q. What instructions did you receive? A. Well, I do not remember them now. I considered that they had no application to my work, and I never acted on them; I pigeon-holed them.

Q. You applied your own interpretation to the specification? A. Yes.

Q. Had the bulk of your work been done before you received these definite instructions? A. I think about one half.

Q. I mean the loose rock work? A. Yes; I think about one-half.

Q. Did you ever ask the inspecting engineer in charge of your work for special instructions on this classification of the loose rock question? A. No; I never asked him.

Q. Did you ever communicate with Mr. Smellie on the subject. A. No, never.

Q. Was the question ever raised on your work? A. Not to my knowledge; I do not remember that.

Q. You do not remember that there was ever any discussion on your work upon it? A. No; there was none on my division; there may have been on some of the others.

Q Who was the district engineer on your division? A. Mr. Caddie.

Q. He was the district engineer for the whole of section "A"? A. Yes.

Q. But he had nothing to do with section "B"? A. No, not at that time.

Q. Then he occupied the same position on section "A" that Mr. Jennings did on section "B"? A. Yes.

Q. Was the classification of loose rock that you made with the knowledge and approval of Mr. Caddie? A. Yes; he never disputed it.

Q. Did he examine and check your calculations which you made? He passed along the work frequently, and saw how you classified it? A. Yes.

Q. How did you classify loose rock on your division? A. I would go to a cutting and look at it, and at the slopes on the sides, and look at the embankments, and say there was so much percentage of loose rock in the cutting.

Q. Then on what basis did you proceed as to the size of the stone that would constitute loose rock? A. Oh, I could not define the basis. There was no need for it, on my section, at all events. It was large rock; there was no rock of that character.

Q. Then there was none coming down to 8 or 10 inches diameter? A. No.

Q. When you came to discharge this duty on section "B," upon what principle did you proceed? A. Upon the same principle.

Q. That is the mode in which you did the work—you went over section "B" and examined each cutting? A. Yes.

Q. And applied that classification which you thought the specification called for? A. Yes; a certain percentage.

Q. Did you confine yourself to a 10-inch sphere or an 8-inch cube? A. I could not tell you that very well, because it is not within the grasp of a man's mind or eye, in a large cutting, to tell that. It is almost an impossibility. You see an excavation perhaps 400 feet long and 40 feet high, and a man cannot tell how many stone of a certain size there are in it; it is an impossibility. He can say there is a certain percentage of rock in that, but he cannot tell anything more.

Q. Mr. Donkin has stated that he went below certainly the 10-inch sphere. He did not adopt that as a standard, but he does not think he went as low as 3 inches of a minimum. What do you say to that? A. No; he could not go as low as 3 inches, because there are no cases in point which would apply.

Q. What do you mean by that? A. There is no cutting where so low a classification would be required. You would require to go into a ballast pit to find stone of that size.

Q. In reference to the mode in which you proceeded, is Mr. Donkin correct in saying that you generally were a little higher in your percentage than he was? A. Yes; generally—not a great difference, though. As a rule, the results were wonderfully close. On the average, I would be higher than he was.

Q. You would estimate 40 per cent., say, when he would put it at 30? A. Yes.

Q. And you accommodated your views where there was not a serious difference? A. Yes.

Q. And when there was a serious difference you examined the work? A. Yes; we looked the ground over again.

Q. Were you acquainted with any other division on section "A" than your own? A. No; not intimately, except by report.

Q. Can you say of your own knowledge whether there was more of this loose rock on other divisions than on yours? A. Oh, yes; Mr. McCarthy classified a larger quantity of loose rock; I passed over that and saw it. I know that of my own knowledge, because I walked over the line and saw it.

Q. I understand that you applied to this classification on section "B" the same principle which you had applied on section "A"? A. Yes.

By Mr. Hogg:—

Q. You say that you agree generally with Mr. Donkin in his evidence? A. Yes.

Q. When you got the second letter of instructions, what did you consider your duty was, under that letter of instructions, as to measuring loose rock? A. I considered that we were to classify loose rock according to the specification, and what seemed to me the most pertinent part of that letter of instructions was the wording that we were to try to arrive at a just and honest conclusion.

Q. That was the first letter? A. Yes.

Q. I am speaking of the second letter: how did you suppose you were to classify the loose rock? A. According to the specifications.

Q. The specification on your own contract, section "A," were the same as on section "B"? A. Yes.

Q. Would you explain how you classified loose rock on your section "A"? A. Yes, I explained that. I would go to a cutting and look at it, look at the surroundings, look at the top of the slope and the embankments made out of it, and I would say there was so much loose rock in that cutting.

Q. Now, in your section you say that it was unnecessary to get down to a very small minimum, or small basis? A. So it was.

Q. Why was that? Because the character of the rock was large.

Q. Was there any below 27 cubic feet on your part of section "A"? A. Yes.

Q. Some below that? A. Some below that.

Q. What did you classify that as? A. I classified that as loose rock.

Q. Anything below 27 feet? A. Yes.

Q. Now, your instructions, as I understand it, upon your own contract, was the 10-inch measurement, was it not, for loose rock? A. I do not remember.

Q. You do not remember your instructions? A. I did not consider they applied to my section.

Q. You had instructions as to how you were to classify loose rock on your division? A. I do not remember.

Q. Do you remember receiving a letter, of which this is a copy—(Exhibit No. 6 produced)? A. We had, at one time, no mail service on my contract, and it may be possible that letters were sent to me that I did not receive.

Q. Had you any instructions from the district engineer as to the classification of loose rock upon your section? A. No; not except the specification, and those letters that I have referred to, that I did not receive.

Q. What was the classification in these letters that you referred to? A. I cannot tell you now. It was smaller than I considered we were taking out.

Q. Was it the 10-inch size or the fifty pounds weight? I think one of them was an 8-inch cube, but I am not positively certain.

Q. You think that was contained in your instructions. It would be the 8-inch cube? A. Yes; I think that was one of them.

Q. That was to be the minimum size of rock? A. Yes; on section "A."

Q. You say you have none down to that minimum on that section? A. No; I do not remember any.

Q. You say you pigeon-holed that, and did not go according to instructions? A. I considered it did not apply to the work.

Q. Why did you think it did not apply to the work? A. Because the application of it would not make any difference in the quantity I was returning.

Q. When you went on to section "B" did you find a different character of loose rock from what there was on your own section? A. Yes.

Q. What was the character of the difference? A. There were heavy boulder deposits; for instance, on the ground immediately west of Eagle River there is a heavy boulder deposit there, very heavy on the surface and decreasing with the depths of the cuttings.

Q. Did you know the instructions under which the engineers on that section were to classify loose rock? A. No; I did not know them.

Q. Did you know how they had been classifying loose rock? A. No; I did not inquire much into that.

Q. Then you were instructed to go on and classify the loose rock on section "B"? A. Yes.

Q. Do you remember the letter of 22nd of October, 1881, sent to you by the Chief Engineer or the Acting Chief Engineer? A. Yes, I remember that I did not get that at the time it was mailed.

Q. At all events, you got it? A. Yes.

Q. Those instructions contained the directions to you to measure the loose rock on the 8-inch cube and 50 pounds weight up to 27 feet? A. Yes.

Q. Are those the instructions you followed? A. No; we got a subsequent letter.

Q. Why did you not follow those instructions? A. Well, I considered they were superseded.

Q. Superseded by what —— ? A. By those last instructions.

Q. Would you just look at the subsequent instructions and explain to the arbitrators why you consider they were superseded? A. It says, "in making your report you will see that your measurements and classifications are in accordance with the specification."

Q. What you said was, that you thought the second letter of instructions entirely superseded the first one: is that what you said? A. Yes.

Q. Did you observe, in the first part of that, that your instructions in your letter of the 22nd of October were to be followed out—did you observe that? A. No, I did not. I never understood it in that way.

Q. What instructions did you follow, then, after you got the second letter? What instructions did you follow with reference to the classification of loose rock? A. I followed, as I understood, that letter of instructions.

Q. That is the second letter of instructions? A. Yes.

Q. The second letter of instructions, referring specially to the first letter as to the classification of loose rock? A. Yes; only the reference which you mention I never noticed at all.

Q. Did you observe this in your second letter of instructions, that you were not instructed to do anything in connection with loose rock, excepting to follow up your first letter of instructions? Did you attach that meaning to it? A. No; I did not attach that meaning. That would conflict with the meaning I took from it.

Q. Did you observe this, further, in your second letter of instructions, that the latter portion of the letter in which you were to see that your measurements and classifications were in accordance with the specification applied only to the further instructions contained in this second letter, and not with reference to the loose rock at all? Just look at the letter again. You will observe in the latter part of the second letter of instructions that you are to see that your measurements and classification are in accordance with the specification. In reading that, did you observe that it only had reference to the other matters that you were to attend to under that second letter, and not loose rock which was under your instructions of the 22nd of October? A. No; I understood that to mean the whole business.

Q. You thought that that threw you upon your general interpretation of the specifications—that is what you say? A. Yes.

Q. Will you tell us how you arrived at the results which your report shows as to the classification of loose rock? A. Mr. Donkin explained that he made a complete schedule of excavations. That schedule showed so much bed rock and so much material on top of that. We applied a percentage to that, and separated it into loose rock and earth.

Q. What did you start with as a minimum of size for loose rock? A. I could not tell you that.

Q. You could not tell? A. I could not. I do not believe it is within the range of a man's mind.

Q. You must have put some interpretation on the 17th clause of the specifications? A. Yes, I did.

Q. Tell us what your interpretation was? A. I could not put it into figures.

Q. Did you ever put it into figures? A. In what way do you mean?

Q. The minimum size of loose rock? A. I understand the specification to allow us to go down to the size of 3 inches, but I never classified as low as that, and I do not know any case in which it was required. What size we did classify to I cannot tell, and I do not think any man can tell, in a large cutting. It is not capable of exact mathematical definition.

Q. That was your interpretation in your letter of 18th April, 1883 (Letter read)? A. The specification would allow that.

Q. Would you just explain how the specification would allow that? Just look at the 17th clause. Is there anything in the 17th clause which would draw your attention to the basis of interpretation, such as is contained in your letter of the 18th of April? A. It defines a maximum size but defines no minimum size. The ballast clause defines a minimum size for ballast.

Q. It is on the ballast clause you define your minimum size, is it. A. Yes.

Q. And you apply the ballast clause to the 17th clause to find a minimum? A. Yes.

By Mr. Burbidge:

Q. Do they not use language which would enable you to form a judgment as to the minimum? A. You could only form your own judgment on the work.

By Mr. Hogg:

Q. But you based your judgment on the ballast clause? A. Yes, in that letter, but I never classified down to that.

Q. Under the 17th clause of the specifications, what would you consider the smallest size of loose rock below which it should be classified under the 17th section? A. I never had to consider that point. I do not remember a cutting, now, where it would be of any practical use whatever.

Q. But under your instructions to classify loose rock, was not that a case in point? A. I cannot tell you how low we did go.

Q. It is possible, then, that you went below 3 inches? A. No; that was not possible. I said before that I did not classify as low as 3 inches. A man, to classify down to 3 inches, would want to go into the ballast pit, but we did not classify as low as that.

Q. Would you tell me, under that 17th clause of the specifications, what definitions you put on "all large stones and boulders?" A. The specifications stated that.

Q. I mean as to the size? A. Boulders which were less than 27 feet.

Q. What would be the minimum of that, in your opinion? A. I think the specification defines that. If it means anything it means this, that rock that has to be removed by hand, pick or bar, that you cannot touch it with the shovel, is loose rock.

Q. That is not the question. We are speaking of large stones or boulders—the first part of the second sub-section? A. The tools that are required to move them are an indication whether it is loose rock or earth.

Q. In this letter that you and Mr. Donkin wrote on the 18th of April, 1883, you have put a definition upon the second sub-section of section 17 of the specifications

and you have gone down to the size of 3 inches in diameter. How did you come to do that? How did you, in this case, arrive at a minimum size of 3 inches? A. Because there is no intermediate size stated in the specifications.

Q. And why did you deem it necessary to place a minimum size upon loose rock in this letter? A. Mr. Schreiber wrote me a letter, asking me upon what basis we classified loose rock, and when I first replied to that I replied I had classified it upon his instructions and the specifications. He then stated that was no answer to his question, and he wished me to define a size. That is the only way I could define a size.

Q. Was the question of the minimum size of loose rock discussed generally on the section? A. Never. I never heard of it until I came to the office here.

By Mr. Cameron:

Q. That letter was written, you say, to Mr. Schreiber, at his request, in order to state what you considered, as to size, would be a definition under the specification of loose rock? A. Yes; what the specification allowed us to give.

Q. As to size, though? A. Yes.

Q. And it is not a statement of the principle on which you proceeded in fact? A. Certainly not.

Q. And was not so intended? A. No.

Q. You first stated the principle on which you proceeded, and he said that was not what he wanted, but a statement of what you considered, under the specification, was a minimum size of loose rock? A. Yes.

Q. And, finding no other size between 3 inches and 27 feet, you stated that? A. Yes; that letter had no bearing on it at all.

Q. You said, in reply to my learned friend, that you did not notice the first part of the letter of July, 1882. Did you mean that you did not read it, or did you not see it? A. I did read it several times, but did not put that construction on it. I knew there had been trouble about the loose rock question, and I understood that we were to use our own judgment on it, and I did so.

By the Chairman:

Q. It was an open question, left entirely to your own judgment? A. Yes; that is what I understood from it.

By Mr. Cameron:

Q. If you had gone as low as the 3 inches standard, would you have classified some of the loose rock in the ballast cuts? A. Oh, you would have to increase that estimate by a large quantity, probably 30,000 yards—a great quantity, any way.

Q. Are there several lengths of ballast cuts at the east end of the line? A. Yes; on Mr. Donkin's work there was a large quantity.

Q. In which there would be a considerable quantity of loose rock you computed as low as 3 inches diameter? A. Yes; in fact, the gravel cuttings were nothing more than small stones.

Q. Which you would not estimate at all? A. No.

By the Chairman:

Q. You put that in as earth? A. Yes.

Q. Although some of it was more than 3 inches in diameter? A. Yes.

By Mr. Cameron:

Q. You looked upon it as earth? A. Yes.

Q. From its position, you did not consider it was loose rock? A. I did not consider it was our orders to classify that as loose rock at all.

Q. And you did not do so? No.

By Mr. Brydges:

Q. I understand you to say that you made this report upon the general basis of what you conceived to be a fair interpretation of the contract? A. Yes.

Q. Without defining precisely the size of the stone? A. Exactly.

Q. In doing that, did you not do it in accordance with the rule which had been applied and acted upon on section "A" under your charge? A. Yes.

Q. And also in accordance with your previous experience, extending over twenty years, in other parts of the world? A. Yes.

Q. You applied it in accordance with your experience on section "A," and in other parts of the world, under similar circumstances? A. Yes; if I had no instructions at all I would have classified the cuts exactly as I classified them.

By the Chairman:

Q. I do not see that you could exactly follow the same principle on section "B" that you did on section "A," for this reason: On section "A" you pigeon-holed the instructions about the 8-inch cube because there were no stones so small? A. Yes.

But on section "B" you found some as small, and even smaller; you returned some smaller than 8-inch cube among loose rock. I understand you to say this: That on section "A" they gave instructions to classify loose rock down as low as the 8-inch cube? A. Yes.

Q. And that you found no occasion to be watchful about doing that, for the reason there were none so small? A. Exactly.

Q. And you pigeon-holed them, the instructions, and classified all as loose rock? A. Yes.

Q. Afterwards, when you went to section "B" under those special instructions, you did not follow that principle? A. No.

Q. That was no longer a guide to you? A. No.

Q. You thought, then, you had to go below the 8-inch cube? A. I do not know exactly how low we did go.

Q. You thought you might if you liked? A. Yes.

Q. You thought that was no longer a guide to you? A. Yes.

Q. And you might classify smaller stones than 8-inch cube as loose rock? You understood there was no guide of that kind? A. No.

Q. Your only guide was by looking at the material to see whether it was or was not loose rock? A. Yes.

Q. What would the 8-inch cube weigh? A. Fifty pounds, I think.

Q. Did you think, when you were looking at the rock, for the purpose of deciding in your own mind whether it should be classified as loose rock or not, that it would be fair to the contractors to go as high as 50 pounds of stone, and classify all under that as rock? Did you not think you could go below 8-inch cube? A. That consideration was not in my mind at all. It would not come into my mind in classifying a cutting. Looking at the cutting, I could tell there was so much loose rock in the cutting, but to define any standard size, I used to go down to; my mind could not grasp it.

Q. Then you were not guided in your conclusions by the minimum size of the weight of it? A. No.

Q. Neither size or weight guided you to a conclusion? A. No.

Q. You must have had some kind of reasoning to guide you to a conclusion? A. Yes.

Q. Would you describe what it was? A. I looked at the cutting and the slopes; I looked at the surface indications on the top of the slope; I looked at the bank made of it; I looked at all those things, and say there is a certain percentage of loose rock in the cutting.

Q. You mean that is your conclusion? A. Yes.

Q. That is not quite what I am trying to get at. There must be some process of reasoning in your mind. You might say, for instance, that is what a man or boy could handle, or what a horse could draw—there must have been some reasoning in your mind? A. I do not think that comes in. I look, for instance, at a large exposure of rock. For instance, three-fourths of that is matted in earth or dirt of various kinds, and one-fourth exposed; I may see a certain amount of boulders in that way more exposed than the back ground; I may call it, but I do not know what proportion these

boulders bear to the whole amount of the exposure. It is not capable of mathematical definition.

Q. Is this the fact, then, that you came to your conclusion without reference to what a man could handle or the force required to move a particular stone? Did you come to your conclusion irrespective of that? A. Yes; I think so.

Q. Is there any kind of process or any kind of standard that you can describe to us as one which would guide you in saying whether a particular quantity of the material was or was not loose rock or earth? A. No; I would look upon it as a hopeless impossibility; I do not believe any man living could do it.

Q. You think, without any more guide than just an estimate of the proportion of the earth proper to the whole material— can you give any other guide than that which led you to return that amount of loose rock? A. No.

Q. Then you mean to say this, as I understand you, whatever you saw there was not composed of common earth you returned as loose rock? Yes; but I may say I never knew a place where it went down to very small rock.

Q. But whatever you found in the shape of stones in these cuttings you returned as loose rock? A. Yes.

Q. Judging, as well as you could, what proportion was ordinary earth of the country and what was stone? A. Yes.

Q. But you never had to go as low as 3 inch stones, because they were not there? A. No; they were not there.

Q. Could you describe about the smallest size of what you did see, to any appreciable extent? A. I do not think I could do that. Out of the number of cuttings on the work and a variety of sizes of stone in them, I think it would be impossible.

Q. Without applying any rule in your mind as to what a man could handle, or any size or weight, you returned as loose rock whatever you did not find to be earth, in the ordinary sense? A. Yes. If we had gone into the cuttings, where there were a great many stones of uniform size, that question would have come up.

Q. But it did not happen? A. It did not happen. There never was a case which would raise such a point.

Q. Do you know whether in your profession, or persons dealing with the construction of railways, whether there is any general understanding as to the meaning of a boulder as distinguished from a large stone? A. Oh, yes.

Q. Could you define that in any way? Suppose, for instance, there is a definition in a document, say specification or anything else, that boulders are to be treated differently from large stones, could you give any definition between these two? A. My idea of a boulder is something which can be rolled or turned over with crowbars.

Q. There are some boulders as big as a house, and that definition would not apply to them? A. No; it would not.

Q. What is your definition of a boulder, then? A. A round shaped stone; an angular-shaped stone we generally call rock; a round-shaped stone we generally call a boulder.

Q. Do you mean large stones which show that they have been moved at different periods of their existence, the edges of which have been worn off? A. Yes; my idea of boulders on a work is that they are round shaped stones.

Q. In making your return of loose rock of course you did not confine yourself to the cuttings. You went into the ditches—I mean all kinds of ditches and borrow pits, and everywhere, in order to get the quantity, did you not? A. Yes.

Q. Now, in the borrow pits and in the ditches, either line ditches or off-takes, did you sometimes find material had been taken out and had not been placed in the embankment—that it had been wasted? A. Do you mean earth taken out of borrow pits?

Q. I mean any kind, earth, rock or loose rock? A. Yes; frequently we found boulders in the borrow pits.

Q. And also in the ditches? A. Yes.

Q. You found material of that kind that did not go into the embankment? A. Yes; sometimes.

Q. They were wasted? A. Yes.

Q. And amongst others you found loose rock, I suppose? A. Yes.

Q. They were left out on the sides of ditches and not used in the works? A. Yes.

Q. Is that part of what you return now? A. No.

Q. Is that not included? A. No; I do not think it is.

Q. Do you not remember whether that is included or not. A. No.

Q. You say, in Mr. Donkin's report and yours, that material which was not put into the embankments, but which was wasted on the sides of ditches and other places, is not included in your returns? A. No; I do not believe it is, but I am not positive about it. There is a great deal of that detailed work which came more immediately under Mr. Donkin's notice than mine.

Q. Then you adopted whatever he worked out? A. Yes; he was a good deal out of doors, and I did a good deal of the work in my office.

Q. Now, do you remember, as to that, whether your mind was directed to that point, that in returning the quantity of loose rock in this report you gave loose rock which was wasted? A. No; I do not think I did.

Q. Do you remember, now, that your mind was directed to that question so as to decide whether it should be returned or not? A. I do not remember.

Q. You do not remember whether your mind was directed to that? A. No; I do not remember. I do not remember whether there was any loose rock wasted or not.

Q. In estimating the loose rock, Mr. Donkin said that your inclination was to allow more than he did? A. So it was.

Q. And was the effect of your concerting afterwards that the quantity returned was increased, that being the rule, and you adopting the principle of meeting each other half-way? I suppose the effect of it was that the quantity was increased beyond what he alone would have thought proper? A. Yes.

Q. So, in deference to your opinion, it was increased half-way, except in some instances, when you went out and re-adjusted the thing? A. Yes.

By Mr. Brydges:

Q. When you went to look at those cases again, did you agree or disagree? A. We stopped together in the cutting until we agreed. There were not many cases.

By the Chairman;

Q. Could you state now about the highest percentage that you ever applied in any locality as proper for the loose rock? A. I think we went as high as 60 or 70 per cent.

Q. Of loose rock? A. Yes.

Q. In that particular locality I suppose there would be no solid rock? A. Very little.

Q. So that the material there would be loose rock and earth? A. Yes; loose rock and earth.

Q. In arriving at that percentage, would you consider that the space taken up by the stones would leave 40 per cent. of earth around them—is that what you mean—you would think at the time that there was 40 per cent. of earth around the stones? A. No; if I classified a cutting into loose rock and earth I formed an idea of the quantity of earth by looking at the exposed section of the earth, and I formed an estimate of the total quantity of rock by looking at the exposed section of rock. Of course, I would see only one portion of that.

Q. In the 40 per cent. of earth which you allowed, there would be a portion of that earth where there would be no stone at all; is that what you mean to say, that you would pick out some appreciable portions where there was no stone? A. It was according to the cuts. In some there would be stone all through the earth, and other cuttings there would be a clean exposure of rock and earth.

Q. In these places you speak of, it was not angular rock; it was round stones, generally? A. It was all kinds of stones.

Q. It would not be angular? A. Yes; sometimes angular stones.

Q. Where you would allow sometimes as high as 60 per cent.—about what size would those stones be? A. I could not tell you.

Q. Would they be very large boulders? A. I think they would be all sizes. I could not tell you; no man could tell you that; there are too many cuttings and too many different sized stones.

Q. Suppose you put a large quantity of loose rock into a large box, for instance, the size of this room; put the stones in first and afterwards fill up with earth: now what proportion of earth could you possibly put into that box? A. I cannot tell you that; I do not think that enters into practical work at all; I never heard of that.

Q. In moving this rock the contractors would move stone away if there was earth around it; that would be moved separately, would it not, as earth? A. No; if they were taking out an exposure of gravel it would be knocked altogether into a heap and put into the waggons.

Q. I am not speaking of gravel; I am speaking of round stones and earth. The gravel was a different matter? A. That would depend on the shape of the cutting. In some cases the earth and stones would be knocked into the pit altogether.

Q. By blasting? A. No; in an exposure of loose rock.

Q. How was it removed on your section? How did the contractors remove the material which included loose rock? A. They loaded, it in the cuttings.

Q. Where? A. On waggons and carts.

Q. That was after the removal; how was it taken from its original position? A. A stone in the face of the cutting, for instance, they would remove with picks and bars. They would pick all around it and undermine it, and put the bar under it and take it from the cutting.

Q. What kind of force would they have at the commencement of the cutting? Would they have horses and carts, or machinery? A. They would have, in the first place, barrows, and afterwards they would get carts, and afterwards, when the haul got longer, they might put in a track and waggons.

Q. The loose rock, as a rule, was moved by horses and carts? A. Yes; and waggons and stone boats.

Q. When you estimate as high as 60 per cent. as loose rock, do you mean by that that 60 per cent. of the whole cubic contents would be stone of some kind? A. Yes.

Q. And the rest ordinary earth? A. Yes; that is the only interpretation I could put upon it.

Q. In some instances you have given higher than 60 per cent., and in one case you gave 90 per cent., and in others 70? A. Yes; that might be. For instance, you might find a place where there was nothing but stone, with a little vegetable deposit on it.

Q. What kind of stone would that be—angular stone? A. Yes; sometimes a deposit of angular stone.

Q. Then there were places where the earth in amongst the stone was no higher than 10 per cent? A. Yes; I believe there was; I have no doubt there were.

Q. And all the rest would be more than 3 inches through. You did not go down as low as 3 inches, and still there would be only 10 per cent. of earth? A. Yes.

Q. Do you think it is possible that if all the stone itself was more than 3 inches there would be only 10 per cent. of earth material? A. Yes; I am quite confident of that. I have seen cases like that. I have seen stones in places laid together almost as if they were built—angular stones, and perhaps dirt or moss on the top of them.

Q. And still all the stones would be as large as that — about 3 inches? A. Yes; I think so. I remember of no case where it was so small.

Q. In fact, I understand you to say that you do not remember any case where the stone was so small as anything near 3 inches? A. No; I do not remember—that is, anything we classified as loose rock.

Q. In your evidence you referred in your letter to Mr. Schreiber as being an answer to an enquiry from him. Please look at this letter book, page 460, at the letter dated 17th April, and say whether that is the letter from Mr. Schreiber to which you refer, and to which yours was an answer? A. Yes; that is the letter.

By Mr. Burbidge:

Q. And your reply is the letter of the 18th April, which has been referred to? A. That was not the direct reply to that letter. The letter I wrote in reply to that did not define any size.

Q. But this is written the day after? A. They were written on the same day. I think they were within an hour of each other.

Q. Did you take back your first letter? A. I think I did.

Q. And made this your answer? A. Yes.

By Mr. Brydges:

Q. The first letter not being considered satisfactory? A. Yes; Mr. Schreiber said it was no answer to his letter.

By Mr. Cameron:

Q. I think you said that your returns on section "A," with which you were officially connected, were not disputed by the Government? A. Never, to my knowledge.

Q. And, as a fact, your returns upon that section were based upon a size of stone larger than the Government required you to take as a minimum? A. There was nothing so small on the section.

Q. But in this return with Mr. Donkin, you did include stones which were smaller than those referred to in your returns on section "A?" A. Yes.

Q. And smaller than the 8-inch cube mentioned in your instructions? A. Yes.

By Mr. Brydges:

Q. But altogether there were smaller stones than you had on section "A;" they were in your opinion stones which should be classified as loose rock? A. Certainly.

S. KEEFER called and sworn and examined by Mr. Hogg:

Q. You are a Civil Engineer by profession? A. Yes.

Q. And have had long experience in your profession? Yes.

Q. You have experience in the construction of railways, I suppose? A. Railways, canals, bridges and many engineering works.

Q. And also in the practical working of the construction of railways? A. Yes.

Q. I suppose in your practice you have had occasion to measure, or have measured for you, loose rock? Yes.

Q. Has it been the practice in most contracts to have a minimum size of loose rock specified? A. Yes.

Q. In the practical working of construction, what would be the weight of a stone that an ordinary laboring man would put down his shovel to pick up and put in a cart or barrow? A. A laboring man could very easily lift up a stone 50 pounds weight.

Q. Would that, in your experience as an engineer, be about the size of a stone that a laboring man would lay down his shovel to pick up? A. Certainly; he would be obliged to.

Q. Could you tell us what the practice is as to measuring loose rock in a railway cutting after the work has been completed? A. To measure the loose stone in a cutting after the work is completed—it cannot be done, unless the stones are reserved and piled, and put where they can be measured afterwards; but if they are put out at the same time with the earth there is no means of doing it.

Q. Is it possible to estimate it by observing the sides of the cuttings? A. This was done in my practice sometimes; when we have a great many stones to measure and a pretty uniform cutting, I have sometimes piled up the stones out of the cutting, say 20,000 yards, or 10,000 yards, as the case may be, and get the proportion, and if the cutting is uniform, apply that proportion to the rest. That has been done in my practice, on the canals, particularly.

Q. But before you would apply that percentage you would have some test? A. Yes, by measurement; by piling up the loose stones found in a certain cutting and get the proportion. That has been done sometimes, to save expense and trouble to the contractors in piling stones.

By Mr. Cameron:

Q. Did you ever know a specification in which there was no definition by size of what was loose rock, prior to this one? A. Prior to this one, I do not remember any specification but what there was some limit.

Q. You do not recollect ever seeing a specification before in which there was no limit to loose rock? It is a most obvious thing that a limit should be placed.

Q. You say, as I understand, that a laboring man could easily lift 50 pounds by laying down his shovel? A. He could take it in his hands.

Q. Have you had it experimented on, that a laboring man could lift 50 pounds of round wet stone, as it comes from the cutting, and lift it into a cart? A. With his hands.

Q. Yes? A. Oh, yes.

Q. And get it over the wheels of the cart? A. Yes; there is no trouble in that.

Q. And could he continue to do so? A. Yes.

Q. All day long? A. Yes.

Q. Picking up a series of 50 pound stones? A. It is rather monotonous, but it could be done.

Q. Have you ever seen it done? A. Not for a day together, but I have seen it done for a short time.

Q. If a man was working in that way, working with his shovel every few minutes, when he came to a stone had to lay down his shovel and lift this 50 pounds stone and get it into a cart, which would be a considerable waste of time on his part? A. Certainly it would.

Q. Have you had any practical experiments made as to what a man can do in the shape of lifting a stone, or do you speak from your general experience? A. I speak from my general observation.

Q. What is the weight of earth that a man usually lifts on a shovel? A. I am not able to say just now. It varies very much, according to the material you are working in.

Q. I think, if I recollect right, some of the witnesses stated that it ranged from 10 to 15 pounds? A. Well, I should think that would be light, from what I have seen men do.

Q. Shovelful after shovelful, a man shovelling one or two hours at a time would, on an average, lift how much on a shovel? A. I would refer to the contractor in that case. That is contractors' work, hardly a matter of engineering.

Q. And I suppose this 50 pounds is more contractors' knowledge than engineers' knowledge? A. Yes.

Q. The contractor will get the maximum amount of work out of his hands? A. Yes; he is not to overtax them nor let them go off too lightly.

Q. The case in which you have had loose rock piled and measured and found how much, as compared with the total quantity of excavtion, the quantity of loose rock measured, these cases, I suppose, were where there was a definite standard for loose rock, and it was easy to ascertain the quantity in consequence of that? A. Yes; it was easy to do so.

Q. I suppose you could approximate the quantity of loose rock if your eye was sufficiently accurate; supposing an engineer was watching a cut, and saw the face of it, he could approximate it, I suppose? A. I have often done it. I think I have done it as accurately as a subsequent test shows.

Q. So it is possible, by examining a cut with the eye, for a skilled engineer to approximate the quantity of loose rock in it? A. Yes; I think so.

By Mr. Hogg:

Q. This report that is signed by you and Mr. Shanly and Mr. Schreiber, is that your signature to it (Exhibit No. 13)? A. Yes.

Q. That is a report made by you? A. Yes; I was one of the concurring parties to that report.

By the Chairman:

Q. You speak of a stone weighing 50 pounds being raised from time to time, and continuously, by a laborer, and put into a cart, and you think that could be kept up during the whole working hours of the day; would that make it more expensive than lifting earth with a shovel in the ordinary way? Could a person move as many cubic yards? A. No.

Q. Could you state how low you could go down in the size of stones, so as to get about the same quantity moved as you could in earth? A. That is a matter that could be determined by experience, but I should judge that somewhere about half that size would be more readily handled than the full size.

Q. I suppose the smaller the better? A. Yes.

Q. But suppose you were asked to make a line of demarcation between that earth and some other material, based on the expense, for instance, the line at which moving the material would become more expensive: what sized stone would you say would be above that line of demarcation? For instance, I suppose a pebble 2 or 3 inches through would be moved as readily as common earth? A. Yes; but it would not be worth while to drop the shovel.

Q. Small pebbles could be moved as freely with the shovel as earth—there would be no loss to the contractor? A. Certainly not.

Q. But there is a size somewhere where that would cease to be the case, and where it would become more expensive to move it, because a man would move fewer yards a day. Now can you give us an idea of the line of demarcation—at what size the stone would be more expensive to move? A. A stone that would weigh as much as a shovelful would be the measure.

Q. A stone weighing about 15 pounds; anything over that would be more expensive to move? A. Yes.

Q. Then any stones which would weigh over 15 pounds weight would be more expensive to the contractors, and they would move less in a day than if it was earth? A. Yes; if they had to drop the spade to lift them up it would cost more.

Q. And although you say he could move 50 pounds, the extra expense begins at 15 pounds? A. Yes; but I do not give it as a decided opinion—just as an approximation, to assist you.

Q. Judging from your experience of the value of a day's labor, &c.? A. As a matter of fact, these specifications require the contractors to move 27 cubic feet and still call it loose rock, but the difficulty is to get down to a minimum? A. Loose rock 27 cubic feet would be two tons; no man could move that; it must be broken up.

Q. But still that is called loose rock, and it is less expensive than solid rock, but the difficulty is to get down to a minimum. No minimum being described we have to adopt some other method to arrive at it. (No answer).

By Mr. Brydges:

Q. Did you ever try to lift 50 pounds into a cart? A. No; but I have lifted heavier stones than that.

Q. But not into a cart? A. No.

Q. You would not like to do it for a day? A. Not without some training.

By Mr. Christie:

Q. A boulder 15 pounds in weight and a shovelful of earth 15 pounds in weight—they are not the same in cubic contents, are they? A. No; the same in weight only. The stone would be only about half the size of the earth.

Q. The stone would be more valuable to the contractor in filling, would it not? A. It would measure less to him.

WALTER SHANLY called and sworn, and examined by Mr. Christie:

Q. You signed Exhibit 13, I suppose? A. Yes; that is my signature.

Q. In your experience as an engineer do you agree with Mr. Keefer as to the weight of a stone that a laborer would require to put down a shovel to pick up? A. Well, I do not think he could put a 50 pound stone at the end of his shovel and lift it.

Q. He could put down his shovel and lift it with his hands? A. Oh, certainly; a strong man will lift 50 pounds, undoubtedly.

Q I suppose that would be the most convenient way to lift it? A. Certainly. That is to say, if it is to be done by choice between the shovel and the hand, I would prefer the hand, of course.

By Mr. Cameron:

Q Have you ever seen a specification before that now in question in which the limit of loose rock was not defined? A. I do not remember that I have. I may have, but I do not think so. As regards my own specifications, I either defined it or left it out altogether.

Q. That is to say, if there is no loose rock you leave it out altogether? A. It depends on the materials I have to deal with. In some materials I would not allow it to be talked about; in others, I limit the size.

Q. You have heard Mr. Keefer's evidence, I suppose? A. Yes.

Q. Do you differ from him in any respect? A. Not materially. If I was classifying loose rock I would go below 50 pounds. I wish it to be understood that in that report we adopted 50 pounds on the evidence of Mr. Fleming. He said that was what he understood. He forgot, apparently, to give the minimum, but he gave the maximum, but not the minimum. On examination of him he said about 8-cubic inches was about it. We adopted it because we were not going to depart from the contract. We wanted to understand what the meaning of the term was, and adopted that.

Q. But you would adopt a lower one? A. If I was going into a country where there was mixed material I would adopt lower than 50 pounds.

Q. What standard would you adopt? A. I would be governed by the nature of the material. If I was going to measure loose rock I would go half way below that.

By the Chairman:

Q. That would be about 25 pounds weight? A. That would be about 25 pounds weight.

By Mr. Brydges:

Q. Could that be lifted on a shovel? A. No; and it is not necessary. As long as a stone can be lifted on a shovel I do not think it should be called rock at all; 25 pounds at the end of a shovel is a very heavy weight.

By the Chairman:

Q. What would be about the cube of 25 pounds? A. Probably about 4 inches.

Q. If there was no restriction you would, as a matter of fairness, go down to 4 inches? A. I would if I was making a specification myself, and found it necessary to make a limit at all; I would go down to 25 pounds.

By Mr. Light:

Q. Is that 4 inches? A. Well, I cannot say that; I will figure it, if you like.

By the Chairman:

Q. At all events, it would be a cube which would be equivalent to 25 pounds? A. Yes, 25 pounds, whether it was a cube or not; rock is generally about 160 pounds to the foot.

By Mr. Cameron:

Q. You say it would depend on the character of the work and the country? A. A good deal on the character of the country. If it was a clay country, with a very occasional rock in it, I would leave it out, but when it came to a question of handling a great deal of rock, and where there was a very large proportion of it, I do not think it would be fair to go much above that.

Q. But the smaller the quantity—for instance, if there are only occasional boulders in clay or earth, or sandy country, you would not go so low for the minimum as in a case like this. What would you do in a case like that? A. I might either decide to exclude it altogether or classify it higher.

Q. But in a country where there would be a large amount of material of this kind mixed with the earth or sand, you would feel it there to go down as low as 25 pounds? A. I would think so.

Q. Might you not, under some circumstances, go lower than that? A. I might, possibly.

Q. Do you know this particular country? Were you ever over sections "A" and "B"? A. No; never.

Q. Then you say distinctly that in making this report you made it upon information from Mr. Fleming as to what he intended, and not your own judgment? A. I so understood it, that Mr. Fleming said he meant to define his rock, but did not do it.

Q. You think, then, it was a clerical omission? A. It was an omission. I suppose it is not a clerical omission, but probably an oversight. I think he admitted as much.

By the Chairman:

Q. If a person had to handle stones as heavy as 25 pounds for a whole day, could he move as large a quantity of material, I mean in cubic contents, as if it had been ordinary earth, or gravel or sand? A. I have seen earth that it would puzzle a man to handle 6 cubic yards in a day, and I have seen a man move 20 yards, but I would rather handle, in some cases, 25 pound stones than I would certain kinds of earth.

Q. You do not know the kind of stone in this locality? A. No; it is a very stony country.

Q. If you were asked to define some line of demarcation between earth and loose rock, based upon the probable expense of handling it, where would you put it—I mean, how low would you go in weight of stones? A. In a country such as I suppose and know that country up there is, where there is a very large proportion of loose rock, I think I would probably, in making a specification, limit it to 25 pounds. The contractor would know what his limit was and govern his prices accordingly.

Q. I suppose, in making these specifications, it is intended to make them as clear as possible to tenderers, so that they will know what the expense to them will be? A. Yes.

Q. That is the object in making them? A. Yes.

Q. And the mere intention in the engineer's mind would not be an indication of what should be allowed to them? A. When you define loose rock at all in a specification, it should be very clearly defined, and the minimum is more important to be defined than the maximum. It was undoubtedly an omission in the specification not to define it.

By Mr. Brydges:

Q. That omission would affect the price which a contractor would base his tender upon? A. Yes.

By direction of the arbitrators the following letter from Mr. Shanly, in explanation of his evidence, is here inserted:

OTTAWA, 56 THEODORE STREET, 8th February, 1884.

Re Arbitration Macdonell & Co.

MY DEAR SIR,—It occurs to me that I did not properly consider the answer I gave to the last question you put to me to-day. It was as to the spherical equivalent of a cube of 5 inches. You suggested that perhaps about 10 inches would be the diameter of such a ball or sphere. I think I replied, "possibly yes"—or something to that effect—without making any calculation. If that was my answer, it was a very ill-considered one indeed.

A cube of 10 inches contains 11,000 cubic inches:

Therefore a sphere of 10 inches diameter contains 520 cubic inches.

The proportion of the sphere to the cube being as near as may be, as 52 decimal to whole number 1. The true spherical equivalent of a 5 inch cube has a diameter of about 6¼ inches.

Yours truly,

W. SHANLY.

His Honor JUDGE CLARK, Chairman, &c.

RETURN

(25*y*)

To an ORDER of the HOUSE OF COMMONS, dated the 24th February, 1885;—For any information in the possession of the Department as to the character of the work done near Lytton, British Columbia, on the Canadian Pacific Railway on that portion of the road for which Mr. Hugh J. Keefer had a sub-contract, and which was under the inspection of his brother, Mr. George Keefer, Government Engineer; also copies of any statements as to the character of the material allowed as rock or as other than earth in this part.

By command,

J. A. CHAPLEAU,

Department of the Secretary of State, *Secretary of State.*

Ottawa, 20th April, 1885.

CANADIAN PACIFIC RAILWAY,
OFFICE OF THE ENGINEER-IN-CHIEF, OTTAWA, 10th April, 1885.

SIR,—In reply to your letter dated the 2nd ultimo, stating that an Order of the House of Commons was passed for any information in the possession of the Department as to the character of "the work done near Lytton, British Columbia, on the Canadian Pacific Railway, on that portion of the road for which Mr. Hugh J. Keefer had a sub-contract, and which was under the inspection of his brother, Mr. George Keefer, Government Engineer; also, copies of any statements as to the character of the material allowed as rock or as other than earth in this part," I now beg to submit the following:—

1. A copy of a letter received from Mr. George Keefer.
2. A statement of the total quantities and classification of work executed by Mr. Hugh J. Keefer.
3. Copy of part of Mr. Gray's final estimate of April, 1882.
4. Copy of letter for Andrew Onderdonk.

I have the honor to be, Sir, your obedient servant,

COLLINGWOOD SCHREIBER, *Chief Engineer.*

A. P. BRADLEY, Esq., Secretary Railways and Canals.

VICTORIA, B.C., 17th March, 1885.

DEAR SIR,—In reply to yours of the 6th inst., I beg to state that Mr. Hugh J. Keefer is a cousin of mine. He came over here on the exploratory surveys of the Northern Pacific Railway; worked as foreman for Mr. Onderdonk, in contract 60; opened the heavy cut at Lytton; graded a half mile immediately north of Fraser River Bridge, and also some 5 miles on sub-division 3, contract 61, under Mr. J. H. Gray, and, as I was in a position to know, finished his work in a satisfactory manner.

Knowing from the relationship to myself that his connection with the work was liable to misconstruction, my instructions to Mr. Gray, with reference to measurements and classification, were of the strictest description, and of which a full record is obtainable, and open to the most rigid investigation, and as I trust in justice to myself will be ordered in answer to Mr. Blake's enquiries in the matter. It is my intention to go to Ottawa in the course of a week or ten days, when I shall be happy to answer any further questions in this matter.

I remain your obedient servant,

G. A. KEEFER.

COLLINGWOOD SCHREIBER, Esq., Engineer-in-Chief, C.P.R.

CANADIAN PACIFIC RAILWAY.

Contract No. 61, part of Sub-division III,

Statement showing amount of Excavation done from the commencement of work up to the end of April, 1884.
Work done by Mr. Hugh J. Keefer.

CANADIAN PACIFIC RAILWAY,

YALE, B.C., 2nd April, 1885.

MY DEAR SIR,—On my return, a few days ago, to Yale, I received your letter of the 6th ultimo, making inquiries about a Mr. Hugh Keefer.

Mr. Keefer had some work upon my contract "pieced" out to him, in all, about five miles. He did not undertake the whole five miles at one time, but in various lengths, and mostly between the Leowash and a point about half a mile west of the Fraser River crossing. He began with me as a foreman, near the end of the track; was very industrious, and handled his work well. He came from the Northern Pacific Railway.

The nature of the work he did was, in a great part, solid rock cuttings, rock slides of loose rock, large boulders cuttings, two short tunnels and some heavy earthwork.

The work is very heavy work, indeed. The solid rock cuts turned out very favorable, being hard on the exterior, but when opened, drilled easily and "shot well" (blasted freely). Keefer is reputed to have made considerable money out of his solid rock cuts, and from the favorable way in which these cuts worked I think it is no doubt true that he did make money, but the other work, particularly the boulder cuttings, did not, in my opinion, yield him any profit worth speaking of.

The approximate quantities moved in all by him were as follows:—

Solid rock	200,000	cubic yds.
Loose rock	90,000	do
Earth	400,000	do
Tunnels	400	feet.

If you desire it, my engineer can give you the classification and amount in each cutting.

The cross sections, &c., no doubt, your engineers have furnished you. My own engineers, as far as they have checked these cross sections, report the same absolutely correct.

Yours very truly,

A. ONDERDONK.

To Mr. COLLINGWOOD SCHREIBER, Enginer-in-Chief C.P.R.

P.S.—The 5 miles above referred to is as heavy as any five miles (except one section) in British Columbia.

A. O.
